WHEREAS, The Federation of Protestant Pastors in the City of Washington, D. C., have vigorously protested against the presumption of the Roman Catholic press in putting forward the claim that the Roman Mass, as celebrated for the past four years in St. Patrick's Church, Washington, D. C., is "the official celebration of Thanksgiving Day;" and

WHEREAS, Mgr. T. Russell, the pastor of St. Patrick's Church, said in an interview, published in the "Washington Post" of November 24, 1913, that "This protest was conceived in ignorance, brought forth in prejudice, and it is too bad that the poor pitiful thing did not die in the burning;" and

WHEREAS, This particular service is described in the Bulletin of the Pan-American Republics as having an official character, and every effort is being made by the Roman hierarchy to give this Roman Mass the color of an official function, as if it were generally recognized as a National service, and as if the President and his cabinet by their presence wished it to be so recognized; therefore, be it

RESOLVED, That we, the members of the Puget Sound Annual Conference of the Methodist Episcopal Church, representing more than 21,000 members, join with the large company of American citizens in adding our protest against this attempt to convert our National Thanksgiving Day into a Roman festival; and, be it

RESOLVED, That we will diligently teach the 22,000 members of our Church, resident within the bounds of our Conference, that the separation of Church and State is one of the fundamentals of our republic, and that Roman Catholicism and Americanism are not in agreement; and, be it

RESOLVED, That we cordially approve of the prompt and patriotic action of the Protestant pastors of Washington City in this matter; and, it is further

RESOLVED, That in the extending of courtesies by the Chief Magistrate of this nation to the representatives of other nations, we would most respectfully suggest to our President that the place to extend these courtesies is at the White House, and not in a church.

RESOLVED, That our Secretary be instructed to forward a copy of these resolutions either to our resident Bishop, or to one of our pastors in Washington, D. C., with the request that he see that this communication reaches the hands of the President.

## Reports of District Superintendents

### BELLINGHAM DISTRICT.

Geo. A. Landen, Superintendent.

It is with a deep sense of humility and profound gratitude to God that I present this, my sixth and last, annual report of the work on the Bellingham District.

This, like all the other years, has been one of hard toil, but the blessing of God has been upon us.

There has been some serious illness during the year, but few deaths. Mrs. Mary Bailey Robertson, wife of Rev. A. Robertson, an honored local preacher in our church, who has supplied Friday and Roche Harbor this year, while they were packing to move from Everett immediately after Conference, fell from a second story porch and was instantly killed. She was a very capable and useful woman in the church and has been greatly missed.

The little eight-year-old boy of Rev. G. F. Pollock, who has been an invalid for several years, died in the early part of the year. He was a bright and affectionate little fellow, and has been missed all the more because of the fact that he had been a constant care for several years.

The whole districts have shared with you, Bishop Cooke, your great sorrow. Our prayers have gone up to God for His blessing upon you and your family. We know the gospel of comfort which you have preached to others has comforted you. May the Holy Comforter be your abiding guest.

Rev. Walker's little boy of East Sound, was confined to the hospital for several weeks last winter, with a very badly fractured limb, but has fully recovered.

The wives of Rev. Herbert Jones, of Lynden, and A. F. Stearns, of Avon, have both been successfully operated upon for appendicitis and are perfectly restored to health.

The wives of H. E. Greening, of Mt. Vernon, and W. M. Dews, of Burlington, have undergone minor operations, and their health greatly improved.

The Lord has been good to us all and to Him be all the glory.

The following parsonage homes have been gladdened during the year by the coming of additional members to the family: J. C. Harrison and wife, a boy and a girl; G. F. Pollock and wife, a girl; E. V. Bronson and wife, a boy; D. A. Storey and wife, a boy; J. R. Sasnett and wife, a girl; R. C. Hartley and wife, a boy; G. C. Squire and wife, a girl. May God bless these little ones and make them a blessing.

At the close of Conference Lyman and Hamilton were left to be supplied. Rev. B. V. Bradshaw, a young local preacher, was secured as supply, and has done very good work on these charges, and suc-

ceeded in so winning the affection of one of his parishioners that she concluded to be a preacher's wife.

Rev. W. W. Switzer, who was appointed pastor at Sumas, suffered a slight nervous break soon after Conference, and was granted a leave of absence. After supplying the charge for a few months Rev. A. W. Hartshorn was transferred from the Idaho Conference and appointed to Sumas. He was well received, and has done a good work.

While the spiritual condition of the district is not all we would like to see we nevertheless thank God for the spirit that prevails. Special evangelistic services have been held in many of the charges. Brother and Sister Park, our own Conference evangelists, have rendered valuable services in some places. James Crooks and wife, and, after Rev. Crook's death, Mrs. Crooks has assisted some of the pastors with good results. Some of the pastors have conducted their own meetings, others have been assisted by neighboring pastors. Souls have been converted, backsliders reclaimed, and believers sanctified. A large tent meeting was held at Sedro-Woolley with Rev. Frank Mathias, of the Northwest Iowa Conference, as evangelist. A number of souls were converted and the spiritual life of the church quickened. More than 500 members have been added to the church during the year, the net increase, however, will not be large because of the removal of members without certificate.

The church at Belfast, on the Bay View charge, has been completed, giving us a property worth about \$1,000. The Church Extension Society gave us a donation of \$150, which made this work possible.

At Allen, on the same charge, a new church has been built at a cost of \$1,560. This is a handsome little church, and all obligations have been met in full. A memorial gift of \$250 was received from the Church Extension Board.

We reported last year that lots had been purchased at North Broadway in Everett. During this year a church building 28x55 has been purchased and moved on to this site. We now have a property worth about \$2,000. This was made possible by a loan of \$400, and a memorial gift of \$250 from the Board of Church Extension. This church is now known as the Horace Spencer Memorial in honor of the donor of the gift of \$250.

The Sunday School at Monroe, having outgrown the capacity of the church building, a hall has been erected for the use of the primary department at a cost of \$500.

Improvements have been made on churches and parsonages amounting in all to about \$2,500.

The financial stringency has made it difficult to raise pastor's salaries and Benevolences this year. There will be some deficiencies in salaries, and I know our Benevolent apportionment's will not be met in full, but I have hopes that we will at least report as much as last year.

The debt on Trinity Church, Bellingham, has been a great embarrassment to the pastor in his work. Nevertheless this church reports the largest Sunday School in the district. The congregations have been encouraging at the regular services. The pastor and people have shown great courage. We are still hoping for aid from the Board of Church Extension, which will enable this society to carry its debts and in time to pay every dollar it owes.

There is a growing interest in our Sunday Schools and reports will show an increase over last year.

Our Epworth and Junior Leagues were never in better condition and doing better work than now. The District Convention, held at Marysville in June, was one of the most profitable we have ever had. One hundred and forty-nine delegates were enrolled. The papers were excellent and the evangelistic services very helpful. My association with the young people has been an inspiration to me.

The Ladies' Aid Societies have been instant in season and out of season, and have proven themselves invaluable aids in our church work.

The Woman's Home and Foreign Missionary Societies have profited by the visits of some of the general field workers and continue to cultivate the missionary spirit as well as aiding financially the missionary cause.

Our District Ministerial and Laymen's Convention was held at Trinity Church, Bellingham, March 3, 4 and 5. The 5th was Laymen's day. We were greatly favored in having with us Bishop Cooke, Doctors Marlatt, Leonard and Todd, and Messrs. Corey and Lippy. The addresses of these visiting brethren were inspiring and helpful to both preachers and people. The Convention as a whole was, I am sure, the best we have had during my term of office.

The pastors have been faithful in presenting the interests of the Pacific Christian Advocate and many new subscribers have been taken. Our hearts have gone out in deep sympathy to the editor, Bro. Hughes, in the great sorrow through which he has been passing.

The preachers went home from Conference last Fall with the interests of the college on their hearts as never before. The pledge to try to raise an amount equal to one dollar per member has been faithfully kept by most of the pastors. They have not succeeded in raising the amount specified, but I am sure a larger amount will be reported than for any previous year, and there is no doubt but the pastors will continue to do their best for the school. We desire to assure Dr. Todd of our confidence in him and his administration and pledge him our hearty support.

I am not able to report definitely as to the actual growth during these years, but have sufficient data to make me quite sure in the statement that we will show an increase of at least 55 per cent growth in our church membership.

An increase of eleven churches and four parsonages with an increase of valuation of about \$100,000.00.

We have made an advance in our Benevolent contributions the previous five years that I have been on the district, and I hope we shall show some increase this year. This, however, has been our hardest year financially.

Sunday Schools 1908, 41; enrollment, 5,359.

Last year, 60; enrollment, 7,735.

Increase, 19; enrollment, 2,376.

In closing permit me to say that these have been blessed years. The pastors and people have been uniformly kind and considerate. I have had their hearty co-operation and support. It is impossible to

mention each pastor by name, but, in my judgment, a more brotherly, loyal and faithful body of preachers cannot be found in any other district in Methodism. I am really sorry to sever my connection with this district. With gratitude to God and the pastors and people I surrender the district to my successor, whoever he may be, with the prayer for God's blessing on the Superintendent and pastors and people in the years to come.

### OLYMPIA DISTRICT.

Chas. E. Todd, Superintendent.

This is the fourth time I am coming before you with a report of the work of the kingdom within the bounds of the Olympia District.

The interests of our great connectional enterprises I have endeavored to guard and promote. The preachers, almost without exception, have known what was expected of them and have endeavored to "make good." Any failure that may be recorded, even on the smallest charge, will not be for lack of interest or effort on the part of the pastor. I have cheerfully looked after the details of the work and have endeavored to see that all the interests of the church were promoted. I have advised the Stewards to adopt the very best methods for providing the money necessary for carrying on the work. In the discharge of my duties I have written over five hundred letters, two hundred and fifty postal cards and traveled over ten thousand miles.

The district was visited with some great revivals for which we give glory to God. A union meeting was held in Olympia, conducted by Evangelist C. H. Haudenschield and O. F. Pugh. This was said to be "the greatest revival effort ever held in the history of the capital city," there being over five hundred professed conversions. About one hundred and fifty united with our church. Evangelist G. W. Taylor held a union tent meeting in Elma which resulted in many conversions and accessions to the various churches of the town. Our church received their portion of the results. Not only did this meeting result in bringing a spiritual uplift to Elma, but the good work extended to Satsop, a neighboring town, where a number of the converts found a church home with us. Evangelist Culum Smith and Singer A. C. Gilmore held a meeting in Bremerton which increased the membership of that church. Our own Conference Evangelist, Wm. Park, conducted a number of successful meetings within the bounds of the district. Tenino church and people will long hold Brother and Sister Park in loving remembrance for the good work they did in that growing town. A very difficult field to move for God and the church, but they were able to do both. Most of the pastors held revival meetings with varying results.

Most of the Sunday Schools of the district are doing well. Every effort should be made to take care of the multitudes who come to us early in life for their religious instruction. The pastors are taking a great interest in this department of the work.

The salaries have remained about as they were last year. In most places the Stewards have done their best to meet all claims in

full, but this alone will not solve the problem, but it will help very greatly when it is properly worked. No plan will work itself.

As I travel from place to place I find plenty of Seventh Day Adventist tracts, Mormon literature, Millennial Dawn papers and other tracts calculated to deceive the very elect of God, but seldom do I find one of our tracts or papers. More literature of the right kind should be found in public waiting rooms, logging camps and mills.

Four hundred homes are receiving a weekly visit from the Pacific Christian Advocate. A copy of this splendid paper should find its way to every Methodist home of the district. Brother E. Hopkins believes in sowing the right kind of seed. During the year he has secured sixteen new subscribers for the Advocate, distributed 75,000 pages of Christian literature in homes and camps. When some one asked if it did any good he answered, "I do not know." "I am only sure," he said, "that they were very glad to get the reading matter and we will trust God for the results." In doing this great work he visited over three hundred families, three logging camps and three mills.

The district is blessed with a number of very active Epworth League chapters. A Sub-District Epworth League Convention was held in First Church, Aberdeen. Though not largely attended, was full of spiritual life and will tend to bring our young people closed together in this great work. The Epworth League must not only take care of the spiritual life of the young, but provide them with proper social life.

The Woman's Foreign Society is represented in a number of the churches. I can only say they are doing a great work in education in regard to the work in the foreign field and creating a great interest for the work of the society in all lands.

The Woman's Home Missionary Society held its annual meeting in Olympia, with about eighty delegates in attendance. Judging from the reports made at that time they are doing a great work in the home land for the Master's Kingdom. During the year they gladdened a number of the preacher's homes with gifts of new clothing and financial aid where it was most needed from the Sustentation Fund. This society is teaching "Save America first if you would save the world."

Nearly every charge has a flourishing Ladies' Aid Society which is not only interested in the parsonage and its furnishings, but creates social life for many a woman who otherwise would be neglected.

Simpson Avenue, Hoquiam, is doing a little toward lifting their burden of debt. Over three hundred dollars of old floating accounts have been settled.

Soon after Conference, E. G. Decker, who was appointed to Bremerton last Fall, started a campaign to reduce the obligations of that church and will report the debts reduced to about \$2,300.

The usual amount of improving of church and parsonage property has been made during the year. Much needed horse sheds have been built at Rainier and Coupeville and a barn added to our church property at Yelm. Aberdeen First Church has had a good year. They have finished and consecrated the Sunday School auditorium of the church and using it for preaching services. The opening services were in charge of Rev. E. H. Todd, D.D., who also had charge of the raising

of the needed funds which he did to the satisfaction of all.

On last Sunday we had the pleasure of rededicating the Little Rock church in the morning and the Maytown church in the evening.

Maytown is a new mill town on the Milwaukee Railroad where more than a year ago our district scout, E. Hopkins, secured a fine corner lot for a church location. Now a new church, costing over \$1,200, stands there to the glory of God and the spiritual uplift of the people. About the middle of the year I took Rochester from the Little Rock Circuit and placed it on the Oakville charge and placed Maytown in charge of A. M. Fredrick, of Little Rock. To him must be given credit for the erection of the new church.

Brother J. W. Miller early in the year saw the need of a new parsonage at Tenino and started to solicit for funds and material for the same. The building is now under way. When it is completed it will add greatly to the comfort of the pastor of this charge.

W. B. Bell, who was appointed to Coupeville last Fall, informed me on the first of May that he was not in harmony with our policy and asked to be allowed to withdraw from the ministry and membership of the Methodist Episcopal Church. Brother W. W. Switzer was appointed to fill out the year and is in great favor with the church and people of Coupeville.

E. R. Tracy was changed, about the middle of the year, from McCleary to Tumwater. He has been a great blessing to our band of heroic workers in this difficult field.

L. D. Cook was appointed to fill out the year at McCleary and is very popular as a man and a preacher in that thriving mill town.

On the first of July H. C. Carter resigned Aberdeen Trinity Church and went East to attend Drew School of Theology. I secured C. W. McLaughlin, a local preacher of Cosmopolis, to take charge of the work. He has done well and the church has prospered under his care.

On the adjournment of the Conference last Fall the preachers of the district opened the campaign at once for a dollar per member for "our school." They have not all been able to secure the desired amount as reports will show. In some places local conditions have made it impossible to reach the ideal.

Through the length and breadth of the district the people are talking and praying for the downfall of the saloon. State-wide prohibition of the liquor traffic this Fall and forever.

### SEATTLE DISTRICT.

J. P. Marlatt, Superintendent.

Our churches have found considerable embarrassment this year as they have faced two difficulties that are widespread in our country to-day. The first of these is the social unrest, becoming more acute every day among all classes of people. Manifestly there is a set purpose to make the church become partisan, which would be its undoing and limit its service to the class it espouses. Our ministers have been unjustly, if not brutally, charged with having nothing but a mercenary motive in their work, by individuals who represent the opposing interests of capital and labor. It might be worth while to note that Seattle District pays the largest average salary of any district

in the Conference, and yet if you count three hundred days for a working year, our preachers received \$3.65 per day last year, and this year is no better. That amount includes house rent, which is never estimated at less than it ought to be. This year these same preachers have protected the credit of their churches by allowing their treasurers to pay all local current bills first, which has caused most of the preachers to be in arrears all the year, and some of them will not be paid in full, and will never be able to collect the deficiencies. There is no other class of men in the world who would tolerate such a thing, yet they cheerfully agreed to it, sometimes suggested it, in order that business men should have their pay in full.

In the second place the financial condition of the world has made this year the most difficult of the present century. Some pastors will not be paid in full, and some churches will fall short in benevolent collections. Nevertheless so many churches are making advances that it seems safe to predict an increase in all benevolent collections, and between four and five thousand dollars paid to the College of Puget Sound. Haven, Hillman, Interbay, Queen Anne, Sixty-second Street, have paid all old indebtedness, and reductions of debt have been made at Bothell, Kent, Renton, Calvary, First Church, Gilman Park, Trinity and Woodland Park. The City Evangelization Union came to the rescue of our church at Renton by pledging \$1,000.00 on condition that the debt be reduced to \$3,000.00 or less, but the condition has been only partially met so far. The situation is very critical, but the church must be rescued as it is by far the best in Renton, with the largest membership and Sunday School in the town. At Bothell the lot has been excavated, a new basement put under the church, and the parsonage moved to another street, but on the same lot. The total expenditure will aggregate from \$2,000.00 to \$2,500.00, a part of which must be borrowed. Plans have been made for a new church at Cedar Falls, where our Conference Evangelist, Rev. Wm. Park, has been at work for nearly two months. Kirkland Church has been renovated, much to its credit and advantage. Since last Conference our City Missionary, Rev. W. H. Leech, has organized a church and Sunday School, and erected part of a good church building at Crown Hill, costing \$750.00, every dollar of which is paid, with the assistance of \$250.00 from the City Evangelization Union. The lots were donated by the Shillestad Brothers and are estimated to be worth at least \$1,200.00. Hillman has made some greatly needed repairs and improvements, and has been much burdened by the numerous street assessments, which they have met heroically. Sixty-second Street has made some valuable improvements and put in new pews at a cost of over \$600.00. Plans are being developed to greatly improve Tibbitts Memorial, one of our growing young churches, to meet the demands of the enlarging work. The church is located in a rapidly growing section of the city, which justifies large expectations for its future. Time and careful generalship will be needed for the ultimate consummation of such a plan. The improvements being made by the city are a great burden to our churches, as they are on individual property owners, and embarrass our work by the necessity of raising large sums of money in small societies which are already burdened. In the end these improvements will be beneficial, but sometimes they are a menace to the existence of the churches.

There is far more missionary work on Seattle district than is imagined. Preaching services are held in thirty-one places where it is impossible to sustain a pastor, and even when they are organized into circuits as far as it is practicable, no plan has been discovered that makes adequate support for a pastor possible. In the city the policy pursued has been that it is best to give a man of high class abilities some missionary aid and bring the charge quickly to self-support. Several churches have thus been placed on the self-supporting list, and Calvary, Lakeside, Rainier Beach and Tibbitts Memorial are nearing the same goal. If Calvary had a parsonage it would be self-supporting now, although organized less than five years ago. There has been no complaint against the efficiency of any of our city preachers, and for that matter none against any others, but the compliments are numerous in every place.

More successful revivals have been held this year than in any other of the past six, notably at Bothell, Renton, Asbury, First Church, Green Lake, Grace, Hillman, Madison Street, Queen Anne, Shaw Memorial, Sixty-second Street and Woodland Park. Unless there is unusual trimming of the rolls there ought to be an increase of several hundred in membership. It ought to be noted that no pastor has seen many accessions to his church who has not made from 50 to 1,500 pastoral calls during the year. Nearly all the churches show an increase of members, although revival services have not been successful in all. The logging camps, coal mines and "boom" towns are very discouraging, but most of these will also show gains. The people cannot be made to believe that a pastor is their friend who does not make frequent sympathetic calls at their homes. Another factor in the gains has been pastoral fidelity to training the children, as the Discipline directs. The youth compose our greatest field of opportunity, and if we neglect it we do so at the peril of our work. Training classes have been organized in nearly all the churches, in country as well as city, and the results have been encouraging. Some of the hardest working men have seen little results, but the most sterile soil must ultimately respond to fidelity in service and Christliness of life.

Very generally our pastors speak of the helpfulness of the Sunday Schools, the Epworth Leagues, the Methodist Brotherhoods and Ladies' Aid Societies. The Missionary Societies among the women have also been very successful, and several of our pastors are grateful for a check which came from the Woman's Home Missionary Society in the day of distress at the parsonage.

Our College of Puget Sound was never before in as great favor among our people, as the large offerings made for its support will show. The Deaconess Home and Training School, and the Deaconess Settlement have given great and blessed service, but they deserve much larger financial support. The Seattle General Hospital has done a great work, bringing relief to about 3,000 sufferers, with a very small percentage of deaths, and many of these people were desperately sick. The Seattle City Evangelization Union makes itself indispensable to our work, and is a monument to the wisdom of that veteran leader, Rev. W. S. Harrington, D.D. Although only eleven years old, it has either founded or aided over half of our city churches, and many more in the surrounding country. The Children's Home Finding Society deserves our co-operation in its merciful and sane work. There

can never be a successful substitution of anything for a real home for a child, and no other method can be made so cheap and safe for the State. To-day the Anti-Saloon League looms large in the hopes of reformers, and in the nightmare dreams of the liquor interests and all violators of law. It has our support as an arsenal from which we may draw facts as weapons for the coming prohibition fight in this State, and for nation-wide prohibition. By its side in our confidence and love, we place our own Temperance Society, and pray God's blessing and power to rest upon those heroic leaders, George D. Conger and Dr. Clarence True Wilson, than whom righteousness has no more valiant champions in the world.

In conclusion I venture to indulge in a few personal words, as I have never mentioned myself in any former report of this district. I am thankful for having had the privilege of working beside the loyal pastors who have faithfully served the churches, and to testify that there has never been even a suspicion breathed against the character of one of them. Also to say that there are more than enough noble, big-hearted members to make six full regiments in the army of the Lord, and right royally do they wage the fight for truth and righteousness. I have been everywhere among them, enjoyed their unstinted hospitality, tried to help them all I could, and have many evidences that their love and respect follow me wherever I may be sent. My records show that I have preached 861 times, often repeating the same sermon, each time in a different place. I have held 764 Quarterly Conferences, delivered 291 addresses and lectures, gave twelve weeks to revival meetings, wrote thousands of letters with my pen in the old fashioned way, met a great many committees on important matters, served on many boards and committees myself, settled quarrels among the people, and have received applications from over 1,000 preachers who wished to enter our Conference. In it all my health has been firm, my faith and courage have not forsaken me, and God has been more than true to His promises. I am thankful for the countless kindnesses shown me by both the rich and the poor, and I commend my successor to the churches with the confidence that they will sustain him as sincerely and faithfully as they have myself. I look forward to my return to the pastorate with more satisfaction than I can express, and hope for many more years in the service of my Lord and His church. While engaged in work elsewhere I shall have the greatest interest in the churches and pastors on Seattle District, and if my prayers and good will may have any effect there will be greater prosperity under the administration of my successor than there has been under mine. I have no other ambition than to preach the everlasting gospel of my Lord and Savior, Jesus Christ, to lead souls into His kingdom, to comfort the sick and the sorrowing, and to instruct the young, until the day of my final release.

#### TACOMA DISTRICT.

Thos. E. Elliott, Superintendent.

Since the reading of the appointments at the last annual Conference four changes have been made on the Tacoma district.

Earle M. Geisey, who was stationed at Algona and Pacific, asked to be released owing to sickness and death in his family. His request

having been granted, E. L. Bower supplied the work for several weeks until James W. Walker was appointed and will report for the charge. M. A. Isdahl, who was appointed to Morton, had to be released early in the Conference year because of serious illness, and, Brother Walker mentioned above, supplied the work for several months, when W. C. Cravner was secured for the place from Drew Theological Seminary. This brother did excellent work and it is with regret that I have to report that he has gone back to enter work in an Eastern Conference. H. K. Kline, appointed to Bismarck, after weeks of sickness, died in the Tacoma General Hospital—I shall mention this later—T. H. Jorgenson has been secured for this charge and he will make the report. This brother comes from Garrett Biblical Institute and has done splendid work. A. J. Wiegler, appointed to Regents Park, was unable to take his work, giving as his reason ill health, and E. H. Gebert has since supplied that charge with great acceptability.

Two of the charges only have cut the salary, while five others have raised it above the estimate of last year, I regret, however, to say that all the salaries will not be paid in full. The district has thirty-three appointments, seven of which are supplied, or filled, by students from the College of Puget Sound. These charges cannot, in the nature of things, have that care and pastoral oversight that is desired for the care and development of the work. This is one of the weaknesses of that part of the district. Several of these smaller places should be consolidated and thus make a living salary for a preacher, whereas now these seven charges are paying from \$150 to \$400 a year. It seems, however, a case of perpetuating a condition for the accommodation of these worthy young men, the per cent, however, is altogether too large for the district. There are seven more charges on the district that pay less than \$500; and yet other seven that fall below \$900 for the year.

We have done our share of building new churches and improving the church property. The basement of our new Trinity Church is completed and the society has been worshipping in it since the first of January, 1914. The masons are now busy laying brick on the building which is to be brick veneer. This church will, undoubtedly, be finished during the coming Conference year and in it we shall have one of the finest buildings on the district. At Artondale, a point on the Gig Harbor charge, a fine little church has been built and paid for. This was begun over a year ago and was dedicated on August 23rd. Its value is \$1,250.00. At Randle Roy B. Parcel, the pastor, has built, largely with his own hands, one of the neatest and most beautiful parsonages on the district. This house is finished in hardwood and is easily worth \$1,200.00. First Church, Tacoma, has added to the new building so that it is now up to the first floor level and this represents an outlay of \$25,000.00. These people are going on the theory of "pay as you go," which is an admirable plan providing you go to completion. My theory of church building is: We must have faith but this should be buttressed with good judgment. There have been cases where the judgment of pastor, District Superintendent, Bishop and even the law as contained in our Book of Discipline, governing the building of churches, has been entirely ignored by official boards, whose reckless action has involved the society they

represent in debt so as to destroy the efficiency of the charge and involve it in an almost hopeless dilemma.

At Burton there has been a debt on the church ever since it was built and the interest even was not paid. Why? The people have moved away until to-day there are not more than a dozen members of our church in the place. The debt was \$250.00 owing to the Board of Home Missions and Church Extension. I wrote them and asked them to throw off the interest and we attempt the seemingly impossible. They left it with me as to whether interest ought to be cancelled. I recommended it. It was done and with the help of a few friends \$85.00 has been paid on that debt. This shows real heroism on the part of pastor and people. The pastor's salary is less than \$400.00. At Milton, where a debt has hung over the property for years, the last \$72.00 has been paid and the mortgage burned. At Summit, where the people built a parsonage on borrowed money, paying 8% interest, the last \$325.00 has been paid and all our property in that place stands clear of debt. The board at Philadelphia helped us on that. Bethany, Tacoma, has paid \$90.00 on debt. Orting has paid \$242.00 and that gives us a splendid property at that point free from all incumbrance. I may say that at this place there is lumber on ground for the enlarging of the parsonage and remodeling it. St Paul's has paid \$192.00 on the debt. Trinity has paid \$250.00. Mason \$3,280.00. Auburn has accomplished what was considered at the beginning of the year to be impossible, the entire indebtedness of \$1,993.00 has been paid.

Two debts only have been contracted for the year: The parsonage at Randle costing \$1,200.00 has a debt on it of \$300.00. Central Church, Tacoma, is the other with \$500.00 of a debt for an improvement that was absolutely necessary.

In giving a complete report of the happenings on the district it again becomes my duty to speak of the departure of some of our number. Many will remember how at the last session of our Conference Brother Harry K. Kline tried to be brave and stand at his post. On Sunday morning of the Conference he leaned on my shoulder and said: "I feel badly, I'll have to leave." He left and after returning home was confined to his bed for some weeks, after this he was taken to the Tacoma General Hospital where, after weary weeks of waiting, he died on November 15th, 1913. I preached the funeral service in the First Methodist Church of Tacoma, the ministers of the district attended in a body. When we buried him in the beautiful Tacoma cemetery we covered the body of as fine a type of the young hero of the Cross as it has been my privilege to know and love.

On November 11th, 1913, Helen Lane Geisey, wife of our pastor at Algona and Pacific, was taken to the hospital for that which ordinarily brings joy to a mothers' heart; but complications set in and after days and nights of great anxiety she, also, was taken from us to be with God. In going she bequeathed to the world a beautiful little baby girl who is living and doing well. Sister Geisey was one of the finest young women that ever graced a Methodist parsonage. As I stood to conduct that funeral and looked on her dead face, lying in the coffin, which stood in the exact place where she stood a little over three years before to be married, I could not help but say to myself, "What a contrast has here been wrought by death." Then I said, "Thank God death is swallowed up in victory." The body of our

sister is resting in the Mausoleum in Tacoma, at which place the funeral service was concluded.

On the 6th of February, 1914, Charles Wesley Darrow, an honored retired member of this Conference, was walking to his home, when just opposite the Congregational Church in Tacoma, and a few steps only from his home, he sat down to rest, he folded his arms upon his breast and slept the sleep of death as quickly as I am recording it here. That kindly beaming face will not soon be forgotten. He was a good man and the Lord took him to Himself. I conducted the funeral, assisted by T. W. Lane, pastor of First Church.

Benevolences will be up to other years and in some charges exceed the amount ever given by the society. I desire to say that whatever may be the shortage in meeting our expectations I do not know of a single charge where the pastor has neglected to do his duty in this particular as required by the Discipline. Allied with this great cause stands the College of Puget Sound. The Conference voted last year to ask for a dollar per member for this cause for the next four years. Few, if any, thought we would reach the goal; but the only way to reach higher is to set the goal higher. The amount contributed to this cause has reached most sanguine expectation. I desire to say here; Doctor Edward H. Todd, the president, has been an inspiration to the preachers and people and without that splendid optimism of his the result would not have been nearly so gratifying.

Our denominational literature is found and used in all the Sunday Schools but one on the district and all the schools are well supplied therewith. The Pacific Christian Advocate is well represented over the district and in many places where this is not found one of the other Advocates is taken.

I was unable to be present at the annual gathering of the Epworth League, at Redondo this year, but if all accounts are true that was by far the best and most successful meeting that the league has had. I find the young people on the district loyal to our doctrines and Discipline. There is an Epworth League connected with nearly every charge on the district and, in many of the charges it is a great help to the pastor and the church generally. There is, also, a good Junior League in many of the charges, I wish there was one in each of them. I can conceive of no better way to carry out the spirit of the Discipline in the care for and instruction of children than by having a good Junior League on the charge with a good religious teacher.

The Ladies' Aid has rendered excellent help in a goodly number of places. Were it not for this auxiliary to the local church it would be impossible to carry forward the work; especially is this true of the financial end of it. In many places they raise half of the pastor's salary besides the incidentals. Both the Women's Foreign and Home Missionary Societies have done good work both for home and foreign lands. One of these, and in many cases both, are found in most all of the charges. I desire to mention one phase of the work of the Home Society which I think is an excellent departure from the old way of disbursing their funds. This society has voted to spend 25% of their dues in the direct support of needy pastors in this Conference, by supplementing their salaries, when such salaries are less than five hundred dollars.

The ingathering of souls has not been as great as we had anticipated from the number of special services that have been held and the persistent efforts of the pastors along this line. This seems to be an age when every vagary presented by its sponser is heartily received and fully endorsed by the unwary and the inert. No sweet soothing message will do the business of awakening people from a slumber to which our fathers were strangers. The naked truths of God's Holy Word need to be sent home to the conscience of many of our modern church members as well as to the world. It is not worldly wisdom that we need so much as Christian intelligence. A good church paper in every Christian home would have a tendency to create loyalty to the church we love and a little less of some other kind of reading would prevent our young people going the broad way of folly and destruction. There are, undoubtedly, some men in the ministry who have missed their calling, but this is not the reason for spiritual dearth in our churches, not by any means. This is not the reason there are not more revivals. The dullest preacher that ever lived can become a power in the hands of a Mighty God and a consecrated church.

God give us mighty preachers of the word! God give us loyal laymen to the church. God give us, again, revivals of such of such a character that precious souls may be born into the kingdom of God. This is the need of Tacoma district. This we have been trying to bring about this year. Only God knows our success. I never had a more delightful year with the preachers and laymen than this now closing. God bless them, their families and all the people.

#### VANCOUVER DISTRICT.

Spencer S. Sulliger, Superintendent.

I am grateful to God that He gave me this year the best year of the six I have had on Vancouver District. Despite unusual, and peculiarly adverse conditions, the district will report an increase. The changes in the tariff law, the uncertainty how it would affect the lumber industry, as well as the restriction of business that always comes when fundamental business laws are in process of re-adjustment, were all depressing. This continued until about three months ago, when marked improvement in the lumber industry was noted. Then came the awful European war, unsettling all values and paralyzing business movements.

An appalling epidemic of typhoid fever at Centralia and smallpox at Castle Rock, destructive fires in a half dozen towns on the district, including the total destruction of the business and industrial establishments of Lebam; the almost total failure of the prune crop in Clarke County, entailing a loss of about \$500,000, and some local disasters, added to the general darkness of the outlook.

But, despite all, the faithful preachers and laymen of the district won the victory. I never witnessed a more heroic devotion to the church, nor a greater victory. The splendid business organization of the district, together with the use of the Duplex envelope, made possible the success of the year. I fully believe that the church ought to

lead the world in systematic and up-to-date business management of its affairs.

New churches have been built at East Kaymond, Washougal and Ocean Park, while many improvements have been made in other places. At Winlock the improvement has been so extensive that we really have a new church. New parsonages have been built or finished at Napa-vine, Ridgefield, Felida and LaCenter.

The Epworth League, both the Senior and Junior departments, is an aggressive and spiritual power, helping in the forward movements of the church in revival and educational work. The District Convention, held at Harmony Church, East Mill Plain charge, was a great success. The very successful Conference Institute, held at Epworth Heights, Redondo, and the presence there of the genial editor of the Epworth Herald, Rev. Dr. Dan Brummitt, will be helpful to the general work of the Epworth League throughout the Conference.

Interest in the Sunday School has never been better. The work done by the Rev. C. B. Sears has been very generally conserved by our people. He did a good work. I see one very important work that must be done by the man who is appointed Conference Secretary of Sunday School work. The isolation of many of our country Sunday Schools, and the consequent limitations put upon Superintendents and teachers because of the lack of association with expert workers, must be met by the holding of group institutes for instruction in methods and consultation about literature, teacher training, etc. No greater work could be done than to gather the officers and teachers of five or more Sunday Schools in a center, and give from one to two days in sensible and spiritual instruction.

But little serious illness has come to the parsonages. Brother H. E. Chappell came so near a nervous break that he decided to give up the work at Grays River. While in Bellingham taking the needed rest, the messenger came for their baby boy. The twin sister died about one year before and they both now rest in the beautiful hill cemetery at Grays River, overlooking one of the most entrancing rural valley scenes in even picturesque Washington. A number of the pastors on the district have needed to go a little slow in order to save a nervous break. No one, outside the parsonage, knows the nervous strain of the pastorate on both preacher and wife.

The Woman's Foreign Missionary Society and the Woman's Home Missionary Society have each done their usual good work. The marvel is how they can do so much work with so little money.

The Ladies' Aid Societies have been a most important factor in the spiritual and financial work of the district. When I state that, in addition to much other work, these societies raised for church purposes this year the large sum of \$6,006, it tells us what a difference there would be in the report of the district if the work of the Ladies' Aid Societies was eliminated.

Both preachers and people have fully endorsed and helped the College of Puget Sound to the last dollar possible. They believe in that indefatigable and successful worker, President E. H. Todd, and give him the chance to preach from three to six times a day. I had the pleasure of hearing him preach at the Lake Chelan Epworth League Institute. At the close of the sermon, in good, old-fashioned Methodist way, he invited seekers, and a number of young Epworthians

came forward. I thank God that Methodism of the Pacific Northwest has a College President who is spiritual and evangelistic, as well as educationally qualified for his position.

The Pacific Christian Advocate has gained some new subscribers and I find both preachers and people loyal to its interests.

But as a fitting crown to all the good work of the year, very extensive and deep revivals have been held on almost every charge on the district. And these meetings have resulted in a marked increase in membership and a distinct advance in sane, scriptural and intelligent spiritual lines. In a few spots there appeared a little tendency to extravagances and wild fire. But I have a splendid extinguisher for wild fire and the names soon subsided.

There are two extremes that are each expressions of cheap religious life. One is a wealthy church organization, with magnificent buildings and fine equipment for work, and not a serious effort to have a conversion for years. That is a cheap, useless, tinsled expression of religious life.

The other is a body of people with religious hysterics, who roll on the floor of a building or on the straw-covered ground of a tent, and all yell at once like the prophets of Baal. To see one stricken to the floor by conviction for sin, under the power of the Holy Spirit, is an entirely different thing. But for people who are professing the highest type of New Testament experience, to become howling dervishes, is a cheap expression of religious life. The work on the district has been of neither type, but a blessed manifestation of the spirit's power in conviction, conversion and sanctification. Very marked revivals were held at Orchards, First and Irvington Churches, Vancouver; Ridgefield, Gray's River, Washougal, Centralia, Napavine, Kalama, Ostrander, Camas, Castle Rock and other points. But the great, over-towering revival of the year was at Kelso. The meeting was a union revival, but the preaching was done by our pastor, the Rev. Dr. E. L. Benedict, assisted by his father, the Rev. D. D. Benedict, who had charge of the afternoon meetings, and Peter Bilhorn, who had charge of the singing. The number of conversions reached 490 and included business and professional men in greater numbers than any meeting I have known of in the Puget Sound Conference. About 250 members were added to our church.

Bishop Cooke, how I would like to mention the many preachers of the district who have done such faithful and solid work for the church. But I have neither time nor can I find just the words I would like to use in doing so. Therefore, I do as is my practice, let the Holy Spirit speak to them in the words and way He so well knows how.

And what more could a District Superintendent ask than to have such a blessed year, and the privilege of thus closing six years of work? They have been eventful six years to me, holding experiences as varied as life. I have been in most perfect health and have fully enjoyed the great work. I will have the pleasure of turning over to the godly man you appoint to the work, a district well organized, and with a spiritual life and equipment capable of bringing far greater results than in the years past.

This year the district sends to this Conference five fine young men to take supply work and enter Conference next year.

I could appropriately close this, my eighteenth annual report to

the Puget Sound Conference by giving some very creditable figures of the increase made on the district during the past six years, but I omit that. I can do no less, and do right by the faithful preachers and laymen of the district, than to say that not a single red figure, showing a decrease in any item, stands against the district.

And in closing I again say, the year has been such a delightful and successful one that I wish I had time to mention the different charges and the preachers who have so faithfully labored to bring the results. And I assure you, the record would be incomplete without mentioning the elect women of the parsonages, who have had so much to do with the splendid work of the year. No one knows but the writer the full value of the help that preachers and laymen have given to him. One of the brightest memory pictures I have is that of the privilege of working with such choice spirits. Many deeds of devotion and sacrifice could be named, and then the story would only be told in part. I have had the pleasure of telling the men and women of God, with whom I have worked, somewhat of my gratitude to them, and my appreciation of their loyalty and devotion. I leave it there, only adding: God is most graciously good to give Mrs. Sulliger and myself such a beautiful and successful year on Vancouver District.

## Reports of Committees.

### COMMITTEE ON EDUCATION.

Ignorance is no aid to piety. The broadest intellectual culture is the birthright of every son and daughter of God.

In the very beginning of the Christian church the greatest of all the apostles exhorted the young minister to "give attendance to reading," and to "study to show thyself approved unto God, a workman that needeth not to be ashamed."

The obligation is upon the church to afford to her young people the largest and best opportunity for the equipment of themselves for their life-tasks. From this obligation the Methodist Episcopal Church has never sought release. At no time in the history of the church has there existed a greater need than now, for the church schools. Especially is this true of this great Pacific Coast. No equal area in this broad land presents such opportunity for achievement in the development of the young life of the church, as is presented here and now—through the College of Puget Sound. It is vitally important to our church, and to the cause of righteousness, that there should be established here in the Northwest, a college that shall rank with the very best denominational schools of the land.

We firmly believe that the Methodism of the Pacific Northwest should put its strong arms of moral and financial support around and

underneath this, the only Methodist school in the State of Washington.

We desire to congratulate the Board of Trustees upon their action in electing to the presidency of the college, the Rev. E. H. Todd, D.D. The grasp of the situation, the wisdom of administration and the sane enthusiasm which Dr. Todd has manifested during the past months since his election, indicates that he is the man for the place, and speaks of victory for this cause. We assure President Todd of an interest in our prayers, and a welcome to our homes and pulpits, and hearty congratulations in this great work to which God and the church have called him.

Through the goodness of our Heavenly Father we are permitted to submit another annual report of the affairs of the College of Puget Sound. The report of last year was somewhat in the nature of a "call to arms." The enthusiasm manifested in the answers to the roll call was somewhat more in evidence than the enthusiasm in making good on the field. While our present condition is almost immeasurably better than it was one year ago we are not yet on solid footing. It is to be hoped that the members of your body will with renewed zeal enter upon the task of making their pledges effective. The action of your body in pledging Methodism of this Conference to the contribution of at least \$10,000 for four years was followed by the contribution of the Church Board of Education's gift of \$3,000 for the year. Both of these actions have been great contributors to the confidence of the public in our college.

The report of the Financial Secretary will disclose how far short the church has come in meeting these pledges. It is most desirable that additional effort be made to meet these pledges so that a return of the embarrassing situation of one year ago may be avoided. Then, too, the natural decrease of the share fund contributions must be offset by increasing Conference collections. An interesting and important comparison of the receipts for the past two years, as well as a statement of the indebtedness at said times follows:

Receipts for 1912-1913 (Aside From Tuitions)		Indebtedness.	
Maintenance .....	\$ 3,073.50		\$41,787.99
Share Fund .....	3,134.00	Street Assessments not	
Conference Collections...	5,396.97	yet due .....	4,000.00
	<u>\$11,604.47</u>		<u>\$45,787.99</u>
Receipts for 1913-1914.		Indebtedness.	
Maintenance .....	\$ 2,108.00		\$36,254.70
Share Fund .....	940.50	Street Assessments not	
Conference Collections...	8,474.12	yet due .....	1,614.99
	<u>\$11,522.62</u>		<u>\$37,869.69</u>
Indebtedness 1912-1913 .....			\$45,787.99
Indebtedness 1913-1914 .....			37,869.69
			<u>\$ 7,918.30</u>

Of the above decrease the sum of \$3,500 was received from insurance on the gymnasium building, which burned immediately after the last session of the Conference; leaving a net decrease of \$4,418.30.

It will be noted that although the Conference Collections increased from \$5,396.97 to \$8,474.12 (should be \$20,000 according to the pledge), the total receipts have decreased nearly \$100.00 not taking into account the amount to be received at this session of your body. To the amount to be received from your members must be added the remaining \$500.00 to come from the Board of Education, and these items added to the net reduction of debt above will show the total reduction from sources other than insurance.

During the past year your Trustees have deemed it wise to change the name of the institution from the University of Puget Sound to the College of Puget Sound, so that our name might more nearly represent the work we were trying to do.

The action of the State Board of Education in striking our Normal Department from the accredited Normal schools of the State caused some anxiety, but due to the zeal of our President, Rev. E. H. Todd, this action has been rescinded and we are now rated as an accredited school.

The endowment campaign has lagged somewhat, due to reasons beyond the control of your servants, the Trustees, but we have to report that during the past week the Commercial Club of Tacoma has definitely committed itself to the raising of \$100,000 for the endowment of the college. This sum is to be raised by subscriptions payable over a period of four years. Whether we shall be able to meet the conditions of Hon. James J. Hill by the time fixed, yet remains to be seen. If he will consider this as a subscription we are less than \$50,000 short of the mark.

Committing the affairs of the College into your hands for careful and prayerful consideration we ourselves stand ready to carry out your bidding.

E. L. BLAINE.

DIX H. ROWLAND, Fin. Sec.

Your committee recommends that the Conference support most heartily the plan adopted by the Conference a year ago for the raising of sufficient funds for the maintenance of the College of Puget Sound for the endowment and for the support of the Board of Education. The dollar per member apportionment adopted by the Conference is an integral part of the church budget and should never in thought or fact be separated from the General Benevolences of the church.

We reiterate our position relative to the endowment fund created by the members of the Puget Sound Conference and would recommend that the name of this fund be changed so as to make it possible for members of other Conferences of the Northwest to contribute toward the creation of such an endowment and that two members of this Conference be appointed to confer with other Conferences.

After giving careful consideration to the actual needs of the present and the possibilities of the future, we recommend that this Conference by a formal action, request the Board of Education of the Methodist Episcopal Church grant an appropriation for our college, a sum not less than five thousand dollars.

In connection with this request we wish to express our sincere thanks and appreciation for the generous gift already made by this Board for the support of our work and the interest they have manifested in the welfare of our college.

In view of the present conditions we deem it wise to ask Mr. J. J. Hill and others who have made very generous gifts conditionally for the Endowment Fund, to extend the time until we shall be able to meet fully the other conditions of their gifts.

The committee unanimously recommend that the Conference request our President, Dr. E. H. Todd, to present the claims of our work to the General Board of Education of New York, and that he be instructed to request said board to place the College of Puget Sound on its list of beneficiaries and pledge to it our hearty support in the upbuilding of a strong College of Liberal Arts.

### Schools of Theology.

We commend our Schools of Theology, believing it to be both a privilege and a duty for our young men to be properly equipped to meet the growing needs of the church.

The Boston University School of Theology, which requires that all of its students shall be college graduates, has just closed one of the best years in its history. In addition to the regular work, a missionary department has been added.

Drew Theological Seminary is going forward in a gratifying way. Not only has the work of Dr. Wallace McMullen and Dr. F. Watson Hannan, the newly elected members of the faculty, been highly satisfactory, but in addition to this has been established a Chair of Missions and Comparative Religion, with Dr. Edmund D. Soper, formerly of the Ohio Wesleyan University, in charge. Also advanced courses leading to the degree of Ph.D. were offered for the first time last year.

Garrett Biblical Institute offers many advantages to the young preacher, bringing to him all that could be desired in the way of scholarship and at the same time keeping him in touch with the progress of the West.

The Kimball College of Theology, located at Salem, Oregon, is in

our own territory. It is to this school that we must look for many of our men in the future, and we would recommend that our young men who could not otherwise have a theological training, be urged to attend this college.

We are highly gratified at the presence of the Rev. L. J. Birney, D.D., Dean of the Boston University, School of Theology, and Rev. Wallace McMullen, D.D., Professor of Homiletics in Drew Theological Seminary, and appreciate most highly their spiritual and inspiring addresses delivered at this session of the Puget Sound Conference.

A. W. LEONARD, Chairman.

#### RESOLUTIONS.

WHEREAS, This Thirty-first Session of the Puget Sound Annual Conference has been characterized by such a strong intellectual and spiritual program and ample provision has been made for the comfort and pleasure of its members,

RESOLVED, First—That we are greatly in debt to District Superintendent Dr. J. P. Marlatt and to Pastor Dr. A. W. Leonard and the committee of the First Methodist Episcopal Church for their splendid entertainment of this body.

Second—That we express our high appreciation of the many helpful addresses of Bishop R. J. Cooke, D.D., LL.D., and his brotherly spirit as presiding officer.

Third—That we thank the parent board of Foreign Missions for sending such an able representative as Bishop John W. Robinson, who has in such a splendid way presented the cause of the society and for the heartfelt message he brought us from his own field, India.

Fourth—That we highly appreciate and thank Dr. L. J. Birney and Dr. Wallace MacMullen for their presence and for their addresses which have been an intellectual as well as a spiritual treat.

Fifth—We appreciate also the timely messages of Drs. Platt, Mulfinger, Race, Coker, Wilson and Maveety, as they have represented their various causes.

Sixth—That our thanks are due to the Burroughs Adding Machine Company for the use of one of their machines by the Statistician and Treasurer, and to the Royal Typewriter Company for placing a typewriter at the disposal of the Secretary.

#### REPORT OF COMMITTEE ON EPWORTH LEAGUE

The social and recreational life of our young people being vital to their moral development and welfare we urge each Epworth League cabinet in co-operation with the pastor to provide wholesome amusements and recreations for their young that they may be held to the church activities and moulded as strong factors in God's kingdom. We recommend a district organization and annual conventions in each district. We suggest that the members of the district cabinets make systematic visitations of the Leagues learning and solving local League problems and becoming an inspiration to the young people.

We request that all pastors become active in leading their young people in classes formed for Bible Study, Social Service, and Missions.

The Epworth Herald was never more ably edited and is necessary to the growing life of the church. Let all our young people take it and read it.

We congratulate the Conference and the Commission in charge of the Institute conducted at Epworth Heights, Redondo, upon the splendid success attained, and we pledge our hearty support and co-operation for the future.

The district conventions have been most fruitful of great good and we earnestly commend them to all our young people, and suggest that they be held early in the year that the Summer may be clear for the Epworth League Institute. W. M. JEFFERS, Chairman.  
JAMES A. SUTTON, Secretary.

#### REPORT OF INSTITUTE COMMISSION.

During the week ending August 2nd, 1914, at Epworth Heights, near Redondo, Washington, there occurred the second Conference Epworth League Institute, one of the most epoch-making meetings ever held

within the bounds of the Puget Sound Annual Conference. A Conference Institute Commission having been elected at the Conference of 1913, plans were immediately formulated. First, it was decided that the magnificent grounds at Epworth Heights, donated to the Conference by the Sound Trustee Company, should be utilized as the gathering place; second, that in order to make it possible for it to be a real Conference gathering the pooling of traveling expenses be instituted. Both of these ideas were carried out.

The Dean of the Institute Faculty was the versatile and statesman-like editor of the Epworth Herald, Rev. Dan B. Brummitt, D.D., the remaining members being drawn from the Northwest Conferences.

It is the genius of the Institute that everything leads up to Sunday, the closing day. And with 200 eager young Epworthians who every day for a week have met God in the Morning Watch and the rest of the morning hours studied Methodism, Missions and Christian efficiency, with ideal recreation features filling the afternoons and heart-stirring addresses at night there can be no other result than a Pentecost on the Sabbath Day.

Bishop Cooke heartened the members of the commission by his earnest and fatherly greeting. This was printed in the Institute advertising matter and helped to roll up the large registration.

For the encouragement of your young people make your plans to be at the Institute next Summer. There are many leaders of the Methodist hosts who believe that this movement is freighted with the power of God. When you know that forty young people, the choicest of our boys and girls, on Sunday, August 2nd, dedicated themselves to special forms of Christian work, as the ministry, Deaconess work and Foreign Missions, it would seem that such are not vain dreamers.

JAMES A. SUTTON, Chairman.

E. M. HILL, Secretary.

#### REPORT OF COMMITTEE ON SUNDAY SCHOOLS

The increase in Sunday School enrollment of nearly a million in six years, the planting of 1,700 schools, many of which have grown into churches, the 4,050 grants to needy schools, are achievements over which the church rightly may have great rejoicing. Nor of any less importance are the achievements of the board in the field of intensive work, training a better teaching force, inspiring the church to greater missionary zeal, and urging efficiency in all departments of work.

We recommend that our pastors and Sunday School boards give renewed attention to the question of the lesson material to be presented to the pupils. The International Graded Lessons in the Elementary Departments have now been in use long enough to demonstrate their efficiency in evangelism and in training for service. Wherever it is possible we recommend that these lessons as published by our denomination be used.

We believe that the work of teacher training has not been as widely adopted in our Conference as it might be. We recommend that every Sunday School in the Conference, so far as practicable, endeavor to establish a class for the training of teachers during the coming year. We recognize that the ability of the Board of Sunday Schools

in carrying forward this great work is limited only by the amount of its resources and we recommend that our pastors and people give to the board the largest possible financial support and co-operation.

Your committee wishes especially to commend the earnest and successful work done by Brother C. B. Sears, our Conference Superintendent of Sunday Schools, since his appointment to that work. As he has now resigned to take up work in another field, we can only hope that the Bishop and the cabinet can see the way to place in the field a well equipped man, who will put into the work the energy, the good judgment, the devotion and the consecration which have characterized the work of Brother Sears.

CHARLES S. REVELLE, Chairman.

FRANK W. P. CAMP, Secretary.

### REPORT OF COMMISSION ON FINANCE

First.—We approve the summons of our leaders for an advance of 10% upon the present membership of our churches during this year; and we renew our covenant to labor continuously and plan for its achievement. We call upon our laymen to do house-to-house, hand-to-hand work to bring the people of their communities to a decision to begin the Christian life.

Second.—We heartily endorse the New Financial Plan, and urge its adoption in every church, that it may become the uniform system throughout the Conference for the coming year.

Third.—We recommend a complete educational campaign as to the methods and merits of the plan in every church during the next six weeks, as follows:

1.—That the District Superintendents give instruction in and support to the plan to which all the officials shall be especially urged to come, and seek to make each set of officials thoroughly acquainted with it.

2.—That the charges in each district be grouped around some church that has adopted the plan, so as to utilize that as a center for laymen's co-operation.

3.—That a team of laymen be sent to churches in their group to recommend and explain the plan. These visits to be made on week-day evenings or on Sunday afternoons.

Fourth.—We recommend that there be designated some particular day to be known as "The Field-Day of the Conference." Annually, upon that day let the "Every Member Canvass" be made in every church in the Conference. We designate Sunday, October 4th as the day.

Fifth.—We suggest that the following preparatory work be done before Conference:

1.—That each Quarterly Conference adopt the plan for this year, and commit the whole charge to it.

2.—That the constituency list be made for each church.

3.—That the budgets be estimated, the subscription lists prepared and the supplies secured.

4.—That the canvassing teams be selected and their training begun.

Sixth.—Immediately upon the opening of the Conference year let an educational campaign be put on in each charge continuing up to the Field Day, and by judiciously advertising seek to awaken a community interest in the work of the Field Day.

### REPORT OF COMMISSION ON EVANGELISM

Humbly and gratefully we acknowledge the abundant mercies of God manifested in the outpourings of His Holy Spirit that have brought gracious revivals to many of our charges during the past year. We recognize in these seasons of refreshing, a summons from our Divine Leader to renew our evangelistic activity with, if possible, a more efficient use of our opportunities and resources.

For the realization of yet richer harvests we recommend as follows:

First.—That one of the brethren of this Conference be appointed Conference Evangelist.

Second.—That this commission be authorized and directed to provide, if possible, a guarantee fund sufficient to assure a support of \$1,800 a year for this Conference Evangelist, and in addition sufficient to meet the necessary expenses of the commission.

Third.—That, with the provision of this guarantee, this commission shall have supervision of the work of the Conference Evangelist, conducting the correspondence, making his engagements, receiving and accounting for all funds for either his salary or his expenses and auditing and paying all his claims of every character related to his evangelistic work.

Fourth.—That this commission shall have authority, in its discretion, to assume charge within the bounds of this Conference, of the work of any evangelist who may request it without the guarantee of his salary.

Fifth.—That the commission shall have authority, in harmony with the Discipline of the church, to make such rules as it may deem expedient for its own guidance and for the administration of the evangelistic work under its oversight.

Sixth.—That the officers of this commission shall be, a President, a Secretary and a Treasurer; that they constitute the Executive Committee of the commission, and that they be appointed by the Bishop and cabinet, and so selected that they will be accessible to each other.

Seventh.—That the evangelistic program issued by the General Conference Commission on Evangelism receive the most loyal observance throughout all our charges, and that this commission be authorized to assist in carrying out this program within the bounds of this Conference, and especially in enlisting and training our lay workers in the practice of personal evangelism.

Eighth.—That our pastors be instructed to correspond with this

commission before making their arrangements for evangelistic assistance, and to co-operate with, assist and support the commission in every way possible.

Ninth.—We further recommend the appointment of William Park as Conference Evangelist.

We cordially approve the efficient work done by the City Home Missionary and Church Extension Societies in Seattle and Tacoma. Our pastors should give the claim for this work its place among the regular official benevolences in whatever plan they use for raising their benevolent offerings.

We recommend that this Conference ask the Home Missionary and Church Extension Society for \$1,500 for the work in Seattle and \$1,000 for the work in Tacoma. As the amounts allowed by this society are contingent upon our raising an equal sum, we urge our pastors to protect this home work by meeting their apportionments in full.

A. A. LUCE, Chairman.

EDWIN M. RANDALL, Secretary.

### SOCIAL SERVICE COMMISSION

In order to secure a larger intelligence on social and industrial subjects clearly having to do with practical Christianity, and for the purpose of a greater efficiency on the part of our ministry and membership, we recommend the appointment of a commission composed of three members from each district who shall study the social and industrial conditions within the bounds of the Conference and direct and encourage the co-operation of the church with such other agencies as strive for the establishment of justice and righteousness.

O. H. MCGILL, Chairman.

### REPORT OF THE DEACONESS BOARD

The Seattle Deaconess Home and Training School have been in labors most abundant. Over 4,500 calls have been made by the Deaconesses, at which the sick and sorrowing have been comforted, the strangers visited, and the spiritually hungry fed. The students have received a thorough training in the required course of study prescribed by the General Deaconess Board, and graduates from the school have gone out to be a spiritual blessing to the church throughout the Northwest and even to the lands across the sea.

The Seattle Deaconess Settlement has continued its successful work. The Sunday School has been greatly increased and the capacity of the house and tent have been taxed again and again to accommodate the increasing numbers who come to the various classes in Bible study and industrial work and to the social meetings. A lot was purchased during the year on which to erect a suitable building to carry on this important and growing work.

The Snohomish County Orphanage at Everett has had the most successful year of its history. The capacity of the building has at times been overtaxed, the children have been well cared for and have received a Christian training. Several of the older children have been converted during the year.

We request the appointment of Miss Edna M. Klein as the Field Agent who is to take the place formerly occupied by Miss Clutterham.

The Seattle General Hospital has continued its successful work, maintaining its high degree of efficiency. Two thousand seven hundred and seventy-four patients have been cared for during the year. The work of the hospital is commended to the church.

We recommend as a Deaconess Probationer, Anna Sorensen, and Tillie Hartman to be continued as Probationer.

The following have been received as transferred to the Puget Sound Conference: Margaret Falconer, Winifred Smith, Isabel Fleming.

The following have been discontinued at their own request: Clara E. Clutterham, Hattie Neiswender.

The following granted honorable discharge: Ora D. Wolfer.

We recommend for renewal of licenses the following: Anna M. Cady, S. Eunice Chick, Bertha A. Black, Marguerite E. Hewson, Aaselle Ivarson, Emma E. Lewis, Ella Lois Swift, Elizabeth N. Jones, Bell M. Menzies, Helen M. Schacht, Isabel Fleming, Bertha V. Holcomb, Laura A. Requa, Lillian Langdon, Edna M. Klein, Margaret Falconer, Winifred Smith.

We recommend the following for license: Gertrude A. Stringer, Zoe Donaldson, Ida M. Kling.

We recommend for Consecration: Gertrude A. Stringer, Zoe Donaldson, Ida M. Kling, Bessie F. Daws.

W. H. W. REES, President.

W. H. LEECH, Secretary.

### BOOKS AND PERIODICALS

It is with pleasure we note the increased favor of our Advocates with the people and especially the Pacific Christian Advocate, which, with its enlarged form and improved character, presents an added reason why it ought to be a regular visitor in every Methodist home in its circulating territory, and we pledge ourselves to express our appreciation of the able management of its editor, Mr. R. H. Hughes, by doing our utmost to double its circulation in our Conference.

We express our unqualified endorsement of the Christian Advocate and Epworth Herald, each fulfilling so gloriously its mission as a general organ of the church in its respective field.

We hail with delight the fact that the Methodist Book Concern has opened a sales room in the Couch Building in connection with the Pacific Christian Advocate in Portland, Oregon, where all orders for such supplies may be sent.

We believe the Methodist Review should be found in every Methodist preacher's study.

We would urge our Book Concern to put out, in the cheapest possible form, books especially adapted for refuting the common errors with which we have to contend, such as Christian Science, Millennial Dawnism and so forth, in order that it may be possible to get such literature into the hands of our people; and let every pastor become a local agent for these works.

We commend the Methodist Book Concern on the constant increase in its excellent publications, and hence ever increasingly large

dividends to the Conference Claimants. We welcome the draft of \$2,974 for these veterans of the cross.

We are gratified at the report of the American Bible Society concerning the great increase in the number of Bibles and Testaments issued.

Dr. Canse has produced a painstaking comprehensive history of Missions in the Northwest: "Missionary Colonizers of the Pacific Northwest."

The thrilling events of those early days are recorded by Dr. Canse's facile pen in a graceful elegant form, making his story more thrilling than a romance and yet giving the history of brave men and women and recording the epical events, in the early history of old Oregon that will arouse the patriotism, quicken religious enthusiasm of all readers.

We, the committee, recommend it to the book editor for publication.

We shall welcome this excellent history to our book shelves.

W. E. ROSSMAN, Chairman.

F. H. WALKER, Secretary.

### BENEVOLENCES

We recognize that the present distressing war situation in Europe adds to the church in America a greater responsibility to bring in the kingdom of Christ in the earth. Our own churches in these stricken lands will call loudly for us to come to their help.

Greater fidelity than ever must characterize the churches in bringing up their full apportionments to the Home and Foreign Boards.

The use of the Duplex Envelope, together with the canvass of every member in the church, securing wherever possible a pledge of weekly payment, has already proved of great value.

We urge the support of the American Bible Society, especially in view of the appeal that comes to them from the warring nations of Europe for Bibles to supply the soldiers now in the midst of this bloody war.

The work of the Freedman's Aid Society and of the Church Temperance Society deserves the most faithful support of our people.

R. J. REID, President.

H. P. WALDRON, Secretary.

### FOREIGN SPEAKING PEOPLES

The matter of Foreign Speaking Peoples is a question of vital importance to our great Northwest. They are here and are coming in increasing numbers and must be reckoned with. Their helpfulness or hurtfulness is our problem.

We are gratified that something is being done and even much, in some parts of our Conference, but it is evident that as a result of the opening of the canal and the upheavals in the Old World, our shores will be sought by almost uncounted hordes in the near future, and we must make adequate provision for them as far as may be.

While we can do something for the adult classes that come to us,

it is the opinion of your committee that our strategic opportunity is in the care of their children. The older ones are anchored in the customs and beliefs of ages, but the young are plastic in our hands so far as we can reach them, and this we must endeavor to do.

We commend the work of the Industrial School in Tacoma for Italians, the settlement work by our Deaconesses in Seattle and all other efforts being made for the enlightenment and training of the children of the foreign speaking peoples among us.

We endorse the work being done by Doctor Johnson on this Coast among the Japanese.

JOEL VIGUS,  
RICHARD OATES.

### BIBLE IN PUBLIC SCHOOLS

During the past year much has been done in co-operation with kindred committees and societies working to the end of concentration of action. Much educational work has done much in this State to create a greater desire for and to show the real need of the Bible in our schools, with the result that interest and desire have taken the concrete form of a determination to place the Bible, the most vital text-book in all of our schools.

The movement is not local, as investigation will show, but is nation wide—yea, world wide.

Eight States exclude the Bible from the schools, either by law or by opinion of attorney-general, namely, Montana, Wisconsin, Minnesota, Idaho, California, Nevada, Arizona and Washington.

The work is going forward and this book of books is coming to its place in our schools.

We call your attention again to the article in the Pacific Christian Advocate, date March 18, 1914, page 4, "The Bible in the Public Schools." We also remind you that a convention of those interested in the Bible coming to its place in the public education of our young people in schools—is being planned to meet at the Panama-Pacific Exposition, San Francisco, in 1915. This conference will be international.

May we all work to the end that the word of God be placed in our schools for the moral education of the youth of our land, which is most vital.

W. H. BAKER, Chairman.

J. H. BERRINGER, Secretary.

### REPORT OF COMMITTEE ON REFORMS.

WHEREAS, A wave of moral reform is sweeping over the country as a hopeful sign of the advancement of the kingdom of Christ, and

WHEREAS, The agencies of reform and human uplift are so numerous and diverse that we can not name them all in this connection, therefore, be it

RESOLVED, That we are in fullest sympathy with every sane movement for the advancement of the race and the removal of all wrong and injustice and for all good to mankind everywhere.

But there are some movements which seem to require special notice at this time.

1. We deprecate the awful carnage and strife resulting from the European war and heartily endorse the efforts of President Wilson in maintaining a strict neutrality in our attitude toward the contending nations.

2. We deplore injustice and violence on the side of both labor and capital. We express our fullest sympathy with the toiling classes and re-affirm and emphasize the declaration contained in the "Social Creed of the Churches of Christ in America."

3. We have listened with pleasure to the Rev. Clarence True Wilson, D.D., Secretary of our Church Temperance Society, and assure him of our hearty support in his important work.

4. We appreciate the untiring labors of Geo. D. Jonger, Superintendent of the Washington Anti-Saloon League, and will grant all the aid within our power in rallying the laymen of our churches in the present struggle for State-Wide Prohibition.

5. We commend the work of the Woman's Christian Temperance Union and of its State officers, Mrs. Margaret C. Platt and Mrs. Margaret Munns.

6. We endorse the work of the Lord's Day Alliance and pledge our support and sympathy in its efforts to preserve the sanctity of the Sabbath.

7. As Christian Mission Work in Japan is seriously threatened by efforts on the part of some to create feelings of animosity between the two nations, therefore be it

RESOLVED, That we urge the administration at Washington, D. C., to use every effort to secure an early settlement of the present difficulties with Japan, based upon an honorable interpretation of our treaty with that nation, and, be it further

RESOLVED, That a copy of these resolutions be at once sent to the President of the United States and to the Secretary of State, Washington, D. C.

8. We endorse the efforts on the part of Senator Weeks and Congressman Gillett, of Massachusetts, in introducing legislation for the suppression of polygamy and its attendant evils.

#### SPECIAL CHARITIES.

The Washington Children's Home Society is the greatest charity in our State and to date has placed more than 2,600 wholly dependent children in homes for adoption. It is non-sectarian, state-wide, eminently efficient.

An increasing number of semi-dependent children are through its Aid Department temporarily provided for in a normal way by being boarded in family homes.

The support of this great work by the Protestant Churches is their answer to the cry of the orphan under the Divine plan of placing the solitary in families.

We most cordially commend this blessed Christian philanthropy and pledge ourselves as pastors to co-operate with this child welfare agency as far as we reasonably can by welcoming its representatives to our pulpits.

W. M. DEWS, Chairman.

WILLIAM J. RULE, Secretary.

### AUDITING COMMITTEE

The Auditing Committee respectfully reports that the books of the District Superintendents, and the accounts of the Treasurer, the Secretary and the Registrar, have been examined and found to be correct.

F. A. GUILER, Chairman.

C. H. COWDY, Secretary.

### EPISCOPAL FUND

WHEREAS, The Book Committee has asked that the sum of \$2,656 be apportioned to the Puget Sound Conference in lump sum for the Episcopal Fund.

THEREFORE, We, the Committee on Episcopal Fund, recommend that the District Superintendents apportion this amount to the several districts fixing the rate and per cents to each charge on their respective districts.

And we further recommend that each pastor return to his charge with full determination to make the Puget Sound Conference one of, if not, the very first to report the annual apportionments for Episcopal Fund in full.

In checking the delinquents of charges which failed to pro rate for the Episcopal Fund we arrive at the following facts: That 57 charges failed to pro rate for Episcopal Fund. We presume that this is on account of deficiency in salary.

R. L. WOLFE, Chairman.

H. O. COOPER, Secretary.

### REPORT OF HISTORICAL SOCIETY

By the action of the last session of the Puget Sound Annual Conference, an Historical Society was organized with the purpose of collecting all documents and materials of worth to Methodism in the Pacific Northwest and for working out a program of value to the church in the preservation of the records of the heroism and devotion of our pioneers. There were elected officers and an executive committee composed of those who are intensely interested in the success of this long-delayed project. A meeting has been held and the following recommendations were unanimously voted to present to this Conference for consideration.

We recommend that a committee be authorized to investigate the condition of the Methodist exhibit of the A.-Y.-P. Exposition now in the custody of the Historical Museum at Tacoma, and make sure of

our rightful ownership, and we ask that this committee be composed of A. Atwood, D. G. LeSourd and Wm. H. Leech.

It was decided to ask the co-operation of every minister and all our laity in the collecting of documents and data and that the Secretary of the Society be authorized to make a systematic effort to interest all in this matter. He is to be the custodian of all historical materials collected in the interests of the society.

The value of an appointment record of all members of our Conference was discussed and it was decided to encourage the Conference Secretary in his efforts to this end, hoping the list may be published in the near future.

By motion of W. H. W. Rees the present officers are hereby recommended for re-election for the ensuing year. It is also asked that D. G. LeSourd be placed on the executive committee in place of C. W. Darrow, deceased.

In the light of a glorious past and the meagre interest that is generally taken in the placing of honor to our early heroes, and the neglect of their souvenirs and records, we urge upon all a conscientious and painstaking attention to these matters of pride and churchly honor. To loiter now may result in the loss of much valuable material and the continuation of many erroneous statements in current texts on local history.

W. S. HARRINGTON, President.

J. M. CANSE, Secretary.

### REPORT OF THE STEWARDS

It is with much pleasure that we note the increasing interest of the Great Methodist Episcopal Church in the care of her retired ministers. We are also glad to report a small increase in our own Conference collections.

We desire to express our appreciation of the amounts received from the various sources: From the Book Concern, \$2,974; from Chartered Fund, \$30; from the Board at Chicago, \$250; from Conference collections, \$5,687; balance from last year, \$90; total, \$9,031.

And in addition to this, the Preacher's Aid Society distributed \$1,300; total resources, \$10,331.

We urge upon all pastors to carefully pro rate according to the directions of the Discipline.

We most sincerely regret that we cannot increase the annuity apportionment this year, but we are encouraged by the fact that the Conference has ordered the apportionment to be seven per cent for next year. We recognize the generous spirit of Brother I. S. Pearson in donating one-half of his annuity claim to the Preacher's Aid Society, and to Brother C. E. Fulmer for donating all of his claim. We also want to express our appreciation to Sister Osborn for the relinquishment of her claim and to the church at North Yakima for their offer to care for Sister J. I. Smith.

J. C. DORWIN, Chairman.

## MEMOIRS

### HELEN LEONA (LANE) GIESEY

Helen Leona (Lane) Giesey, the youngest daughter of the Rev. Thos. W. and Mrs. Emma K. Lane, was born near Salem, Ohio, August 8th, 1889. When six months of age she was baptised by Bishop Joyce. Through the years, hers was a devoted, cheerful witness to the presence and preciousness of Jesus, her Savior. She could not tell the where nor when nor how; she only knew "He is my Savior now."

She graduated from the High School in Wheeling, West Virginia, in 1909, and in the Spring of 1910 she came with her parents to the parsonage of the First Methodist Episcopal Church in Tacoma. On August 16th, of that year, she was married to the Rev. Earl M. Giesey, a student in Boston University School of Theology. She returned with him to Boston and took up studies with her husband until his graduation in 1912, when they came to Tacoma.

In September, of 1912, Brother Giesey was received into the Puget Sound Conference and was stationed at Algona and Pacine. Here Mrs. Giesey's influence was an unmeasured power for good to all with whom she served. Her unfailing Christian courtesy and cheerfulness, added to her quiet decision of character gave her a place of power and leadership in every community where she was known.

On the morning of the 9th of December, 1913, she passed to her other home, "not made with hands, eternal in the heavens."

She left a baby daughter three weeks old, her husband, father and mother in Tacoma, and a brother and sister in Cleveland, Ohio.

The funeral services were conducted by the District Superintendent, Dr. Thos. E. Elliott, from the parsonage of the First Methodist Episcopal Church in Tacoma. Her body is laid to rest in the Tacoma Mausoleum.

### REV. CHARLES WESLEY DARROW.

Rev. Charles Wesley Darrow was born in Painesville, Lake County, Ohio, on May 10th, 1846, and died at Tacoma, Washington, February 6th, 1914. He joined the Methodist Church at Painesville when he was 16 years of age. He attended Allegheny College, Meadville, Pa., and graduated in 1869, and then taught in Willoughby College, Ohio, for two years. He married Miss Iadore F. Bates at Shelby on July 28, 1873.

In 1873 he was admitted to the Erie Conference and was ordained Deacon in 1875 and Elder in 1877. He was appointed to Grand River, Ohio, in 1873, where he served four churches, to Warrenville, Ohio, in 1874, where he served six churches, to Greenwood, Pa., in 1875, where he served four churches. In 1876 and 1877 he was Professor at New Castle College, Pa., but returned to the pastorate in 1878 to Edenburgh, Pa., where he served four churches, and to Sharpville, Pa., in 1879 to 1881, to Clarion, Pa., in 1882 to 1884, and at the same time was Professor in Carrier Seminary, at Clarion. He was pastor at Brockwayville, Pa., from 1885 to 1888. In 1889 he was a supernumerary supply at Corsica, Pa.

He moved to Tacoma, Washington, in June, 1890, and transferred

to the Puget Sound Conference in 1891 and supplied at Shelton during that year. In 1892 he supplied at South Prairie. In March, 1892, he began teaching in the Puget Sound University and continued there until 1898. In 1893 he supplied at Gig Harbor. He was pastor of Wesley Methodist Episcopal Church in 1899 and 1900, of Second Methodist Episcopal Church, Tacoma, in 1901, and became supernumerary in 1902. He was Librarian of the University of Puget Sound of Tacoma for one year, preached two years at University Park.

During the forty years that he belonged to the Methodist Conference, many miles sometimes on foot, very often preaching three times every once, he preached somewhere nearly every Sunday, although working or teaching week days.

He was the father of six children. A wife and five children survive him; two sons, Earl J and Osmar; three daughters, Zara, Lois V., all in Tacoma, and Mrs. Zilla M. Harrison, of Sunnyside, Wn.

#### REV. WILLIAM MOSES WELCH.

Rev. William Moses Welch was in Viliinovia, Chautauqua County, New York, January 18, 1837, and died in Hillsboro, Indiana, February 10th, 1914, after having spent nearly fifty years in the ministry. His ancestors on his mother's side were of that old ministerial stock of Pecks of which Bishop Peck and his brothers were especially distinguished. When 16 years of age with his parents he moved into the wilds of Michigan. Here, while helping to clear a farm, he became ambitious for an education, and in due time entered school at Mt. Pleasant, Iowa, and later attended college at Hillsdale, Mich. At the age of 20 he was converted and soon entered the ministry of the Free Will Baptist Church.

Bro. Welch was first married in 1864 to Miss Lorinda Longwell. To them were born two children, Evert L. and Grace E., the former of whom went to his long home five years ago. This wife lived only a few years to bless their home, leaving the father alone to care for the little ones for a season.

But in the summer of 1871 he was married to Mary A. Duncan, who proved a worthy helpmate to her husband. In due time there came into their home three interesting children, namely, Eldred N., Alfred B. and Raymond, who now a young man cares for his mother. In the Fall of 1870 he transferred his membership to the Methodist Episcopal Church and joined the Des Moines Conference, where he served in succession several pastoral charges. Then he transferred to the Dakota Conference, where he remained only two years. From there, on account of his wife's failing health, he moved to the State of Washington.

Here for a while he took work as a supply, but in 1897 was transferred to the Puget Sound Conference, where he served various charges, most of them in the Tacoma District, everywhere doing faithful work. He built during this time, two churches, one at Bismark, Tacoma, and the other at Summit. In the Fall of 1906 he retired from the pastorate honored and beloved by his Conference and the many he had so faithfully watched over as a shepherd of souls. In the following year he moved to his wife's old home near Hillsboro, Indiana, where he spent his last days.

For more than a year previous to his death he had been a great

sufferer and knew that the end was drawing near. But he could with Paul say, "I am now ready." In answer to a letter of sympathy he wrote the preachers of Tacoma District assuring them that he rejoiced in the hope of receiving his final appointment from the Great Head of the Church before they received theirs at the Annual Conference.

#### REV. HARRY K. KLINE.

Rev. Harry K. Kline died at the Tacoma General Hospital on Saturday, November 15th, 1913. Brother Kline was born in Shenandoah County, Virginia, in the year 1881, on the 28th of January. On August 31, 1904, he married Gertrude Gay, who survives him with two children—Bessie, 8 years old, and Bonnie, 4 years old. Ten years ago our brother entered the Puget Sound Conference on trial. He has served the following named charges: Burton, one year; Hamilton, one year; Bay View, two years; Startup, two years; Vashon, two years, and he was on his second year at Bismarck. The last sermon he preached, the evening before our last Annual Conference, was from the text found in John 3-16. He said to his wife, "If I knew this was to be the last time I was to preach, I would want this to be my text." Surely a good ending. This was his last public discourse, but many people who visited the hospital during his sickness say, "He has there preached the most effectual sermons by his cheerful disposition, patient endurance and sublime faith." Brother Kline was solicitous about his people and gave directions from his sick bed about ministering to them. When his hand was too feeble to hold the pencil he had his faithful wife write his last message to his people as follows: "Give the church my love. Tell them I am still praying for them. Urge them to live good Christian lives. Thank them for their kindness and faithfulness to myself and family. And because of this may the Lord so bless them that the blessing shall flow from them to other lives and many be added to the church."

Funeral services were held at First Church, Tacoma, on November 17th, under the direction of the District Superintendent, T. E. Elliott, assisted by J. H. Carter, G. L. Cuddy and F. L. Moore. The interment was in the Tacoma cemetery. The text used by Dr. Elliott was Revelation 13, 14, "Blessed are the dead which die in the Lord from henceforth; yea, saith the Spirit, that they may rest from their labors; for their works follow with them." Friends from Vashon, his charge before coming to Tacoma, attended the funeral. The Bismarck congregation attended in a body, as did also the preachers of the district. Besides the widow and two daughters, the father, mother, brothers and sisters mourn the loss of a husband and father, a son and a brother.

#### THERON ROSS CHAPPELL

Theron Ross, age 13 months, son of Rev. and Mrs. H. E. Chappell, passed to his heavenly home August 9, 1914, at Silver Beach, Wash.

His twin sister, Thera Ruth, died August 5, 1913, at Seaside, Ore. These little ones were frail from their birth and, despite all that loving care and skill could do, they went home to be with Jesus.

The parents are comforted by the Father's sustaining grace.

## LAYMENS' ASSOCIATION

The Laymen's Association of the Puget Sound Conference, Methodist Episcopal Church, was called to order at 9:10 a. m., September 11, 1914, by President F. A. Hazeltine. After an opening hymn and prayer by Brother C. L. Holt, of Bellingham, the president appointed the following committees:

**Credentials**—C. L. Holt, Bellingham; F. H. Starks, Bremerton; Miss Lillian McDonald, Tenino.

**Resolutions**—Dix Rowland, Tacoma; Mr. Soper, Arlington; Mr. Van Scoyoc, Orting; J. J. C. Armstrong, Vancouver.

**Constitution and By-Laws**—Geo. Marsh, Ostrander; N. D. Pollum, Tacoma; Harry E. Wilson, Seattle.

A motion was made by Bro. Cory, seconded and carried, that a committee on Education consisting of five Laymen be appointed by the President to co-operate with the Educational Committee of the Conference for the purpose of promoting the interests of the College of Puget Sound. The following were appointed:

**Education**—E. C. Townsend, Walter Davis, C. H. Clay, Walter Jennings, Mrs. H. M. Dunlap.

On motion of Bro. Townsend, seconded by Bro. Holt, it was voted that those Laymen whose pastors certify to their appointment, be accepted as duly accredited delegates. On motion of Bro. Cory, duly seconded, a press committee was appointed consisting of J. Stanley Long for the city press and F. H. Starks for the Pacific Christian Advocate.

At 10 o'clock the association adjourned to meet with the Annual Conference from 10 to 12, the afternoon session to begin at 1:30.

### Friday Afternoon.

At 1:30 p. m. the adjourned session of the association was called to order, Vice President Cory in the chair, and the regular program was carried out with the addition of addresses by Bishop Cooke and Rev. E. M. Randall (see printed program.) On Friday evening the association met with the members of the Annual Conference and listened to a temperance address by Clarence True Wilson and an address on State-Wide Prohibition by Geo. D. Conger.

### Saturday Morning.

The Committee on Credentials reported that as the delegates had in the majority of cases failed to secure credentials it was almost impossible to report definitely upon the representatives from various charges and recommended that the convention be regarded as a mass meeting of laymen. On motion the report was adopted. The Committee on Constitution and By-Laws reported as follows:

President, F. A. Hazeltine, editor South Bend Journal; General Vice President, Arthur S. Cory, cashier Chehalis National Bank; Secretary, C. E. Beach, Superintendent Olympic Public Schools; Treasurer, Miss Alice Brown, Fin. Secretary First M. E. Church, Seattle.

The following were chosen as District Vice Presidents: Bellingham, R. A. L. Davis; Seattle, W. H. Weaver; Tacoma, Dix Rowland; Olympia, W. E. Mumaw, Aberdeen; Vancouver, Mrs. Nellie Darnell, Kalama.

A motion was made and carried that each charge be requested to contribute one cent per member for the purpose of raising funds to carry on the work of the Laymen's Association. Bro. W. H. Weaver offered the following resolution:

WHEREAS, It is apparent to this Association that there has been and will be a growing need for a material advance in the salaries of our ministry in many of the smaller and intermediate charges of our Conference to enable our ministry to properly support their families and adequately present the needs of the gospel, and

WHEREAS, The claims of the Puget Sound University and the other great Benevolent boards of the church have never been more acute than at this time, caused by the great awakening of the people in our foreign fields, simply demanding of our church in many places the preaching of the gospel of Christ, the unrest and disquietude of the public mind at home among many classes of our people in the cities, manufacturing centers, camps, etc., necessitating large demands to be made on our Home Missionary Board and realizing that these large claims must have greater support from our church laity, be it therefore

RESOLVED, That the Laymen's Association of Puget Sound Conference and we as its individual members present, believing that the plan of systematic finance is the solution in a large way to our financial difficulties, do hereby unreservedly pledge our support to these great causes, and further, that the Association will persistently press the claims of the "Every Member Canvass" and the "Duplex Envelope System" in the Conference where it is not now in satisfactory working order, until it shall have been adopted by every charge in Puget Sound Conference, it being understood that this Association shall lend its entire moral and spiritual support and such financial and material support to the persistent prosecution of the work as it is able under careful management and God's direction to render.

On motion the resolution was adopted.

Motion was made and seconded that we choose by districts workers to take up the matters of tithing, class meetings, etc., and to secure emphasis in all the charges upon these important matters. The motion was carried.

Mrs. E. P. McFall, of Everett, led a discussion on the question, "Should the Ladies' Aid Society Contribute to the Pastor's Salary?" and E. T. Short, of Tacoma, addressed the Association on Church Publicity. The Association then adjourned until 1:30 p. m.

### Saturday Afternoon.

At 1:30 p. m. the Association resumed its work and carried out the regular program in addition to which Editor Hughes, of the Pacific Christian Advocate, addressed the Association. Following this the Committee on Resolutions made the following report:

#### Laymen's Association of Puget Sound Conference.

Your Committee on Resolutions begs to submit the following for your consideration:

RESOLVED, That we, the Laymen's Association of the Puget Sound Conference, set ourselves to the task of spreading the gospel of Christian finance. That we will stand firmly upon the platform that the tenth belongeth to the Lord and as a matter of honor the Lord's tenth may not be retained in our pockets but must be paid promptly into the Lord's treasury. We endorse the Duplex Envelope system as being the best yet devised for church finance and recommend that churches at the beginning of the year set aside a day or fraction of a day at which time a canvas for subscriptions shall be made of every member. That all the church's current expenses be placed in one budget and part of the one treasury. Transact the Lord's business in a businesslike manner.

RESOLVED, That we renew our pledge of support to the College of Puget Sound. We recognize in President Todd the man of the hour and rejoice in the splendid way in which the church has rallied to the maintenance of the school and will endeavor to bring up the Conference collection to the full one dollar per member. We recognize the fact that in giving to this college adequate support and endowment, Puget Sound Conference will be availing itself of an opportunity of such magnitude as seldom presents itself to any Conference.

RESOLVED, That we give our most earnest efforts to promote a deeper spiritual experience and a closer co-operation on the part of the laity with the pastors' efforts at evangelization. That we recognize in the class meeting one of the best means to this end.

RESOLVED, That looking to the movement to wipe out the liquor business we remember that we Methodists have a name and that in this particular line as in all others we will be true to our good name. That we will not only be earnest in this matter, but that we will endeavor to exert our efforts in an effective way.

RESOLVED, That we are thankful for and would express our deep appreciation of the many courtesies extended to us by First Church and the people of Seattle, but that we request and expect that at future Conferences we be assigned an assembling place where we can carry through our business and program decently and in order as becometh an organization met to consider and plan the business of the King of Kings.

Last but not least we would express our earnest appreciation of the splendid work of our officers during the past year.

J. J. C. ARMSTRONG, Chairman.

After discussing the matter of a Conference Evangelist, the Association finally adopted the following resolution offered by Bro. E. C. Townsend:

RESOLVED, That we favor the plan of adequate supervision of church evangelism and request the Conference to give the matter their most careful consideration with a view to favorable action thereon.

The Association was addressed by President Edward H. Todd, of the College of Puget Sound, and the following resolution was adopted:

BE IT RESOLVED, That the Puget Sound Conference Laymen's Association request the Board of Education of the Methodist Episcopal Church to continue its aid, or to grant to the College of Puget Sound \$5,000 for the coming year.

RESOLVED, Second, that we request the General Education Board of New York to consider favorably the appeal of the College of Puget Sound, assuring it of our deep interest and desire to have a strong college of liberal arts on the west side of the mountains in the State of Washington, and expressing our belief that no better opportunity has been offered for the creation of a strong college.

The Association then adjourned.

F. A. HAZELTINE, President.

C. E. BLACK, Secretary.

"Dear Fathers and Brethren:

"We, the members of the Puget Sound Conference, in annual session assembled, respectfully memorialize your honorable body to so extend the functions of the Annual Conferences and of the General Conference Districts that the administration of the interests of our church may be strengthened, some of the business of the church removed from the crowded deliberations of the General Conference and a degree of local autonomy provided that shall facilitate the union of American Methodism under a plan that will gather it all into one body and perfectly coalesce all its resources and agencies for the furtherance of the Kingdom of God."

# Reports of District Superintendents

## BELLINGHAM DISTRICT

J. M. Canse, Superintendent

### BISHOP COOKE AND BRETHREN:

The churches and pastors of the most northwesterly district of American Methodism have been gracious toward this appointee of a year ago. Together we have stood upon our watch to see what Jehovah would say. Together we have prayed: "O Lord, revive thy work in the midst of the year." Together we have labored in His strength.

The average church of our Methodism has 193 members, according to the findings of Dr. W. B. Hollingshead, apportionment secretary. The average membership in this district is 111, or fifty-eight per cent of the general average. The net valuation of church property is \$12,542 for each, while in this district it is but \$4,955, or less than forty per cent. For ministerial support, including house rent, our great church pays an average of \$1,019, while Bellingham District averages \$962.50, or ninety-five per cent. The average for disciplinary benevolences is, for the entire church, \$228; for this district, \$218.51. Thus it will be seen that while we have so many small and struggling churches in new communities, and have not been able to build our houses of worship better than forty per cent of the church at large, our laity of the Northwest have generously paid their pastors within five per cent of the general average and lack less than \$10 of the average our more established churches pay for the benevolent causes. When these conditions are known in the church at large, surely far-visioned Methodists of the older and wealthier churches of the East will recognize the heroism of our people and continue their gifts to pioneer missionary work, giving even more generously.

After serving Custer two months of this year, N. E. Wood went to Columbia River Conference, on account of his wife's health, and J. T. Wright of Seattle was secured to supply this vacancy. At the close of the first quarter A. P. Zedaker went from Darrington to a charge in Idaho and Charles M. Sullivan, a local preacher of South Bellingham, was appointed in his place. In the middle of November G. C. Squire began a revival at Eureka Church, Bellingham, and was relieved of his other appointment, Silver Beach. C. B. Sears has filled out the year at this latter place with delight to all concerned. After serving Monroe half the year, H. C. Leavenworth accepted the superintendency of the Wenatchee District of the Washington Children's Home Finding Society, and P. H. Raymond was promptly placed at Monroe and Roy Owen, a local preacher of Trinity Church, Bellingham, was made pastor at Spencer and Hopkins Memorial Churches, Everett. Without exception, the great Head of the church has signally blessed these appointments, prospering the churches and cheering the pastors; all are asked back.

The health of our pastors has been sufficient that none has been kept from his appointments more than a Sunday or two, except H. E. Chappell. LaConner, who suffered the loss of an eye in the early summer. The dark angel entered the Arlington parsonage last September 17 and called for the four-year-old daughter, Beryl Estella, before Brother Brittain could hasten home from Conference. Dr. Landen conducted fitting services. Dark shadows hovered about the pastoral dwellings at Anacortes, Custer, and Sultan. An operation was performed upon Sister Erickson last June and the wives of J. T. Wright and E. E. Simmons have been critically ill from heart and nervous ailments, but all are now improved.

Twin boys came to the Richardson home at Startup, July 5, and are lusty fellows, named George and Herbert. On February 26 was born to S. S. Guiler and wife a daughter, named Lois Aroma, and September 2 a daughter came to the home of J. C. Harrison, Ferndale.

Our pastors have fully one hundred dependent upon them for support. What a tribute to the magic domestic economy of our devoted and peerless wives!

The district stewards' and pastors' meetings were held the first week of October at Trinity, Bellingham, Burlington, and First Church, Everett. The program of the year was here decided upon and an every-member canvass adopted for the district. Wherever this was followed faithfully are found to-day our best reports. The annual ministers' and laymen's meeting took place at Sedro-Woolley, April 13-15. The program was pronounced of exceptional order, where the ministers and the laity discussed in common "The Survey of Our District," "Methodist Forces," and "God at Work Among Us."

The Woman's Foreign Missionary Society met at Snohomish and the Home at Lynden with splendid results. The north half of the western Washington Sunday Schools held its convention at Mount Vernon in May. Our Epworth League hosts gathered at Anacortes the third week in June and not only enjoyed a rich feast together, but fully fifty bright young people answered the altar call for a full surrender to their Saviour and four dedicated their lives for special Christian service.

The first two months of the year found our pastors leading in the "Washington Dry" campaign. If they and many of our militant members had been less enthusiastic our fair state might not now be rejoicing in the hope of a riddance of the curse of the legalized saloon.

The Easter festivities concluded a missionary campaign when the pastors assisted each other. Harry Allen, returned missionary, greatly assisted us at several places. Several more charges have already reported in full on the star card than last year.

The redemption of Trinity Church, Bellingham, has made a record of rare labors of love, gifts to sacrificing, and many an effectual prayer. Recognizing the saving of this enterprise as the most stupendous task of the year, we settled down as close as possible to the load to be lifted and have been able to join in the shout of victory. The strain upon the pastor, E. N. Askey, and his courageous board cannot here be recounted. But in four months of heroic efforts \$10,000 cash had been raised, \$10,000 donated by the Philadelphia Board, with a five per cent loan to cover all remaining obligations of \$20,000. Now after six months we are able to report that the first interest of \$500 has been paid. Surely there is a giving that more greatly enriches; without rich members Trinity has now met all ministerial support in full and the pastor will report nearly all benevolences in full.

Some unique property transactions have taken place. Our chapel at Fidalgo has been exchanged for the old Congregational Church at Edison. This was accomplished in keeping with the comity of the church council and each church has gained by the transaction. Rev. J. R. Sasnett has here, as at Blanchard, led our people to a great triumph, and by subscriptions and the sale of the small parsonage at Edison the \$400 due the Congregational board will be met promptly and the old church materially improved. The unoccupied old church at Clear Lake has been sold for \$250 and, after taking out the \$100 loan from Philadelphia, the balance is awaiting the disposition of the Conference trustees, with certain requests.

The story of the loss by fire of our Acme Church and parsonage came before you in the spring. On August 15 a beautiful bungalow worshipful house was dedicated. The pastor, R. W. Curry, with Angus Hoffman and W. D. Turkington, as a building committee, adopted plans proposed by the superintendent. The insurance money, \$875, with less than \$100 more, and donations of labor and shingles, give Acme tithing Methodists a church worth at least \$1,400. A. A. Brittain preached in the morning to a full house and the superintendent spoke at night and dedicated the church free of all debt. After many years of varying fortunes, First Church, Bellingham, responding to the aggressive methods of their pastor, Dr. E. M. Hill, have secured a strategic site for a prospective edifice at the corner of Broadway and Halleck. This is indeed an achievement.

Mount Vernon has arisen as by inspiration to the call of its pastor, F. L. Baldwin, and completed the exquisite auditorium. It was a soul-refreshing day, July 11, when a throng of people gathered to hear Dr. E. H. Todd and tarried to pledge \$3,200 to cover \$2,600 indebtedness. The district superintendent preached at night and, with the pastor, dedicated the sanctuary.

Improvements have been made on the following churches: Avon, \$200 on foundation and painting; Stanwood, \$150 for new roof and fresco; Nook-sack, Lakewood, and Silver Beach, about \$100 each on decorations; Lopez, Laurel, and Eureka, \$50 for outside painting. Lopez bought the pastor a new buggy, and other charges could help themselves by doing a similar thing.

The parsonages on several charges are in a very unattractive condition. The one at First Church, Bellingham, received over \$300 in necessary improvements before Dr. Hill and his family settled. Burlington added a bathroom and fixtures, valued at \$150, and Fairhaven a like amount. Pastor Rubicam gave a coat of paint to the Friday Harbor parsonage. At Sedro-Woolley concrete sidewalks have been put in at a cost of \$150, mostly given by the business men to B. W. Rinehart, the pastor. Startup has new board sidewalks and Sumas has expended \$236 on street improvements.

We are now able to report a community church in course of construction at Oso; \$400 in cash and half as much more in labor has been expended. This represents half the investment contemplated and for much of this good work our pastor, C. M. Sullivan, is given credit.

Genuine revivals of gospel Christianity have brightened the horizon on several charges. Dr. J. P. Marlatt began early to organize Everett Methodism for a campaign of personal evangelism and on Easter morning received 107 new members. Bellingham came together in a tabernacle meeting, with the pastors preaching and Professor P. P. Bilhorn conducting the music. Mount Vernon joined in a union service conducted by Evangelist Osborne, as also did Blaine. C. B. Allen did very effective work at LaConner and Sumas was blessed by the coming early in the year of Brother and Sister Wm. Park.

Several pastors have exchanged services and accomplished much good. Brothers Kerr and Harrison held two fine ten days' meetings at Snohomish with thirty converts, and Ferndale nearly twenty. Burlington and Blanchard enjoyed the exchange of W. M. Dews and J. R. Sasnett with conversions, sanctifications, and a great quickening to both churches. H. L. Townsend and wife held a refreshing meeting at East Sound and various other revivals were held. A unique and effective week of meetings was held at Grace Church, Everett, known as "Win-My-Chum" week. The pastor, J. L. Grandey, was assisted by several brethren of the Conference. Nearly fifty joined the church.

A complaint frequently made by official members and sometimes by pastors is that the records are burdened with names that discredit the church, financially and spiritually. Consequently hasty surgical operations are performed on the debilitated. While such a course is undoubtedly needed at times, it is never justified short of a careful diagnosis and careful advice with pastoral sympathy. While we have made a good gain in members this year, this report cannot record the losses by the scalpel.

The claims of the College of Puget Sound have been faithfully presented. Dr. Todd has been among us for sermons and addresses and always proved a source of inspiration.

The *Pacific Christian Advocate* is a welcome visitor and in good favor. The *Epworth Herald* continues to be a source of vision to our youth. Our Sunday School literature finds its way into more needy homes than any other religious publication in the land and its character is of the most vital import. The ever-replenished shelves of "The House of Good Books" should be drawn from more largely by the people called Methodists when purchasing. Our people would be more truly holy were they more knowing.

There will be no fewer than ten new Sunday Schools this year. Some wide-awake pastors have made half of these possible, while the Conference missionary, J. M. Weaver, has labored among us, especially up the Skagit

River and around Lake Whatcom. He has left a fine impression for his untiring efforts and his genial personality.

New appointments, such as the following, will likely appear for the new year:

Belfast and Bow set off from other charges for convenience, and Henry School added to Bay View and Allen.

Hamilton is clamoring for a resident pastor and promises to do well by him. With East Hamilton, Grassmere, Rocky Creek, and Cascade the new pastor will be kept busy in constructive work. Here Pastor Bradshaw has done good work.

Lyman charge will have included Happy Valley, Skiu, and Utopia. This last place is a prosperous community, formerly served by the Presbyterians, but recently, upon the desire of the people themselves, turned to us by the church council.

Lynden Circuit will be formed by putting together Weiser Lake, North Prairie, Greenwood, and Glendale. Pastor Ashby of Lynden has resurrected a Methodist graveyard with a full acre of ground for the erection of a church. The last three places are new, while Weiser Lake has fine signs of building soon upon lots owned by the Dorcas Society, and starting with \$400 they have in bank. Here E. R. Tracy has done fine service.

North Bellingham, or the county farm community, has a church built by local money. The Congregational Church has been supplying pastors for several years, but called our Ferndale pastor, J. C. Harrison, to preach for the summer Sunday afternoons. But matters grew hot in a characteristic Methodist way and overtures were made for us to take over the church. The trustees were assured that if this were to be done, they must make all the advances and to prove their anxiety the neighborhood was canvassed, with the result that on July 4 the superintendent, with Brother Harrison, met the congregation, preached, organized a Methodist Episcopal Church, and arranged for incorporation. The deed has been properly executed and \$500 pledged for the support of a wide-awake Methodist pastor. Victor will be taken from Bellingham Circuit, this charge being dissolved, and placed with North Bellingham for afternoon service. Some missionary money will be added and we will here have a very attractive charge. There are now three dozen Methodists and several associate members.

A kind providence has safeguarded Bellingham District this most trying year. Some progress is apparent. Out of our greatest discouragements have come wonderful victories; from disaster and loss have arisen greater gains than seemed possible.

To the faithful soldiers of the Cross over the district and the loyal and heroic pastors who have led them forward is the credit due; and to Christ, the mighty Captain of our Salvation, be all the praise and thanksgiving.

## OLYMPIA DISTRICT

C. E. Todd, Superintendent

Pisgah marks the mountain top of the "joy of service," when at this time of the year the "man of God" looks over the land and views his twelve months' work. "Olivet" signifies the sacrifice and self-abnegation, so much a part of our faithful men this particular year. The times have been hard, making the task more difficult; the best of strength and courage has been great, leaving the "Shepherd of the flock" many times perplexed and seemingly defeated. Only "God can give the increase" and praise be to His name, He honors the efforts!

With but one exception the pastors appointed to the charges on this district have stayed by their work. Methodist preachers are not cowards and they, with their families, have "counted it all joy" to *serve* as did Martha of old. Brother A. Anderson, justly spoken of as the "Bishop of Mason County," after giving five years of service, "blazing the trail" through forest and over mountain, became ill and was forced to retire from active service for a while. The pastor at Shelton, who is the happy possessor of a Ford, kindly consented to enlarge his borders, and he has done his task

well. If the philanthropic Mr. Ford could only be brought to see that the gift of a few machines would be a stimulus to missionary work and religious development, I believe his great heart would again show generosity. Let the Laymen's Association take the initiative in such a movement or create a fund among themselves whereby machines may be furnished.

The writer has endeavored to be "instant in season, and out of season" a veritable friend and helper to every preacher and every layman, a brother rather than a driver. The preachers have been loyal and true, the laity have been faithful and patient, giving in many instances hours of time to the business of the church. The best financial plans have been submitted, and in most places adopted. The "Every-Member Canvass" appeals, in a most practical way, to both pastors and people.

Evangelistic fires have burned on most of our church altars, saving the sinner, quickening the saint. The continued vitality of the cause depends on this personal touch which we Methodists call REVIVALS! The charges reporting the largest returns from these special efforts were: Colby, Port Townsend, Tenino, Cedarville schoolhouse on the Oakville charge, Trinity Church, Aberdeen, and Port Orchard. L. D. Cook of McCleary assisted at Trinity, Aberdeen, and E. L. Benedict helped on to victory at Port Orchard.

"A revival in every church during the year to come," says the higher powers. The churches call back in clarion tones, "We will do our *best*!" The group plan will be inaugurated and pastors will assist each other, with, perhaps, a few possible exceptions.

"The flower of our land," "the pride of our church," are the young people. Too much emphasis cannot be placed on the work of the Sunday School. The most alert, consecrated superintendents to lead, the most earnest, well-trained teachers to follow ought to bring about splendid results. Edifices should be built with this most valued department in view. The Rally Day program, "The Patriotism of Peace," will be generally used in October. Our splendid Sunday School missionary, J. M. Weaver, has done most efficient work on this district.

The Epworth League is an organization which the church could not do without. Social standards are raised, spiritual life and high ideals stimulated by those who follow the Roman Cross with its four words, "Look up, Lift up." Redondo is the Mecca for the Leaguers during ten days in July. A good place to go for a vacation, a good place to learn methods, a good place to come in touch with mind strength, soul strength! A successful subdistrict meeting was held at Tenino. Brother Miller made a fine host.

The Ladies' Aid Societies are just working in the same old way, helping the pastor, supplementing church funds, creating a social atmosphere for the "stranger," making "chink stones" of themselves. One of these societies in a small milling town expended almost \$400 on the church, and then had not overdrawn its bank account.

The Sustentation Fund, created and expended by the Home Missionary Society to supplement the salary of preachers on small charges, is proving popular and helpful.

"Property is a divine trust. Things are tools, not prizes." The laymen are beginning to realize this and are taking a larger pride in church and parsonage. Result, better buildings, more paint, new shingles, neat yards. Shame on the shiftless preacher who does not make the grounds about these places green and attractive. An example for his people. Cultivate some choice roses; it may furnish a nucleus for conversation with the man whom you are striving to reach.

The church should be the social center for its young people. Eliminate your don'ts and your criticism for the growing youth and create some DO'S and give them lots of love! The substitute for an evil is a *good*. Bremerton, Little Rock and McCleary have reading rooms, where games also may be played. Many a little street urchin has gone into the church gymnasium to play at Aberdeen and afterwards found his way to the Sunday School and church. Every church should have a room equipped so that the "stranger within our gates" could find a place to read and write and rest. "A memorial gift" of \$250 was secured for the Maytown Church. Money well placed!

The preachers of my district will verify the fact that I have never let an opportunity pass to speak a good word for our school, the College of Puget Sound, and to urge to loyal support. Many, alas, do not get the vision of the value of an education secured at a Christian college. The pastors have presented the claims of the school.

I thank God for the coöperation and courtesy of both pastor and laymen. Many of the latter have had but few days' work since the first of the year. Some are now in the harvest fields of eastern Washington. If "bottoms" could be had and lumber could be marketed, conditions would soon change. Existence is at a premium with many of our good stanch church members. The present conditions cannot always prevail. So, believing in God, believing in ourselves, believing in humanity, fearing nothing and no one, with obedience to our holy calling, we will continue—

"To work for Christ in loved employ,  
And lose the duty in the joy."

### SEATTLE DISTRICT

Geo. A. Landen, Superintendent

A year ago, Bishop Cooke, you appointed me to this district to succeed Dr. J. P. Marlatt, who for six years had faithfully served the churches and won the affections of the people. I was kindly received and have had the loyal support of both pastors and people.

The results of the year's work have not been all we might desire, but the Lord has crowned the year's work with His blessing and to Him be all the glory.

In general, the health of the preachers and their families has been very good indeed. In the early spring Mrs. J. W. Kern, the wife of our pastor at Ronald, had her hands and wrists severely burned, causing weeks of intense suffering and bodily pain. It seems almost miraculous that her life was spared. In July their youngest son Francis came home from school and was taken seriously ill with appendicitis. An operation was necessary and his health is perfectly restored. Their cup of affliction has surely been full this year.

In the early part of the year Brother S. G. Jones was stricken with inflammatory rheumatism and was confined to his home for a little time. He is much improved, but not perfectly restored to health.

Mrs. E. M. Randall has been so indisposed that she has been confined to her home a considerable part of the year. We are glad to report that she is much improved, and we hope for her speedy and complete recovery.

On Saturday of the Conference session last year Rev. J. W. Frescoln, pastor of Trinity Church, was taken ill. His condition did not seem alarming to his physician, but on Tuesday after Conference adjourned he suddenly and unexpectedly passed away. He was a good man, a splendid preacher, an exemplary husband and father.

On April 22 Rev. R. C. Glass, an honored retired member of this Conference, was transferred from the Church Militant to the Church Triumphant. He was a man who had given long years of service and much in material things to the work of the Kingdom. A man who had endured hardness as a good soldier of Jesus Christ and had been signally successful in all of his ministry. I am sure this whole Conference joins me in expressions of sympathy and brotherly love to these bereaved families.

Rev. Guy A. McShane was transferred from the Southwest Kansas Conference and stationed at Trinity Church to fill the vacancy caused by the death of Brother Frescoln. He was well received and has had a good year.

Daniel Earl, who was supplying Kenneydale, gave up the charge in November and Brother O. H. McGill, being available, was appointed pastor and the work has prospered under his wise management.

Kent Circuit was left to be supplied at Conference time. This circuit occupies a territory where the Japanese are getting control of most of the farming land and the white farmers are moving away, so that our church

work is not prosperous. Wm. Leher has supplied Thomas very acceptably to the people.

Foote Memorial Church has been without a pastor all year. G. H. Barnes, a local preacher, who is a member of this church, has either supplied the pulpit on Sunday himself, or secured a supply, so they have never been without services. The Sunday School and Epworth League have done good work. Quite a number have been converted and added to the church during the year.

Riverton was connected with Des Moines last Conference, but that arrangement was not satisfactory. I, therefore, appointed Rev. John Tinling as pastor at Riverton and he has served this point in connection with Wesley and this has worked well.

Soon after Conference an exchange was affected between Dr. Jeffers of Queen Anne Church and Dr. Geo. C. King of South Pasadena. Brother King has not had an easy year, but he has won the confidence and affection of the people and has materially improved the church building as well as adding a number of members to the church.

Special meetings have been held in many of the churches and, while the results have not been as large as we might desire, the spiritual life of the churches has been quickened and many souls converted. The net increase in membership will not be large because of the large number removed without letter. It seems impossible to stop this leakage. Scores of people move away from the charges where they reside and do not communicate with the pastor and in a little while they are lost to the church.

We have as a district adopted the program of the "Methodist Forward Movement," and are planning for an aggressive and intensive evangelistic campaign next year.

Financially, this has been a hard year for all our churches. The salaries of many of the pastors will not be reported in full. This is due largely to the inability of the people to pay. Many of our members have been among the unemployed a goodly part of the year through no fault of their own, and hence unable to contribute to the support of the church. Our benevolent apportionments will not be met in full. I am, however, encouraged to believe the aggregate will not fall below last year.

The Crown Hill Chapel, costing about \$1,000, was completed July 2. The morning of July 5, about 3 A. M., it burned to the ground and was a total loss. Insurance, \$500.

Our city missionary, Brother W. H. Leech, and his heroic band were not daunted. The insurance money was used to purchase the material and the men of the community have joined with the pastor in the erection of another building that will soon be ready for services without a dollar's expenditure for labor.

The Tibbitts Memorial Church was inadequate for the work of the society, so it has been practically rebuilt at a cost of about \$2,500. They now have a neat auditorium and a full basement for Sunday School and social purposes.

A new foundation has been placed under the Queen Anne Church, the basement remodeled and made more convenient, the church painted on the outside, and decorated on the interior, the indirect lighting system installed, thus greatly beautifying the church at a cost of over \$2,400.

At Bryn Mawr we owned a lot and small uncompleted cottage. This has been sold and a new site purchased, and a very neat chapel built for our growing Sunday School and congregation. This work has been wisely handled by Brother R. L. Wolfe, our pastor at Rainier Beach.

Other improvements have been made to churches and parsonages amounting the several hundred dollars.

The church debts, like the poor, we have always with us. I need not say they are embarrassing our church work, that is well known. We have not been able this year to much more than pay interest and meet some pressing claims.

By the assistance of the City Evangelization Union, Renton has paid \$3,000 of its debt and renewed the mortgage for balance for three years.

Conditions at Shaw Memorial reached such a crisis that in order to save the church the parsonage had to be sold. This reduced the indebtedness to \$1,000, which is placed with our own Church Extension Board.

During the winter the conditions among the unemployed of the city became acute and the charitable organizations of the city were sorely taxed to feed the hungry and supply the temporal needs of these men. Our First Church, under the leadership of the pastor, Dr. Leonard, assisted by the Ladies' Aid Society, instituted what was known as the "Saturday Night Supper." In this way hundreds of men were fed and many of them supplied with shoes and needed articles of clothing. After the supper, a religious service was conducted by Dr. Leonard, in which the men joined heartily. One hundred and fifteen professed saving faith in Jesus Christ and all of them received a better impression of the church.

The Sunday School still continues to be the recruiting station of the church. Here boys and girls are not only led to Christ, but trained for Christian service. We are glad to note that improved methods are being introduced and more efficient work being done. The Sunday Schools of the district will make a good report this year.

Our Conference superintendent of Sunday Schools, Rev. J. M. Weaver, has done excellent work and is always ready to respond to calls for service.

The Epworth and Junior Leagues have grown in numbers and, I believe, in efficiency. We have a splendid corps of district officers, with Volney P. Evers, the son of Dr. Evers, as president. The plans outlined for the year, if carried out, will greatly increase the spiritual life and usefulness of our Epworthians. I am pleased to bear testimony to the high standard of spiritual life among our young people.

The Ladies' Aid Societies have been untiring in their labors to supplement the finances of the church and otherwise strengthen the church. It is true they have made and sold fancy and useful articles, baked chicken pies, served ice cream and cake, etc., etc., but they have done it as religiously as they have gone to prayer meeting and there are no members of the church more regular in their attendance upon the weekly prayer meeting. These societies have not only raised thousands of dollars, but they have visited the sick and strangers, fed the hungry, clothed the naked, and relieved the distress of the poor. God bless them.

The Woman's Home and Foreign Missionary Societies have helped to circulate missionary literature and disseminate missionary intelligence and cultivate the missionary spirit in the churches. The spirit of harmony and coöperation have been worthy of emulation, and their joint convention was a great success. We expect the coming of the National Convention of the Woman's Home Missionary Society to this city the last of this month will be a blessing to all our churches.

Our Deaconess Home and Training School are woefully lacking in equipment, but some excellent work has been done. Miss Anna M. Cady, who so wisely and efficiently has served as superintendent for several years, labored so diligently and faithfully and bore so many burdens that she suffered a nervous breakdown in the early spring, and was granted an indefinite leave of absence. Miss Mary B. Sweet was secured to take Miss Cady's place, and although she has only been here a few months, she has won the confidence of all and we expect the coming year to be the best the training school has ever had.

The settlement work under the consecrated leadership of Miss Lewis has done most excellent work. A number of young people have been converted and joined the church. The Sunday School is largely attended. Dr. West has conducted the evening service all year with great satisfaction to all.

The College of Puget Sound has received hearty and loyal support from every pastor. They believe in Dr. Todd and are anxious to help him and the school. The amount raised will not equal one dollar per member, but we hope it will be an increase over last year.

The *Pacific Christian Advocate* has not been placed in every home, but we believe this ought to be the goal of our pastors. I question whether a man ought to be kept on the official board year after year who does not take

one of our church papers. What Editor Hughes needs to make a good paper is not soft words, but hard dollars.

Seattle District has a number of retired ministers of our own and other conferences. I desire to bear witness to the exemplary character and godly example of these men, to their brotherliness of spirit and their willingness to be of service to the pastors and churches. It has been a benediction to me personally to be associated with these brethren. It will not be long till, like Dr. Glass, they will all answer the roll in the Heavenly Conference. May the evening time be light before them.

I have not the time nor space to mention each pastor and charge separately. Suffice it to say, that in the midst of most trying conditions the brethren have been faithful to their trust and loyal to God and His church. The statistical records do not reveal the difficulties under which they have labored, or the heartaches they have borne. I am glad to be associated in the work of the Kingdom with such a body of men.

With profound gratitude to God for all His mercies I submit this, my first annual report of the work on Seattle District.

### TACOMA DISTRICT

Spencer S. Sulliger, Superintendent

How swiftly the years roll by! It seems but yesterday since I received from Dr. Elliott, my predecessor, such cordial help in commencing the work of the year. I will always remember his brotherly spirit.

This report will follow my invariable rule, i. e., deal with general facts, omit details, and be brief.

About the usual number of readjustments and rearrangements in appointments and charges have taken place. Three fine young preachers have gone East to attend school, to return some day even better fitted for their work. The district presents to the Conference two splendid men for admission; both of them tested, true, and qualified for Western work.

Tacoma District has a number of choice retired preachers, many of them able and willing to do supply work. But the number of young men who want to attend the College of Puget Sound, and who must have supply work to help them through school, call for even more supply charges than we have. I very much desire, and hope to arrange, to give more work to some of the retired preachers on the district, for the church is losing the benefit of the good work they could do.

There has been industrial and commercial uncertainty, producing some financial depression. I am sure there is danger of magnifying the situation. There has been no widespread and general lack at all comparable to the serious financial depression of 1893-96. My first year as a presiding elder was in 1893. Vancouver District had sweeping revivals everywhere, and I am sure paid me every cent it could, and yet the salary paid was only \$525. Many of our fairly well-to-do people had lack of the common necessities of life, and many owners of good residences were glad to have such occupied free of rent. And these conditions were general. While this has not been true this year, yet finances have been so we are admonished that there is a boundary line to expenditures that will resent being crossed. Despite best and hardest efforts, there will be deficiencies in both salaries and benevolences, but the spiritual life and esprit de corps of the district is superb. The deficiencies would have been much larger had we not pushed a mid-year effort to bring as many persons into the Kingdom of Christ and into the church and meet all financial claims in full for the half year. A circular letter and an envelope for the contribution went to every member and many friends of the church on the district, and very good results were reached. But the most encouraging feature of the movement is that it clearly demonstrated to our people that it can be done; and next year, and each succeeding year, we are going to do it.

In order to furnish a support to the pastor and not burden our laymen on small charges, we are planning for a modified circuit system next year. Instead of putting charges together and thus obliterating their individuality

and interfering with the continuous history of the charges, it is planned to have the same pastor appointed to two or three charges. This will put more work on the pastor and more on the district superintendent than under the other plan, but the pastors are fully in accord with the movement and perfectly willing to do the extra work. As for the district superintendent, I have always believed that he should have no other work in the world but the district work, and that any district superintendent who stays at home four days out of seven every week ought to be permitted by the bishop to stay at home the other three days of the week. So, all parties agreeing, we are to work the plan the next year.

The College of Puget Sound has been our meat and drink the whole year. Inspired by the boundless enthusiasm of that indefatigable and successful worker, President Edward H. Todd, the whole district has been profoundly stirred to push to a complete success the campaign for the endowment. It will be done! I do not see just how nor where, but I believe God and I believe that the college is vital to the onward march of the church of Jesus Christ in the Pacific Northwest. The cordial support of other denominations is a very important and encouraging feature of the work and presages for the college a very broad field of activity. The college ought to have, and is receiving, the support of the whole organized church in the Northwest. No more tremendously important days for the Methodist Episcopal Church and the cause of Christian education in the Pacific Northwest, than from now until October 1. What is done during those eventful days will affect every church in the state of Washington. For the College of Puget Sound is to be the great educational light, as well as the spiritual power house, for all the churches of all denominations of Washington.

Some sickness has been in our parsonage homes, but the only death came in the going home of the infant child of Brother and Sister C. D. Miller. The little one remained with them only a few days. Sister DeVore, widow of Brother DeVore, the great pioneer preacher of this Conference, and Sister Stubbs, wife of our beloved Chaplain Stubbs, both passed over to the home eternal. Dr. D. G. LeSourd, so loved by all, will not be able to attend Conference. This will be the only time he has missed a Conference session since he entered the ministry over forty-five years ago. A very serious and complicated operation keeps him at home, although he has fully recovered and is in fine health and spirits.

Miss Susan E. Kuter, the able deaconess of the First Church, Tacoma, has not only the work of that important church on her mind and heart, but is enthusiastically in accord with my plans to have a number of deaconesses at work on Tacoma District very soon. In the comprehensive plans for the work of the district, the deaconess will have a very prominent part. Arrangements are being made to fully use this arm of church power. Miss Kuter is a great leader, and First Church and the district are fortunate in having her services at this very important time.

The annual meeting of the District Ministerial Association was held in Sumner, and we had a great meeting. The general theme was, "Evangelism and Industrialism." We had the presence and help of some outside the district as well as some who are not members of our church. In every instance their messages were well received and opened up new avenues for thought and activity. The brethren all say they never had a better annual meeting, and Brother Sprague and his good people made everything as pleasant as we could ask.

The District Epworth League Convention was a good one and the program excellent. Exceptionally capable and faithful new officers were elected, who will be able to do good work because of the splendid work of the former officers. The Conference Institute, held at Epworth Heights, Redondo, was attended by a large number of our young people and all say it was the most spiritual and helpful institute we have ever held.

The Woman's Foreign and Woman's Home Missionary Societies, and the Ladies' Aid Societies of the district have done their usual excellent work. What a great work these women of God are doing! We believe that the Woman's Home Missionary Society of Epworth Church, Tacoma, will lead

the Conference, if not the Pacific Northwest. The Ladies' Aid Societies of the district have raised and expended \$7,475 this year. And that tells only a part of their work, for greater than the dollar is the spiritual work that has been done by these societies. When the general church gets up to the mark reached by the women's organizations it will have energy and money enough to evangelize the world.

The Settlement House, in the Italian quarter of Tacoma, is doing a work of far-reaching importance. Miss Chayer and Miss Edwards are both consecrated and devoted workers and I hope the new building, so much needed for their work, will be erected this next Conference year. If some three or four persons would agree to give me only \$1,000 each for this purpose it would insure the new building being erected and wonderfully help this most valuable work.

A number of revivals have characterized the work of the year. As a rule these have been genuine, old-time Methodist revivals. Bishop Cooke, I heard you say that you could put your finger on the spot where the old-time revivals of the Methodist Episcopal Church began to wane, and that it was at the very spot where we commenced to lessen our emphasis on the doctrine of sanctification or holiness unto the Lord. To that I fully subscribe and am pleased beyond measure to say that where that doctrine, formerly so peculiar to the Methodist Episcopal Church, has been sanely and sweetly preached and lived, those churches have had the greatest results this year. The district will be fully organized, immediately after Conference, for the "Methodist Forward Movement," and we are intending to have painted on the flag that will lead the great movement: "Holiness Unto the Lord." In that movement we plan to use a number of "Worker's Bands," composed of both preachers and laymen, who will join in nightly visits to the churches where revivals are being held. I have no fellowship with the idea that the spiritual nature and the spiritual need of man has changed one iota since the time Adam disobeyed God and tried to justify himself by putting the blame on Eve. At the core we are the same now as then, so far as sin is concerned, and we need the same remedy. I will advise against any one-week or ten-day meetings that masquerade under the name of "Protracted Meeting." The devil of sin is deeply entrenched and no dash will dislodge him; it takes a siege! And unless pastor and people are not only willing, but anxious, to pay the price of a siege, the little revival spurt might just as well be omitted.

I have not needed the services of the Rev. J. M. Weaver, the Conference Superintendent of Sunday Schools, but I know the man and know he has been hard at work and that his work has brought good results.

The *Pacific Christian Advocate* has made some gain in subscribers, but I hope to get the paper into the home of every official member on the district. This in addition to the present subscribers.

And so I close my nineteenth year of district work in the Puget Sound Conference. Not satisfied, but content, not only because I have given my time to my work, but also because I have been privileged to work with a most loyal and devoted band of preachers and laymen. I have not always been able to fully agree with some very good people. But I am glad that they have granted to me, what I freely grant to them, perfect freedom of opinion. I do not believe there is a district in Methodism that has a greater percentage of intelligent, successful and godly business men and women leading in the affairs of the church. I am not able to put in language the great satisfaction it has been to me to work and plan with these blessed laymen. I have often congratulated myself on the perfect unity and brotherly spirit among the preachers of Tacoma District—that is a very visible fact. But the spirit of the preachers is fully met by the sacrifice and labors of the capable and godly laymen of the district. If we are privileged to so do, we have plans for a great conference year in 1915-16. We are really just about ready to do some of the best work that has ever been done on the district, and I am grateful to God for former efficient and toiling district superintendents who laid the foundation for the great work the church can now do. Bishop Cooke and Brethren, if you could see the willingness to sacrifice and

work, and the intense interest in the highest success of the church manifested by the preachers and laymen of Tacoma District, you would agree with me that next year will be a year of deep, abiding, aggressive church work.

And yet there are so many things I would like to write. But statistics will appear in the Conference Journal and the many interesting and helpful things that could be written about the work of the year could not be even mentioned in a report like this. So I must once more write what I have written before: "I would be glad to mention many names and places connected with the work of the year. But there is One who keeps a better record, and is more impartial in His commendation than the writer. He knows of the heroic, unselfish and faithful work of preachers and laymen, and I am sure He has long ago spoken, in His own blessed way, the words that far excell any I could write or speak. And I am glad that preachers and laymen care more about having the work of the church well done than to see their names in print. Mrs. Sulliger and myself are under personal obligations for many kindnesses and favors, without which we could not have done our work and for which we are not able to repay."

### VANCOUVER DISTRICT.

Thos. E. Elliott, Superintendent

I have now served six years as a district superintendent. It is customary to give a summary of the six years' work. In the Rev. Dr. S. S. Sulliger, I had a worthy predecessor on Vancouver District. Being taken from the Tacoma District after five years' work, I had no opportunity to give a summary of the work. This is customary.

Under the circumstances may I be granted the favor of showing the growth of the Tacoma District during the five years that I had the privilege of serving as its superintendent? I will mention the four factors that enter into the apportioning of the benevolences only.

In 1909, when I took the district, we had property valued at \$167,350; in 1914 it was valued at \$227,150; increase, \$59,800.

Ministerial support in 1909 was \$28,597; in 1914 it was \$33,345; increase, \$4,748. Membership in 1909 was 3,914; in 1914 it was 4,740; increase, 826.

In 1909 the total disciplinary benevolences were \$7,367; in 1914 the total was \$12,922, an increase for the five years of \$5,555, or 75 per cent.

Nine new churches were built; two more purchased from other denominations; four more so improved as to make them satisfactory for years to come, and two more new ones started, one of which has been finished this year, namely, "Trinity." The other, "First," which, I believe, is as we left it, but it, I am sure, will go on to completion. I will close by saying: There has appeared no red figure against Tacoma District during those five years, against the benevolences; but on the other hand, she has raised on these every year and the last year gave the highest per capita of any district in the Puget Sound Conference and, further, the highest of any district within the area of the Pacific Northwest. For the sake of all who in any way participated, and more for the sake of showing in a brief way that Methodism is moving along in this western country, I have taken the liberty, and done the unusual thing, in speaking in this way of this matter.

Vancouver District has now 34 men preaching the Gospel of the Christ in a manner that needs no apology. Two men have been added during the year and, if I am continued on this district, I expect to have at least two more new men start out this next conference year in places where the work has so grown that the quarterly conferences have asked us to give them a man who shall be all their own. A work has been revived in the Boistfort valley by the efforts of our worthy Sunday School Missionary, J. M. Weaver. I secured for this place D. A. McComb from Oregon. The salary has been very small but our brother with a combination of Presbyterian-Methodist blood in his veins says he is willing to try it another year. The charge of Oak Point and Ladu was added to Skamokawa by my predecessor as being the best possible solving of a difficult problem; but the points lying so far

apart could not be worked satisfactorily, hence we secured S. T. Grindle for Oak Point and Ladu. This brother has had but partial success owing to circumstances that have truly puzzled us all. When people desire the Gospel, I am confident the Methodist Church has the system by which it can be carried to the ends of the earth if necessary; but when they do not know what they do want, and grasp at anything and everything that plagiarizes that name Gospel, then I confess I am at my wit's end.

The building and improving this year have been quite limited. A new parsonage has been finished at Winlock and a neat little house has been built at Morton. At this place, also, an addition has been put on the church for Sabbath School purposes. Down at the extreme northwest corner of the district, at Ilwaco and its environs, the waters have brought fish abundantly. This has helped out materially down there and I believe it may be said of the brethren serving Ilwaco, Chinook, Grays River, and Bay Center, that they come to this Conference with salary and benevolences in full. Coming across Shoalwater Bay, however, you have a very different condition. The lumber industry has been shot to pieces and the churches have suffered greatly. This includes South Bend and Raymond especially. Then we have had two or three bank failures which have taken the very heart out of the community. One at Centralia, one at Raymond, another at South Bend. In spite of all these things the people have acted, in most instances, as though they believe in God and the church and that somehow in His own good time He will speak and even kings, emperors and czars will have to listen to His voice. On most of the charges helpful special services have been held, and I am sure we shall be able to report a good increase in membership. The figures given, however, will not tell all the truth. Some men have added over fifty people to the church and the membership will not show as large as last year, but God knows that the work has been done and perhaps that is all that need be said on this.

If I am not greatly disappointed, the benevolences will go beyond the mark of last year. In this matter two or three brethren, failing to do the best possible, may easily lower the standard of the entire district. Let me say this, however: I believe that the men have done their level best with scarcely an exception. Indeed, I have been gratified again and again at the heroism displayed among the preachers in this particular, considering their meager salaries.

The city of Raymond is dependent entirely upon the lumber industry. Then parts of the district are affected by other products as follows: Ilwaco and all contiguous territory is governed as to its prosperity by the run of fish every year. This year has been a good one. Again, Clatsop County is rich or poor according to the size of the prune crop. In some parts of the county there is a good crop; in others, not a prune. Washougal has a fairly good crop this year; Felida has scarcely any crop at all. The farming communities and dairy countries have had good crops but the price of their products has fallen off, notably the product of the dairyman. So it goes, and these conditions govern our giving to the benevolences and salaries; in fact, everything.

There is one thing that has happened during the present conference year, however, that will help the state of Washington more than anything that has helped it in years gone by. I refer to the abolishing of the open saloon. I desire to say in this connection, that no body of men did more or worked harder for this than did the Methodist preachers. They simply left all and went after it.

The Forward Movement, as sent out by Bishop Henderson, is one of the hopeful signs of the times. It is asking the right thing and beginning at the right place. It is this: Two hundred and fifty thousand souls rescued from sin and placed on the roll of the Methodist Church by May, 1916. Let us make a bold attempt to do it. I am planning to carry it out on the Vancouver District the coming year.

The auxiliary societies of the church have been of very great help during the year. Some people do not believe in Ladies' Aid Societies. I do. I am sure that without this valuable part of the church we should, in many places,

have come to this Conference with a large deficiency in salary. This, however, should be said: I think there is altogether too much expected of the Aid in some quarters, and, because it is willing to work, the stewards neglect to do what is required of them by the Discipline. In some places all the church society that can be found for the average woman is a Ladies' Aid. The social side is an important feature.

In some places on the district the Woman's Foreign Missionary Society is supporting special work in foreign lands, and I find the ladies connected with this organization enthusiastic in their work.

The Woman's Home Missionary Society never did a better thing than to vote to help the needy preacher on the home field by supplementing the salary when it is less than \$500. Mrs. Elliott, being secretary of that particular fund for our Conference, gives me a good opportunity to know what they are doing. I can say this with all needed emphasis: Never was money better spent than in this way.

It was my privilege to attend, for one day only, the Epworth League Institute at Redondo this year. A more enthusiastic lot of young people I never saw. Here lies the hope of the church. Nourish it with the best. We have an Epworth League connected with nearly all the churches on the district.

Our Sunday School Missionary, J. M. Weaver, has not spared himself in getting over the territory of this district. He has gone to every place where I have asked him to go and the results have been good. Nevertheless, I feel it my duty to say here that there is little use in organizing Sunday Schools unless the work can be followed up by sending in a preacher to care for the work thus organized. I have done this where it was possible.

The other interests of the church have received their proper share of attention. The College of Puget Sound, through its popular president, has been very persistent; but who, that had the cause at heart as he ought, would not have done the same? Some of the people think that the question of "appeal" for funds has been overdone, but let me say plainly: I meet with practically no opposition to the college or giving to its support. And I meet with nothing but the most emphatic approval of its president. God speed the day when this school shall have an endowment that shall assure her a permanent place on this coast to which our youth can go, with the assurance to their parents that the religious spirit engendered at a Methodist altar and developed in a Methodist Sabbath School, shall not be lost, but fanned into a flame of holy zeal which shall manifest itself in an increased devotion to God's service.

Personally, I am not given to writing much to church or secular papers. I want nothing to do with preachers who are not fully given to the work to which they are called. I desire some better credential of their success than that which is bought, altogether too cheaply, by newspaper notoriety. I have a firm conviction that the only one of the four factors entering into the fixing of the benevolences of the church that is absolutely reliable when seen in cold type, is that of the amount of cash that has actually been turned in for which a receipt is given by the treasurer. Church property is little or much according to the opinions of a few men who may be pessimistic or optimistic while they intend to be perfectly honest. Even ministerial support presents its mysteries to the new pastor, and he is often disappointed by reports in cold type. And what shall we say of church membership? What a book could be written on this! One preacher will report his membership to a point where even the rubber of the most fertile imagination gives way; another will swing to the other extreme and contend that everyone who does not contribute to the support of the church shall go. There is justice in this, but there is no law for it without following the process laid down in the Discipline. Even a committee on church records, if you please, has to be informed by a district superintendent that their business is not to prune records, but to report them as they find them, faults and all. I feel these things are pertinent in a superintendent's report.

I am very pleased to be able to say that there have been no deaths and but very little sickness on the district this year. Nevertheless, the wife of

J. H. Berringer, the daughter of J. H. Dorwin, and H. Williston, our pastor at Camas, have all been in the hospital for operations from which the best medical skill said there was no escape. We are glad to state that in each case the operation was a decided success. Two babies have come to the parsonage homes this year—a bright little boy to Chinook, where the studious Geoghegan presides, and a sweet little girl to Orchard, where lives the methodical Parcel. In this report, as in others that I have given, I have made no attempt to mention the preachers by name, and speak of their work personally. I have known this to be attempted and I have felt that adjectives were at a premium. God knows their work. He keeps a "book of remembrance." What is not known now will be known hereafter. Personally I have received the kindest of treatment from the preachers and their wives and the laymen in whose homes I have been entertained. I have never spent a more strenuous year than this now closing.

The district is large, covering all of Clarke, Cowlitz, Pacific, Lewis, and Wakiakum Counties, and a part of Skamania County. I have been to every charge, save two, four times this year. This has caused me to travel up to the coming to this Conference, 13,112 miles. While this has been done in all kinds of weather, in all sorts of conveyances, I have not suffered the least inconvenience. The salary will be \$300 less than it has been on my former district; but this does not worry me in the least. The thing that pleases me most of all is this: I feel that I have the absolute assurance that I have been able to accomplish more for the church of my choice and the Kingdom of God this year than in any other year of my ministry. This is the thing that gives a peaceful conscience and a contented mind. I have seen people kneel at the altar at the morning preaching service and at other services and sweetly find their Lord.

# Reports of Committees

## REPORT OF COMMITTEE ON EDUCATION.

Education in this country has been divided into three periods—ecclesiastical, political, and human. This designation is in respect to the source whence certain of the stronger influences of each period arose. We are living in the human period.

The famous Ordinance of 1787 for the organization of the Northwest Territory used the expression, "Religion, morality and knowledge being essential to good government, schools and the means of education shall forever be encouraged." This statement has been frequently quoted as the most advanced of the time in relation to human progress. We have, however, passed considerably beyond even that advanced position, for we now say that the means of education shall forever be *provided*.

In this we recognize at once an obligation and duty. The Methodist Episcopal Church has never sought release from this obligation. At no time in the history of the church has there existed a greater need than now for the church schools. This is especially true of the Pacific Northwest and, in particular, that part of the country included within the boundaries of the Columbia River and Puget Sound Conferences. It is the college that is of commanding importance with us to-day.

In the human or third period of education the influence of the American college has been greatly enlarged; it began as an institution for training ministers chiefly; next, its sphere was enlarged to the extent that the college became an agency for the training of citizens, and since that time its purpose has broadened again so that its content to-day is nothing less than training men and women for a full-orbed life.

The year now closing marks one of the most significant and important periods in the history of the College of Puget Sound. Realizing the responsibility that is upon her, she has put forth unprecedented efforts to make possible the ideal—the training of young men and women for a full-orbed life.

Without proper and adequate equipment the realization of such a high ideal is out of the question.

Endowment! Endowment! Endowment! has therefore been the slogan of the past year. The man who has carried the flag is the indefatigable, tireless, undiscouraged, tactful and patient leader, Edward H. Todd. To him more than to any other one person is due the credit for results already achieved, and for the victory, which, by the help of God and the liberality of the many friends of this institution, we shall celebrate not later than the first day of next October.

If this endowment is not raised we must cease calling our young people to consecrate themselves to fields of Christian service where only the best educated people can hope for success.

The College of Puget Sound is the only college of liberal arts, aside from state institutions, accredited by the State Board of Education in Western Washington. It regards itself as a servant of all denominations in the matter of giving Christian education, and in testimony of this fact has, during the past year, opened her doors to students representing not less than ten different denominations.

Very naturally there are some debts which must be taken care of, but whatever else takes place the campaign for endowment must succeed. The very life of the school now depends upon that.

Therefore, your Committee on Education proposes the following for your adoption:

### First—The General Educational Collection.

A. *Resolved*, That this Puget Sound Annual Conference reaffirm the resolution which it passed two years ago at Olympia in which apportionment on General Educational Collection was made an amount equal to one dollar

per member on each charge, and which also provided for the collection and remittance of the same to the College of Puget Sound; and,

B. *Resolved*, That since the General Educational Collection has taken the place of the Conference Educational Collection and the collection for the Board of Education, that we keep the same in mind and instruct our people to this effect; and,

C. *Resolved*, That the treasurer hereby be authorized to pay out of the funds received on General Educational Collection at this Conference \$750 to the Board of Education of the Methodist Episcopal Church.

### Second—Endowment Campaign.

A. *Resolved*, That the time between the adjournment of this session of the Conference and October first, the date set by Mr. Hill when we should have secured \$200,000, be set apart for an organized personal campaign to secure the \$60,000 to \$65,000 necessary to complete the quarter million dollar endowment under the general direction of a central committee at Tacoma; and, that this campaign shall be known as "Every man build before his own door" campaign; and,

B. *Resolved*, That each pastor who has not already done so, shall supply to representatives of the college the names of such persons within the bounds of the charge which he served the past year, who in his judgment are financially able to give to the endowment; and,

C. *Resolved*, That each district superintendent shall select a committee of five, composed of pastors and laymen, of which the district superintendent shall be chairman, to conduct the campaign in his district; and that the members of the Conference Educational Committee shall be ex-officio members of the committee within their respective districts; and, also, that the superintendents be requested not to hold quarterly conferences during the period mentioned, but to give their time as far as possible to the carrying out of the provisions of this plan; and,

D. *Resolved*, That this campaign shall have the right of way immediately after the adjournment of Conference, with the exception of the Sunday that has been designated by the Woman's Home Missionary Society for the purpose of securing contributions for the entertainment of the annual convention of the National Woman's Home Missionary Society; and,

E. *Resolved*, That we respectfully ask the Lay Electoral Conference and the Laymen's Association by resolution and organization to assist in this campaign; and,

F. *Resolved*, That this Conference hereby express its thanks to the Board of Education of the Methodist Episcopal Church for its financial assistance during the year and the offer of the personal presence of Dr. Hancher to help in the endowment campaign of the College of Puget Sound.

### Schools of Theology.

We commend most heartily the splendid work that is being done in the theological schools of our church.

The Boston University School of Theology, which now requires that all of its students shall be college graduates, last spring closed one of the most successful years in its history. The new missionary department, which was added a year ago, together with the social service department, have been conspicuously successful in the work of this school.

At this time of your annual gathering it is but proper that you be apprised of the condition of the College of Puget Sound. If I may borrow a figure from the field of medicine, your patient is convalescing, but is not yet out of danger. In fact, there is grave danger of a relapse. Heroic treatment is necessary and unless the services of Dr. Endowment can be secured within the next three weeks there is but little hope of the patient's surviving longer than a few months at most. I am informed that Dr. Endowment stands ready to render service if properly approached and if he is assured by the unanimous request of your body that his services are

wanted. If, therefore, he fails to put in an appearance, it must be attributed to the indifference, either real or apparent, of the members of your body. There remains to be secured about \$60,000 in order to make binding the pledges we have in hand toward the fund of \$250,000. This amount must be secured before the first of October next, and by the united effort of the entire membership of this Conference can be had.

As reported to you last year, the college stands in better favor throughout its entire constituency than ever before. There is every indication that the attendance will be larger than ever and that the class and scholarship of the entrants will be of superior character. A larger number will enter from Tacoma than ever before.

If the collections returned from the charges shall approach those of last year the college will close the year with no increased financial burden. It has been the policy of those in charge of the administration of its affairs not to incur obligations in excess of our probable income. If it shall develop that the probable income is not realized by reason of a falling off in collections there may be a slight deficit in the operating expenses of the college for the past year.

Believing in the God-given opportunity for our church to establish and make permanent a great college in this western land, an opportunity not presented to any other section of our church, we call upon you to "fall in" and, in company with other agencies, render such service as will enable us all to rejoice and be exceeding glad when, on the morning of November 1, we shall hear the word that the last dollar of the \$250,000 is secured and the permanency of the college established.

While we call upon you to render such service as you may be able, even at the sacrifice of some other things that may seem to be pressing, we beg to assure you that our own services will be at the call of the college and such efforts as we may be able to put forth will be exerted in its behalf.

E. L. BLAINE,

*Chairman of the Board of Trustees of the College of Puget Sound.*

### Drew Theological Seminary.

Drew Theological Seminary continues progressively conservative and peerless in ideals among our schools of the prophets. The past year has been the very best in a long, splendid history.

A new department, that of Christian Missions and Comparative Religion, was opened, and Rev. Edmund D. Soper, D.D., installed as professor. Dr. Soper is the son of a missionary, having been born in Japan. His ability as a teacher of missions has already been established, he having had a most successful career in Ohio Wesleyan University. Professor Harlan P. Beach, a distinguished missionary, now professor in Yale, not long since in a public address characterized Professor Soper as the foremost teacher of Missions in America. Dr. Soper's work has already awakened great interest at Drew.

Some two years ago post graduate courses leading to the degree of Doctor of Theology were announced, and at the last commencement this degree was awarded for the first time to two successful candidates.

Garrett Biblical Institute offers unusual advantages to the young preacher. Dr. Harris Franklin Rall, formerly of the Iliff School of Theology, and Dr. Lynn Harold Hough, who is already well known throughout the entire connection, have been elected to positions in the faculty. The trustees have changed the school year from the two-semester term to a four-quarter year with a vacation for the month of September. This is a new experiment in the history of Methodist higher education and is meeting the approval of both educators and students.

Kimball College of Theology, located at Salem, Oregon, is in our own territory, and should have the loyal and enthusiastic support of the Methodist Episcopal Church of the Northwest. In the death of the former president, Dr. H. D. Kimball, the school has lost not only a stanch friend, but a very liberal supporter. We are glad to announce that Dr. H. J. Talbott, the newly elected president of the Kimball College of Theology, is taking hold of this work in a most systematic and telling manner.

Recently the Board of Trustees inaugurated a movement to endow five chairs in the college, one of these to be the chair of Systematic Theology and to be named in honor of Father John Flinn.

Upon Dr. Talbott's request, we also recommend that this Conference elect a trustee to the Kimball College of Theology, and would nominate for that position Dr. T. E. Elliott.

### Kimball College of Theology.

This college is under the authority of the Methodist Episcopal Church. It is the only institution in all the Northwest, from California to the Dakotas, maintained by our Church expressly for the training of men for the Christian ministry. Its history is brief but altogether creditable.

We heartily endorse its general work, and we commend it to our young ministers and to those expecting to enter the ministry.

We favor the movement to endow five chairs in the college. While our obligation to the College of Puget Sound forbids, at present, the material support we should like to give the enterprise, we cordially endorse the effort to endow the Father John Flinn Chair of Systematic Theology in time for the celebration of his centennial birthday. That we may have some share in this, the first step in the general movement for endowment, we recommend that the proceeds of one Sunday's collection in the Sunday Schools of the Puget Sound Conference be devoted to the endowment of the chair just named.

We assure the official representatives of the college of theology a welcome to our charges.

We recommend that the Rev. T. E. Elliott be elected by this Conference a member of the board of trustees.

### RESOLUTIONS.

WHEREAS, The thirty-second session of the Puget Sound Annual Conference has been distinguished by deep spiritual impression, brotherly feeling, and generous hospitality in entertaining,

*Resolved*, First, That we highly appreciate the management and entertainment of our Annual Conference under the leadership of District Superintendent G. A. Landen and Pastor and Mrs. C. A. Bowen, together with members and friends of University Church.

Second, That we sincerely thank Dr. Mark A. Mathews, Dr. Carter Helm Jones, Dr. Charles Edward Locke, Dr. W. B. Hollingshead, Dr. Carl G. Doney, and the president of our state university, Dr. Henry Suzzalo, for their inspiring and helpful addresses.

Third, We are gratified by the presence of Dr. H. J. Coker, Dr. D. D. Martin, Dr. M. S. Marble, Dr. F. B. Short, Dr. Youngson, and Dr. M. J. Trenery in our midst and their interest and approval of the work of this Conference.

We are grateful to the university authorities for their kindness in permitting us to use the campus for our picnic and to the Athletic Association for the use of the playing field, and especially the help rendered by the brethren of the Congregational Church in the setting aside for our use their kitchen, dining-rooms, and auditorium.

That we have appreciated the labors and efforts of our bishop, R. J. Cooke, D.D., LL.D., during the four years that he has served us in the administration of this area.

And that we have been benefited by his wise leadership, brotherly counsel, and his faithful and forceful exposition of the eternal truths of God.

That our thanks are due to the Burroughs Adding Machine Company for the use of two of their machines by the statistician and treasurer, and to the Underwood and Remington Typewriter Companies for placing typewriters at the disposal of the secretary.

J. H. GEOGHEGAN, *Chairman*.  
E. C. SIMMONS, *Secretary*.

## EPWORTH LEAGUE.

We desire to call special attention to the continued growth of the Epworth League in the fact that the *Epworth Herald* was the official publication of the church which returned a revenue last year and now has a circulation of nearly 100,000. Also, the large and increasing bands of life work volunteers for special service resulting from the institutes held, which are increasing in efficiency each year.

1. The League is now becoming more and more the young laymen's college of efficiency in the church.

2. It is the training school where the young people may try themselves out and so find themselves and their place of service. They there prove themselves equal to the great call for service and, relating themselves to each other, articulate themselves to the great church for self-sacrificing service.

We urge each pastor to make special effort to organize Christian Stewardship, Mission, and Bible Study classes for the winter, and ask every League to carefully plan to observe "Win My Chum Week," which is resulting in increased interest and spirituality where tried.

From a material standpoint, we desire it to be known that the League is self-supporting and in no sense a charity.

We recommend for members of the Conference Commission on Epworth League Institute the following:

C. A. Bowen, J. A. Sutton, G. W. Frame, E. M. Hill, R. C. Hartley, 1918; N. D. Pollom, R. S. Rees, J. C. Harrison, Harry Brown, Mary Bedell, 1917; Tessie Wilmoth, V. C. Evers, Jr., Stanley Freeman, R. L. Wolfe, J. F. Grandey, 1916.

JAMES A. SUTTON, *Chairman*.  
F. H. ECKER, *Secretary*.

## COMMISSION ON EPWORTH LEAGUE INSTITUTE.

Brethren:

In submitting this third annual report, I desire to recognize the constant goodness of God and the manifest leadership of the Holy Spirit.

It is a great joy to me, as chairman, to acknowledge the most willing coöperation on the part of each member of the commission which resulted in making this session in numbers, interest and general profit to all, the very best yet held.

To quote the editor in the *Epworth Herald*:

## In the Big Woods.

The Puget Sound Institute broke all its records this year. Enrollment, slightly under 300; spirit, ideal; advance registration for 1916, 250; volunteers for life work, 52; conversions, not less than 30; money pledged for permanent improvement, \$650.

The pooling of traveling expenses is one of the unusual features of the Puget Sound Institute. The entire cost of the week's experience is exactly the same for every delegate. And the figure is so much less than ten dollars, from home to Epworth Heights and back again, that it is the lowest cost institute in the country, so far as we can discover.

Such a pooling arrangement, by the way, is worth trying by other institutes. It is both democratic and Christian. It increases the cost slightly for some, and reduces it considerably for others. The increase is not enough to keep anybody away, but the reduction is enough to bring many who could not otherwise come. These Puget Sounders paid railway fare of two dollars. But some of them, under any other plan, would have had to pay five or more.

In many parts of the country the institute is remote from the very Epworthians who most desire it and would make it most productive. In every such case pooling is just what is needed.

Another distinction of the Puget Sound Institute is its frank and joyous acceptance of the outdoors. It eats in the open. Most of the classes meet under the trees. Everybody lives under canvas, even the kitchen.

This last is a little too much of a good thing, however. There are summer rains in Washington, and a good one would seriously dampen the ardor of the chef. Hence the \$600 raised for improvements, which, being interpreted, means a cook house and dining floor.

We were exceedingly fortunate in our faculty and lecturers, each being a specialist of marked ability. The work of each was ardent and inspiring to a remarkable degree and given under an unction of the Spirit born of rich experience in the fields of Christian activity. It was conceded by all that never had the Northwest listened to more penetrating, original, essential, and soul-moving utterances than the eight addresses delivered by Dr. Lynn Harold Hough of Garrett Biblical Institute.

This report would not be complete should I omit the most essential feature: On the closing Sunday at the life-work decision service under the superb leadership of Dr. Dan B. Brummitt, without noise, under the call of the Spirit, fifty-two bright, clean, splendid young men and women offered themselves in full surrender and consecration for special, definite Christian service as a life work for the Kingdom in the ministry, foreign missions, and home missions.

It was a sight to make the heart of Wesley rejoice and his followers to weep for joy to see these valiant young soldiers gird on the armor and one by one step up to the front for service.

Brethren, the Methodist Church in this region is not on the wane when it can grow its own workers and send them fully equipped into the ever widening and ever-ripening field.

The call of Bishop Henderson for one thousand special workers will be more than met by the Epworth League Institute this season and the Puget Sound Conference will furnish one twentieth of that number--a most generous quota.

We ask your continued and constant prayers, personal interest and enthusiasm that we, the leaders, in this gracious work may still be led by the Holy Spirit and that even greater results may follow each succeeding year.

JAMES A. SUTTON, *Chairman.*

## REPORT OF COMMITTEE ON SUNDAY SCHOOLS.

We view with great satisfaction the wonderful increase in our Sunday Schools since 1910; the largest of any four years in the history of the church. But more gratifying is the fact that during this time the increase in members of our Sunday Schools who are church members or probationers has been nearly six hundred thousand. We believe that the wonderful gains in membership and conversions are largely due to the consecrated, intelligent direction of our Board of Sunday Schools.

We note that, while our Conference is in the vanguard of Sunday School activities, yet much remains to be done. We therefore make the following recommendations:

I. That every pastor and Sabbath School line up with the Forward Movement with the steadfast purpose of reaching the standard of efficiency established by the Board of Sunday Schools.

II. That we set for our special mark the coming year the following six-fold task:

- (1) Conversions in every Sunday School.
- (2) Teacher training in every Sunday School.
- (3) The full apportionment from every church.
- (4) Fifty additional Sunday Schools.
- (5) Ten per cent increase in enrollment.
- (6) Our own literature in every school.

III. That the district superintendents be a committee to confer with a committee, which has been appointed by the Laymen's Conference, to consider matters looking to the development of all the interests of the Sabbath School work within our Conference,

IV. That we request the Board of Sunday Schools, with the Superintendent of Sunday Schools, through its institute department to hold a series of Sunday School Institutes throughout our Conference at an early date, and that in the meantime conventions, institutes or schools of methods be held through our Conference as may be arranged by our local officers.

V. That the Sunday School Board be requested to place a sufficient sum of money at the disposal of our Conference Sunday School Superintendent to defray any reasonable, necessary expense for advertising or other publicity matter.

VI. That the pastors observe Rally Day and present the aims and claims of the Board of Sunday Schools and take the collection.

Your committee is firmly convinced that the keys to the situation of the whole Sunday School Forward Movement are the pastors and district superintendents. In view of what some pastors and district superintendents have done this year, we find that the wise selection of adjacent territory, and the enlistment of local forces will develop many new schools and lead to the organization of new charges. If due attention is given to this, the Conference Sunday School Superintendent will have more time to work for the efficiency of the Sunday Schools already organized.

We assure the Board of Sunday Schools of our hearty co-operation, and of our deep appreciation of the generous help afforded us in the past and pledge ourselves to give to it this coming year the largest contribution in our history.

The visit and addresses of Dr. Matthew J. Trenery, Superintendent of the Extension Department of the Board of Sunday Schools, have been of great help and inspiration to us and we pledge to him our sympathy and help in this great and important work.

We rejoice in the success of our Conference Sunday School Superintendent, Brother J. M. Weaver, as shown by his report of this year's work, and we bespeak for him a larger helpfulness and a greater coöperation this coming year, to the end that we may reach our ideals and thereby greatly benefit our beloved church and glorify our Christ within the bounds of the Puget Sound Conference.

We would also recommend that the committee of program arranging for the Conference at Everett next year provide, if possible, one or more Sunday School experts to address our Conference.

Respectfully submitted,

V. C. EVERS, *President*.

CHAS. S. REVELLE, *Secretary*.

#### REPORT OF SPECIAL COMMITTEE ON THE NEW FINANCIAL PLAN.

We rejoice to be able to report that the last year has been for the whole connection, the best in total contribution to our seven benevolent boards. While sister denominations fall seriously behind other years in their offerings to the great missionary causes, our own increased as follows: For the Freedmen's Aid Society, \$5,000; Board of Foreign Missions, \$13,000; Home Missions and Church Extension, \$30,000, aggregating for these boards alone, \$48,000. And yet we do not forget how meager our offerings were. It took eleven days for the average Methodist to give one cent to foreign missions; thirteen days to give one cent to home missions and church extension; three months to give one cent to Freedmen's Aid; three months and eight days to give one cent to the Sunday School Board; seven months for one cent for education; ten months for one cent to the American Bible Society; fifteen months to give one cent to the Church Temperance Society. In other words, it took five days for the average Methodist Episcopalian to raise one cent for the seven apportioned benevolences.

The givings of our own Conference for the current year, we regret, will fall below last year's returns. The actual decline as ascertained from the treasurer's report in disciplinary benevolences will be about \$2,627. That

there are reasons for this in current conditions, none who has analyzed the situation will deny. That we have, in spite of conditions succeeded in some points in raising the apportionments, and not failed worse than we did in others, has been due to the systematic use of the duplex envelopes with the Every-Member Canvass for weekly giving or some modification thereof. This Conference, last year, largely because of this fact, retained its place and made a slight advance on its apportioned benevolences. The moral is clear. District superintendents and pastors who have initiated this plan are to be warmly commended, and wherever it has not been instituted, it is the duty of the pastor, under the supervision of the superintendent, to institute the system at once.

We record our appreciation of the visit of Dr. H. J. Coker, of the Commission on Finance, and W. B. Hollingshead, statistical secretary, to our Conference, and of our satisfaction for their helpful counsel.

We endorse with head and heart the new financial plan, the education of our people in giving, the distribution of literature, and the Every-Member Canvass, and sincerely hope that every pastor and official board that has not organized their church under the new financial plan will return from Conference to do so at once, in accordance with paragraphs 109 and 544 of the Discipline. With most of our churches the financial year begins October 1. This leaves us with nearly enough time to conduct the campaign of education, distribute the literature, and complete the canvass on all our charges on or about October 1. Your committee urges that this program be made Conference action and that, with the rising of this session, the district superintendents and pastors proceed to organize every charge in our Conference area under the new financial plan.

J. P. MARLATT, *President.*  
DELMER H. TRIMBLE.

### COMMISSION ON EVANGELISM.

With gratitude to Almighty God we rejoice in the spiritual victories that have been achieved by our Church in this Conference during the past year. Revivals have been held in many of our churches and many souls have found Christ as their divine saviour from sin; believers have been sanctified, and the Church has been built up in the most holy faith.

As soon after the close of the last Conference as was practicable, a meeting of the Commission on Evangelism was called for the purpose of carrying out the plan which was adopted at the last session of the Conference.

The commission met in the First Methodist Church and gave an entire day to a discussion of the plans for the furtherance of the work.

Delays in the organization of the commission and in the appointment of the officers found us well into the Conference year before it was possible for this commission to meet.

After doing the best we could under the circumstances, to carry out the provisions of the plan as authorized by the last Conference, in consultation with Brother Park, the Conference Evangelist, we came to the conclusion that it would be best for him to make his own arrangements for evangelistic campaigns, but that we would help him in every way that we could.

We regret that more of the churches do not realize their privilege of securing Rev. Wm. Park and his estimable wife for special evangelistic work. In the places where they did labor, however, the churches were blessed, sinners were saved, and the membership greatly increased. Their work was especially successful in the Oregon Conference where they conducted a number of revival meetings.

We would recommend the appointment of Rev. Wm. Park as Conference Evangelist for another year.

We desire to reaffirm our approval of, and belief in the Methodist Forward Movement under the leadership of Bishop T. S. Henderson and Rev. J. O. Randall. The program is so comprehensive and complete we would recommend that it be printed in connection with this report and as a part of

the same in order that the members of the Conference may have it as a guide in their evangelistic work throughout the year.

We recommend that the following resolutions, passed by the Commission on Evangelism at its biennial meeting in Detroit, be approved by this Annual Conference:

First. We feel called upon to express our disappointment over the apparent failure of the General Conference plan for Conference Evangelists, and raise the question as to the advisability of the ensuing General Conference discontinuing the same.

Second. That the General Conference be requested to make provision for a plan that will give proper recognition to a limited number of Methodist preachers who shall be evangelists at large.

Third. That the General Conference be requested to give consideration to the recognizing of evangelism other than that presented by the pastoral relation.

Fourth. That the General Conference be asked to define the status of a member of the Commission on Evangelism.

Fifth. That we memorialize the General Conference to instruct the Commission on Finance to make adequate provision for the carrying out of the work of this Commission.

We would also recommend that the secretary of the Conference be authorized to communicate with Bishop Henderson and to assure him that his coming to the Northwest in the interests of evangelism will be welcomed by all the members of the Puget Sound Conference and that we should be glad to cooperate with him and his workers in furthering the great interests committed to his care.

Let the fires of revival burn everywhere during the coming year. Carry through the program of the Forward Movement and at the end of another twelve months this Conference will be able to report a larger number of conversions as well as a larger number of accessions than ever before in her history. In view of the fact that the saloon will be abolished from this state on the first of January, 1916, it will be most opportune and fitting to observe the Week of Prayer as a special season for evangelistic awakening, and we recommend that by concerted prayer and effort at that time we endeavor to kindle an intense flame of evangelism throughout all this Conference.

A. W. LEONARD, *President.*

EDWIN M. RANDALL, *Secretary.*

### PROGRAM METHODIST FORWARD MOVEMENT

Under the leadership of bishops in their areas, of district superintendents in their districts, pastors and quarterly conferences in local churches to secure 1,000 centers in Methodism to adopt the following all-the-year-round evangelistic program:

I. Organized Personal Evangelism. To make a complete constituency roll on the basis of the church and Sunday School records as follows: (a) All unconverted husbands of wives who are members; (b) all unconverted wives of husbands who are members; (c) all unconverted children of members; (d) all unconverted parents of Sunday School scholars; (e) all others in the community who are available for church membership on the basis of direct or indirect preference. To divide this constituency roll with the members of the time legion for continuous personal evangelism.

II. Continuous Public Evangelism. To restore to the pulpits of Methodism, at least once every Sunday, a public invitation for people to accept Christ, with an open opportunity given them to declare their purpose. Such a procedure will do much to restore to the ministry and membership of Methodism its old-time fervor to meet present-day demands. To make it impossible for any person to go into the same Methodist church two consecutive Sunday services without an opportunity to declare publicly for Christ.

### III. Epochal Days and Seasons.

(a) Day of Pentecost, May 23, 1915. Every pulpit with a ringing message on the baptism of the Holy Spirit. United prayer for a modern Pentecost in Methodism.

(b) Children's Day, June 13, 1915. To practice Methodism's theory in Paragraphs 49 to 54 in the Discipline. To follow the Board of Education in its Children's Day program.

(c) Summer Gatherings. To present in summer institutes and assemblies the entire program of the Forward Movement, and secure its adoption by Methodist leaders present. To inspire open-air evangelism, in tents, grove meetings, camp meetings, Bible institutes, and every form of summer assembly. To press with unusual ardor the summer revival meetings. To rally the forces for spiritual assault and siege during the entire year.

(d) "Win-My-Chum" Week, November 7 to 14, 1915. To join with the Epworth League in a definite endeavor to win hosts of Methodist young people to Christ.

(e) "Go-to-Prayer-Meeting" Week, November 15 to 19, 1915. During this week to summon the Methodist world, through appeals in the church press and every other denominational agency, to meet on the regular prayer meeting night, and thereby seek a revival of prayer and public testimony throughout Methodism.

(f) Watch Night, December 31, 1915. To review the spiritual achievements of 1915; to pray mightily for a world-wide revival in Methodism in 1916.

(g) "Go-to-Church Sunday," January 2, 1916. Set apart as Methodist "Go-to-Church Sunday" for the Methodist world.

(h) Week of Prayer, January 3 to 9, 1916. Devoted to a study of the privilege and power of prayer; God's will for intercessors; Methodism's place in world-wide intercession; every Methodist an intercessor. Sunday, January 9, a united plea for a family altar in every Methodist home, with definite suggestions as to its conduct.

(i) Day of Prayer for Colleges, February 10, 1916. This is the day set apart by the General Conference. There are 45,000 young people in the schools and colleges of Methodism, and nearly 35,000 more Methodist students in state supported institutions. On the prayer meeting night just preceding this day, to consider the need of vital spirituality in our institutions of higher learning, the strategic place they hold in furnishing leaders and to pray that every Methodist student shall hear and heed the call of Christ to a life of Christian usefulness.

(j) Lifework Sunday, February 13, 1916. To summon our Methodist parents to dedicate their sons and daughters to Christ for special Christian service as a lifework; to challenge them to pray to God to bestow upon them the honor of calling their children to the ministry, missionary service, deaconess work, social service activities, and similar service as a lifework. To present in the Sunday School and Epworth League the call and the claims of Christ on their service.

(k) Special Easter Campaign. To have a protracted meeting, under ordinary conditions to be not less than thirty days long. To focus every energy and organization of the church in winning others to Christ by every possible method of sane evangelism. To rally the laymen to their evangelistic responsibility; to challenge our membership to evangelistic achievement; to adopt whatever plans the pastor and quarterly conference believe essential to reach the evangelistic goal set by the church. To enter into a special prayer league for the thousand centers of Methodism engaged in a similar program. This meeting should climax on Easter Sunday as the day of ingathering. It should be the day when the shout of victory should be heard around the Methodist world. If for any reason the meeting of the Annual Conference makes it impracticable to observe Easter Sunday as the day of ingathering, the last Sunday of the Conference year should be so observed.

### Passion Week

All Methodism to observe

(1) Palm Sunday as acknowledgment day or decision day in the Sunday School, in accordance with the plans of the Board of Sunday Schools. To crown Christ Lord of all.

(2) Holy Communion Thursday Night. To celebrate the holy supper on the night of its institution.

(3) Good Friday. To gather the Methodist hosts in every country, every city, and every hamlet at the foot of the cross of Christ, for pardon, for peace, for purity, and for power.

(4) Easter Day. At the open tomb to shout hallelujah to the conquering Christ and to rejoice over the victories which Christ has won in the life of our beloved Methodism. To add to Methodism the final section of the 250,000 secured during the previous twelve months.

### SOCIAL SERVICE COMMISSION SECRETARY'S REPORT

In the course of the year I have visited mill and timber camps in Whatcom, Skagit, Snohomish, King, Pierce, Clallam, Jefferson, Chehalis, Mason, Thurston, Pacific, and Lewis Counties; some of them more than once and a number of them several times.

I have visited coal camps at Issaquah, New Castle, Black Diamond, Roversdale, and Tono. Most of these have preaching appointments more or less regularly by ministers other than Methodist.

I have preached in church and otherwise about one hundred and sixty times.

I have distributed about three hundred copies of Luke's Gospel and a large amount of magazines and other general reading matter, including several thousand copies of the social creed of the church.

I have assisted a few men to find employment. I have visited and spoken at labor meetings, union and central labor organizations, and called at the homes of sick and unemployed workmen as opportunity has offered, visiting in a number of isolated communities every house there and often addressing the children at school.

I have preached and encouraged the principle of coöperative industrial organization among the workers and have been privileged to assist in the organization of several coöperative shingle mills. In this connection I have made trips to Anacortes, Marysville, Bellingham, and Blaine, and have written more than one hundred letters of information and encouragement.

Indications are not wanting that every effort to teach and help these common people, especially in this time of industrial depression and actual want, is acceptable and sincerely appreciated.

O. H. MCGILL.

### Memorial

"WHEREAS, Changing conditions in the life of the American people, social, economic, and otherwise, have imposed new responsibilities and opened new doors of opportunity to the church; and

"WHEREAS, The General Conference of the church, appreciating these new responsibilities and opportunities, particularly as it has set them forth in the social creed of the churches, has recognized the Methodist Federation for Social Service as the agency to rally the forces of the church in support of these measures and since; however,

"No financial provision has been made to maintain the organization thus charged with leadership of this increasingly important phase of Methodist endeavor; therefore

"Resolved, That the General Conference is hereby memorialized to outline and establish a scheme of adequate financial support under the Board of Home Missions and Church Extension to the end that to the fullest possible extent our church may take advantage of the social service awakening now everywhere manifest.

## REPORT OF THE CONFERENCE DEACONESS BOARD

The record of the year just closing strengthens our conviction that the seal of divine approval is upon the services rendered by our deaconesses; and their work continues to grow in favor with the people among whom they labor.

The Home and Training School in Seattle have had some changes during the year. Miss Cady's health became so impaired that it was necessary to grant her a leave of absence. Miss Mary B. Sweet, who has had special training for the work of a deaconess and who has had experience as a teacher and administrator in the homeland and in Rome and who is home on furlough by the closing of the school in Rome on account of the war, has been loaned to us by the Woman's Foreign Missionary Society. We believe the school will be well advanced under her superintendency.

The training school is fortunate also in securing Annie H. Carpenter, for seven years teacher in Chicago Training School, as a member of our faculty this year. The hard times will effect the attendance, but the opening this week is propitious.

The cordial response of the Seattle churches on Deaconess Day and the generosity of the churches of the Conference to the appeals of our deaconess secretary, Miss Klein, have helped to reduce our indebtedness.

We report licensed deaconesses, sixteen; probationers, one; associate workers, two; number of calls made, 7,641; material relief given to 1,012 persons; receipts, \$5,500; expenditures, \$5,544.

We most heartily commend this school and urge our pastors and people to take this cause to their hearts, especially in aiding young women to enter upon this noble work.

The settlement has moved out of the old leaky tent and small house into larger and more comfortable quarters, which were necessary by the increase of its Sunday School and other departments of service.

The Seattle General Hospital, which is managed by a standing committee appointed by the Seattle Deaconess Association, continues to act as the "Good Samaritan" and has our commendation.

## The Everett Orphanage

The orphanage at Everett has completed its fourth year with the services of our deaconesses, who are in great favor with the people there. But the transfer of the property and management of the institution has not yet been entirely completed. We recommend: (1) That the approval of this Conference be given to the acceptance of this property to be used for child welfare purposes under deaconess control, and (2) that the following named persons of Everett be elected as trustees, who are hereby authorized to incorporate, to elect a board of managers in conformity to the agreement already entered into, and to formulate a plan for financing the institution, all of which shall be subject to the approval of the Conference board:

Trustees: S. A. Bostwick, G. Adamson, Mrs. Dr. W. F. West, Mrs. L. H. Thayer, J. H. Requa, W. D. Allan, J. A. Meyer, S. H. Lansdown, and J. F. Beatty.

## Memorial

Believing that the sacrificial spirit of our deaconesses who, after special training, devote their lives to this service for a mere pittance of an allowance should be met by a better guarantee of support by our church; be it therefore

*"Resolved,* That the support of our deaconess institutions should be one of the regular disciplinary benevolences of our church; and further

*"That* we request the delegates from the Puget Sound Conference to the General Conference and the General Deaconess Board to use their best endeavors to bring this about."

The following recommendations are made: As members of Conference Deaconess Board, term expiring 1918, Mrs. T. S. Lippy, Rev. W. S. Harrington, and Rev. Wm. H. Leech.

For renewal of license—Elizabeth Jones, Edna M. Klein, Isabel Fleming, Ida Kling, Bertha Black, Marguerite Hewson, Helen Schacht, Bell Menzies, Gertrude Stringer, Susan E. Kuter, Aasell Ivarson, Laura A. Requa, Christine Peterson, Emma E. Lewis, Ella Lois Swift, Zoe Donaldson, Anna M. Cady, Eunice Chick, Bertha V. Holcomb, Lillian M. Langdon, F. Elizabeth Yates, Winifred Smith, and Margaret Falconer.

For license and consecration—Anna Sorenson.

On leave of absence—Anna M. Cady, Aasell Ivarson, Eunice Chick, and Bertha Black.

Recommended to General Board of Deaconesses for honorable discharge—Bertha V. Holcomb (at her own request) and Laura A. Requa.

Transferred—Elizabeth N. Jones, Columbia River Conference; Helen Schacht, Columbia River Conference.

Discontinued—Tillie A. Hartman, on account of ill-health.

W. H. W. REES, *President*.

W. H. LEECH, *Secretary*.

### BOOKS AND PERIODICALS

The record of our publishing interests during the last quadrennium has been one of splendid achievement and success. It is with an honest pride that we note the recognition of our Book Concern at the Panama-Pacific Exposition in the bestowment of the grand prize for the highest class of religious literature and greatest excellency in mechanical skill and work. We wish to express to Dr. H. C. Jennings our most hearty appreciation and praise, to whom it is chiefly due for the creditable showing made at the exposition.

We also wish to record our approval of the establishment of a salesroom in connection with the *Pacific Christian Advocate* at Portland, Ore., and urge the bestowment of the patronage of all our ministers and laymen to this new effort to build up a branch house in our own territory. We would also note with great satisfaction the receipt of a draft of \$3,011 which brings the total for the quadrennium to the high mark of \$10,872.

#### *Pacific Christian Advocate*

The all-important link between the Pacific Northwest Methodist and the whole church is the *Pacific Christian Advocate*. It is also the unifying agent of our churches and deserves the most hearty support. Notwithstanding that other members of the *Advocate* family show a decrease of subscribers, our own *Advocate* has, under the management of its editor, Robert H. Hughes, forged steadily ahead until we are glad to record the passing of the 10,000 mark. Our *Advocate* should be in every home. We urge the earnest coöperation of all our pastors and official boards to the end that this messenger of truth and cheer may find its way to every Methodist fireside. We commend the editor and our paper with the hope of realizing the hope of establishing it upon a broad foundation of service and usefulness.

We, as a Conference, respectfully request Dr. W. S. Harrington to publish his intensely interesting "Reminiscences of Pioneer Life" in book form.

The *Methodist Review* is still the leading publication of its class. We urge that not only the pastors may become readers of this excellent publication, but that our laymen may also come to form a large number of subscribers, which we believe will be to their profit.

The circulation of the Holy Scriptures is of primary importance. The American Bible Society is our efficient agent for this purpose. During the year 1916 the centennial of this organization will be celebrated and we urge all our pastors and people to give this society the most generous and cordial support.

With no superior publications to our own, we believe that our Sunday Schools are without excuse of using our own publications. We urge upon our pastors and superintendents the necessity of using our own papers and also that the district superintendents may from time to time give this their careful attention.

"Is Christian Science Christian?" This is the title of a publication of which our own Brother William Park is the author. We know of no publication that is so valuable in combating the modern heresy of Christian Science, falsely so-called, as this book by a member of this Conference. The price is such that makes its possible of wide distribution at little cost. Most heartily do we commend this work to all our pastors and members.

In conclusion, we wish to express our confidence in and deep appreciation of the great asset of the church, found in the publishing interests of the church. Our noble founder Wesley set a worthy example to all our ministers in the use of the printed page. We would, however, call attention of our leaders to the danger of publishing such works as do not coincide with the doctrines, rules, and noblest traditions of the church. While we greatly appreciate the generous drafts received from time to time for the benefit of our retired ministers, yet we do not believe commercialism will justify the imprint of the name of our church or book concern upon the page of any publication whatever which is inconsistent with God's Holy Word or the noblest practices of the Christian life. No excuse should be given for the direct or indirect endorsement of the contents of any publication by the use of our imprint if such a book in whole or in part savors of unbelief or sets unworthy standards of life.

F. A. LAVIOLETTE, *Chairman.*  
E. R. TRACY, *Secretary.*

### BENEVOLENCES

As an annual expression of our gratitude to God for His innumerable mercies and blessings, we feel that we ought to come to the seat of Conference with the benevolent apportionments fully met.

We are more and more convinced that the pastor and preacher must prepare the way for such achievement. Therefore we most humbly urge that we use our talents with the greatest diligence in that direction, ever keeping in mind that, when we do so, we are obedient to our Lord's command, "Go ye into all the world and preach the gospel to every creature."

We urge absolute loyalty to all our disciplinary benevolences, and in order to secure such loyalty, we pledge ourselves to see that a pro rata division shall be made in case of any deficiency, the same as is required by the Discipline in behalf of the ministerial support.

We also recommend that, so far as possible, where these benevolences are not otherwise provided, that they be taken early in the Conference year, or at least before any outside benevolences are presented.

We suggest that in connection with the every-member canvass and the duplex envelope that we ask the solicitors or stewards who make said canvass to also visit those whom they have solicited at least once a month, so that if any who have not had the privilege of handing their offerings to the church may give them to said solicitor or steward. Such a method will render it unnecessary to take the offerings publicly when the preacher shall preach on them.

We most respectfully ask Dr. Hollingshead to publish especially his "Penny Chart" in tract form for general distribution throughout the church.

ROBERT J. REID, *Chairman.*  
W. T. RANDOLPH, *Secretary.*

### FOREIGN-SPEAKING PEOPLES

The matter of foreign-speaking peoples is a question of vital importance to our great Northwest. They are here and are coming in increasing numbers and must be reckoned with. It is no longer a question what will we do with them, but what will they do with us. Their helpfulness or hurtfulness is our problem.

While we may do something for the adult classes that come to us, it is the opinion of your committee that our strategic opportunity is in the care of their children. The older ones are anchored in the customs and beliefs

of their ancestors, but the young are plastic in our hands so far as we can reach them, and this we must endeavor to do.

We commend the work of the Industrial School of Tacoma for Italians, the settlement work by our deaconesses in Seattle, and all other efforts being made for the enlightenment and training of the children of the foreign-speaking peoples among us.

We endorse the work being done by Dr. Johnson on this coast among the Japanese.

JOEL VIGUS, *President.*

### REFORMS

Your Committee on Reforms begs to offer the following report:

"WHEREAS, We are called to continual warfare against the wiles of society, and, whereas, many of these wiles are embedded in the common practice, your committee commends:

"*Resolved*, That we indorse the movement now in operation demanding an International Peace Court.

"That we deplore the state of war in the world and recognize it as a great national crime demanding the protest of the Christian churches.

"That we do not recognize that preparedness for war is an assurance of peace.

"We view with alarm the spread of Mormonism, and recommend that our ministry throughout the Conference study anew this menace to our country, religiously and politically, and that they either preach upon the subject as occasion may require or scatter such literature as will inform the people.

"That this Conference heartily support the Temperance Society of the Methodist Episcopal Church in all its work, and especially in its effort to divorce the United States Government from its financial partnership with the liquor traffic. We also indorse the invaluable services rendered this cause by the Woman's Christian Temperance Union and the Anti-Saloon League.

"Also, That our coöperation, as in the past, shall continue with all agencies for the suppression and final extermination of this evil.

"That we, as a Conference, adopt the first Sunday in November as Temperance Sunday, and that on that day all Sunday Schools not organized into temperance societies be thus organized.

"The divorce evil being a direct menace to our most sacred institution, the home, we greatly deplore its growth, and heartily indorse the present movements toward uniform divorce laws among the states, and that we are under moral obligation to refuse our services to the marriage of any persons other than on scriptural grounds and that it is the duty to ascertain the facts.

"We reiterate that urgent importance of our people taking a determined stand and making earnest efforts for keeping the Sabbath holy.

"We are unqualifiedly opposed to Sunday excursions, and Sunday amusements, and that we deny our support politically and use our influence against any man seeking office in our commonwealth who is known to willfully desecrate the Sabbath.

"WHEREAS, Crime committed by the young, the social evil, cigarette smoking, incurable diseases, and the traffic in girls are threatening our homes.

"We recommend that each member of our Conference stand foursquare against same, and coöperate with all sane organizations working to check these evils.

"We further recommend that this Conference place itself on record as seeking for all classes of workingmen in the state of Washington a half holiday in each week, and we urge a rigid enforcement of the "woman eight-hour law," and child labor law.

"That the trades union of this state be invited to send delegates to our Conference sessions, and that we do all in our power to better the conditions of the laboring classes, and bring labor and capital together on the Golden Rule principle."

H. E. GREENING, *Chairman.*  
F. W. P. CAMP, *Secretary.*

## SPECIAL CHARITIES

The Washington Children's Home Society is well called "Washington's Greatest Charity."

So nearly all of the orphaned and wholly dependent children of the state are received by this society and so well transplanted into the beautiful homes of their adoption that Washington has not now, nor is ever likely to have, the desolate orphan asylum with its thousand children dressed alike, fed alike, taught alike, and molded alike.

The Washington Children's Home Society is entering upon its twentieth year of splendid service to both church and state.

Last year of the 444 children wholly dependent 188 lost father or mother or both by death. Death claimed both parents in the case of forty-two children. Of the 444, 229 were boys and 215 girls.

Of increasing helpfulness is the "Aid Department," through which, in many cases, the parents and children are kept together, when before their separation would have been inevitable. In the large centers of the state are listed more than two hundred choice family homes, anxious to take children to board. Through this department, by the help of the field force and the helpful coöperation of other agencies, a total of 1,771 children received some kind of assistance and care last year.

Your committee, through the courtesy of the superintendent, L. J. Covington, visited the receiving home on Ravenna Heights. We were delighted with the splendid management of the home. Miss Mallard, the matron, very kindly showed us through every department from the nursery, with its tiny, motherless humanity, to the hospital and surgery, the sleeping, eating, play, and work departments. There is nothing to criticise, but we might fill many sheets with deserving commendation of the conduct of the many features of the institution.

We most heartily commend this charity to our people for their prayerful consideration and financial support.

We recommend the reappointment of L. J. Covington, the veteran and leader of this work, as state superintendent. E. S. Chappell, district superintendent for Bellingham District, and F. C. Leavenworth, district superintendent for Wenatchee District.

## Tacoma Settlement

The Tacoma Settlement work ministers to 125 families and has an enrollment of 295 in all classes with an aggregate attendance of one thousand per month.

A new settlement house has become an absolute necessity and plans for the building have already been drawn by local architects. We request that the superintendent, or her representative, be allowed to present the claims of this work in all the churches of the Conference during the year, and that pledges be taken for the building fund.

A Home for the Aged has recently been established in Bellingham. This institution, which is most ideally located and well equipped, has already been endowed to a limited extent and is self-supporting. It may be placed under the control of the Puget Sound Conference of the Methodist Episcopal Church. We, therefore, recommend that a commission, consisting of three ministers and two laymen, be elected to investigate and report at the next session of the Annual Conference.

Respectfully submitted,

F. L. BALDWIN, *President.*  
O. F. KRIEGER, *Secretary.*

## AUDITING.

We, your auditing committee, respectfully report that the books of the district superintendents, and the accounts of the treasurer, the secretary and the registrar, have been examined and found to be correct.

F. A. GUIER, *Chairman.*  
H. O. COOPER, *Secretary.*

## PUGET SOUND CONFERENCE

### EPISCOPAL FUND.

The Committee on Episcopal Fund recommend that the district superintendents apportion the assessed amount to the several charges.

We are glad to report an increase over last year of \$64.

SEYMOUR WILLIAMS, *Chairman.*

H. O. COOPER, *Secretary.*

### STEWARDS.

We desire to express our appreciation of the amounts received from the various sources. From the Book Concern, \$3,011; from the Board at Chicago, \$250; from the Conference Collection, \$7,249; from last year, \$225; from Sunday Collection, \$77. Total, \$10,811.

We are glad to report an increase in the annuity allowed from six dollars to eight dollars; but this is only a little more than fifty-eight per cent of what it should be according to the Discipline.

We desire, also, to express our pleasure at having had the presence and helpful council of Dr. M. S. Marble, representing the Board of Conference Claimants.

We recommend that the Conference require all preachers to pro-rate in accordance with the law of the Church.

We recommend that an amount equal to 7 per cent of the pastors' cash salaries be apportioned to the several charges of the Conference for the support of Conference Claimants.

J. C. DORWIN, *Chairman.*

S. V. WARREN, *Secretary.*

### CONFERENCE BOARD OF FOREIGN MISSIONS.

Members of the Puget Sound Annual Conference, Thirty-second Annual Session.

Dear Fathers and Brethren:

Your Conference Board of Foreign Missions found it impracticable to call a meeting of the board during the past year. The members are so widely scattered and the distances have been so great that we deemed it unwise to even attempt to call the members together.

From the district superintendents, however, we learn that the cause of foreign missions has been faithfully presented by the brethren throughout the entire year.

We also are glad to record that the Woman's Foreign Missionary Society has done a most remarkable work in this Conference in educating the members of our churches along the line of foreign missions.

Your board deems it wise to welcome the Laymen's Missionary Team to the Northwest during the coming fall and winter, and that follow-up meetings be held in all of the cities and towns wherever practicable.

We call the attention of the pastors not only to the importance of preaching sermons on the cause of foreign missions, but also to the distribution of literature.

Praying that the coming year may be one of the most successful in the history of the Conference so far as foreign missions are concerned, we beg to remain,

A. W. LEONARD, *President.*

T. HOULSTON, *Vice-President.*

L. E. KIRKPATRICK, *Secretary and Treasurer.*

## JOHN WESLEY FRESCOLN

John Wesley Frescoln was born in Chester County, Pennsylvania, August 29, 1855. He was reared in a Christian home; his father was a local preacher for many years. He was married to Miss Anna Whitney in 1880. For several years our brother was engaged in business in St. John, Kan. He also took much interest in political affairs, and was recognized as a popular leader and speaker in the political movements of that region of the country. It was believed that he had before him a bright future, both politically and financially. Some expressed the view that he made a mistake when he laid aside what they regarded as promising openings. He was converted January 10, 1893, under the ministry of Rev. Richard B. Engle. Brother and Sister Engle took much interest in his case and through their instrumentality, together with the efforts of his devoted wife, and the promptings of the Holy Spirit, he was induced to give his heart to God, and consecrate his life to the work of the ministry. A revival was in progress; the pastor's voice failing him, Brother Frescoln was invited to fill the pulpit and tell the people about his conversion, which he did with blessed effect in the encouragement it gave to the revival work in the community. He joined the Southwest Kansas Conference in March, 1893. Thus, when but two of his six months' probation had expired, he had joined an annual conference. In his first charge, over one hundred souls were converted and received into the church through his instrumentality. Partridge, his first appointment, he served three years; Burns, four years; Canton, one year. At the end of this year, 1901, he was transferred to the Puget Sound Conference, where his appointments have been as follows: Blaine, Grace Church, Seattle; First Church, Bellingham; Elma, Kalama, South Bend, and Trinity Church, Seattle.

Our brother was superintendent of the Northwest Anti-Saloon League four years. His success in this work is evidenced in the fact that Whatcom County stands in the forefront of the prohibition territory of the state of Washington.

Some time previous to his death, he received a serious injury in alighting from a street car, from the effects of which he never entirely recovered, and it is believed that this was the cause of his death. On the day following the adjournment of Conference, September 14, 1914, he stepped into the waiting chariot and was not, for God had taken him. The funeral service held in this city was in charge of Dr. J. P. Marlatt. Interment was had in Bayview Cemetery, Bellingham, and a second memorial service was held in Trinity Church in that city, of which Dr. W. S. Harrington had charge. His wife, Mrs. Anna Frescoln, and three children, Mrs. J. W. Collins, Mr. Edward Frescoln, and Mrs. F. A. Wood, survive him. I bespeak for them an interest in your sympathies and your prayers.

## REVEREND ROBERT C. GLASS, D.D.

Robert Cornell Glass was born in Monroe County, Ohio, August 2, 1846, and died in Seattle, Wash., April 22, 1915. From the age of nine years he grew to manhood in Clayton County, Iowa.

His higher education was obtained in Iowa State University; Assembly College, Belfast, Ireland; at Bonn, Germany; and at Boston University, from which he was graduated in 1875. That was a red letter year in his history, for it was the period not only of his graduation, but also of his entrance into the Northwest Iowa Conference, and of his marriage to Miss Amy Kerr.

His home was clearly, emphatically, and ever a Christian home. The first-born child, Amy Luella, became Mrs. C. E. Bale; from her home in Iowa she passed away some years since. There remains Miss Rose Glass, a

prominent teacher in Seattle; Mabel, Mrs. John A. Kingsbury, wife of the commissioner of charities, New York City; and Florence, who is still at home. Three grandchildren are likewise to be numbered as descendants of our departed brother. These children of the first and second generations, and more especially, our Sister Glass, who walked by the side of her husband for forty years, are sharers in our deep sympathy because of their bereavement.

He remained in the Northwest Iowa Conference for well-nigh a quarter century, where he held important pastorates; was presiding elder of Algona District, and was also one of the founders of Morningside College.

He came to the Puget Sound Conference in 1899; served First Church, Olympia; and in Seattle, Grace and Green Lake churches, retiring in 1907. Since his retirement, he has given service in the Washington Children's Home Society, where his work was greatly appreciated. In this interest he was active to the end of his life.

The bare outline of his activities, as just given, is entirely inadequate as an expression of his consecrated ministry, and furnishes only a hint of his pure and elevated character. We knew, appreciated, honored, and loved this man of God. We are certain that he "swept through the gate, washed in the blood of the Lamb." He has entered upon the "inheritance incorruptible, undefiled, and that fadeth not away," and some bright morn we hope to join him in the "home over there."

#### MRS. EVELYN B. BABB DeVORE

The subject of this memoir was born February 9, 1829, in Somerset, Ohio, and passed to her reward from her Tacoma home March 15, 1915, in the 86th year of her age. When she had grown to be a mature and cultured young woman, she joined her brother-in-law, Rev. John F. DeVore, and her sister, Mrs. DeVore, who were commissioned to go as missionaries to the then new Northwest. After a journey of several months they landed at Steilacoom, Washington Territory, where Miss Evelyn, with others, became a member of the first Protestant church organized in the Puget Sound Conference. And there in 1853 was dedicated the first Protestant church edifice ever erected north of the Columbia River.

Into the work of building up a church and laying the foundations of our Methodism in this new field these missionaries entered with all the enthusiasm of real pioneers. But after a few years of toil Mrs. DeVore sickened and died, leaving her sister Evelyn to care for the home and her two little girls. After many months spent in this service, Evelyn was married to Mr. DeVore, thus taking the place of her deceased sister.

From that time on she shared the labors, privations and hardships of her husband in many frontier fields. These fields extended from southern Oregon to a district embracing the lower Sound country. Compensation in money was meager, modes of travel primitive, and parsonages almost unknown. Yet, with her hustling husband, she went everywhere cheerfully, counting it all joy to spend and be spent in her Master's service.

In the home she was queenly. In the Sunday School, the young people's organization, and in all the activities of the church she was a wise counselor and an invaluable helper. Wherever Dr. DeVore went, something turned up. This you would infer from the fact that in two counties, Pierce and Thurston, he built the first church at Steilacoom, the first at Olympia, the First Methodist at Puyallup, and two mission churches in Tacoma. In these mission churches Mrs. DeVore labored along with her husband. The work of Rev. DeVore as presiding elder took him from home for days and weeks at a time, and during his absence his wife must look after all domestic interests, keep an itinerants' hotel and help in the local church work. In 1889, while thus engaged, her husband was stricken by heart failure and subsequently died of the same malady, and a few years later, owing to the financial panic, all her property was swept away, including a valuable home. Yet she never murmured nor complained, but, with a serene trust in God, did the best she could and to her friends never seemed more happy and contented.

A few years ago she was taken to the St. Joseph Hospital where she fervently hoped that her earthly life would soon close, so that she could enter on the life immortal, eternal. I was permitted to visit her there, and found her very weak but her face was radiant with a light such as never shone on land or sea. She expressed the hope that that would be her last sickness and that the good Lord would take her home, saying she thought it would be much better for her to go and leave what it took to keep her for someone else who had strength to do much more than she could. In the good providence of God she was spared to a ripe old age, having lived more than eighty-six eventful and successful years, and in her last days was surrounded by a host of loving friends who will rise up and call her blessed.

### MRS. MARY ELIZABETH (OTTERSON) STUBBS.

Mrs. Stubbs was born in Lebanon, N. H., June 29, 1833, and died in Tacoma, Wash., April 16, 1915. In May, 1867, she was married to the Rev. R. S. Stubbs at Nashua, N. H., and went with him to the pastorate of the First Methodist Episcopal Church in Dover, N. H. Their new field of labor was St. Louis, where, for four years, they were engaged in work for the Western Seaman's Friend Society, and in city missionary work. Two of the leading churches of St. Louis were developed during their ministry. Grand Rounde Valley, Ore., and Vancouver, Wash., were the next pastorates served. Bishop Bowman re-appointed them to the work among the seamen, and for thirty-five years they were engaged in this faithful work. For ten years they lived in Portland, Ore., and twenty-five years in Tacoma. Their work brought them in close touch with the men of the sea of every nationality. So wholly given was this saintly woman to the welfare of these homeless men that they came to look upon her as their "Mother," and in the large correspondence that she carried on with them, letters came from every land and always was she addressed as "Mother." They were to her, "my boys."

In St. Louis she met Miss Frances E. Willard, and then began a life attachment to the work of the Woman's Christian Temperance Union. Her deep spiritual life and rich endowments fitted her well for the evangelistic work in the Woman's Christian Temperance Union, and for years she served as the state evangelist. Twice was she elected to represent the West in the international and national conventions.

During these years she has been devoted to the work of rescuing deceived and erring young women. The White Shield Home of Tacoma had no warmer friend than this saintly woman. A few weeks before she was translated she said to her pastor: "I can always hear the heartcry of these deceived young women."

Beside the chaplain, now in his 93rd year, and her daughter, Mrs. Charles Bedford, of Tacoma, Wash., she leaves two step-sons and one step-daughter, Osmond B. Stubbs, of Portland, Ore.; Robert N. Stubbs, of St. Louis, Mo., and Mrs. Nicholas Gilman, Wellesley, Mass.

### BERYL ESTELLA BRITTAIN.

Beryl Estella Brittain was born September 2, 1910, gladdening the hearts of Brother and Sister Alfred A. Brittain. On September 19, 1914, this beautiful little bud was transplanted into the heavenly garden there to unfold into an immortal flower. Her earthly life was but little more than four years, yet the loveliness of her character endeared her to all with whom she came in contact.

### RAYMOND VIGUS MILLER.

Raymond Vigus, son of Rev. and Mrs. Charles D. Miller, was born in Tacoma, Wash., January 9, 1915, and four days later the death angel took this little jewel to adorn the Master's kingdom. While permitted to live but so short a time in the parental home, the influence of that little life will ever remain in the minds and hearts of his fond parents and loved ones, making Heaven a little nearer and dearer than ever before.

## MRS. W. McWATTERS

Mrs. Wm. McWatters, wife of Rev. Wm. McWatters, died September 2, 1915, at her home in Ilwaco, Wash., at the age of seventy-six years. She had been a constant sufferer for several years, but toward the last lapsed into a state of semiconsciousness which made the end easier. She was a splendid Christian character, living a victorious life and dying a victorious death. Almost her last words were that she would be glad when the Lord saw fit to take her home to rest.

The services of burial were conducted from the Methodist Episcopal Church of Ilwaco by the pastor, J. H. James, September 4, 1915.

The president appointed W. H. Oliver, Clint W. Lee, Harry L. Brown, and C. E. Heward as tellers.

On motion a rule was adopted requiring each lay electoral delegate to vote for four persons, otherwise ballots to be rejected.

Committee on Resolutions reported the following resolutions, which were adopted:

*"Resolved,* That the Lay Electoral Conference of the Puget Sound Conference hereby disapproves any change in our Discipline which will either actually, or in appearance, lower the standards of Christian conduct. With this thought in mind we ask our delegates to the General Conference to oppose any attempted change in the present rule relating to amusements.

*"Resolved,* That we place this body upon record as favoring a policy that shall include adequate plans for financing any work that shall be undertaken or approved by our General Conference. In line with this policy we believe that the deaconess work should either be included in the regular benevolences or should in some other manner be provided with a regular support.

*"Resolved,* That we again express our faith in the tithe as the only adequate means of financing our church. 'The tenth belongeth to the Lord;' and that we will preach this gospel of finance in our respective charges. That we heartily recommend the duplex envelope system and the careful canvass of each member for subscriptions to be made in one day at the beginning of the year.

*"Resolved,* That we do hereby commit ourselves in favor of the proposed union of the several branches of Methodism, and be it further

*"Resolved,* That we instruct our delegates to do all within their power to advance such a union.

*"Resolved,* That we extend to the ladies and other members and friends of University Methodist Church our warm appreciation of their excellent entertainment of our delegates; and also that we extend to the pastor and trustees of the University Congregational Church our sincere thanks for the use of their church in which to hold the sessions of the Lay Electoral Conference."

The following resolution, offered by Hon. Dix H. Rowland, was unanimously adopted:

*"Resolved,* That we request our delegation to vote for the restoration of the time limit of the pastorate to not more than four years."

On request of Joseph B. Hingeley, secretary of the General Conference, a vote was taken upon the proposition to amend the constitution of the Methodist Episcopal Church by the substitution of the following for paragraph 3 of Section 46 of the constitution:

"The General Conference shall not change nor alter any part of the rule of our government so as to do away episcopacy, nor destroy the plan of our itinerant general superintendency; but may elect a bishop or bishops for work among particular races and languages, or for any of our foreign missions, limiting their Episcopal jurisdiction to the same respectively."

The vote on the proposed substitute stood 73 for and none against.

An amendment proposing to elect delegates to General Conferences at Lay Electoral Conferences the same as is done in Ministerial Conference by blind ballot and without nomination speeches was lost.

The following resolution was offered for adoption, and on motion was lost:

*"Resolved,* That at future meetings of the Puget Sound Lay Electoral Conference the traveling expenses of the members shall be pooled and assessed equally upon all the delegates."

On motion the Lay Electoral Conference adjourned sine die.

districts to appoint men of industry, vigor and ability to this important office, therefore

**Be it resolved** by the Laymen's Association of the Puget Sound Conference that the assessment for the salaries of district superintendents should be levied upon the whole Conference, paid to a Conference treasurer, and by him paid to each district superintendent, each superintendent receiving the same salary as each other superintendent in this Conference.

Moved and carried that the above resolution be conveyed to the annual Conference as the sense of this meeting.

To the Presiding Bishop and members of the Puget Sound Conference:

We, the members of the Laymen's Association believing that greater efficiency and more definite results can be attained by First, reducing the number of district from five to three,

Second, By providing a more adequate support for the district superintendents,

Third, The appointing of the most efficient men available to the positions of district superintendent,

Request that you give consideration to this plan of reorganization that the best results of superintendents may be attained.

## REPORTS DISTRICT SUPERINTENDENTS

### BELLINGHAM DISTRICT

J. M. Canse, Superintendent

We bring our reports without gusto. We have done our best and crave His added blessing that the apparent results may not seem too unworthy. As Moses spoke to Israel, so may we find comfort: "Because Jehovah loved thy fathers, therefore he chose their seed after them, and brought thee out with his presence, with his great power."

The year began with an emergency call. Our Quarterly Bulletin began, "The Endowment Campaign for our College of Puget Sound merits the best money-getting ability that is in us and demands immediate-operation with the wise plans of President Todd. We did not tarry lest we cost the college its endowment. Our people gave liberally. This entertaining church gave over \$1,000.00.

The District Stewards' and Pastors' Meeting was enlarged so as to include Sunday School workers and Epworthians. There was a full day's program that proved inspiring. We gathered in three sub-district zones and planned efficiency and gospel teams.

A unique and profitable organization of the pastors into county associations has cheered many a troubled pastor and afforded the district superintendent his best opportunity to meet his men. The day is spent in worship and fellowship, discussions and council to the profit of all.

An outstanding feature of the year was an All-Day Group Quarterly Conference that took the place of the third regular round. The charges were grouped into ten centers for all-day programs of reports and addresses, with a popular forward movement address at night. The keynote was, "The more excellent way to move forward." Laymen and ministers alike think well of the plan and are asking that it be repeated. The preceding Sunday was devoted to sermons on timely topics; in the morning pastors exchanged pulpits and at night laymen gave addresses.

These intensive conferences were followed by the Annual Meeting of the Ministers' and Laymen's Association, at Mt. Vernon, March 28-30. Our local talent was exceptionally strong and Presidents E. H. Tood and H. J. Talbott, Dr., now Bishop A. W. Leonard and Superintendent J. M. Weaver gave highly appreciated services.

A very attractive eight-room parsonage has been erected at Ferndale to supplant the old one. The pastor, M. B. Phillips, was architect, superintendent and chief builder. The value is easily \$2,000.00 with but \$400.00 unpaid. At Darrington a roomy bungalow parsonage has been built by the generous aid of friends outside the church. F. L. Bloxham deserves high praise as leader in the enterprise.

North Bellingham has bought an ample lot and a small house for their pastor and will rebuild soon. Repairs have been made at Lopez, Trinity and Burlington. The Spencer, Everett, boys are building a Castle. Sumas has put in cement walks and foundation and floor for the church and parsonage and Blaine has made valuable repairs. Two fine service rooms have been added to our entertaining First Church, Everett, valued at \$1,000.00 and paid for by the two organized classes, Philathea and I. T. K. The Edison Church, which came to us last year by exchange from the Congregationalists, has been relieved of a \$400.00 mortgage and fully \$200.00 worth of repairs have been made possible by the efforts of the pastor, J. L. Grandey.

A model church has been erected at Wiser Lake, Whatcom County. The women had previously bought the lots and gave the first \$300.00 in

cash toward the building. The men felled the timber and sawed the bill of lumber valued at over \$600.00 and contributed carpenter labor. The property is easily worth \$2,000.00. The memorial gift of \$350.00 was made by Mrs. J. S. Smith and daughter, Grace N., of Bellingham.

The angel of his presence has hovered over our parsonage homes so that we all remain to this day. Some pastors and some wives have been seriously sick but none have died or sought other climes, except E. R. Tracy, who returned to his home conference and is now stationed at Lookout, Pa., and H. E. Chappell, who has recently been transferred to the Montana Conference.

The clear vision and fine team work of our delegates to the General Conference deserve the united appreciation of the Conference. The election of A. W. Leonard to the episcopacy and the important committee service of our lay and ministerial delegates served to enlarge the place of Puget Sound Conference in every interest of Methodism.

The enactments of the General Conference are pleasing to our people. With the re-adjustment of the Board of Home Missions and Church Extension we shall continue the evangelistic campaign and turn also to more scientific study and co-operation with the department of rural efficiency. The quarterly missionary check continues to give heart to our poorly paid pastors of the smaller charges, where shoes and meat are sometimes near-luxuries.

The gospel note has been clearly sounded throughout the year in the evangelistic campaign. Rev. and Mrs. Wm. Park assisted in revivals at Sedro-Woolley and First Church, Everett, while Evangelist Glasscock held meetings at Avon, Mt. Vernon and Burlington, and Dr. M. H. Marvin wrought well at Lynden and Edmonds. Miss Stringer did good work with the pastors at Custer, Allen, Nooksack and Sumas. Several of our pastors exchanged services and many revival fires were kindled.

The membership will remain essentially as last year. While we have gained by many accessions, yet the population has shifted with many going onto ranches out into the country and many are lost to active membership. The church records puzzle has not yet been satisfactorily solved. Meanwhile we should turn our attention to prayer and more serious spiritual arousements.

We are inspired by the dedication of some of our bright young people who are offering themselves for the ministry, mission fields and deaconess work. The District Epworth League Convention is the focal center for this consecration. Rev. J. R. Sasnett is the popular president. Several local preachers and retired ministers have greatly aided the district work of the year. Observing church men who have been among us on expert service, as Dr. H. J. Talbott and Prof. G. A. Bricker, have expressed delight at the high spiritual tone of our district.

There is occasion for gratitude that in a large number of our charges Methodist public school teachers are rendering themselves useful. With us public education and Christian should be the same and we are blessed with a number of consecrated teachers. At the great Normal School center, Trinity Church, Bellingham, and Rev. E. N. Askey are very popular.

The auxiliary societies have done commendable work. Some of our churches might not show cause for existence were it not for the Sunday School as a community lifter. But why, O why, do some of our people remain dull of vision and ignorant when so much is being done by our Sunday School leaders?

Several Ladies' Aid Societies have shown financial genius and some have aided greatly in social service. At First Church, Bellingham, they have made over 2,000 social and spiritual calls. This lay pastoral service is a crying need in some places, where no one calls on old or new members except for money or cakes. This short-cut to failure should be abandoned.

The Women's Missionary Societies, Home and Foreign, have done

splendidly. In fact, they seem to exceed others in money-getting ability. Pastors may well learn of their ways and devotion and be wise. The installation of the new Apportioned Benevolences committee should prove of vital service to the pastors in planning for and collecting the benevolence budget. In these days of dire peril to missions let us hope the number of contributors may be doubled by this new arrangement. Or perhaps it might stimulate some churches to more generous giving if our reports were to provide special columns for the amounts given by the pastors. I would recommend that such spaces be provided.

Puget Sound must some day become the maritime arena of the nations for weal or woe. As the Holy Land was the thoroughfare for hostile ancient peoples, and the Netherlands in Europe, so Western Washington is the future seat of contest among the great world powers. This mighty harbor of God's building must become man's center of trade. The demands are already upon us for a new adjustment of the Methodist machinery, if in fact some new dynamos should not be installed. The insistence for new methods and the war of ideas must be heeded.

If Armageddon tarries beyond the European struggle we will see an unprecedented demand placed upon our churches for world evangelism and local civic betterment. Already men of vision, are seeing the impending struggle between good and evil. Will it be the final conflict and will this be the place of slaughter or of gospel triumph?

Nothing is worthy today short of a love for our King that will impel the better setting up of the kingdom. Unclean spirits are abroad who feed on nominal Christians. They are the dragon of modern substitutes for God, the beastly tyrant of spiritual anarchy, and a swarm of lying prophets with their fabrics of irrational theories. But Bishop Hughes, we believe that the Bellingham District, pastors and people together, are in training for that "battle of the great day of God Almighty," and submit our reports today with some sense of His approving smile.

### THE OLYMPIA DISTRICT

More things have been wrought in the Olympia District during the last six years than can be told in a brief report. Some of the best things accomplished cannot be set down in cold type. I will not take your time, or try your patience by reviewing the past or making prophecies regarding the future. I will only take time to say we have built and improved churches and parsonages, paid some old debts, and will leave some debts for others to pay. I have seen points where services were held once a month grow into well organized churches, carrying on all the activities of the church which we represent. I have observed at least five enemies of the church:

1. Worldliness, which so easily captures the masses.
2. A want of moral obligation in financial matters.
3. Idleness and indifference of the membership.
4. Ignorance of the teachings of the Bible, so that many are an easy prey to all the isms that sweep over the country.
5. A dearth of the old time faith of the fathers.

During the past year the pastors have been faithful. They all deserve commendation for their sacrifice and devotion to the great work of the church. So far as I know, they are men of one work, and that, the work of the ministry.

Nearly every charge is blessed with a Ladies' Aid Society which is very active in good works.

The Woman's Foreign Missionary Society is organized in a few of the churches and is doing much in that line of work.

The district meeting of the Woman's Home Missionary Society was held in Olympia. Reports show that they are keeping their work

up well in this district. Through their sustentation fund they have helped to bring joy to more than one parsonage home. God bless the work of these good women!

The Epworth League Chapters are doing a fine work among the young people. Their Sunday evening devotional meetings are a great benediction.

The District Meeting was held in the Trinity church, Aberdeen, and was pronounced by all to be a spiritual feast from start to finish.

The preachers' meeting at Elma, though not largely attended, was a very helpful gathering both for the preachers and the people of Elma.

Revivals were held in most of the churches with varying results. The largest in-gathering was at Hoquiam, First Church. Devoted efforts for good never fail. There are times, however, when results seem meager, but God, who watches over the seed that is sown, will in his own good way see a harvest of souls gathered into the Kingdom.

The very first Sunday after the adjournment of Conference the preachers and churches of the District gave their services to the endowment of the College of Puget Sound. Many of the churches of this District surpassed my expectations in their responses to the call of President E. H. Todd, for their part of the \$250,000.

During the year three of the preachers so tired of batching, concluded that it was not good for man to live alone, and so took unto themselves wives to share the joys and sorrows of the parsonage home with them. George D. Morris, Paul Jones and W. H. W. Rees Jr., are the happy men.

That sweet-spirited saint, Andrew Anderson, who only last year retired from the active ranks, was called to join the company of the "Spirits of the Just Made Perfect," on March 4th. He remained interested and eager to work until the end. He often conducted services in a schoolhouse, driving six miles to reach it. When too feeble to stand he would sit and give the message of light and life. His life was an honor, and his character is a legacy to the church he loved so well.

"Servant of God, well done;  
Thy glorious warfare's past,  
The battle fought, the race is run,  
And thou art crowned at last."

Our conference has lost a valuable layman in the death of Senator David S. Troy. He was a man loved and respected by all, with a remarkable ability for large business activities. A staunch advocate and supporter of every good cause. A loyal friend to the preacher, to whom he extended many courtesies, his natural generosity finding an outlet in many kind deeds. By a tragic auto accident he was stricken down in the midst of a busy life. We pray for God's blessing to rest upon the family in their deep grief.

The severe winter of cold and snow paralyzed business, closing mills for weeks, and bringing a debt to the dairy man for extra feed for his cattle, may make a shortage in benevolences and estimated salaries. We trust not, but if so, we have done our best.

We have urged all our churches to adopt the New Financial Plan, but they have not all done so. The system is very good but it will not work itself. Where we have the leaders it is easy to adopt new methods and carry them out, but where the membership is small and much of the support must come from people who are not members of the church it is more difficult. Many times their gifts are generous but they must give in their own way.

As a pastor and District Superintendent, I have always laid emphasis on Sunday School work. I have urged pastors and churches to greater activity in this department of the church, for it is from this source that we look for our largest growth in membership. Neglect the Sunday School, and the church will die. During the month of May, Brother J. M.

Weaver and myself visited nearly every charge in the District. Our aim was to stimulate efficiency and to inform the churches of the great work being done by our Sunday School Board in the bounds of our Conference. When our churches learn to employ the best methods we shall save the children to the church.

Soon after conference, I appointed Brother H. A. Liffiton and wife to Port Angeles Circuit, a large field, west of the city of Port Angeles. All the appointments are in school houses which are many miles apart. They have traveled this circuit and done a splendid work for the Master. When their bicycles gave out or tires went flat they walked. There was no parsonage in which to live, so an old log barn which was at one time a house, was again converted into a dwelling and after some remodeling made rather a rustic home. Very soon this hospitable home became the center of activity for the young people. Mrs. Liffiton has done much for the community by giving lessons to some souls hungry for music. These frontier farmers have not been able to do as much as we hoped in the way of financial support. The work has paid the pastor about one hundred and fifty dollars outside of the missionary appropriation. Now they have found another house and moved into it and desire to stay another year for the sake of the Kingdom of God in this new field. (However, if some of the brethren who want to move every year, would like this appointment, perhaps I could prevail upon Brother and Sister Liffiton to exchange with them.) I could not write of new work and leave out the name of our dear Brother Hopkins, who has been serving Olympia Circuit. He ministers to a number of Sundays Schools of more or less promise. Doubtless some of them will grow into thriving churches. Brother Hopkins visits the sick, ministers to the dying, buries the dead and occasionally marries a couple. His great work, however, is in his pastoral visitation, cheering the discouraged and comforting the sorrowing and distributing tracts among the people.

I do not think we are wasting a dollar of missionary money on the Olympia District. Some of the charges have received help for a number of years and may need some help for years to come if we are to hold the Sunday School points for Methodism. In one town we have two sister denominations, which give annually to their pastor the neat sum of \$600 missionary money, while our preacher competes with them and about a dozen other denominations without a dollar of missionary help.

I cannot take time to tell you of my personal experiences since I took up the work of the district, but I will say that my relations to both preachers and churches have been very pleasant. I have endeavored to enter into the sympathies and needs of the parsonage home and at the same time also attempted to look at the problems from the layman's standpoint.

Now, after six years service in the Olympia District, what of it? I have traveled over ten thousand miles each year. Sometimes by boats slow and fast, over calm and stormy waters of the Straits, through rain and sunshine, cold and heat, by train, auto stage and on foot. I have slept in wet clothing and in churches, but seldom have I had to go hungry. My health has been good throughout the entire term. Bishops, General Secretaries and field workers have been so close to us that we could almost touch the hem of their garments, but only once, when the conference was held in Olympia, did they step over the line. Yet our people are very loyal, knowing that these great men have their greater work to do and could not afford to take the time to visit these outlying posts of Methodism. They may not, however, have a correct impression of this great field. Indeed, they cannot, until they have made us a visit that will cost them more than a two-cent stamp. Encouraging letters are helpful but the personal presence of the great worker is much better. A District Superintendent cannot do the work of this District by correspondence. He must personally be on the ground and meet the preachers and laymen face to face and help them to solve their problems,

which are many. Now and then, people say to me: "What will we do when the timber is all gone?" We need not worry about the timber being exhausted. A railroad official told me a short time ago that it was estimated that in Jefferson and Clallam Counties alone they could take out a train load of eighty cars of sawed lumber, seven days in the week, for the next three hundred and eighty-four years. Some timber yet, Bishop. Then our valleys are being transformed from dead stumps and tall ferns into fruitful fields and dairy farms. Slow to be sure but the day is coming when villages will spring up in these fertile valleys and churches and preachers will be needed. I could form some new circuits if I had money and men to take care of the work. During the past year, the Milwaukee Railroad has made its connecting link between Port Townsend and Port Angeles and extended its line about forty miles west of Port Angeles out into the edge of some of the greatest timber in the world. The State has, at a great cost, built the Olympic Highway along Hood's Canal, making it possible for the autoist to penetrate the Olympic Mountains. Soon other roads are to be extended north from Aberdeen and Hoquiam and when finished will make a complete circuit through the greatest timber belt in the nation. I shall not attempt to tell of the power going to waste in the mountain streams of this vast territory. We have scarcely touched the resources of this vast field. When the war in Europe is over, and the old world again calls for our lumber and our shingles it will tax a District Superintendent to the limit to take care of this work.

It is with a tinge of sadness that I now lay down the burdens and the joys of this interesting field of toil. I rejoice in the victories that have come to the churches, but at the same time I am sorry that we have not been able to do more. I shall turn over to my successor, whoever he may be, problems that will keep him busy during the day time and perhaps also at night. Mrs. Todd and myself after eight happy years of residence in the Capital City have formed many friendships both in and out of the church to whom we now must say goodbye. Our home among the trees in which we have taken so much pleasure must be occupied by others, while we go to the Master's work in another place. So goodbye, dear home, goodbye jolly conductors and genial brakemen and steamboat captains and stage drivers and a multitude of dear friends in all the churches.

## SEATTLE DISTRICT

George A. Landen, Superintendent

It is with gratitude to God that I bring you my second annual report of the work on Seattle District. It has been a year of hard toil and not without some trials and afflictions, but the Lord has been gracious to us all.

The health of the preachers and their families has generally been good. The wives of Rev. J. W. Kern and W. M. Hoare were both in the Seattle General hospital for a little while as a result of surgical operations they had to undergo. Both have greatly improved in health since that time. Rev. A. F. Grissom, in the early part of the year, was stricken with appendicitis and a surgical operation was necessary. He is now in good health. Dr. W. S. Harrington, one of the most highly esteemed members of this Conference, was taken quite seriously ill in the early spring and has been confined to his home the great part of the time since. Recently, however, there has been considerable improvement in his condition and you may have the pleasure of looking into his face before this Conference closes. During his sickness he has suffered considerable difficulty in breathing and much bodily pain, but has been an

example of patience. He is certainly a splendid object lesson to all of us as to how to grow old sweetly. May the evening time be all light and no shadows for him.

Rev. Gustaf F. West, who for a number of years has been Chaplain of the Seaman's Bethel, was taken suddenly ill on March the 6th and in a few hours passed from his labors to the reward of the faithful. Few men have had wider and more wholesome influence among seamen than did Chaplain West. His place will be hard to fill.

Rev. C. R. Pomeroy, D. D., an honored retired member of this Conference, who for several years has been in feeble health, found relief from bodily ills and passed on to the Celestial City during the year. He was an educated, cultured, Christian gentleman whom it was a pleasure to know.

Katherine Haynor, the eighteen-year-old daughter of Brother and Sister Bowen, a girl of beautiful Christian character and winsome manners, is not, for Good took her. From childhood she had been physically handicapped but in spite of that had done well in her studies in school, and her one ambition was to be strong and well that she might engage in Missionary work; but God willed otherwise and we all bow in submission to His will.

At the close of Conference last year, every charge was supplied with a Pastor. Very few changes have been made during the year. The General Conference saw fit to make one change for us by electing Dr. Adna Wright Leonard to the office of a Bishop. Dr. Leonard, in the six years that he was with us, not only did a great work for First Church, Seattle, but had an important part in helping to make sure the perpetuity of the College of Puget Sound and the securing of state-wide prohibition. He was closely allied to every forward movement for the building up of the Kingdom of God. We shall greatly miss his wise counsel and brotherly spirit and pray God's richest blessings upon him as a Bishop of our Church.

Dr. J. E. Crowther was chosen as Dr. Leonard's successor at First Church and though he has only been with us a few weeks, he has already found his way to the hearts of the people. He and his good wife have been received with open arms by our First Church people. We predict for him a very successful pastorate.

The call of the National Guard for service on the border took M. L. McEwen from the Pastorate of Sixty-second Street Church and Chas. F. Johnson a young local preacher, has supplied the charge since very acceptably to the people.

In July an exchange was consummated between Frank Hancock of Lakeside Church and Harvey H. Newman of the North Dakota Conference by which these two brethren changed places.

The financial depression has made it practically impossible to do much in the way of building. The Crown Hill Church was completed during the year at a cost of \$1,300, under the leadership of our City Missionary, W. H. Leech, and W. H. Thomas, who has supplied the charge the latter half of the year. This gives us a good building for our work and three lots valued at \$1,000.

Tibbitts Memorial Church auditorium has been seated with very neat opera chairs at a cost of \$150.

Minor improvements have been made in a number of churches and parsonage but I am not able to give the aggregate amount of these expenditures.

"Men may come and men may go," but Church debts go on forever. We have been unable to do much more this year than pay the interest on our indebtedness. We cannot report any large reduction in our Church debts. First Church has met their annual payment. Green Lake has secured pledges amounting to about \$8,000 on their debt in monthly payments running for three years. The bank has taken these

pledges and loaned the trustees the money on them to pay \$6,200 of their debt.

For the past four years the District has shown a falling off in its contributions to Home and Foreign Missions. This is due in part to the financial condition and in part to the urgent appeal for local institutions and causes. I think we will hold our own this year and I sincerely hope we may have some increase in our offerings. Our people have lost none of their missionary zeal and as soon as conditions generally change, our offerings will be increased.

As a District, we adopted the Forward Movement Programme presented by the Commission on Evangelism and this program was carried out in whole or in part in nearly all our churches with some success though not all we desired. What the permanent results in actual increase in membership are will be shown by reports of the pastors.

How are we going to stop the leakage caused through members leaving without certificate? I do not hesitate to say that more care should be taken by our pastors in the follow-up plan. If the head of a business concern can keep track of the people whose names appear on his books, why cannot a pastor keep track of the people whose names are on his Church Record book? It is as important to save the people who are already members of our Church as it is to get others to join the Church.

Sufficient care is not always exercised in making reports. For instance, here is a pastor who reports a certain number of members on the records and his successor finds by actual count of every name on the records that there is less than the number reported. Why the discrepancy? These are not imaginary cases but actual facts.

Our Sunday Schools continue to be the recruiting agency of the Church. Most of our additions to Church membership has come from the Sunday Schools. Our pastors and Superintendents generally are striving to make the schools real Bible Schools for the study of God's Word. Special days, such as Decision Day, Rally Day, and Children's Day, should be observed in all our schools to increase interest and attendance and to waken the parents to a realization of the importance of the Sunday School.

Rev. J. M. Weaver, our Conference Superintendent of Sunday Schools, has been instant in season and out of season and has always responded promptly and readily to any call from the Superintendent of Seattle District for any service in organizing a new school or strengthening a weak one. He has proven himself an efficient workman.

The Ladies' Aid Societies have, in addition to the financial aid rendered the churches, done a vast amount of visiting upon the sick, the shut-ins, and the strangers; and strengthened the hands of the pastors in many ways.

The Women's Home and Foreign Missionary Societies have been zealous in cultivating the missionary spirit and vision, and disseminating missionary intelligence. With their self-denial and untiring efforts they have succeeded in bringing a goodly sum into the Lord's treasury for the evangelization of the world.

The National Convention of the Woman's Home Missionary Society held in Seattle last fall was a source of inspiration to our women and our churches.

The Epworth and Junior Leagues are in good condition and growing in numbers. A number of our young people attended the Institute this summer and were greatly helped by it.

Our Deaconess' work is in a much more encouraging condition than it has been for several years. The training school did excellent work last year under the wise and efficient superintendency of Miss Mary B. Sweet. Our faculty has been greatly strengthened this year by the addition of

Mrs. Kate M. Cooper, who for several years has been Secretary of the National Deaconess' Association.

The Settlement Work was embarrassed for a time for lack of workers. Miss Lewis, the Superintendent, had a nervous breakdown and is now on sick leave. We worked short handed for a time until Portland loaned us Miss Gasser, who is now in charge of the work, assisted by Miss Rice and Miss Hulbert, one of our own girls who is recommended for License at this Conference.

The crying need of our Deaconess work is buildings both for Training School and Settlement Work. If we had proper buildings, adequately equipped, we would have no trouble in securing young women for Deaconess work. I wish the Lord would lay this matter on the hearts of some of our well-to-do laymen that they might give us the funds needed.

The Seattle General Hospital under the splendid management of Miss Hall has done an excellent work in ministering to the sick.

Seattle Methodism did its parts in helping to secure the \$250,000 endowment for the College of Puget Sound and rejoice with Dr. Todd in the success that has crowned his heroic efforts in securing the entire amount asked. Our people believe in the College and its courageous President.

The Church paper is always the pastors' most valuable assistant and the pastor who fails to circulate our religious papers and literature is neglecting a source of great helpfulness. The Pacific Christian Advocate should be placed in every Methodist home. About fifty percent of the official members on Seattle District are not subscribers. Here is work for the preachers.

It is needless in a report of this kind to take the time to mention each charge and pastor by name. Some of the pastors have labored in hard places and on very meager support but they have been true to God and loyal to the church and have wrought on without a complaint.

Bishop Hughes, the days of Methodist pioneers have not passed. We have them even in the Seattle District. My relations with pastors and people have been very pleasant indeed, and I desire to thank one and all for their uniform kindness to me and mine.

Permit me to say in conclusion, Bishop Hughes, that on behalf of the people of Seattle District and for myself personally, we bid you a most hearty welcome to this area and to the Presidency of our Conference. May the stay of yourself and family among us be not only pleasant, but may the Lord greatly bless your labors as our Chief Pastor.

## TACOMA DISTRICT

**Spencer S. Sulliger, Superintendent**

Each year of life has its peculiar experiences and the past Conference year has held for me experiences that are very extraordinary. The year started well and continued so up to the last day. Marked progress has come as the result of consecrated, devoted and sacrificing work of both preachers and laymen. It has not been an easy year, but, thank God, it has been a blessed year.

The work of the Ladies' Aid Societies has been fully up to the usual standard of such organizations. I count it a cheap and narrow mind that seems to delight in taking a "fling" at the Ladies' Aid Society. A few evangelists, some of them with records that blister under the sun of investigation, have the habit of cruelly criticizing the Ladies' Aid Society as an organization. This has spread to a few of our people, but the number of these grows less as the splendid work of the women of our Church is investigated and understood.

The Womans' Foreign and the Womans' Home Missionary Societies have done good work. Eliminating the very few cases where the work

has been directed in channels not properly belonging to the organizations, I commend most fully their devotion, zeal and spirituality. And here, as elsewhere, if those who criticize would put the same devotion and zeal in other departments of church work the result would be an increase everywhere.

The Epworth League has made the greatest advance of any year since I have been on the District. A splendid District organization and Conference Institute have pushed to the very front the young people of the District. Here again adverse criticism had better be limited and work be directed toward helping these young people attain a higher degree of proficiency. A pastor said of his League that it was a courting club. But the Epworth Leagues of Tacoma District are far above being simply a meeting place for young people; they are aggressive, enthusiastic, spiritual factors in the work of the District.

As a rule the financial system adopted on the District has been well worked. Results have not been all we would have desired, and adverse local conditions have caused deficiencies that are as painful to the membership as to the pastors. Great advance was made this year by way of more thorough organization and better working of plans and we will give the new financial plans adopted by the last General Conference a faithful trial during the coming year.

Sickness has invaded our ranks more than usual this year but only one parsonage has had the death shadow engulf it. A baby girl slipped from the arms of Brother and Sister Berringer into the arms of the angels of God.

One of the most signal victories ever won was the completion of the endowment fund of the College of Puget Sound. President Todd threw himself into that task with all the abandon that comes to one who sees the hand of God in, and follows the call of God to, a great work. Dr. Todd had many able and faithful helpers and a complete victory resulted. But the College of Puget Sound needs prayers and money as never before. The coming year will have need of every dollar the Church can give, for the interest from the endowment will not pay the current expenses of the College and care for the past indebtedness. The work of the Sunday Schools will have a great uplift and help through a rally of the workers in Tacoma, September 21. With such help from outside as Dr. Blake and such a faithful and efficient worker as our own Brother Weaver, we expect a great meeting and a greater year of work in our Sunday Schools than ever before.

Almost every church on the District has had a revival, many of them with good results as to membership and all of them with good results as to increase in spiritual life and power of the church. I will advise against any one-week or ten-day meetings that masquerade under the name "Protracted Meeting." The devil of sin is deeply entrenched and no charge will dislodge him; it takes a siege. And unless pastor and people are not only willing, but anxious, to pay the price of a siege, the little revival spurt might just as well be omitted.

The Pacific Christian Advocate is in favor with our people and we expect to give that hard-working editor all the help we can. His is no easy task, as those familiar with the inner facts very well know. Editor Hughes needs, and I believe will receive, full support from pastors and people.

New churches have been built or are in process of building, at Summit View, Le Sourd and First Church, Tacoma. Improvements on churches and parsonages, which have in some cases been almost equal to a new building, have been made at Asbury, Puyallup, Auburn, South Prairie, Sumner, Fern Hill, Bethany and Vashon. A beautiful parsonage at Orting will be ready for the pastor of that delightful charge at the close of this Conference. The most extensive church building enterprise has been that of First Church, Tacoma. The Mother Church of the District will be able to dedicate, not later than Christmas, one of the most

completely equipped church buildings in the Pacific Northwest. It will be a marvel for convenience of arrangement, beauty of architecture and moderate cost. The Puget Sound Conference will be invited to hold its next session in this new church.

On the nineteenth day of June, at 1:30 a. m., I received a message telling me that the Second Washington Infantry had been called into the Federal service and I was ordered to report at once to Col. Wm. M. Inglis, at Seattle. I have been Chaplain of the Second Washington for over sixteen years and this call took me into the active service for the first time. On the fourth day of July the regiment left Cosgrove, under order to go to Calexico, Cal. We had a hot reception when we reached Calexico, at 3 p. m., July 7, for the thermometer registered 108. I spent my first night, as did many others, on my cot in the alfalfa field where we were quartered, on the spot where my tent was erected the next morning. But I had only a very beautiful southern sky over me that first night.

My work with the regiment was greatly helped by the fine resolutions passed by the preachers of Tacoma District and the brotherly and patriotic letter sent me by our presiding officer, Bishop Hughes. The willingness of the leaders and members of our Church to let me leave the heavy work of a District and go with the regiment, put our church in high favor with officers and men, and opened the way for me to do my work. In so far as personal work among men goes, the two months spent in Calexico were the greatest of my ministry. Far from home and loved ones, I found it very easy to get to the hearts of the men. I never did more work in any two months of my life for I gave full attention to all correspondence and other work connected with the District, including the arrangements for quarterly meetings, etc. But I gladly did the extra work because of the many men I had the privilege to talk to about Jesus.

These two months would have seriously disturbed the work of the District had it not been for the loyalty of both preachers and laymen. Brethren took upon them the additional burden of caring for some of the quarterly meetings. With the very heavy work a District Superintendent in this western field has, it means much to be gone sixty days. In all the twenty years of my District work this is my first absence from the District for other than distinctly church work. The tremendous work of this growing country makes it so that a District Superintendent needs almost every hour of his time for his work, and while I am glad for the opportunity of doing the truly great work among the men of the army, I am very glad it did not take any more of my time. The regiment will, in a few days, be mustered out of the Federal service.

Many very commendable features of the work on the District must be unwritten by me. My pen cannot fully tell of the very splendid esprit de corps of the District, both as to preachers and laymen. Nor can I write of the number of specially noble deeds of sacrifice and devotion of both preachers and laymen. I am sure that there has been no year of my ministry in which I have seen more deeds of sacrifice and greater solicitude for the success of the Church than this year. Financial stress has been very general, and while the reports may show the effects of this condition, yet had it not been for some very marked cases of sacrifice the returns from the District would have been much less.

Dr. W. B. Hollingshead writes to me: "Tacoma District has the unique distinction of having the highest per capita record for benevolences in the Methodist Episcopal Church." That record was made possible by most faithful work of both preachers and laymen and some heroic sacrifices by both classes. Whether we will be able to maintain that record this year I am not able to say, but preachers and people of Tacoma District have done their best to do so. We bring and place at the feet of the Master the best we could do. I have no fears that He

will not receive it, nor any doubt that the preachers and people will do their best to make next year even a better year than this year.

I am thankful to God for perfect health and a real delight in doing the work. With such perfect harmony among people and preachers and such willingness to help in every way, I ought to be what I am—a very happy District Superintendent.

## VANCOUVER DISTRICT

**T. E. Elliott, Superintendent**

I desire to record my thanks to Almighty God for His kind providence in enabling me to make this, my second annual report of the Vancouver district. On the whole we have had a good year. We started the year with thirty-two preachers and we come to this Conference with the same number and the same men save one. Brother Sherman V. Warren, by the kindness of Dr. Sulliger, was given a place on the Tacoma District. This opened East Mill Plain charge. To fill this vacancy I took John H. Avery from Salmon Creek. This young man has served some of the hardest places in the Puget Sound Conference for the last eight years and I felt that he had earned a promotion. The people are delighted with his ministry. I then placed Herbert H. Rama, a local preacher, in charge at Salmon Creek and he is very acceptable.

There has been one death on the district this year. Rev. William McWatters, a retired member of this conference, entered peacefully into his eternal rest on the morning of February second at the home of J. A. Simmons, Ilwaco, Wash. His death was assigned to chronic bronchial trouble and to his advanced age, he being 84 years old. The Rev. V. A. Spicker, pastor of our church at Ilwaco, preached the funeral sermon. Interment was in Ilwaco cemetery.

Early in the conference year the daughter of Brother and Sister Dorwin, of South Bend, was taken to the hospital for an operation which was successfully performed. Margaret has her face turned to the Mission field, where she hopes some day to do work for her Master. The wife of Brother Thompson, pastor at Morton, was operated on in the Seattle General hospital last winter and we are glad to report her gaining in health splendidly. The wife of Brother Greening, pastor at Raymond, went through a like experience at the Seattle General hospital, and she, also, has very much improved, though not as yet regained her normal health. The wife of Brother Granberg, pastor at Skamokawa, was taken to the hospital at Astoria, Oregon, where an operation was successfully performed. The pastor's wife at Randle—Sister Green—had a long spell of serious illness during the winter, but we are glad to report her complete recovery.

Our district meeting at Ridgefield was the "best ever," according to the statements of many of the brethren. We had men seeking Christ at the last service.

We have had special meetings on nearly every charge; some without any visible results; others the ingathering has been quite large. At Centralia fully one hundred were added to the church. Vancouver has added a hundred also. We have had to do some pruning, but we shall make a good gain in membership.

I believe I can safely say that we shall exceed last year's benevolences by a goodly sum. I take pride in holding up these causes to the preachers and people and have been successful to this extent: In each year of the seven that I have been a superintendent the benevolences have increased over the preceding year, thanks to a noble band of preachers who have made some sacrifice to make this thing possible.

Several of the charges increased the salary of the pastor over the estimate of last year. They are: Ilwaco, Grays River, Pe Ell, Morton, Camas, Lebam. Nine charges on the district have a "Star" for every benevolence: Chehalis, Bay Center, Chinook, East Mill Plain, Grays River, Kalama, Morton, Vancouver and Napavine.

The following churches and parsonages have been improved to the extent of the amount herewith given: Yacolt, \$45; Felida, \$40; Stevenson, \$25; South Bend, \$130; Ocean Park, \$206; Chinook, \$100; Kelso, \$75; Ridgefield, \$35; Winlock, \$47; Morton \$300. The Maple Grove church has been moved to Battle Ground—just one mile from where it formerly stood—where we have one of the best corners in the town. I feel it to be my duty to mention the name of one layman in this connection—Mr. I. W. Emory—who assumed all responsibility of looking after the moving, and against some opposition and much indifference, saw the completion of the project. John H. James is the pastor. The total cost was about \$500, all of which is paid save \$61. This gives us a hold in a growing town in the heart of a farming community.

In the town of Camas we have made another fine improvement in the construction of a cement block basement under the entire church. This is the work of Rev. David A. Storey as Pastor-Leader. The total cost of this improvement is \$1,555, every cent of which is paid. The salary of this pastor came up from \$261, paid last year, to \$900, paid this year, and the other day I had a letter from a banker who was sending me the result of a meeting of business men which said: "If you will take the afternoon appointment off from our charge so that we can have this pastor all the time we will pay him as much next year as both places paid him this year." That will mean \$1,050. That afternoon appointment comes off. I have dedicated three churches where Brother Storey has been pastor, and have never had occasion to take a collection even at the dedication for raising funds; every cent has been paid in full. At Ilwaco, from a forlorn, forsaken, dilapidated and discouraging appearance and condition the property has taken on an appearance of prosperity and respectability, making it attractive and inviting. Part of the parsonage was reshingled; new sills and blocking placed under the same; the interior was painted and papered; modern toilet and bathroom fixtures were installed; a new porch was built in the rear; the exterior was given two coats of paint; a new cooking range installed in the kitchen and the fence repaired and painted. The church building was also given two coats of paint; some new window lights put in and the old rickety tower torn down and replaced with a modern tower of square design. The improvements amounted to \$400. Vern Spicker, a new man from Evanston, did the leading in this work. His salary was also raised from \$480, paid last year, to \$720, paid this year.

Old debts I hate. I wish the churches were all free from them. We have been attempting, this hardest of all years, to cancel some on the district. Debts, of a local character, that have run for years in Kelso have been paid to the amount of \$450. At Sea View a debt on the church property that has stood since its erection, has been cancelled; amount, \$215.00.

I have one case, however, that should receive special mention. At Pe Ell there has been a debt on the church for twenty-three years. Every preacher who has been there has been afraid to tackle it; and I am not surprised at that. If ever there was a forlorn hope it seemed to be there. Seventy-five per cent of the population are foreigners; and a very small membership consisting mostly of elderly people; things looked gloomy; it looked like punishment to send a man there. The total salary paid last year was \$275—this for the charge which is a two-point circuit. I picked a young man for this place and gave him the following encouragement: "You are going to the hardest place on the Vancouver District, but I have confidence in you and I will back you." He went without a word of complaint. His salary has come up from

\$275 to \$925. The benevolences have been trebled; that old debt of \$200 of twenty-three years standing has been paid. The name of that young man is John Herbert Geoghegan. This is a modern miracle.

East Raymond church, which hereafter should be called Willapa, was dedicated free from debt on Sunday, July 9. Rev. John W. Rule, the pastor, had things well in hand, and, in this case also, we did not have to take a collection to cancel any debt. It seemed so odd to me, however, to dedicate a church, without taking a collection, that I took one for the pastor and received for him about \$43. At Grays River the trustees sold the old parsonage, and built a new modern house with all modern improvements. They sold the old house for \$900 and built a new one worth \$1,800. Ernest J. Bates, pastor.

I cannot speak too highly of the Ladies' Aid on the different charges. I have added the amounts they have raised this year on the district and find the total to reach the magnificent sum of \$4,898.06, with one place omitted where I could not secure a report. Considerably more than half of this amount has been paid on preachers' salaries; in many places we could not keep the doors of the church open were it not for the Ladies' Aid. There are but two charges on the district where we have no such organization. God bless our women workers. They are busy also in the W. H. M. S. and the W. F. M. S. Both societies are represented at several places on the Vancouver district. There should be more.

Rev. C. H. Cowdy has done a fine work at Ocean Park. As some of you know, this is our famous Summer Resort. Brother Cowdy has during his five years as pastor caused to be erected a church building costing \$4,000, and one which cannot be surpassed in beauty of architecture in this conference. In a side room in this building is a free reading room, supplied with chairs, tables, lounge, and even a cradle for the young mother to place the baby in while she rests. "Just like home" are the words the visitors use.

Pe Ell and Walville will be divided and the Boisfort work will go on with Pe Ell. This will work out a problem in serving this outlying point. Ostrander will be taken from Kelso and become self-supporting at once, paying a pastor, probably not less than seven or eight hundred dollars a year with a house to live in. James T. McQueen, one of our very best men, has helped to make this a possibility. By this arrangement, both Kelso and Ostrander should do much better work and do it easier.

This will make places for three more preachers on the district. Besides these I have two men who are going out of the regular pastorate: Rev. Olaf Granberg, who has served Skamokawa for the past two years, and J. H. James, who leaves Yacolt to go into the Evangelistic field. In addition to these, Brother Rossman has been asked for as assistant pastor for the First Church at Vancouver, and this I recommend. These changes will give us six new places to fill on the Vancouver district alone. They are splendid opportunities for men who are looking for a chance to do something on what is, at least in part, virgin soil.

We did our best to carry out the plan of the Forward Movement as sent out by Bishop Henderson and others and, I believe this should be carried forward into the next, or present, quadrennium. The Epworth Leagues of the district held a very profitable district meeting at Winlock in August. My impression is that they would do even better by holding their meeting earlier in the year, as August is a busy month farming.

I desire to speak of some things that have come to me on the district. I have the honor to serve. Our system of ministerial support which covers four claims, furnishes much material for comment in some sources. I believe in it with all my heart. It is not burdensome when properly adjusted. Here, in the adjustment, criticism has been freely offered. In the country charges, many of them, people will pay so much and no more for ministerial support. Hence, it is very evident that just in proportion as three of those claims are increased the fourth, or pastor's claim, must suffer. In fixing these amounts, the Book Committee, the Annual Con-

ference, the District Stewards respectively, should have in mind the application in the last analysis, or, its effect on the circuit preacher whose salary is less than \$500 a year. In my humble opinion nothing is too good for our retired preachers; but this leads me to ask: Is it possible that we are making Conference claimants prematurely by adding to the amounts asked from the country charge at the rate that we have been doing this last few years? Is five per cent enough to ask from the charge on Conference claimants? I mean an amount equal to five per cent of pastor's salary? Many laymen and preachers in this Conference think it is. The "dollar per member for our College is not being reached, nor nearly reached, in many of the charges. The reason is not that there is anything against the College, or its worthy president, but, because it is an absolute impossibility. Our official benevolences have been increased tremendously this last few years. The strain that is put forth to meet them leads me to say that the preacher, more than any other man, is making the sacrifice, hence, I ask, may we not be making Conference claimants prematurely? I know this: in many of the charges on the district I serve the men are not getting sufficient salary to allow them to appear respectable in their dress; to supply the necessary food for the table, or to clothe their children like the rest of people clothe theirs. This cheapens the ministry. It defeats its purpose. If I am not very much mistaken these conditions have caused an agitation which is not to be overcome by evading the questions herein mentioned, but by fearlessly and frankly meeting the issue. Would it improve conditions to have four districts only in the Puget Sound Conference and cut the Superintendent's salary to eight per cent instead of ten per cent as now paid on a basis of pastor's salary? Would it help matters to fix Conference claimant's amount at five per cent?

And now, Bishop and brethren, need I say that it has called forth a seeming boldness, and a little courage to mention these things as I have here today? I have some remedies. They are found in a little book called the "Doctrines and Discipline of the Methodist Episcopal Church." The remedies therein contained are based upon a large book called the BIBLE. If our laymen would go out, especially the Stewards, and make a house-to-house canvass for the support of the ministry and the collecting of the benevolences of the charge where they reside, the financial hurt would be a thing of the past. This is called "The Every-Member Canvass." And if our preachers would act, in all cases, as becometh men who are called of God to preach His gospel to a lost and dead world, it might put more real heart into those laymen and cause them to do their duty. If some of our layment would quit railing at those in authority, and if the preachers would, as a true man will, give them to understand that they want none of that in their charge, the effect would be marvelous. If laymen and preachers would work together for the advancement of the Kingdom by strengthening the individual charge, then we would see the clouds lift as the mists of the morning and the sunshine of God would flood our lives, and bless our homes, and build up our churches. No Bishop or District Superintendent is a creator of a charge. The true pastor asks not for this. He wants a hand in the creation of the charge to which he is sent. Every man, in the last analysis, makes or breaks himself. Bishops and Superintendents are ready to meet the preachers in the day of judgment, and uncalled-for remarks made by preachers and laymen alike, will stand the test of that same judgment. I have spent a blessed year on the district. I desire to express my thanks to the laity and the ministry who have cared for me so well; and to Almighty God, who saves me by His Grace, and keeps me from the evil one.

"Then let our songs abound;

And every tear be dry.

We're marching through Emanuel's ground

To fairer worlds on high."

## REPORTS OF STANDING COMMITTEES AND BOARDS

## REPORT ON THE COMMITTEE ON EDUCATION.

## I. Board of Education.

1. Student's Loan Fund. We recognize a two-fold responsibility with respect to the Student Loan Fund of the Board of Education: First, the observation of Children's Day and the constant replenishment of the Loan Fund, and, second, co-operation with the Board of Education in securing the repayment of loans from the beneficiaries.

2. Jubilee Campaign. Since the General Conference has authorized the Board of Education to conduct a Jubilee Campaign in the interests of our Educational Institutions, we respectfully urge the Board of Trustees of the College of Puget Sound and the Conference Board of Education to avail themselves of the opportunity to augment the endowment, buildings and equipment of our Conference College.

## II. College of Puget Sound.

1. Endowment. The Endowment Campaign was successfully completed on October first of last year. Mr. Jas. J. Hill has paid his \$50,000 pledge and over \$25,000 additional on endowment has been collected. More than \$175,000 is in the form of interest bearing notes.

2. Standards. The adoption of College organization has resulted in advanced standards and resulted in a marked improvement in reputation with educators and boards of education, both in the East and on the Pacific Coast.

3. Public Educational Collection. The General Conference has provided that the Public Educational Collection shall be apportioned by the Apportionment Secretary, twenty per cent of that apportionment going to the Board of Education and eighty per cent to be disbursed by the Conference. However, this action does not prevent the Conference from the apportionment for public education, as condition may warrant. We therefore urge the consummation of the plan adopted three years ago, apportioning an amount equal to \$1.00 per member to each charge for the period of four years, and that special stress be laid upon it this last year for the following reasons: First, it is the completion of our own Conference plan; second, the increased expenses from the endowment campaign; third, the fact that we have not attained our goal during the past three years has left indebtedness to embarrass the administration, which would have been paid had the plan been fully carried out. Your committee has information of far-reaching possibilities that may be jeopardized if we fail to reach the full apportionment for the coming years. (See paragraphs 468, Sec. 2; 496, Sec. 1, 410, Sec. 6, The Discipline.)

4. The President. We would not fail in the report to make mention of the successful administration of our president, Dr. E. H. Todd. Like Barnabas of old, he is a man full of faith and the Holy Spirit. He undertook the task of raising \$250,000 and has succeeded. We commend his large plans for the upbuilding of the college to the prayerful consideration of the people and hereby pledge him our continued and cordial support.

5. Conference Anniversary. We recommend that at each session of the Annual Conference, the program shall provide for an Educational Anniversary.

6. Trustees. We nominate the following for Trustees of the College of Puget Sound for the three-year term:

Edward L. Blaine, Seattle; E. A. Rich, Tacoma; E. S. Collins, Ostrander; Thomas E. Elliott, Vancouver, Wash.; P. J. Brix, Astoria,

Ore.; A. E. Elford, Seattle; James E. Crowther, Seattle; J. M. Canse, Bellingham; Bishop Matthew S. Hughes, Portland, Ore.

The Columbia River Conference elected the following:

U. F. Hawk, Spokane; B. F. Kumler, North Yakima.

The Alumni Association elected Raymond Cook, Chehalis.

### III. Theological Schools.

1. We urge our young ministers to secure the fullest possible preparation for their life work and recommend that they secure their theological training in the seminaries of the Methodist Episcopal Church. Boston, Drew, Garrett, Iliff and Kimball Schools of Theology offer adequate opportunity.

2. We recognize that there is need of a School of Theology for the Pacific Northwest, and we commend to our people the cordial support of Kimball College of Theology as supplying the need.

We shall be glad to give opportunity to its president, H. T. Talbott, in so far as practicable, to present the interest of this worthy institution to our people. We ask the Conference to elect visitors to Kimball School of Theology.

### IV. Conference Board of Education.

Paragraph 465 of the Discipline makes it the duty of each Annual Conference to organize a Conference Board of Education. Pursuant to that requirement we submit the following by-laws for adoption:

Article I. Section 1. The name of this Board shall be "The Puget Sound Annual Conference Board of Education."

Article II. The Board shall consist of one minister and one layman for each district besides two ex-officio members. (The presidents of College of Puget Sound and Kimball School of Theology.)

Article III. Section 1. Nominations for membership of the Board shall be made by the Conference Committee on Education; provided, however, that other nominations may be made from the Conference floor, in which event the elections shall be determined by ballot.

Sec. 2. Failure on the part of the Annual Conference to take action on the nominations of the committee shall operate to elect the nominees.

Article IV. Section 1. The Board shall hold two meetings each year, one of which shall be held at the seat of the Annual Conference to be called the "Annual Meeting of the Board," at which meeting it shall elect officers and appoint such committees as it may determine.

Sec. 2. The chairman shall call meetings of the Board upon the request of three members.

Article V. The Board shall elect a chairman, vice-chairman and secretary-treasurer, which officers shall perform the duties commonly assigned to them, and shall hold office for one year, or until their successors are elected.

Article VI. The Board shall report in writing to the Annual Conference through the ministerial members, and also to the Board of Education, as required by the Discipline.

Article VII. These by-laws may be amended by the Board and shall be in effect when ratified by the Annual Conference.

We nominate the following for election:

Ministers for the term of three years—J. E. Crowther, E. J. Smith.

Ministers for the term of two years—E. M. Hill, W. W. Switzer.

Minister for the term of one year—D. H. Trimble.

Laymen for the term of three years—W. P. Hopping.

Laymen for the term of two years—C. E. Beach, F. A. Hazeltine.

Laymen for the term of one year—J. G. Lawrence, Prof. A. C. Roberts.

JAS. E. CROWTHER,  
Chairman.  
E. M. HILL,  
Secretary.

## REPORT OF PRESIDENT OF THE BOARD OF TRUSTEES, COLLEGE OF PUGET SOUND

In the providence of God you are gathering in another session of your Annual Conference to consider the problems and perplexities confronting you and the church and to rejoice over the victories and achievements of the past year. It is but right that in thus considering the problems connected with all other interests of the church the record of the College of Puget Sound should be laid before you. The position with which I have been honored makes it incumbent upon me to render to you such a report. I therefore beg to submit the following report and suggestions touching the College.

1. Uppermost in our minds is the completion of the campaign for an endowment of \$250,000. On October 1st, 1915, the date fixed by Mr. Hill as the time when we must have secured the above sum or his subscription would lapse, we were able to send a telegram to him that we had over-subscribed our share and were ready to receive his full subscription. The success of this campaign is traceable to the active co-operation of the members of the Puget Sound and Columbia River Conferences of our church, together with the strenuous efforts of the Tacoma General Committee, which was composed of the prominent business men of Tacoma, under the leadership of Rev. J. W. Hancher, Assistant Secretary of the Board of Education of our church. The subscription of Mr. Hill has been paid and is now held for us by a trust company, invested in securities yielding a little over 5 per cent per annum, the proceeds of which will be paid to us each year in January. About \$25,000 has been paid by other subscribers to the endowment fund and this amount has been invested by the committee of the Board of Trustees having in charge this matter. Great service will be rendered the College by all who will anticipate the due date of their subscriptions and pay as large a portion thereof as is possible at the present time to permit of the same being put in permanent investment form. Pastors will contribute materially to the success of the school if they can persuade their parishioners to pay largely of their subscriptions.

2. The campaign for endowment was conducted with no provision having been made for its expenses. The total expense of securing the endowment was probably not over one per cent of the sum secured. This is a very insignificant sum compared with the costs of carrying on campaigns for securing funds for other purposes. There was a promise, implied if not expressed, that the subscriptions for endowment should be used for no other purpose and we were therefore face to face with the necessity of meeting the expense of this campaign from the income for maintenance. This has proved an embarrassment to us in our effort to meet current expenses as they come due. This embarrassment has been intensified by reason of the decrease in the Conference Educational Collections during the past three years. Three years ago, for the purpose of meeting the current expenses of the College and to provide for the payment of the outstanding indebtedness, the Puget Sound Conference undertook to raise the amount of \$1.00 per member for its educational collection during the period of four years. The first year about \$12,000 was secured; during the second year about \$10,000. While the total for this year will not be known until after the sessions of the Conferences, it is anticipated that the amount will fall below that of last year. You will readily see that a reduction of the income on the one hand and the added expense of the endowment campaign on the other have left us in an unenviable position. If this year's receipts shall equal those of last year and supreme effort be made to make those of next year equal or surpass the collections of two years ago we would report at the next session of your Conference a material reduction in our indebtedness. This should be done so that the hands and time of our president, E. H. Todd, might be free to undertake still larger things for

the College. The trustees have laid out a plan for securing an added \$1,000,000 for endowment and buildings, and there are many things just now that make the present seem an opportune time for beginning such a task. We are sure our pastors will remove every obstacle from such a campaign, by doing their utmost to raise the Conference educational collections in full.

3. The change of name from University to College, made two years ago, still continues to be favorably commented upon and has been accepted as evidence that we are determined to seem to be what we really are. The closing of the Business College and the forthcoming closing of the Academy have contributed to the strengthening of the hold the College has taken upon our great Northwest. The College enrollment for the past year was forty per cent greater than ever before and the attendance at the summer school for the summer just closing was greater than that of last year. The present outlook is that the College attendance for the opening year will far surpass anything we have ever had in the past, and will approximate 200. This will be a very encouraging advance.

4. The credits given to our scholars for work done in our school are accepted at par in all our state institutions and by the prominent schools throughout the East. This comes as a great gratification in view of the attitude maintained toward us a few years ago. Our faculty has been drawn from the leading colleges and universities of the country and its merit is generally recognized among educators of the Northwest.

5. We enter the new year with hopes bright, prospects encouraging and every indication of a marked degree of success if only our finances are not permitted to absorb all the attention of the officials. May we not urge every pastor to use heroic efforts to secure the educational collection in full and adopt for the coming year the slogan—

Let us hope and pray (and pay)  
And labor till the Master comes.

Respectfully submitted,

E. L. BLAINE,

President of the Board of Trustees, College of  
Puget Sound.

### AUDITING

We, your Auditing Committee, respectfully report that the books of the district superintendents, and the accounts of the treasurer, the secretary and the registrar, have been examined and found to be correct.

F. A. GUILER,  
Chairman.  
A. F. GRISSOM,  
Secretary.

### BENEVOLENCES

Whereas, the Missionary Societies are providing stereopticon lectures of the home and foreign fields, and are submitting them at so nominal a figure, that they are within the reach of all the churches;

Resolved, that we recommend that the pastors have them presented in every church in the Conference.

We rejoice in the success achieved in the last half century by the Freedmen's Aid Society, and approve the efforts now being made to eliminate the debt of the society, and urge our churches to co-operate as far as possible in these efforts.

R. J. REID, President.  
E. D. WHITE, Secretary.

## BOOKS AND PERIODICALS

We, your Committee on Books and Periodicals, wish to record our appreciation of the achievements of our publishing interest during the past year and urge the continued loyalty of all our people in their patronage and support.

The increased cost of production in labor and material, however, presents a serious difficulty and one that we may fail in unless we put forth special efforts in the support of our work during the coming year. The notice of the increased price in subscriptions demands that unusual efforts be put forth in order that the ground gained may be held.

We recommend that plans be laid by each district for the observance of "Advocate Day" in order that the subscribers may even be increased under the present emergency. We recommend that a plan similar to the following may be arranged:

1. Some week before the end of the year be agreed upon by the district superintendent and the editor.
2. Preceding the week set all charges on that district shall send in a short news item concerning the work.
3. Sample copies in sufficient number shall be ordered by each pastor for distribution.

4. An earnest every-member canvass shall be made by the pastor, assisted by a local committee.

5. Reports of the results shall be made to the district superintendent who shall tabulate the same and forward to the Advocate office.

We urge that the depository at Portland be patronized and that orders for Sunday School supplies be placed in that office. To Editor Hughes we pledge our most earnest and sympathetic co-operation for the best Pacific Christian Advocate we have ever had.

F. A. LaVIOLETTE, Chairman.

T. T. SHARP, Secretary.

## COMMITTEE ON EVANGELISM

We, the Committee on Evangelism, beg leave to report as follows:

1. We recommend that the Conference request the reappointment of our brother, William Park, as Conference evangelist and commend him for appointment as evangelist-at-large.

2. We call the attention of our district superintendents and of the Conference generally to the availability of our grounds at Redondo for a camp meeting or a school for itinerants with a great economy in expense if held immediately before or after the Epworth League Institute.

3. The General Conference by its legislation having placed the responsibility for the evangelistic work of the church upon the district superintendents, we respectively recommend that they formulate plans, co-operative as far as possible, for an evangelistic campaign during the coming year that shall assure a greatly needed advance in the evangelistic spirit and achievements of our churches.

4. Inasmuch as the Commission on Evangelism seriously question whether it has any definite field of service that does not encroach upon regularly constituted agencies, and inasmuch as the commission is desirous of rendering any legitimate assistance possible, we recommend that the commission throughout the year with the understanding that the services of the commission and of its members are at the command of our district superintendents, to whom the leadership of this work is committed, to assist or co-operate with them in any evangelistic campaigns within the Conference, in which they may be able to render any valuable service. If no place of service of material value shall be found for this commission during the year we recommend that it be discharged.

EDWIN M. RANDALL, Chairman.

JAMES A. SUTTON, Secretary.

## SPECIAL CHARITIES

The Washington Children's Home Society solves the dependent child problem for the State of Washington.

It is the only accredited state-wide placing-out agency in this state, working on the established principle that the carefully selected family home is the best place for a homeless child.

Last year the Society provided homes for 465 wholly dependent children and gave particular assistance to 407 children in the aid department.

These children come from broken un-churched homes. They are placed in good Christian homes where they enjoy Sunday School and Church privileges and are trained to honest, useful Christian citizenship.

As no other charity, this work for children is applied Christianity for humanity at the time of greatest possible usefulness. Therefore, we most heartily commend this charity to our people for their prayerful consideration and financial support.

F. L. BALDWIN, Chairman.

L. J. COVINGTON, Secretary.

## REPORT OF CONFERENCE DEACONESS BOARD

We rejoice in the advance in our Deaconess work during the Conference year, notably in the Orphanage at Everett and the Seattle Bible Training School. The trustees of the Snohomish County Orphanage, satisfied with the three years' experiment under Deaconess management, have turned over the institution to a board duly incorporated to hold the property for the Methodist Episcopal Church. It has become a community interest to the City of Everett which is rallying loyally to its support. The official name is now "The Deaconess Children's Home."

The Seattle Bible Training School reports one of the best years since the work was organized. The course of study has been revised and enlarged so as to rank with that offered by the best training schools in Methodism. It has a faculty of college-trained women who have had special preparation also by study and experience in this line of work before coming to Seattle. Mrs. Kate M. Cooper, formerly secretary of the Methodist Deaconess Association, is added to the faculty this fall.

The immediate need of the Training School is a building adapted to its needs somewhat in keeping with the dignity of Methodism and the worth of the work. We recommend a concentration of interest in this matter on the part of the Conference as its plan for Deaconess work this year. The trustees in Seattle as well as in Everett give an encouraging financial report despite the stringent times, and we wish to express our gratitude to the friends all over the Conference territory who have contributed during the year. The Seattle churches during the past two years have observed Deaconess Day one Sabbath in the year, and we commend this practice to all churches in the Conference. Our field secretaries, Miss Klein and Mrs. Cooper, will be glad to visit each church and tell the story of the work.

The following deaconesses are recommended:

For Renewal of License—Bertha A. Black, Annie H. Carpenter, Jennie M. Gasser, Marguerite Hewson, Edna M. Klein, Ida M. Kling, Isabel Fleming, Susan E. Kuter, Emma E. Lewis, Christine Peterson, Anna Sorensen, Gertrude Stringer, Ella L. Swift, Lillian Langdon, Elizabeth Yates, Margaret Falconer, Hattie Kissell.

For Deaconess License and Consecration—Effie D. Johnson, Ruby C. Hulbert.

For Honorable Discharge—Anna M. Cady, S. Eunice Chick, Zoe Donaldson.

For Transfer to Other Conferences—Aaselle Iverson, Belle Menzies, Winifred Smith, Ida M. Kling.

For Transfer Into This Conference—Jennie M. Gasser, Kate M. Cooper, Leone Rice.

Nominations for Conference Deaconess Board:

Term expiring 1917—Mrs. Gertrude F. Brawley, J. P. Marlatt, Mrs. C. E. Todd.

Term expiring 1918—Wm. H. Leech, J. A. Sutton, Mrs. T. S. Lippy.

Term expiring 1919—W. H. W. Rees, Mrs. C. W. Miley, Miss Mary B. Sweet.

W. H. W. REES, President.

WM. H. LEECH, Secretary.

### EPISCOPAL FUND

The Committee on Episcopal Fund recommends that an amount equal to one and three-fourths per cent of salary, including house rent, be apportioned to each charge by the respective superintendents.

We further recommend that each pastor faithfully pro-rate on the salary collected.

J. W. WILDER, Chairman.

WM. J. GREEN, Secretary.

### REPORT OF THE COMMITTEE ON EPWORTH LEAGUE

The Committee on Epworth League desires to urge that the pastors give prayerful consideration to the following:

1. Win-my-chum Week, November 12-19, with special emphasis on the organization of Gospel teams in every chapter.

2. A thorough canvass for subscriptions to the Epworth Herald.

3. The prompt payment of the Central Office dues in both Senior and Junior Leagues.

4. That a faithful effort be made to organize study classes in every league, using the text-books authorized by the Central Office, which are:

"Taking Men Alive," Trumbull.

"The Redemption of the South End," Dorian.

"The Teacher of Galilee," Barton.

"Stewardship Starting Points," Calkins.

"The South of Today," More.

"Our South American Neighbors," Bishop Stuntz.

5. On all districts where conventions are held the pastors are asked to aid in every possible way to make them times of great spiritual profit.

6. The committee heartily commends the Epworth League Institute Commission on the excellent work done in the Epworth Heights Institute and respectfully urges all pastors to give the commission their co-operation in building up one of the greatest institutes in Methodism.

We recommend the following as members of the Puget Sound Conference Epworth League Commission:

Year 1917, one-year term—T. E. Elliott, J. M. Canse, N. D. Pollom, J. R. Sasnett, Tessie Wilmoth.

Year 1918, two-year term—J. A. Sutton, C. A. Bowen, G. W. Frame, E. M. Hill, R. C. Hartley.

Year 1919, three-year term—G. A. Landen, S. S. Sulliger, H. L. Anderson, E. D. Lamka, J. C. Harrison.

JAMES A. SUTTON, Chairman.

J. C. HARRISON, Secretary.

### REPORT OF EPWORTH LEAGUE COMMISSION.

The commission, because of prompt and hearty co-operation of its members and the sincere and expressed appreciation from the entire Conference area, has greatly enjoyed its work.

It is the conviction of the commission that the fourth annual institute held this year at Epworth Heights, Redondo, was the best of the four. Though the attendance was not quite as large as last year, yet the faculty was considerably stronger, the spirit of consecration deeper and the vision for service clearer than heretofore. Special mention in this connection might be made of Dr. Will H. Morgan of Calvary Church, New York; Miss Emma Robinson, Central Office, Chicago, and Dr. M. H. Marvin, Tacoma.

The continuation of the democratic and Christian plan of pooling traveling expenses, and the hearty acceptance of the same by the young people, is one of the outstanding testimonies to the helpful spirit of the institute. By it the average traveling expense this year was \$2.10 and another year we have good reason to believe it can be reduced to \$1.75.

Last year the decisions for Christian service numbered fifty-two and this year some were added to that band.

During the year a kitchen, thirty-five by twenty feet, and a dining-hall thirty-five by seventy-two feet were built at a cost of about \$500, all paid. The kitchen was equipped with a fine range and plumbing to bring water into it, making all very convenient. The dining-hall was provided with stationary tables to accommodate two hundred and fifty people. To furnish the kitchen with needed dishes and other equipment, the sum of \$150 was subscribed by individuals and leagues of the Conference.

The fact that of the thirty-five institutes held in the entire United States, three of the most successful are held in the State of Washington is worthy of note.

We again ask the loyal co-operation and the earnest prayers of the Conference that the Holy Spirits guidance may be continually sought and followed in all the further plans and work of the Institute Commission.

JAMES A. SUTTON, Chairman.

### FOREIGN-SPEAKING PEOPLE.

We commend the work of the Industrial School of Tacoma for the Italians, and the Deaconess Settlement Work of Seattle, and urge that special attention be given to their maintenance.

W. H. BAKER, President.

W. E. COX, Secretary.

### REPORT OF THE HISTORICAL SOCIETY.

We beg leave to submit the following report:

1. The valuable historical collection gathered by Brother W. H. Leech at the time of the Alaska-Yukon-Pacific Exposition is deposited with the State Historical Society in their new building in Tacoma, and the curator, W. P. Bonney, comes of one of our pioneer Methodist families—takes a personal interest in its care. The purpose is to keep our collection there until our college is prepared to receive it.

2. To the valuable historical work of Hines and Atwood there is soon to be added another volume by Brother J. M. Canse, which is to first appear in the Pacific Advocate beginning October 1. We congratulate him on this accomplishment and recommend that our people secure this new volume when it shall appear, as well as that of Brother Atwood, "The Conquerors," which he is prepared to supply.

3. We urge every pastor and layman to assist us in gathering the historical material pertaining to our Methodism to be found in books, pamphlets, magazines and newspapers as well as that which must come from the pioneers who still abide with us.

4. The centenary of our organized missionary work is to be celebrated in 1919 and we deem it to be an opportune time for our missionary boards to bring before the world what we believe to be the most romantic, significant and potent missionary endeavor ever carried out on the North American continent, which began under Jason Lee in 1834. Started as a mission to the Indians by our missionary society, God made it the agency also to conserve Christian civilization among the immigrants and to extend the rule of our beloved country over the then little valued but resplendent domain which we know as "Old Oregon."

5. We would suggest that you authorize us to memorialize the missionary authorities regarding this matter and that we may co-operate with them in the accomplishment of this enterprise.

6. We renominate the officers and executive committee of the past year, with the exception that W. H. Leech shall take the place made vacant by the death of Brother Andrew Anderson.

B. F. BROOKS, President.

J. M. CANSE, Secretary.

#### RESOLUTIONS

Whereas, the 33rd session of the Puget Sound Conference has been marked by spiritual blessings, a brotherly feeling and generous hospitality in entertainment; therefore, be it

Resolved, first, that we are grateful to Bishop M. S. Hughes for his masterly and brotherly administration of our Conference; that we are thankful to Dr. M. A. Matthews, Dr. H. J. Talbott and Hon. J. F. Hanly for their very helpful addresses; that we are gratified by the presence of Dr. G. F. Hopkins, Dr. Edgar Blake, Dr. W. F. Sheridan and Dr. T. W. Lane, Dr. A. G. Kynett, Geo. C. Conger, Mrs. Kate M. Cooper and Miss Helen Santee and their able presentation of their several causes; that we sincerely appreciate the hearty welcome and excellent entertainment given us by District Superintendent J. M. Canse, Pastor J. P. Marlatt and the City of Everett; that our thanks are due for the courtesies of the daily papers of Everett and to the companies who furnished adding machines and typewriters for the use of the secretaries; that we express our appreciation for the faithfulness shown by the organist of the Conference.

Because of the great distance traveled by some brethren, incurring heavy expenses getting too and from Conference; and

Whereas, these are they receiving the smallest salaries, it is the sense of your committee that this expense should be borne by all on a pro rata basis of salaries received, and that this Conference appoint a committee of five to formulate the same, to report at the next annual Conference, same to become effective at that time.

Whereas, Initiative Bills Nos. 18 and 24, to be voted upon at the

coming general election, proposing to amend the present prohibitory law, do practically annul and repeal the said prohibitory law; be it therefore

Resolved, that the Puget Sound Annual Conference call upon each of its members to do his utmost to defeat the proposed amendments.

J. W. REYNOLDS, Chairman.

F. F. FRISBIE, Secretary.

## REPORT OF SUPERINTENDENT OF SUNDAY SCHOOLS, PUGET SOUND CONFERENCE

The success of the work of the Conference Superintendent of Sunday Schools depends in a peculiar measure upon the co-operation of the district superintendents and pastors. No one man, left to himself can bring this important work to its highest fruition.

My work has been greatly augmented this year by the co-operation of these brethren.

The efficiency work has taken much of my time. Yet twenty Sunday Schools were established. Some of these have grown into churches, others have regular preaching and all have at least pastoral oversight. I made two trips over the new Port Angeles circuit, raising salary, making other preliminary arrangements, and introducing Pastor Liffiton to this new work. Brother Liffiton and wife are doing heroic service.

Built and paid for a Sunday School Chapel at Rocky Creek in Skagit county, which is the social center as well as religious center building for the community. I made a tour of organization in Mason county, reviewing the Sunday Schools and organizing some new ones on the old Shelton Circuit.

Held a number of separate institutes and Sunday School conferences. Made efficiency tours on Bellingham, Olympia, and Vancouver Districts. Assembled about 75 stereopticon slides and developed a lecture which seems to be interesting the people in our work.

In all this work I have emphasized Evangelism and Teacher Training. The failure of over one-half of the Pastors to reply to my last questionnaire makes it impossible to give accurate figures on the efficiency work. If others have done as well as those who did report, then we have had approximately 1,000 conversions in our Sunday Schools, 20 Teacher Training, 50 Adult, 40 Senior, 70 Intermediate, and 30 Junior classes organized and 20 Sunday Schools organized as Missionary Societies during the year.

While the board of Sunday Schools has an increasingly large number of friends in our Conference, a perplexing fact is that our contributions to this great work have been gradually decreasing from year to year. The majority of Pastors do not comply with the requirements of the church in taking the offering. We ought to do better by the Board, especially when we remember that the Board spends on our work hundreds of dollars more than it receives from us. And yet a considerable number of our churches are paying more money to "Other Benevolences" than they pay to our own Board of Sunday Schools.

There has been a remarkable increase in interest in our Sunday School work both among pastors and laymen, permeating the church everywhere. Prominent laymen are rising up to champion our cause.

By reason of our church policy the Board of Sunday Schools of the Methodist Episcopal church can accomplish more Sunday School work of every kind, with less money, fewer special men and less special organizations, than any similar agency in our midst. Yet so far as the Puget Sound Conference is concerned it is one of the most poorly supported and inadequately equipped organizations of its kind among us.

Have spent considerable time in arranging for the visit and itinerary

fo Dr. Blake to our conference session and area. Traveled many thousand miles; delivered 171 addresses; made innumerable calls, wrote local personal letters and sent out 1,000 circular letters.

I also distributed 15,000 leaflets of my own printing on Evangelism; 3,000 "Penny a Day" leaflets and a very large number of leaflets on general Sunday School work furnished by the Board of Sunday Schools.

I wish to thank the Bishop, District Superintendents, the noble pastors and heroic pastor's wives for help, hearty co-operation and hospitality during the year. God bless you all and help us all to advance next year over the achievement of this.

J. M. WEAVER.

### SUNDAY SCHOOL COMMITTEE REPORT.

We commend the vision, energy, faithfulness and devotion of our Conference Superintendent of Sunday Schools, Rev. J. M. Weaver and recommend his continuance in that work.

We are justly proud of the constructive, aggressive work of our Board of Sunday Schools of which Dr. Edgar Blake is the secretary. We deeply appreciate Dr. Blake's visit to this Conference and his work in this Conference area.

We heartily approve of the program of our Superintendent of Sunday Schools for the coming year, which is to place the emphasis in the work upon Teacher Training and Sunday School Evangelism.

We note with alarm that for the past eight years, during all of which period we have had a Conference Sunday School worker in the field, the offerings of the Conference for this work have steadily decreased. When we add to this the other fact that our Board of Sunday Schools is putting into this Conference more money than we ourselves are giving to this work, it ought to challenge our earnest thought. Further, when Sunday School leaders, of our sister denominations, here in the Northwest voluntarily testify that because of our policy the Methodist Church can do more constructive Sunday School work for the money than they can, we ought to seriously consider the fact that Methodism of this Conference, for several years past, has been giving to outside Sunday School agencies more money than to our own.

We would heartily commend Dr. Blake's plan, if found possible, to bring to the Northwest, during the coming year, a School of Methods for Sunday School work.

We call attention to the new legislation at our last General Conference (Discipline 476) that, to replace the Conference Sunday School Committee, there shall be a Conference Board of Sunday Schools to consist of the District Superintendents, ex-officio members, and an equal number of ministers and laymen. We recommend that such Board be appointed after Conference by the District Superintendents and the Conference Superintendent of Sunday Schools.

J. M. WEAVER, Chairman.

CHAS. A. BOWEN, Secretary.

### REPORT OF CONFERENCE STEWARDS

The amount needed to meet the equitable claims of our retired ministers and of the widows and children who are claimants is \$12,815. To meet these claims we have from the book concern, \$2,712; from the chartered fund, \$34; from the Board of Conference Claimants, \$200. and from Conference collections, \$6,574, making a total of \$11,320, which leaves a deficiency of \$1,435. The annuity rate should be \$11, but we can pay only \$8, and the Preacher's Aid Society is expected to pay about \$1.50, which would make a total of \$9.50 for each year of effective service.

We are very sorry we are not able to make an advance when we realize the sore need of our brothers and sisters.

We regret to report to you that many charges have failed to properly pro rate ministerial support, which leaves the claimants very far short of what they should have received. Therefore, we ask the Conference to insist that the pastors hereafter see to it that the church treasurers make the proper pro rate of these funds.

It would save confusion if the pastors where there are no parsonages would place the amount allowed for house rent in the proper column.

In view of the pressing need of our retired ministers and their legal claim, and on the other hand the financial crisis through which we are passing, we recommend that the present rate of apportionment for Conference Claimants, seven per cent of pastor's cash salary, be continued.

Brother Samuel G. Jones has served on this committee most faithfully and efficiently for many years, much of the time as secretary. We therefore express to him our appreciation of his services, our sympathy in his sickness and the assurance of the love and esteem of his brethren.

J. C. DORWIN, Chairman.

## XI. MEMOIRS

### REV. A. J. WHITFIELD

By Rev. E. N. Askey

Rev. A. J. Whitfield, one of God's faithful, sweet-spirited, patient sons, passed to his reward from his earthly home in Geneva, Wash., Dec. 24, 1915. He was born at Aroostook, Me., June 28, 1841. Brother Whitfield was twice married, first to Miss Mary Ferguson at Parkersburg, Ia., in 1870, and to Miss Ida R. Come of Ferndale, Wash., Sept. 22, 1898. He entered the ministry in Iowa and became a member of the Northwest Iowa Conference, serving appointments at Fonda, Manson and Williams. In the summer of 1879 he was sent as a missionary to Deadwood, Dakota Territory, where the first wife died, leaving him with two little children. From there he removed to the State of Washington and became a member of the Puget Sound Conference, serving charges first in Lewis County, then Ferndale, South Park (Seattle), Blaine, Kent, Haven Church (Seattle). The two years following were spent in California, from where he was sent to a very successful pastorate at Lynden. From Lynden he entered the retired list but continued to preach, as his health permitted, at Geneva, where he resided.

Brother Whitfield was a good preacher and faithful pastor. He served the rural circuits, the village churches and scattered settlements, but he laid a good foundation and builded better than he knew. "He labored and other men have entered into his labors." His work is done and those who knew him best believe his reward is glorious. His brother, Dr. Wilmot Whitfield, an honored, retired member of the Puget Sound Conference, survives him. Also the wife and a son and daughter remain—Mr. William J. Whitfield of Cathcart, Wash., and Mrs. Elizabeth M. Lewis of Alaska.

Appropriate funeral services were held in Trinity Church, Bellingham, Wash., under the direction of the pastor, the Rev. E. N. Askey, who was assisted in the services by District Superintendent J. M. Canse, Dr. E. M. Hill and Rev. C. B. Sears. Interment was made in Bay View Cemetery in a beautiful spot overlooking the City of Bellingham. Thus a long and useful life came to a peaceful ending, "the sunset splendid and serene."

---

### REV. WM. McWATERS.

William McWatters entered peacefully into his eternal rest on the morning of February 2, at the home of J. A. Simmons, Ilwaco, Ore., where he was being cared for during the last few days of his earthly life. Death is assigned to chronic bronchial troubles and to advanced age, which was 84 years. He is survived by his son, Henry McWatters. Funeral services were held in the Methodist Church, Rev. V. A. Spicker officiating. The choir furnished appropriate music. Interment was in Ilwaco cemetery. William McWatters was born at Montreal, Canada, October 10, 1832. He was married in 1853, and was the father of two children, one of whom, a daughter, died at the age of four years. In 1873 Brother McWatters and his family migrated to the United States, residing in Buffalo, N. Y. He entered the ministry in 1888, joining the St. Johns River Conference. Mrs. McWatters died in 1894, after which Brother McWatters came to the Pacific Northwest, and transferred his relations to the Puget Sound Conference in the fall of 1894, preaching in various communities in the conference until his superannuation in 1905. While he was pastor at Chinook, in 1899, he married Mrs. Adeline Roberson of Ilwaco, who died on September 2 last. Since being placed on the retired list of the conference roll in 1905 he has been residing in Ilwaco.

## REV. ANDREW ANDERSON.

By Rev. E. Hopkins.

Andrew Anderson was born in Stockholm, Sweden, March 2, 1840, and came with his parents to Illinois when but nine years of age. Very soon after coming to this country, both his parents died, leaving the orphan in care of strangers. September 23, 1861, he enlisted in Company M, Fourth Illinois Cavalry. After three years of faithful service he was honorably discharged. May 24, 1871, he was united in marriage to Miss Mary Deacon. Four children were born to them, all of whom are living. March 6, 1881, Mrs. Anderson passed away. He was subsequently married to Ostrelia Austin. She was a very excellent woman and was of great help to him in his work in the ministry. Three children were born to them, all of whom are living. Mrs. Anderson died ten years ago. From his childhood Brother Anderson was religiously inclined, and when quite young identified himself with the cause of God. March, 1871, he was admitted on trial in the St. Louis Conference. A painstaking student, he used no unbeaten oil. His preaching was always instructive and often of a high order. In 1883 he came to Washington Territory and united with the Puget Sound Conference. From that time until his transition he was actively identified with the moral interests of this Coast. The editor of one of the Grays Harbor newspapers states the facts when he says, "Perhaps no other preacher in the West has traveled more miles to fill appointments in churches, school houses, or logging camps, whenever, and wherever called." The last four years of his active ministry was spent on the Shelton Circuit. The circuit was Mason county, outside of the town of Shelton. He was affectionately called "Bishop of Mason County." A year ago his health failed and he asked to be placed on the retired list. He continued to preach when able. Only about four weeks before he passed away, not able to stand, he sat, and preached with his old-time vigor to a large and interested congregation. At 8 a. m., March 4, he said to his children, "I am dying—all is well," and was not, for God took him. The funeral service was held in Oakville, where he began his work on this Coast thirty-three years ago. Rev. E. Hopkins of Tumwater, a life-long friend of the deceased, delivered the address. The Masonic Order, of which Brother Anderson was a member, had charge of the services at the grave.

## REV. GUSTAVUS F. WEST

By J. Taylor Wright.

Bro. Gustavus F. West was born in Sweden January 14, 1858, went to sea when a boy, following the sea until he became captain of a ship. In 1880 he felt the call of God to a greater work—from the captain of one barque, to become pilot of many over the sea of life. He left the sea to prepare for the ministry, attending Wilamette University. Dr. W. S. Harrington, then his presiding elder, gave him his first license to preach. He was married to Miss Lottie A. Hetzler, daughter of the Rev. P. C. Hetzler, who, with her earnest Christian character, became a great help to him in his work. In 1887 he was appointed chaplain of the State Legislature of Oregon. In 1899 he, with his family, came to the State of Washington, having charge of the Swedish Methodist Church at La Conner. In 1900 he was pastor of the church at Startup. In 1901 he was appointed chaplain for seamen at Seattle by the Seamen's Friend Society of New York. Through his influence homes were established in Portland, San Francisco, San Pedro, and Seattle, completing the present one in Seattle in 1905. Having his family living with him in the home, he was greatly assisted in his work by the influence of his good wife. Many homeless boys were cared for by them, being clothed, fed, and positions found for many of them. Through their Christian influence many of these boys sent for their wives, sisters and sweethearts who were cared

for by Brother and Sister West until they were safely settled in their homes. Bro. West made it a part of his business to visit ships in all ports of Puget Sound in his mission launches and take the sailor boys to meetings at the home, returning them to their ships. The death of Sister West May 1, 1910, came as a shock to all who knew her. After her death Bro. West carried on the work of the home alone until the great Master called him from labor to rest. He is survived by one son and two daughters. The funeral service was under the auspices of Knights Templar, of which he was a member. Dr. Landen, district superintendent, made the opening prayer, Rev. J. Taylor Wright read the Scripture and gave a brief sketch of his life. Dr. W. S. Harrington made the closing remarks in which he stated his responsibility in asking for the appointment of Bro. West as chaplain of the Seamen's Friend Society of Seattle. Bro. West passed away March 6, 1916.

### CHARLES R. POMEROY.

Dr. Pomeroy was born in Weybridge, Vt., on the 15th day of June, 1830. He was the son of a Methodist preacher of the Troy conference and by his father was placed in the seminary of that conference. It was here that he met Mary Meeker, a minister's daughter, and in 1847 they were betrothed. He continued his studies at Wesleyan College at New Haven, Conn., while Mary taught school. In December of 1854 they were married.

They began teaching immediately after their marriage in the Ft. Edward Institute at Ft. Edward, N. Y. Afterwards he was principal and she preceptress at Cooperstown Female College. Later they were teachers in Rochester High School and at Wesleyan Seminary at Lima, N. Y., and also at the Ladies' Seminary of Bordentown, N. J.

Illness compelled him to resign and during the following years he preached in the Congregational and Methodist churches often remaining seated during his discourse. It was his Methodist affiliations that finally brought him to Iowa where he organized the Callanan Female College in Des Moines, Ia., and there remained for nine years, his wife acting as preceptress. While here he was called to the presidency of the State Normal School of Emporia, Kansas, over which he was the successful administrator for six years.

It was in 1888 that he came to Washington and established his relations with the work in the new and growing state. He made his home on Vashon Island and selected the spot which he named Crescent Cottage. This was afterwards named by the neighbors as the "Rose Garden" because of his beautiful roses. He served as pastor of our church at Vashon and when the Puget Sound University was organized he was called to be Dean and his wife was associated with him as a teacher. He remained a faithful and efficient teacher and director until his retirement in 1900.

The funeral services were held in the garden he loved so well. These services were in charge of Dr. F. A. LaViolette, a former pupil and a close and intimate friend of Dr. and Mrs. Pomeroy for many years. Four ministers, Rev. B. F. Brooks, Rev. R. C. Hartley, Rev. W. H. Leech and Rev. G. W. Frame, served as bearers, and Rev. J. E. Milligan assisted in the services.

In a few well chosen words Dr. LaViolette paid tribute to the life and character of his beloved friend. Some of the old hymns were sung in which all present took part and then the casket, covered with blossoms from his own garden, was borne away and laid beside his wife in the little cemetery on the hill.

Dr. Pomeroy was a man of rare ability. His scholarship was of the highest order and he had the happy faculty of inspiring and bringing

out the very best in his students. His mental alertness and ability were a constant source of wonder and admiration even in his closing days. Of sterling character, his preaching and teaching held loyal to the highest ideals of faith and life. He was ruthless in his logic when dealing with the anti-Christ-ism of the day and was quick to point the way of truth. Kindness characterized all his relations and true devotion his every service.

In New York, in New Jersey, in Iowa, in Kansas and in Washington, Dr. Pomeroy has been intimately associated with the young people of five states of the Union. With his wife, a capable co-laborer and faithful companion throughout the educational interests of these states, he has vitally touched the young life of the church. Every place he has gone his example and service has enriched the church and community. At every opportunity he has preached with acceptability and with power the Word of God. In the fullness of years, of service and experience he came to his last days with an untarnished faith and with a glad assurance and certain hope of life and joy in the eternal years to come.

Saturday evening, of the 24th of June, 1916, he spent caring for his roses. Here and there he cultivated and trimmed the bushes. He retired to rest and in the morning of a beautiful June day they sought him. Lying with his head resting upon his arm and a smile that lingered upon his face, he had without a struggle or a pain, drifted over the bar into the harbor of God. Outside the roses smiled in the sunshine and threw their fragrance upon the morning air, in front of his cottage the beautiful waters of Puget Sound danced with the breezes for the very joy of that bright day, and afar "The Mountain that was called God" lifted his white crest into the glory-light of a new day, but he who had seen such visions for many days saw them not, for him a far more glorious day had dawned, a day of unfading light and undisturbed repose.

#### KATHARINE AUGUSTA HAYNER.

Katharine Augusta Hayner, the seventeen year old daughter of Rev. and Mrs. Chas. A. Bowen, died on June 22, 1916. The funeral was held in the University Church Parsonage, Seattle, in charge of the District Superintendent, Dr. Geo. A. Landen. Katharine was a student in the High School. She had been since her infancy in China a life-long sufferer from infantile paralysis, but through it all was a beautiful, happy and helpful Christian.

#### DOROTHY BERRINGER.

On Sunday afternoon, October 17, 1915, little Dorothy, youngest daughter of Rev. J. H. and Mrs. Ethyn Berringer, of Fern Hill, was taken to the heavenly home. But three and a half years had she been blessing the home of her parents, but what years! From her birth she had been a sufferer, almost beyond belief for the first two years, then came the hope that she might be thoroughly cured. The best that medical science could do was done for her and, when hope was brightest, she went home, "safe in the arms of Jesus." The day before she died she was happier and better than ever before, to all human appearances. Sunday morning she took sick after Brother Berringer had gone to the Sunday School, and at 4:30 in the afternoon her precious soul went home to God.

The funeral services were held in the Fern Hill Church. Rev. Robert J. Reid and Rev. W. H. W. Rees conducted the services.

### XIII. HISTORICAL Conference Register

This register has been prepared at a great amount of painstaking labor and no small expense by Horace Williston, retiring secretary of the Preachers Aid and Permanent Fund Society, with the assistance of the treasurer, Wm. H. Leech.

It is especially designed to show the years of effective conference membership; and aims also to give a complete record, after admission on trial, of the appointments received by every member of our conference.

The date first given is the time of admission on trial.

To find the length of a pastorate on a charge count both the first and the last year given before the appointment. E g, 10-14 means five years.

The figures "18" and "19" are omitted from the years given.

The present post office address is in brackets except where it is the same as the last appointment.

Abbreviations:—Cf, Conference; M, Admitted into full membership; S, At school; P E, Presiding Elder; D S, District Superintendent; L, Located; Sy, Supernumerary; R, Retired.

### Proceedings of the

## LAYMEN'S ASSOCIATION OF THE METHODIST EPISCOPAL CHURCH, PUGET SOUND CONFERENCE,

Held in Everett, Washington, September 15 and 16, 1916

The Association was called to order by the president, followed by a short devotional meeting which was led by Mr. Tomlinson, of Seattle.

Committees were appointed as follows:

Committee on Credentials—Mr. Durham, Mr. Dunlap, Mr. Bostwick, Miss Miller and Mr. Marsh.

This committee reported that the credentials had been canvassed and recommended that all who were present, holding membership in the Methodist Church should be seated as delegates and be entitled to vote in the business affairs of this meeting. This report was unanimously adopted.

A committee of five (one from each district) was appointed to draft a resolution regarding the re-districting of the Conference into three districts. Said committee consisting of J. W. Efaw, W. A. Clay, F. D. Packard, R. J. Hoage, and F. A. Hazeltine.

After a general discussion by this committee of the proposed plan which was signed by seventeen of our laymen it was decided to bring in majority and minority reports. Messrs. Clay, Packard and Hoage presented the majority report, which follows:

### Majority Report of Committee on Re-Districting of Conference

Laymen's Association of the Puget Sound Conference:

Brethren—Your committee, which was selected to investigate the plan proposed for the re-districting of the Conference, beg to submit the following report:

Whereas, sufficient study of the conditions for a re-districting of the Conference at this time has not been made for wise and deliberate action; therefore, be it

Resolved, by the Laymen's Association of the Puget Sound Conference, that it is the sense of this Conference of Laymen that a joint committee consisting of one lay member from each district be appointed to act in conjunction with a like committee consisting of one minister from each district; which joint committee of laymen and ministers shall make a complete and thorough survey of the conditions and the needs of the conference with reference to the number of districts and district superintendents necessary for the highest and best good of the Conference, and that this joint committee shall make its report at our next annual Conference.

Submitted this 15th day of September, 1916.

F. E. PACKARD.

W. H. CLAY.

R. J. HOAGE.

The minority report presented by Messrs. Hazeltine and Efaw follows:

### Minority Report of Committee on Re-Districting of Conference

Laymen's Association of the Puget Sound Conference:

Brethren—Your committee which was selected to investigate the plan proposed for the re-districting of the Conference, beg to submit the following report:

We believe that the Puget Sound Conference could be divided into three districts, and would advise a division as follows:

Northern District, 67 charges:

All of the following counties: Whatcom, Skagit, Island, Snohomish.

All the charges in King county except Auburn, Algona and Pacific, Barneston, Bothell, Cedar Falls, Des Moines, Duvall, Issaquah, Kennedydale, Kent, Kent Circuit, Kirkland, Redmond, Riverton, Snoqualmie and those on Vashon Island.

Central District, 64 charges:

All the charges in the following counties: San Juan, Clallam, Jefferson, Kitsap, Mason, Pierce.

The following charges, in King county: Auburn, Algona and Pacific, Barneston, Bothell, Cedar Falls, Des Moines, Duvall, Issaquah, Kennedydale, Kent, Kent Circuit, Kirkland, Redmond, Riverton, Snoqualmie and those on Vashon Island.

The following charges in Thurston county: Olympia, Olympia Circuit and Tumwater.

Southern District, 53 charges:

All the charges in the following counties: Pacific, Lewis, Wahkiakum, Cowlitz and Clarke.

All the charges in Skamania county west of the summit of the Cascades.

All the charges in Thurston county, except Olympia, Olympia Circuit and Tumwater.

There are no charges on the Olympic Peninsula except along the eastern and northern borders; they can all be reached by auto from Tacoma.

There are but three appointments in San Juan county, that go to the Central District. They can be reached from Port Townsend.

There are but three charges in Island county that go to the Northern District. They can be reached from Everett.

The Central District is the most compact of the three districts. Of its 64 charges, 30 are in Pierce county, 20 are in the adjacent parts of King and Thurston counties, and but 11 scattered along the eastern and northern borders of the Olympic Peninsula and three in San Juan county.

The minority report of the Committee on Re-Districting was ordered prepared and presented to the Laymen's Association for ratification, then delivered to the Conference as a resolution, recommending the arrangement according to the plan submitted. The following statement was adopted to accompany the minority report:

"To the Presiding Bishop and the Members of the Puget Sound Conference—We, the members of the Laymen's Association, believing that greater efficiency and more definite results can be obtained by—

First—Reducing the number of districts from five to three;

Second—Providing a more adequate support;

Third—Appointing the most efficient men available as district superintendents;

Request that you give consideration to this plan of reorganization, that the best results of superintendency may be obtained."

The Association orders that the ballot shall be given as a part of this report.

In favor of majority report, thirty.

In favor of minority report, forty-four.

A. S. CORY, President.

R. J. HOAGE, Secretary.

Addresses of welcome were delivered by Rev. James H. Edgar and Mr. W. A. Clay, of Everett, and responded to by Mr. Henry R. King, of Seattle.

The president's address by Mr. A. S. Cory was very helpful and suggestive of a great deal of substantial work that might be accomplished. Mr. F. A. Hazeltine delivered an excellent report of the General Conference upon the subject of "Putting Over a Bishop," and showed the plan followed and the work required.

Mr. Henry R. King reported upon the subject of "Unification of the Churches of Methodism," and having acted upon the committee at the General Conference was qualified to give us an excellent report.

Mr. C. E. Beach, of Olympia, gave a report entitled, "Sidelights on the General Conference," and gave us some very interesting items in this report.

Rev. W. F. Sheridan, General Secretary of the Epworth League, delivered an address setting forth the relation of our Epworth League to the Church.

The subject, "Principles and Practices of Methodism," was thrown open for general discussion and was led by Mr. Geo. F. Marsh of Ostrander, C. L. Holt of Bellingham and J. W. Efaw of Seattle.

An address was delivered by Bishop Matt S. Hughes, the presiding bishop of this area, and great emphasis was placed upon the need of cautious and careful work in laying plans for the future of Methodism, and requesting the organization of a Men's Missionary Movement for active service in our Conference.

The following resolution was introduced by Supt. C. E. Beach of Olympia:

Since the work of the district superintendents on the districts of the Puget Sound Conference is of practically equal importance; and since it is necessary in building up the new charges in the less populous districts to appoint men of industry, vigor and ability to this important office; therefore, be it

Resolved, by the Laymen's Association of the Puget Sound Conference, that the assessment for the salaries of district superintendents should be levied upon the whole Conference, paid to a Conference treasurer, and by him paid to each district superintendent, each superintendent receiving the same salary as each other superintendent in this Conference.

This resolution was ordered to be conveyed to the Conference as a recommendation of this Association.

Rev. J. M. Weaver, Superintendent of the Sunday Schools of the Puget Sound Conference, presented the needs of our Sunday Schools in a splendid manner and brought forward to the platform Rev. and Mrs. Liffiton, who are doing most excellent pioneer work in the northern part of the Olympia District. Mrs. Liffiton presented the work in a beautiful manner, and described the amount of territory covered, stating that they were very much in need of means of conveyance; also saying that she had been praying earnestly that an automobile might be given them to aid in the promotion of the work. A movement was started at once which was directed by Dr. Edgar Blake, Secretary of the Board of Sunday Schools of the Methodist Episcopal Church, whereby \$416.00 was immediately subscribed and a committee consisting of Henry R. King, J. W. Efaw and T. S. Lippy were appointed to take charge of the purchasing of an automobile at the earliest date possible.

It was ordered by the Association that this automobile should remain the property of the Association, to be used by Mr. and Mrs. Liffiton upon the field they are serving at this time, and should they be removed from the district it should be turned over to the president and secretary until other arrangements could be made for further use of the machine.

Governor Ernest Lister addressed the Laymen's Association and spoke principally upon things that laymen as citizens might accomplish.

A report was given of Gospel Team No. 1 of Seattle by Mr. W. D. Harris, captain of the same, in which he showed a large number of meetings were held and as a result of the same, almost 200 conversions have been made.

The College of Puget Sound's interest was presented by Dr. Crowther, of Seattle First Methodist Church, giving the needs and opportunities of an institution of this kind in the Pacific Northwest, said report having

been placed upon file with the secretary, showing the financial condition and other matters of interest pertaining to the University.

Dr. E. H. Tood, president of the College of Puget Sound, expressed the feeling of the Bishop regarding his great interest in the welfare of this college and emphasized its needs, very strongly requesting the layment to get under the burden as fully as possible.

Mr. Robert H. Hughes, editor of the Pacific Christian Advocate, Portland, Oregon, presented in a brief manner the condition of that paper and the supplies that are carried at the Portland depository, requesting the members of our Laymen's Association to do all in their power to encourage the purchasing of supplies from the Portland office, and also showing that the cost of materials had so greatly increased that it became necessary to increase the subscription price of many periodicals and to raise the price of some other supplies.

The report of the treasurer was read and adopted as follows:

Total receipts .....	\$96.53	
Bills paid and unpaid.....		\$67.45
Subscription to automobile fund ordered paid by the Association .....		25.00
Cash on hand .....		4.07
	<hr/>	<hr/>
	\$96.53	\$96.53

The minutes were ordered printed in the Conference report and the amount of twelve dollars was allowed in payment for the same.

On account of the inability of Mr. Dix Rowland of Tacoma, who has been acting as our vice-president, to attend to the work further, Mr. Clint W. Lee was elected to fill this place.

On motion of Mr. Henry R. King, second by Mr. J. W. Efaw, that the secretary be instructed to cast a ballot of the entire Association for the re-election of all the present officers, the ballot was cast by the secretary for the Association and the following officers were elected for the coming year:

Hon. Arthur S. Cory, Chehalis.....	President
Clint W. Lee, Seattle.....	Vice-President
R. J. Hoage, Olympia.....	Secretary
C. H. Bennett, Seattle.....	Treasurer

#### Vice-President

Bellingham District.....	Dr. C. L. Holt, Bellingham
Olympia District.....	Supt. C. E. Beach, Olympia
Seattle District.....	W. H. Weaver, Seattle
Tacoma District.....	Harry L. Brown, Tacoma
Vancouver District.....	Geo. F. Marsh, Ostrander

The Committee on Resolutions brought in the following report:

Be It Resolved, by the Laymen's Association of the Puget Sound Conference, that we express our appreciation of the courtesies extended to this organization by the citizens of Everett, and particularly the use of the First Baptist Church as our place of meeting for which we tender our thanks to the pastor and the official board of that church;

That we tender our beloved brother, Arthur S. Cory, president of this Association, our sincere sympathy in the recent loss of his mother;

That we recognize and emphasize the Sunday School as one of the most important departments of Christian work, and that during the ensuing year we will endeavor to establish and promote a Men's Bible Class in every Sunday School. Further, that we will endeavor to promote the training of teachers in both methods of teaching and systematic Bible study; further, that we will seek to make of the Sunday School a vital evangelistic agency and to this end will emphasize the importance

of spiritual life and growth on the part of those who are selected as officers and teachers in our schools;

That we urge the various charges of the Puget Sound Conference to pay promptly the assessment of one cent per member for the ensuing year, and to pay all arrears to the treasurer as promptly as possible;

That we urge the payment of the assessment of one dollar per member for the support of the College of Puget Sound, and urge upon the laymen of this Conference the moral as well as the financial support of this important institution.

C. E. BEACH,  
CLINT W. LEE,  
C. L. HOLT,

The challenge issued by the laymen to the ministers of the Conference for a baseball game was accepted, and the game was played Friday evening on the Central School grounds of Everett, resulting in a victory for the laymen by a score of 16 to 10. It is hoped that the ball game may be an annual event hereafter, and it is probable that the preparation on the part of both ministers and laymen will serve to keep them in excellent physical condition.

On motion the Laymen's Association of the Puget Sound Conference adjourned.

A. S. CORY, President.  
R. J. HOAGE, Secretary.

# Life Annuity Bonds

---

You can secure a life income above prevailing rates and at the same time help the Kingdom of God by purchasing a Life Annuity Bond from the Board of Conference Claimants of the Methodist Episcopal Church.

## *A Guaranteed Life Income*

Christians with money are prayerfully asking, "What can I do to make sure of an income for life, and at the same time make my money eternally useful?" It can be done. The Board of Conference Claimants can help you realize this and will coöperate with you to make your money fulfill a double purpose: To provide a safe income for life, and to help a good cause.

## *Annuity Bonds are Perfectly Safe*

Because the principal remains intact. Only the income is used, while you live, to pay your annuity either annually, semi-annually, or quarterly. Every dollar paid for Annuities is safely invested in a permanent Fund, and will bring a perpetual income for the aged ministers.

## *Unique and Perpetual Investments*

The program of the Board adapts itself to the Life Annuity plan better than most organizations, because the Permanent Funds of the Board are a perpetual investment. The money is not invested in properties, but only in the most approved securities. This makes the money absolutely secure and very few organizations invest the money committed to them in perpetual investments.

## *Your Money Becomes Immortal*

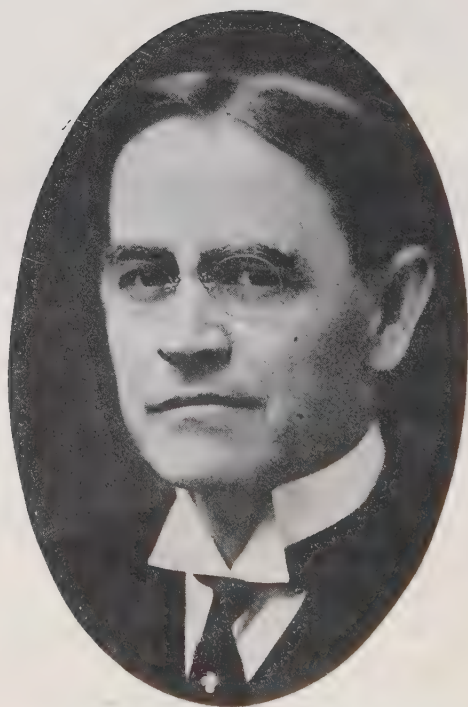

Life Annuity Bonds pay high rates and serve the double purpose of helping the giver and the Veterans of the Cross, widows and orphans. The money thus invested is like a living stream. The overflow will enrich your life while on earth, and when you are in Heaven, the overflow will constantly quench the thirst of the Veterans. By purchasing Life Annuity Bonds from the Board of Conference Claimants of the Methodist Episcopal Church, you help yourself and your money becomes immortal. This is a Christ-like act.

## *A Guaranteed Income*

Can be secured for either yourself, your family, or some friend.

Make all inquiries of Rev. Joseph B. Hingeley, D.D., 820 Garland Building, Chicago, Ill.

My Dear Brother Randolph—You will present my very warm thanks to the brethren of the Tacoma Preachers' Meeting for the sympathetic resolutions they have adopted concerning my noble father's death. He was truly a wonderful man; and there are no words that could express the pride I have had in his character and service. The Gospel that he preached for slightly more than sixty years is now our great comfort.

# Reports of District Superintendents

### BELLINGHAM DISTRICT

#### J. M. Canse, Superintendent

The personnel of our pastoral leadership has shifted but little from the appointments made at the Everett Conference. A. A. Brittain was transferred to the Oregon Conference and G. F. Pollock was then placed at Custer, and F. M. Bushong, a local preacher of Portland, Ore., was secured to supply at Bay View. On December 29, F. A. Guiler and wife gave up the Arlington charge and G. C. Squire, our brother of Bellingham assumed the pastorate after two weeks.

Following the removal of E. N. Askey from Trinity Church, Bellingham, to Epworth Church, Tacoma, made vacant by the death of our much-lamented brother, Dr. W. H. W. Rees, a new stir beset Bellingham. The official boards of Trinity and First Church turned toward each other in greater affection than ever before and in a short time were consolidated and worshipping in the Trinity building with the First Church pastor, G. C. King, serving as leader of the united congregation. The new name of Garden Street has been adopted and the outlook is for a more powerful hold upon the city with the capacity to plant Methodism more positively. A campaign is being planned to cover the entire amount still due the Board of Home Missions and Church Extension and as soon as conditions shall warrant a church will be in operation on the north side.

One of our parsonages has been darkened by the dark angel in the death of a son of Brother and Sister R. L. Sprague, and several foreboding shadows have elsewhere appeared. Elda M. Quall was welcomed at the Avon parsonage December 26, and the home of our Conference Statistician has been blessed by the coming of a second son, Philip Harrison Ashby.

Revival meetings began early in October with a union tabernacle campaign in Everett under the evangelists, Hart and Magann. The French E. Oliver company labored in Bellingham and Mount Vernon, and later in the year Messrs. Hall and Gates held meetings in Lynden, Nooksack and Sumas. Frank McCarty greatly assisted our pastors at LaConner and Sedro-Woolley, while Brother D. S. Kerr and his capable wife wrought well at Lyman, Silver Beach and Friday Harbor. Several pastors exchanged their services with gratifying results. Fully five hundred converts came into the churches during the year. However, only about one fifth of these new branches will seem to appear as many older members have removed from our borders and, alas, the scientific pruning hook has been relentlessly employed.

The district morale has been greatly augmented by the regular monthly meetings of the pastors according to their counties. Through their agency the drive for men in the Sunday Schools was a real success. J. M. Weaver proved a worthy general in this offensive movement, and Dr. W. S. Bovard did very effective work. Five or six new schools have been organized this year.

We shall not say that our well-laid plan for a thousand men in Sunday School has miscarried. We have loaned of our best for Christian service in training camps, on guard duty, at various forts, upon the seas, and in the trenches. First Church, Everett, has contributed nearly fifty young men to the service of our country, two of whom are from the home of Dr. Marlatt.

Brother L. C. Shultz was the first of our pastors who have been called to take a father's part, in the volunteering of a son for service in the Canadian ranks. The Roll of Honor continues to lengthen upon the walls of most of our Sunday Schools and prayers ascend in tender urgency to Him whose Son died on the Cross to make all men free.

The most outstanding event of the year was the episcopal survey of the district, made by Bishop Matt. S. Hughes last spring when he turned aside for a dozen addresses during a very exacting period of his official calendar. He presented the plan of advance for his militant army and enthused all his subordinates with a passion for greater Christian conquest.

Then came the Intensive Campaign that brought out our district and subdistrict teams to support Dr. J. E. Robinson and A. Wesley Mell in their presentation of the interests of the Commission on Finance. The District Meeting came in May as a culmination of this splendid campaign, and as a result the district has adopted a comprehensive program of ten objectives. Splendid gains have been made in every item of the goal and it is a pleasure to state that in the item of the benevolences there are twice the number of charges in the all-star class than reported all claims full a year ago.

The Epworth League convention at Sumas was a season of great profit to our young people. Our Bishop thrilled us with the opening address, and Dr. Brummitt proved himself master of methods and Epworth life. A definite program was adopted for the coming year including the support of a deaconess student, Miss Ann Fry, and the purchase of a motorboat for a missionary among the islands of the district. Rev. Thomas Gambill, agent of the college, has already found the heart of our young people, and every convention of our Leaguers is a rallying ground for students for the College of Puget Sound.

We are seeking to standardize the parsonages, and Fairhaven has gone a long way toward that delightful goal by paying off a troublesome old debt of nearly \$800, and Darrington has completed an attractive bungalow for the pastor there. Several parsonages have been substantially improved, but many of the charges are far from boastful of their accommodations for the pastor's family.

The Ladies' Aid Societies continue to be the saving factor in about every worth-while enterprise undertaken in the least successful charge as well as by the \$1,000 raised by the Garden Street women. The Woman's Foreign and Home Missionary Societies keep up their vigilance though the Red Cross work has become so popular, and several of our most delightful young ladies have turned in consecration to the life of a deaconess.

It is fitting that we express our sorrow in the death of such stalwart laymen as Dr. Musgrove of Sultan and William Joy of LaConner. We can ill afford to lose such old-time Methodist leaders. The Laymen's Association can do no better than cultivate a new generation of Methodist men strong enough of heart to bear hardness as good soldiers with these old saints who are becoming all too few among us.

With the world on fire and the potency of the Cross at stake, we are now desperate for pastors dominated by the Master's vision and laymen who will take more time to walk with their God. The leading laymen and the pastors are possessed of a growing conviction that the Bellingham District must soon place a more worthy offering upon the altar of the nation and the Church. What a heritage has overtaken us. Surely the new movements begun by the Board of Home Missions and Church Extension merit the strictest coöperation by this session of the Puget Sound Conference and the support of the Laymen's Association in every phase of its great task open to us.

The Ferndale Camp Meeting this year was an uplift to all who attended. This success is attributable to our pastors who still believe in spreading Scriptural holiness. Our policy was to mass forces and not allow this great means of grace to be dissipated by any who prize the vocabulary of ecstasy more than the possession of its fountain. There is no better remedy for the pests now flourishing in our Lord's vineyard than Methodist ministers and

members who strive to attain and seek to dispense the highest New Testament standard of experience and life.

*The Pacific Christian Advocate* has never been more welcome than now and our young people say they just eat up Dan Brummitt. Nevertheless Methodist literature is too scarce among us, except in the Sunday School print. With salvation, present, free and knowable, as the great doctrine of Methodism, and in the light of Wesley's truism—"Our people are not more holy because they are not more knowing," and in a time when every tradesman and every zealot of every cult reads and spreads his papers, why can we not have a Church paper in every home and Methodist books upon every table? It would help a little for full-page advertisements to appear in the *Advocates* on spiritual life literature as well as on finance, new methods and sociology. The conviction is upon me that avaricious bargainings of the times have sold many a bright Joseph and "we are very guilty concerning our brother, in that we saw his distress of soul, when he besought us, and we would not hear."

Pastors who conform most nearly to the Disciplinary call, conduct, and fidelity of the ministry are most endeared to their flocks and most in demand among us. The pastors' reports, the occasional items in the *Pacific*, and our new elongated tables will present the chronicles of the year. Our pastors are able men for the affairs of this life. In the Bellingham District are two modest pastors who were formerly upper railway employees, two lawyers, three merchants, four woodworkers, several teachers, all of whom are now receiving less by far than in their former vocation and none have so far declared a strike but seek rather to merit the Father's blessing upon the shortweight loaf and also stir up the Churches to honest stewardship.

Who knows but that we are called for strategic service for the King of Kings and his advancing Kingdom in the most pivotal hours of all the centuries! We who are very weak must be strong in His might; and none who have left all to follow the Christ shall fail in the hereafter, nor, bless His name, in this ominous present world.

## OLYMPIA DISTRICT

J. C. Harrison, Superintendent

*Bishop Hughes and Brethren:*

We started our Conference year with four places to be supplied. Rev. N. S. Hankins, whose credentials from the United Brethren Church were recognized by our last Conference, was secured for Simpson Avenue in Hoquiam. We spent the first half of the year in paying old lumber and paint bills against our Trinity property in Aberdeen. Since then Brother Hankins has given them one service each Sabbath. Rev. H. P. Waldron has supplied Bethel, and Rev. C. W. McLaughlin has gone over from Sequim and done a good work at Dungeness.

In June, Rev. T. T. Sharpe of Port Angeles and Rev. E. O. Grimes of Cando, N. D., exchanged. Brother Grimes is a graduate of Baker University and of our Boston School of Theology. The official board of Port Angeles has unanimously requested his return for another year.

C. A. Lindholm, because of a nervous collapse of Mrs. Lindholm, had to give up his work at Satsop and Porter, but Brother Lindholm has supplied Little Rock. Rev. Erle Howell, a graduate of Meridian College in Mississippi, was secured to take the Satsop and Porter charge. He is a young man of fine qualities. He has passed the entrance examinations and will be up for admission on trial at this Conference.

We met the District Stewards and pastors in Olympia early in the year, and decided upon a plan of procedure for the District Superintendent. The first quarter was to be spent in getting acquainted and in starting the year. The second and third quarters were to be combined, and only one quarterly conference held in each charge. The remainder of the time was to be spent

in assisting the pastors, who serve difficult places, in evangelistic services, and in intensive and extensive campaigns.

The fourth quarter was to round out the year, and secure first-hand knowledge of the immediate needs of this great mission field. As a result of this plan, I have preached three times and conducted three quarterly conferences in every charge. In some places I have spent one week, and in others two weeks. I have preached as many as eighteen times in one charge. I am convinced that if this plan is conscientiously worked it will, in six years, double the efficiency and greatly increase the membership and benevolent offerings of the district.

The district has had twenty-two successful revivals during the year. These meetings have been conducted in large measure by the pastors of this Conference. Rev. and Mrs. William Park assisted the pastor in Olympia, and the District Superintendent helped in seven places. In one place only have we had a traveling evangelist. My conviction is that we should do our own work, and not depend upon the professional evangelist, who knows very little or nothing at all, of our conditions and needs. As a result of the meetings, together with the aggressive personal work done by pastors and people, we shall report an increase of about 300 members in full connection for the year. This is an increase of more than 12%.

The Intensive Campaign, headed by the Commission on Finance, was a great uplift to the district. Dr. A. D. Angel, pastor of our First Church in Troy, N. Y., and a true man of God, did us fine service. Dr. E. M. Randall and Rev. D. R. Martin represented the Benevolent Boards. Dr. J. A. Sutton spoke on Stewardship, and Rev. W. W. Switzer on the Church Press. The group meetings were largely attended. The "Carry Down" campaign was worked in detail. The results are now being realized by a number of our churches adopting the Disciplinary Financial Plan.

The campaign helped us greatly in bringing up the salaries of pastors, which will increase at least \$1,500 over last year. The interest of the people in our benevolent boards was aroused. I have found a number of Churches that think the benevolences are a kind of side issue, and that it is a pretty nice thing to give to our boards after our own needs are properly cared for. I have met more than one pastor who has complained in the Quarterly Conference that the apportionment was too high, and that the local Church was not being treated right. This is what many of our laymen like to hear. We must take our stand as ministers, in teaching our people to become tithers, and in instructing them to be loyal to our great Church. The Red Cross drive and the strike in the lumber industry will cut our benevolences down, but we shall have a good increase.

The following churches and parsonages have been improved to the value of the amount given:

Porter, \$15; Port Angeles, \$15; Port Townsend, \$25; Shelton, \$50, and \$210 on indebtedness; Port Orchard, \$90, and \$36 on indebtedness; Hoquiam First, \$500; Tenino, \$25, and \$110 on indebtedness; Aberdeen First, \$583; Sequim, \$50; Trinity, \$331 on indebtedness; Chimacum, \$100; Dungeness Circuit, \$145; Elma, \$74, and \$50 on indebtedness; Crescent Harbor, \$102; Silverdale, \$190; Colby, \$150, and \$175 on indebtedness; Bremerton, \$100 on indebtedness; Montesano, \$145 on indebtedness; Cosmopolis, \$273; Tumwater, \$175; Coupeville, \$528; McCleary, \$2,700. This gives us a total of about \$1,000 paid on old indebtedness and a little more than \$6,000 paid on improvements.

The Ladies' Aid and the Woman's Home and Foreign Missionary Societies have done excellent work. We heartily commend them.

The *Pacific Christian Advocate* represents loyally and whole-heartedly the very best interests of our Church, and is read in a large number of our homes.

The interest of our people in the College of Puget Sound is increasing. More of our young people should be influenced to secure their education in our own school.

We have a few very good Epworth Leagues on the district, and some very poor ones. Sequim, Porter, Little Rock, and Silverdale have reorganized

during the year. The subdistrict convention held in Tumwater in May was good. Dr. Dan Brummitt, Rev. J. H. Secor, and Dr. E. M. Hill gave inspirational addresses and sermons that were helpful. A "Booth Festival" held in Montesano on Labor Day was a success. Dr. M. H. Marvin was the acceptable speaker of the occasion.

Our Conference Epworth League Institute at Epworth Heights was a great inspiration to the young people of Olympia District, who won the pennant for attendance.

The Sunday Schools of the district are doing admirable work. Rev. J. M. Weaver has organized a number of new schools during the year. Brother Weaver has spent much time on this district, and has done a fine work. The big drive headed by Dr. W. S. Bovard to put 5,000 men into the Sunday Schools of the Puget Sound Conference was to some extent successful with us. Dr. Trenery made a visit over part of the district in the interest of the extension department of the Board of Sunday Schools.

On May 20 our resident Bishop led us in a great meeting in First Church, Aberdeen. Nearly \$4,000 was pledged to go ahead with the finishing of the auditorium. Dr. Hill has had a very successful beginning. The Fourth Quarterly Conference voted unanimously to raise the salary to \$1,800 for another year.

During the year four new societies have been organized, and two reorganized. Malone was organized with seventeen members and will become a part of the Elma charge. Blyn has been organized with seventeen and Blue Mountain with nine members. Dungeness has been reorganized with eleven members. These three points will become the Dungeness Circuit, and should pay a man at least \$700. Hadlock has been reorganized with twenty-four members, and will be part of the Chimacum Circuit. The Port Angeles Circuit has been organized with twenty-five full and fifteen preparatory members.

During the Christmas holidays we organized a Methodist Church in McCleary, and incorporated it under the laws of the state. The building, which had been used for union services for several years, was deeded, free of cost, to our denomination. It is easily worth \$2,500. The success of this enterprise is due to Rev. L. D. Cook, who for nearly four years has worked to bring this to pass.

My report would be incomplete if I did not mention the work done on this district by the local preachers who have nobly supplied many of our hard places. They are a consecrated, loyal, and aggressive body of men.

This has been the best year of my ministry. The pastors and I have gone out as a team of two to do the work of God in the various charges. Our ministers are good men, and the majority of them are successful. I have traveled about 11,000 miles, preached 204 times, called into 667 business places and homes in the interest of the Church, and have, to the best of my ability, tried to make the year successful. Bishop Hughes, the District Superintendents, the pastors of the Conference, the officials of our Laymen's Association, and the rank and file of the Church membership of the Olympia District have sympathized with me and helped me. That the Holy Spirit shall lead us in all of our undertakings as a district and as a Conference is my prayer.

## SEATTLE DISTRICT

Geo. A. Landen, Superintendent

BISHOP HUGHES AND BRETHREN:

In presenting my third annual report of the work on Seattle District I desire to gratefully acknowledge God's leadership and His many mercies.

In my report last year I called attention to the serious illness of Dr. Harrington. He continued to fail until the tenth of November when he was not, for God took him. Dr. Harrington knew the Lord and was a faithful preacher of the Word for many years. He preached a full gospel, giving special emphasis to the doctrine of entire sanctification as taught by the

Methodist Episcopal Church. As pastor, presiding elder, and editor he was true to his convictions and had much to do in helping to lay the foundations of our Methodism and the Kingdom of God in this great Northwest. He suffered much during the latter months of his illness, but amid it all was patient and cheerful. It was a benediction to visit with him. He welcomed the coming of the Angelic messenger and was borne away to his immortal home. We can truly say of him:

"Servant of God well done,  
Thy glorious warfare's past,  
The battle's fought, the victory's won  
And thou art crowned at last."

Bishop Hughes, we have all greatly sympathized with you in the sorrow through which you have been called to pass during the year in the translation of your beloved father from the earthly to the heavenly city. We pray God's blessing upon you and your family, and we congratulate you on being the worthy son of such a noble man of God.

### Pastoral Changes

It was found soon after Conference that all the time of the pastor of Shaw Memorial should be given to this Church. So J. M. Denison was relieved of the pastorate of Riverton, and E. E. Bergman of Auburn has supplied this place in connection with Thomas and the work at Redondo was discontinued.

At the close of the first quarter the official board at Hillman decided they could not support their pastor, J. W. Kern, and he was released from the pastorate of the charge. A little later Rev. James Clulow and wife were secured to give what time they could to the charge. The most of the time Sister Clulow has supplied the pulpit very acceptably to the congregation and the people of Hillman would be very glad to have Brother and Sister Clulow serve the charge next year.

An afternoon appointment was not satisfactory to Kennydale, and with my consent Brother Hartley discontinued his visits and I have supplied the pulpit as best I could during the year.

At the close of the first quarter R. L. Wolfe, pastor at Renton, found it necessary to relinquish his charge and move to Kent to make a home for his aged mother. His mother still lingers but is in a critical condition. He will ask for a supernumerary relation at this Conference. D. P. Henry was secured as supply for Renton and has done a good work and won the hearts of the people. The Quarterly Conference asked unanimously that he be continued as pastor for another year.

Last Conference Trinity Church, Seattle, was left to be supplied. At a meeting of the trustees held soon after Conference it was decided to sell the property to the Deaconess Home Association for the amount of the indebtedness against the property. This action was approved by the Quarterly Conference and the trustees authorized to transfer the property. This has been done. Most of the members have been transferred to other Methodist Churches and more than half of the number going to Queen Anne Church.

Sixty-second Street is one of our small and struggling Churches that has been rather on the decline for several years. This church is only one-half mile from Woodland Park and about a mile from Foote Memorial and Gilman Park. It was voted at the Fourth Quarterly Conference to consolidate with Gilman Park Church if this met the approval of the presiding Bishop, and provided Gilman Park Church would assume the indebtedness on the property. I would recommend that this be done or that Sixty-second Street be placed under the supervision of the city missionary and that the Sunday School be continued.

Under the leadership of our wise and efficient city missionary, W. H. Leech, lots were purchased at the western limits of the city and a new church erected. This gives us a property worth at least \$1,500, and the only church on the Lake Burien car line for a distance of nine miles. We have a good

Sunday School and the nucleus for a Church with splendid opportunity for growth.

At Des Moines Mrs. Mary C. Clayton, a member of our Church, purchased lots adjoining our church property at a cost of \$1,000 and presented them to the Church. She also offers \$1,000 more for an addition to the church building, which we hope to see built this fall.

Our people at University Church have been ashamed of the condition of their church building for some time and felt something should be done. Under the leadership and inspiration of Dr. Lathrop, their new pastor, they decided to make some radical changes and improvements. This has been done at a cost of about \$8,000. So great is the change wrought that we practically have a new church adequate and well equipped, of which Seattle Methodism may well be proud. Best of all, this entire cost has been provided for in subscriptions in the form of bankable notes. In addition to this, they expect to cover the indebtedness on the property of about \$4,000 in the same way.

Rainier Beach Church has been improved by the addition of a basement at a cost of \$500. This was made possible by the pastor, R. C. Hartley, and some members of the official board joining the shovel and wheel-barrow squad and removing the surplus earth. Hillman Church has received a much-needed painting on the exterior and redecorating on the interior. Cost \$200. At Woodinville an addition has been made to the church for Sunday School work at a cost of \$236. Bethel Church, Seattle, has purchased a piano during the year, which adds much to the musical part of the services. Grace Church has decorated the interior of the church, put in the indirect lighting system, painted the exterior of the building, and made other substantial improvements at an expenditure of \$1,500. Dr. Baker has raised every dollar of this amount, paid every bill and not a dollar of debt has been incurred. Haven Church has made improvements to church and parsonage to the amount of \$320.

I stated in my report last year that "men may come and men may go but church debts go on forever," but we are not going to have them go on forever on the Seattle District. The following amounts have been paid this year:

Green Lake, in addition to the donation from the board, has paid \$700 on debt; Calvary, \$500; Gilman Park, \$450; Sixty-second Street, \$80; Lakeside, \$77; Ronald, \$150; Tibbetts, \$53; Foote Memorial, \$100; Kennydale, \$35; First, \$3,000.

Under the able and consecrated leadership of Dr. Randall \$4,500 of the debt on Gilman Park Church has been pledged on condition that the balance of the indebtedness is taken care of in our general campaign.

The loan on the Kennydale property has been transferred to the Washington Loan Association and a sufficient amount pledged monthly to take care of the payments in full.

We are planning for a general campaign this fall to liquidate the indebtedness on all our church property in the Seattle District. A central committee, consisting of the pastor and two laymen from each Church, has already been chosen. An executive committee of five preachers and ten laymen was also selected and has had many meetings for Conference. Dr. James E. Crowther has been chosen as executive secretary and has given and is ready to give much of his valuable time and consecrated ability to the work of directing this campaign. While it may take three years to clear off all our indebtedness, we expect to succeed.

Financially this has not been an easy year for the Churches. While it has been comparatively easy for men to secure employment and wages have advanced, the increase in wages has not kept pace with the advanced cost of living. The street car and lumber strikes have affected us in some measure.

The multiplied calls for Red Cross, Young Men's Christian Association, Belgian and Armenian relief, and other interests have undoubtedly lessened the contributions to the support of the Church and our benevolent causes. I believe, however, there will not be any large deficiency in ministerial sup-

port, and I am expecting an increase over last year in our benevolent offerings.

The failure of the Fremont Bank has tied up \$135 of the benevolent offerings of Ashbury Church, and caught a number of the members of this Church for small amounts that has made it hard for some to pay as usual for the support of the Church and benevolent causes.

The failure of the German-American Bank locked up more than \$300 of the money belonging to our City Evangelization Union and embarrassed us somewhat in this work.

We were not able to carry out in full our evangelistic program adopted at the beginning of the year, but many profitable meetings were held by the pastors and some were converted and added to the Church.

I am not able to state the exact number but our membership will show an increase over last year of approximately 150 full members.

The group meetings that were held under the intensive campaign were very inspiring and helpful to our pastors and people. Dr. J. R. Robinson, who represented the Commission on Finance, gave a very practical message. Dr. Mell of the American Bible Society very ably represented the benevolent boards, and won the hearts of our people wherever he spoke, and certainly gave them a broader vision of our world program. The pastors on the local teams all rendered valuable service.

Our City Evangelization Union is doing excellent work. We are certainly fortunate in having as our city missionary, Rev. W. H. Leech. He is industrious, faithful, and wise in his management of our city missionary work, and is indispensable to that work.

The Sunday Schools of the district are in a healthy and growing condition. They are not, however, reporting as many conversions and additions to the Church as I would like to see. The visit of Dr. Bovard of the Sunday School Board was stimulating to our work.

Rev. J. M. Weaver, our Conference Secretary of Sunday Schools, has been untiring in his labors and has done much to strengthen and build up our Sunday School work.

The Epworth Leagues have been active and loyal in Church work. Our district cabinet is made up of wide-awake, consecrated, and progressive young people, and is furnishing worthy leadership in our League activities. Our district convention this year was the best we have had since I came on the district.

The Ladies' Aid Societies have been abundant in labors. They have raised this year \$7,902, visited the sick, fed the hungry, and clothed the needy, and fully exemplified their name as the helpers in all the activities of the Church.

The Woman's Home and Foreign Missionary Societies are indeed splendid agencies for the distribution of missionary literature and the cultivation of the missionary spirit. According to reports to the Quarterly Conference the Woman's Home Missionary Society has raised \$2,080 this year. The Woman's Foreign Missionary Society has raised \$3,633. In addition to this, they are giving a consecrated young woman to the missionary work in China, Miss Mary Bedell of our University Church, who is a graduate of our State University and well equipped for her work.

The Seattle General Hospital, under the careful supervision of Miss Hall, is doing most excellent work. During the past year \$5,000 of free work has been done.

Our Deaconess Training School, under the superintendency of Miss Mary B. Sweet, has done most commendable work, and the young ladies in attendance were of a noble type. As stated elsewhere, we have purchased during the year the Trinity Church property. This gives us a very desirable site, but we do sorely need a good building adequately equipped. I am sure such a building can be erected this coming year if we can have the cooperation we ought to receive from the Methodist people of the Northwest.

The work in the Deaconess Settlement is growing in interest and demands upon us. We have a Sunday School of about 180 and special work among the boys and women. The men of the community have asked for a Bible class, but we have had to turn them away because we had no place to put them and nobody to teach them. Are there not some of God's stewards in the bounds of this Conference who will give us \$10,000 for a new building?

### Personal

The call of the country has found a response among the young men of our Methodist parsonages and homes and our Sunday School and Epworth Leagues have felt the loss of these young men. Hardly a Church in the district but has lost some of its young men by enlistment or the draft. Our prayers should follow these young men as they go into active service.

One young man has heard the call of God for missionary work in South America. John Herrick of Asbury Church is now in Cochabamba, Bolivia, engaged as a teacher in one of our schools. He is a graduate of the State University and is worthy and well qualified.

There has been, as usual, some sickness among our preachers and their families, but death has not entered any parsonage home, for which we are grateful to God.

I felt it not only a duty, but a great privilege to say a word about our retired preachers. Dr. Atwood, the nestor of our Conference and my first presiding elder, abides with us in such sweetness of spirit it is a real pleasure and benediction to be associated with him.

Brother F. E. Drake has been seriously ill during the year, but the Lord has raised him up. It is an inspiration to any preacher to have Brother Drake in his congregation. His beaming face and quiet but fervent amen bespeak the glory that is in his soul.

Brother A. H. Marsh is a regular attendant upon the preaching and other services of the Church, and is a loyal supporter of his pastor and of every good work.

The health of Dr. E. E. Morris has not been very rugged, but the Lord has sustained him and his godly character and sweet spirit have been potent factors for good with all associated with him.

Brother J. W. White has preached a few times and has been happy in the Lord while caring for his garden and chickens. His cheerfulness and optimism are refreshing to us all.

Dr. Wilmot Whitfield has spent the year in Los Angeles. At one time he was critically ill and had to undergo a surgical operation, but at last reports his health was somewhat improved.

In addition to these of our own Conference I have mentioned, we are privileged to have with us as members of other conferences the gracious and sweet-spirited Bourns, the youthful and aggressive Foster, the humble and retiring Hall, the genial and discriminating McIntosh, the modest and kindly West, who has inspired and thrilled other people with his vision of the East, and the brotherly and sympathetic Calder.

Brothers Arney, Franklin, and Fahs are among our non-resident members of the Preachers' Meeting, from whom we have good reports.

Permit me to say in closing that to me personally this has been a good year. I desire to thank both pastors and laymen for the uniform kindness and courtesy that have been shown to me and Mrs. Landen. It is indeed a great privilege and pleasure to belong to the brotherhood of the Methodist ministry. I am glad to be one of your number.

### TACOMA DISTRICT

Spencer S. Sulliger, Superintendent

BISHOP HUGHES AND BRETHREN:

The past year has indeed been a checkered one. The usual events and regular work belonging to a district in the Methodist Episcopal Church have been as many other years. I do not believe there is an auxiliary of the

Church that has not made some advance. The Ladies' Aid Societies, the Woman's Foreign Missionary Societies, and the Woman's Home Missionary Societies have all done their usual good work, and their reports will tell the story of advance. The Sunday Schools and Epworth Leagues have made substantial improvement.

The returns for salary and benevolences, at this writing, are not all in, but I believe an increase will be reported. The everlasting desire to prune membership—with the purpose sometimes, I fear, to lessen the apportionment for benevolences—threatens to nullify a real increase in the membership of the district.

During no year in my experience have I had so much disturbance in pastorates. Dr. W. T. Randolph, pastor of St. Paul's, underwent a serious surgical operation, happily resulting in full recovery. The death of Dr. W. H. W. Rees, pastor of Epworth Church, was a shock to all. This noted leader in our Church was suddenly stricken and passed away without regaining consciousness. Dr. Rees lived up to the limit of his stay with us and went, as any of us might well desire to go, almost directly from his pulpit to the home beyond. The unexpected death of Sister Gailey, wife of our pastor at Vashon, came as another distinct shock. She was a gifted woman, with a most attractive and strong personality. Proper memoirs of Sister Gailey and Dr. Rees will be printed in the Conference Journal. Dr. D. H. Trimble, pastor of First Church, and Dr. R. J. Reid, pastor of Mason Church, both forgot that from fourteen to sixteen hours of hard work each day, and seven days each week of it, means shattered nerves. And so both these splendid men had to go to California for a somewhat long vacation. They both returned in full vigor and I hope each will hereafter follow my advice rather than my example. My own serious illness came very suddenly. Four operations, one of which was a serious mastoid operation, with the attendant hospital experience, gave me what I have not had for years—a complete rest from all work. I seem to be through now, and what is left of me ought to be good. I have been moderately free with my advice to Bishop Hughes because of his heavy and incessant work, and he suggested the perfect propriety of my consuming some of that advice on myself. And I did so, and am doing some of it yet.

Four preachers of the district—C. H. Wood, H. G. Earle, G. S. Helgeson, and Loren Sheffer—have gone into the army, Brother Wood to the army Young Men's Christian Association and the other men to the regular service.

Sunday, June 6, the beautiful new church at Summit View was dedicated, Dr. E. H. Todd officiating. The church is a credit to the community and the pastor, Rev. A. F. Stearns, and his heroic people worked hard.

The dedication of Le Sourd Church, Tacoma, was a most successful affair. The Rev. E. N. Askey, pastor of Epworth Church, of which Church Dr. D. G. Le Sourd, for whom the Church was named, is a member, preached the sermon and the District Superintendent dedicated the church. To the pastor, the Rev. H. E. Gardner, is due great credit for this church.

In the way of church enterprises the completion and dedication of the beautiful and convenient First Church, in which we are now met, was the event of the year. One of the most signal victories ever won by a pastor and people was in the erection of this church. Dr. Trimble never wavered in pushing the enterprise and deserves the gratitude of Methodism for the splendid work he has done. Bishop Hughes officiated at the dedication, which was preceded by a week of program.

A fine new church at Gig Harbor will be ready for dedication soon after Conference. The pastor, the Rev. C. D. Miller, and those who so fully supported him, succeeded against obstacles that are ordinarily considered insurmountable.

If time afforded, I could well call attention to the good work done by all the auxiliaries of the Church. May I just say, they have all done splendid work, and no word of special mention from me could make that work better.

I have but briefly touched upon the work of the departments of the Church so I might have time, though briefly, to notice a series of special movements that promise much to the Tacoma District in the future.

Early in the year we grouped the charges of the district for special revival work. This was done with the deliberate intention of saving, as much as possible, the use of special evangelists and getting pastor and people enthused with the idea of actually doing revival work. Nothing in this was at all against the proper kind of special evangelists, but I consider it a sad day when any Church gets where it cannot hold a successful series of special meetings without having to call the help of a special evangelist. The group meetings were successful in reaching the purpose I had in mind; that is, the development of the local Church workers and the directing of both pastor and people to the best special evangelist I ever heard of—the Holy Spirit.

We then held a central meeting of all the presidents and officers of the Ladies' Aid Societies of this district. It was a day of storm and snow, but sixty of our elect women gathered in Mason Church. The District Superintendent spoke on "Connectionalism," and Mrs. W. P. Hopping conducted a consultation meeting and plans were formulated for mutual help and encouragement.

This gathering was followed by the superintendents of the Sunday Schools of the district, held in Trinity Church. Following the plan of Mr. Alfred Lister, the successful superintendent of Trinity Sunday School, the evening was devoted to departmental meetings and an address on "Child Conversion," by the District Superintendent. Plans were also made for mutual help and visits of officers.

Then we had the presidents and officers of the Epworth Leagues of the district in a great meeting held in First Church. We followed the plan of departmental meetings, led by the respective district officers, and the District Superintendent spoke on "Coördination." A social hour closed a very profitable meeting.

Meetings of this character will be held early in the next Conference year, so that plans can be made early for coöperation and mutual help. The plan is to extend these meetings to other divisions of Church workers and thus get everybody acquainted with everybody and then go in for a year of good work.

The establishment of what we call a "District Church Fund" I consider one of the most important moves of the year. The plan is to never build a church on Tacoma District that every other Church in the district has not contributed to the building. We started the plan by taking a free-will offering in every church for the Le Sourd and Summit View Churches. A substantial sum was realized for each Church.

This report is already long enough and I close by saying it has been a good year, and I am under many obligations to both pastors and laymen for the fullest of coöperation. Since my call into the United States Army I have had the full services of the Rev. James Pascoe, D.D., as genial and capable a brother as it has ever been my pleasure to work with. I have been so situated that I have been able to give much time to the district, and it is well that I could, for the work has been heavy and has required all the time of Dr. Pascoe and all the time I gave to the work. Despite the present marked improvement in business affairs it will be difficult to hold up to the reports of last year. The major part of the year was one of great business depression and almost complete paralysis of the lumber industry. The improvement came too late to help much in this year's reports, but will be a material help to all the work of the coming year.

I thank God for the privilege of the work of the year and the loyalty and faithfulness of both pastors and laymen. And, sir, I am sure I voice the unanimous sentiment of Tacoma District when I say that to your clear leadership and indefatigable and efficient work we owe much of the spirit of true Methodism that characterizes the district, as well as whatever of advance that has been made.

## VANCOUVER DISTRICT

T. E. Elliott, Superintendent

BISHOP HUGHES AND BRETHREN:

I am thankful to God that I am permitted to bring this, my third, report of the Vancouver District to this Annual Conference. I desire to correct an error which occurred in last year's annual minutes concerning that district. There was reported a deficiency in Ministerial Support of \$2,902, whereas the total deficiency was \$2,073—the least of any district in the Conference. If there has been one thing that has given greater inspiration to the men on the district than any other it was the Portland Areal Conference held last January under the leadership of our resident Bishop, Matt S. Hughes. A goodly number of the men on the district attended and every man who did so received an uplift and a vision that helped him through the year. This meeting was followed up on the district by group meetings, of which we had four. By this method we endeavored to see the last man. In addition to these, we organized the Clarke County men into two teams of six each. They held all-day and evening meetings in nearly every preaching point in the county. Where possible the Superintendent arranged the Quarterly Conference so as to be held at the same time, thus securing a larger attendance at the latter. At these meetings the men took subscriptions to our *Pacific Christian Advocate* and incidentally boosted the benevolences. I am sure good was accomplished. Had it not been for the auto we could not have carried out this plan as successfully as we did. This modern vehicle is proving to be a great help in reaching the isolated points. We have ten preachers on the district who own autos, or "imitations." The visit of Dr. W. S. Bovard was a real inspiration to the charges that he visited in the interest of the Sunday School. I am sure that good has resulted from his visit; the doctor is a live wire and J. M. Weaver, our Conference Superintendent, is a good second. The Sunday Schools on the district are improving; the most notable improvement is the added number of men attending. Our District Conference was held in the month of May, at East Mill Plain and was attended by all of the preachers save two. In connection with this, at old Vancouver, the Epworth League district meeting was held the same week. This being but nine miles from the seat of the district meeting, enabled those who attended the one to attend both at the same expense. The addresses of our resident Bishop and Drs. Brummitt and Marvin at the Epworth League convention were of a high order. There is room for improvement on the district in Epworth League matters, but we bring no note of wailing. The fact that thirty-five young people attended the Redondo annual gathering speaks well for the interest manifested. Personally, I was ill in bed at that time. We have had very little sickness on the district this year; but where it has struck it has hit hard. Sister Reddick lay for weeks in the parsonage at Randle, twenty miles from a railroad, in a condition that brought her near to death's door. Thank God she has very much improved in health; but is not strong. The family of H. W. Mitchener at South Bend was quarantined for twelve weeks for one thing after another until they literally wore out the calendar of common ills. On the fifth of December the little nine-year-old daughter of Brother and Sister Smith of Chchalis was taken to the Better Land. I preached the funeral sermon at our church in Chehalis, and the body of little Margeret was laid to rest in the Tacoma cemetery. On April 24 the Rev. D. M. Ellsworth, a retired member of this Conference, passed to his reward. I asked him if he had any message for his brethren at the Conference; he raised his feeble hand and repeated, "Tell them that I am unspeakably happy. Jesus is precious, O, so precious. Give my love to all of the brethren." The writer had charge of the funeral. The sermon was preached by his pastor, the Rev. E. L. Benedict; a goodly number of the brethren and preachers from Clarke County assisted and acted as pallbearers. The body was laid to rest in the new cemetery at Vancouver, Wash. I have, up to this point, given you the happenings on the district of a general character. May I now be a little more specific? On thirteen charges of the district Ministerial Support was increased from seventy-five to one hundred

and fifty dollars above that of last year. Ten of the charges had a "star" for raising their benevolences in full and another one lacked one point only. The only single preacher given us at Conference very soon after entered upon the "better way." F. L. Pederson, who was stationed at Pe Ell, married the daughter of Dr. F. A. LaViolette, pastor of the Queen Anne Church, Seattle. It is with a tinge of sadness that I have to report that this estimable young man had to ask to be relieved from the charge because of illness, from which he has not yet fully recovered. Brother Pederson is now in Alaska; he is improving in health and asks to be left without appointment to attend one of our schools. This I recommend. The women's societies, such as the Woman's Foreign Missionary Society, the Woman's Home Missionary Society, the Ladies' Aid, are all very much in evidence on the district. At least one or two new organizations have been effected; in every case they are contributing their share to the success of the work. I have had more than my share of changes this year among the preachers. E. J. Boddy, J. F. Mobley, H. H. Rama, all "supply" preachers who were given work last Conference, have left us. A. G. C. Brown was placed at Skamokawa in the place of Mr. Boddy and he also departed. The case of Brother Pederson I have just recorded. W. J. Rule, our pastor at Castle Rock, received word that his father had died in Michigan; his aged mother was left alone. These circumstances only aggravated a condition of meager support and led him to go to Michigan, where he is now working in the same mines that he worked in twenty-five years ago. He writes me that he hopes this will be only temporary. W. E. Rossman, who was appointed to be assistant pastor to E. L. Benedict at Vancouver, gave up his work after serving but one third of the year. After Brother Rule left Castle Rock, I placed Brother Rossman in charge there, and he seems to be doing fairly good work. Thus you see seven preachers have left their work during the year. This has called for some careful planning and adjusting, yet with our system, which is sometimes severely criticised by other denominations and sometimes by our own disloyal adherents, we have been enabled to carry forward the work to the present hour not only without serious handicap, but, if I am not mistaken, we shall accomplish what we set out to do in the beginning of the present Conference year—bring to the session of this Conference the best reports that have ever come from the Vancouver District. May I now speak of the four factors by which our Church determines the success or failure of the work. First: The estimated salary was \$1,337 above that of last year, and while we may not reach that amount in actual increase, because of having to double up some of the charges and one church cutting its salary, yet, I am sure, from reports that I have now, we shall make a good increase.

Second: The benevolences will go a good way ahead of last year, and I have every reason to believe the increase in benevolences will be very gratifying. I desire in this connection to say that the man who makes an apology for failure because of the Red Cross coming in as it did, has a poor case at court. The drive for the Red Cross was not begun until June, and a wide-awake preacher should have his benevolences well in hand by then.

Third: Property. The usual amount has been spent on improvements, but we have more than this to offer. We have purchased from the Baptists a church and parsonage at Menlo on the South Bend line. This gives us the only church in that little prosperous town, and when we get to the place where we can hold a good revival we shall see something doing. The property is worth \$1,000.

A new parsonage has been made out of an old church at Washougal by that indefatigable worker, V. A. Spicker. This has been done at a cost of \$966 and all paid. Besides this there has been paid on the old debt \$175. This gives us one of the prettiest little parsonages on the district. Besides this debt of \$175 we have paid off the following: Centralia \$250, Grays River \$200, Orchards \$400, Ostrander \$680. This leaves the four places last mentioned entirely free from debt. Thank God. I do not like debts. There has been paid on the Randle parsonage also \$175, about half what was owing thereon. I am sure the brethren interested will pardon me for not mentioning their names in every case: you all know them.

The greatest work under the head of property has been done at Felida, where the pastor, T. C. Newby, followed by as faithful a band of Methodists as I have ever seen, has caused to be erected a fine new church at a cost of \$3,500. We have nothing better on the district so far as the country charge is concerned. I preached the dedicatory sermon September 9, from the text, Isaiah 41:6, 7, to an audience that filled the church. The amount thus far secured is about \$3,000, leaving a balance for which five men signed a personal note at the bank of \$500. All bills are paid to date.

This could never have been accomplished had it not been for a most gracious revival held there last winter, the best on the district, by three of our own preachers: R. B. Parcel, H. O. Cooper, and T. C. Newby the pastor. These three men helped each other at the different places.

This brings me to the last of the "Four Factors"—Membership. I have been exceedingly careful at the fourth quarterly conference to get exact figures as to the number received into the church this year. The figures I have are as follows: Received into preparatory membership 213, from preparatory membership 184, by certificate 332, other churches 91, a total of 607. There is, however, another side which we must also report: Dismissed by certificate 185, deceased 25, removed without letter 24, withdrawn 15, total 249, leaving us a net gain of 200 members for the year.

I have secured one young man for the work who knocks at the door of this Conference for admission, E. L. Albright, whose father is a minister in the Evangelical Church in this state. He has been at Skamokawa and Oak Point and has done good work.

Our problems: Oh, yes, we have them. The greatest problem is support. Never have provisions been as high. There are different ways of solving these problems, such as enlarging the circuit.

Missionary money needed, yes; but unless we can have much more I am ready to test, by the consent of the powers that be, the method of running one district in this West without missionary money. We have altogether too long depended upon this source of help until our individual pride has become well-nigh destroyed. We have been raising a sort of artificial kind of Methodists when we ought to have been developing stalwart men and women who now should have been ready to take this country for God. As an example, take the other denominations who have been nursed on missionary money for years; now that it is being withdrawn what is the result? An absolute lack of support and a closing down of the churches.

I have great faith in our Methodism, but I fear for that part of it who have to go outside for spiritual supply and will sit and say "Amen" to the abuse heaped upon her by those who have left her altars for other sects whose chief stock in trade is a rehash of their own methods by which they failed in our church and were compelled to seek other pastures where the most eloquent are those who are most successful at scathing denunciation.

Personally, I have had a splendid year. I attended every meeting of the group character; every one of those held by Dr. Bovard, and all others. Thank God for a chance to work in his Church.

# Reports of Standing Committees and Boards

### COMMITTEE ON EDUCATION

**I. Board of Education.**—As a matter of vital importance we urge upon all our ministers the duty of informing our people concerning the work of the Board of Education and the operation of the Student Loan Fund; also the Public Educational Collection. With the observance of Children's Day, we request that the special purpose of the fund be emphasized. The Board of Education stands ready to respond to every request for information and assistance.

We heartily commend the work of Dr. Abram W. Harris, Dr. John W. Hancher and Dr. G. Franklin Ream in their respective departments.

**II. College of Puget Sound.**—The report of the chairman of the Board of Trustees and the president of the college show that the current expenses of the college have been supplied through the income, and that there has been paid on the endowment subscriptions during the year \$34,947.05, making a total including Mr. Hill's money and that collected last year, of \$109,947.05 of actually invested endowment.

The attendance is 89% larger in the College of Liberal Arts than two years ago, showing a total enrollment of 193 in the college for the year.

Mr. E. S. Collins has offered to pay \$5,000 to start a \$30,000 endowment for the Department of Religion. This department has been organized by placing Professor Ira A. Morton at its head. It is now in operation.

In view of the changed conditions caused by the war, the Board of Trustees, the president and the faculty are to be congratulated upon the excellent showing made during the past year. To meet this emergency growing out of the war we ask that a special appeal for at least \$2,000 be made to the Board of Education to assist in the maintenance of our college for the coming year.

Our opinion is that \$1,000,000 more should be added to the funds of the college at the earliest possible date.

We ask that the pastors and District Superintendents give special attention to paragraph 468, section 2, of the Discipline, relative to students. We urge greater diligence in securing the names of high school graduates and reporting vacancies for teachers in the public schools.

We would further emphasize the Public Educational Collection, the collection of the regular endowment, and the special endowment for the Department of Religion.

We pledge hearty coöperation with the corresponding secretary of the college, Rev. Thos. J. Gambill.

We wish to highly commend the efficient service of our president, Edward H. Todd. But for his abundant labors we would not have the present hopeful outlook for our college. His zealous labor, strategy in management and optimistic faith command for him our most hearty co-operation in this great work.

We regret the loss through death of our beloved brother, Mr. A. P. Malloy, of the Board of Trustees, and nominate to fill the vacancy, Rev. D. Roland Martin.

We nominate for the three-year term: Mr. W. L. McCormick, Seattle; Rev. Geo. A. Landen, D.D., Seattle; Rev. B. F. Brooks, D.D., Bremerton; Rev. S. S. Sulliger, D.D., Tacoma; Alfred Lister, Tacoma; James Newbegin,

Tacoma; Fred C. Harper, Seattle; A. E. Irving, Tacoma; Henry Shaw, Tacoma.

We also announce for record that our Columbia River Conference has elected Rev. U. F. Hawk, Spokane, and Hon. Logan H. Roberts, A.D., for the three-year term, and Mr. Rufus Woods, Wenatchee, to fill the unexpired term of B. F. Kumler, resigned, and that the alumni has elected Frank Babcock for the term of three years.

We nominate for the Conference Board of Education for the term of three years: Rev. D. H. Trimble, Tacoma; J. G. Lawrence, Seattle; Professor A. C. Roberts, Everett.

**III. Theological Schools.**—We commend to our young ministers our theological schools. It should be the aim of our young men to secure thorough college and theological training. We would call earnest attention to the Disciplinary rules concerning the education of those desiring to enter the ministry and declare that it is now time for this Conference to raise for itself the best standards of the Church concerning the education of our ministers.

**IV. Kimball School of Theology.**—The Rev. H. J. Talbott, president of the Kimball School of Theology, has requested the Puget Sound Annual Conference to authorize the Bishop to appoint two of its members to act with a like number of members appointed by the various Annual Conferences of the Methodist Episcopal Church in the Pacific Northwest, for the purpose of considering the interests and the conditions of the Kimball School of Theology. Your committee recommends that the request be granted, provided that the representatives so appointed shall participate in the consideration of and in the rendering opinions upon only such questions officially requested by the Board of Trustees of the said Kimball School; provided further, that the persons so appointed shall report all findings and facts learned concerning the school to the next session of this Conference; provided further, that the granting of this request shall not now add any further obligation than we now have.

## REPORT OF THE CHAIRMAN OF THE BOARD OF TRUSTEES, COLLEGE OF PUGET SOUND

*Dear Brethren of the Puget Sound Annual Conference, now assembled:*

Four years ago the trustees and friends of the College of Puget Sound were discussing the advisability of closing the school, paying its indebtedness and abandoning the attempt to establish a Christian college in our great Northwest. All this because of the very meager support accorded the school prior to this time. At the session of the Puget Sound Annual Conference held at that time its members pledged themselves to attempt to raise \$1.00 per annum for each member of the Methodist Episcopal Church within its boundaries during the succeeding four years. This period is now closed. In no year during the time was the full sum raised but enough was secured to make possible the continuance of the school during the endowment campaign. If the full amount of \$1.00 per member had been realized the college would now be entirely out of debt as well as being in a better position to continue its work unhampered, but it may be that a small indebtedness serves both to keep the trustees humble and to prevent undue expenditures in the management of the institution. To-day there seems no question as to the permanence of the school, but its permanence will be more like that of the inactive lake than the living and life-giving river unless an increased income is provided. The completion of the first unit of the endowment has furnished an income which is a valuable assistance but not sufficient to supplement the income from tuitions in meeting the needs of the school. It would be well if the college could receive fifty cents per member for the Puget Sound Conference membership, and twenty-five cents per member for the membership of the church within the bounds of the Columbia River Conference during the next few years. This would enable the trustees to give their attention to the securing of the larger endowment of \$1,000,000, toward which they have set their faces. The time now seems ripe for this effort

and its success should not be jeopardized by lack of a few dollars needed for its immediate necessities. I would, therefore, most respectfully suggest that each Conference take action looking to this end.

The attendance of college students has increased 89% in two years. The academy department has been closed and the college is now strictly an institution of higher education, the only one under Christian influences west of the Cascade Mountains. The attendance during the coming year may be affected by the war situation, but with the united efforts of all the friends of the school, especially the pastors, we believe the attendance may be slightly increased instead of suffering a loss.

The trustees have taken the steps necessary to make the department of Religion a more important part of the curriculum and it is now purposed to raise an endowment of \$30,000 to insure the support of this department and make possible the instruction needed to make it helpful and character forming in the years to come. It has also become necessary to divide the department of Sciences into two departments, Physics and Chemistry, and an additional instructor has been secured for the new department. If there is sufficient demand for it the trustees are prepared to provide military training during the coming year or as long as there seems to be a necessity for such a course.

The new corresponding secretary, Rev. Thos. J. Gambill, has been active in soliciting the attendance of new students and collecting endowment subscriptions, and in making the college better known to our friends. His activity has fully justified the trustees in creating this position and selecting him for it.

Let me again remind you that the College of Puget Sound is strictly a college; that its faculty is made up of men and women of the finest character and the highest standard of scholarship. They have taken their college and graduate work in such colleges and universities as the University of Illinois, Boston University, Brown University, Columbia University, Northwestern University, Ohio Wesleyan University, and others of like grade. In these days when we hear on every hand such slogans as "America First," "Patronize Home Industry," and the like, shall we not add, "Make Methodism's College, the College of Puget Sound, the Greatest Christian College in the West?" This is not a stupendous task if the efforts of all are directed to this end. Begin now and make the attendance during the coming year the largest of her history. Remember that the opening of the year has been delayed until October 1, so you still have time to secure students. Will you not permit me to add, "Get busy and do it now?"

E. L. BLAINE,

### AUDITING

We, your Auditing Committee, respectfully report that the books of the District Superintendents, and the accounts of the Secretary, Treasurer, and Registrar have been examined and found correct.

### BENEVOLENCES

WHEREAS, The benevolent boards of our church have a great program for the extension of the Kingdom of Christ at home and abroad, and since the response of the church in financial support is largely dependent upon the people having a clear knowledge of the needs and opportunities of the fields; that we urge every pastor to carefully plan and follow out the educational campaign as outlined by the Commission on Finance, preparatory to making the every-member canvass.

That we urge pastors to see that our own benevolences are provided for before allowing other causes to be presented in our churches.

WM. H. SELLECK,

*Chairman.*

D. ROLAND MARTIN,

*Secretary.*

### SPECIAL CHARITIES

The Washington Children's Home Society is the only state-wide Protestant institution caring for homeless and dependent children in Washington. We recommend that every help and encouragement possible be given inasmuch as the increased cost of living has increased the expense, while the great demand for help abroad has decreased the income, necessitating borrowing money for the care of its wards.

KARL R. GILMER,  
*Chairman.*

### CONFERENCE EVANGELIST

#### *Brethren and Fathers:*

The last General Conference was not only wise in its selection of Bishops, but it did a good thing when it made it a law of the Church that evangelists make an annual report to the Conference to which they belong. At last the evangelist is taken from among the detached brethren who, when their names are called, are not asked to report their work, but their District Superintendents answer, "Nothing against them." It seems to me, brethren, that every man who is given a special work to perform ought to be required to report the same.

To report a year's evangelistic work in a few words is a very difficult matter. Some of the most precious things which happen would require pages to relate. Then again many of the best things cannot be reported. For who can tell of the far-reaching results of family altars erected, of spiritual house-cleanings which have taken place, the wrongs among brethren which have been made right, debts wiped out which have stood for years, renewed interest in Church work, prayer-meetings revived, and attendance increased, and Sunday School and young people's work given a boost? Who can tell what the result will be when young men and women present themselves to God for service, and answer the call "Who will go?" with a glad "Here am I; send me"? All this has taken place in our meetings many times during the past year.

We conducted nine evangelistic campaigns during the year, four of which were union. There came to the altar in consecration more than a thousand church members, some of whom were definitely filled with the Spirit. Backsliders have been reclaimed, and nearly a thousand new cases were converted. These ranged in age from eight to eighty. We received \$1,400 in cash.

### CONFERENCE DEACONESS BOARD

It is with gratitude that we are able to report an exceptionally prosperous year in the deaconess work of our Conference. The three institutions under the supervision of your board, namely, the Deaconess Children's Home of Everett, the Bible Training School and the Deaconess Settlement of Seattle, are of first importance in practical Christian work in the Pacific Northwest. This can be better realized when we remember that the Bible Training School is the only Protestant school of its kind in this territory. This school is not merely for training women for the work of a deaconess, but for any form of Christian service, particularly foreign missionaries, Sunday School and social service workers. Our graduates receive the Advanced Teacher Training diploma issued jointly by our Board of Sunday Schools and the International Sunday School Association. We urge upon our pastors the duty of calling the attention of our Christian young women to the opportunity offered for this splendid training.

The one great need is suitable buildings for the Bible Training School and the settlement work. There is nothing more urgent than the work that can be done only by a deaconess or a woman who has had this special training. Yet the work of training such women for their great life gift to the Master and the needed uplifting work of our settlement has long been crippled and limited for the want of necessary buildings and adequate equipment. For years a faithful few have kept this work alive and progressing by meeting difficulties and bearing burdens with a patience almost past believ-

ing, while the major portion of our people have apparently forgotten this branch of the Church. It is now purposed with your approval to right this condition. The Seattle Deaconess Home Association intend to launch a campaign for a Building Fund.

Last December the association acquired title to the Trinity Church property. On a part of this property there is a mortgage of \$2,558; also a lien on the whole for paving of streets, payable in ten years. Including the lot on which the present home is located, there is a plot of ground 120x165 feet. On this acquired ground there is a modern parsonage, and also on the corner a concrete foundation, practically complete, 70x90 feet, upon which it is intended to erect a building for school and dormitory purposes. A conservative estimate of the value of this entire property is not less than \$20,000.

We recommend the following:

1. That the trustees of the Seattle Deaconess Association proceed to raise a building fund of not less than \$55,000, of which \$15,000 shall be for the settlement.

2. That each District Superintendent, in consultation with an authorized representative of the association, shall plan for the campaign throughout his district.

3. That the time for the said campaign shall be in the months of March, April, and May of the year 1918, or at such prior time as shall accord with the judgment of the pastor and District Superintendent.

4. That we request the coöperation of the other conferences and people of the Northwest.

5. That we invite the General Deaconess Board and its executive secretary to render such assistance as they may find practicable.

The following deaconesses are recommended:

For renewal of license—Bertha A. Black, Annie H. Carpenter, Kate M. Cooper, Isabel Fleming, Jennie M. Gasser, Ruby C. Hulbert, Edna M. Klein, Susan E. Kuter, Emma E. Lewis, Christine Peterson, Leone Rice, Anna Sorenson, Gertrude Stringer, Ella Lois Swift, Lillian M. Langdon, F. Elizabeth Yates, Effie B. Johnson, Margaret Falconer, Hattie Kissell.

For re-license—Nellie Borsheim Lewis.

For recognition as probationers—Beulah Douglass, Lucile Sprengle.

For honorable discharge—Marguerite Hewson.

For transfer to other conferences—Hattie Kissel to Oregon Conference, Leone Rice and Ruby C. Hulbert to Montana Conference.

As associate worker—Miss Mary B. Sweet.

WM. H. LEECH, *President*.  
MRS. C. E. TODD, *Secretary*.

### EPISCOPAL FUND

We recommend that an amount equal to two per cent of the pastors' cash salary, not including house rent, but excluding missionary money, be apportioned to the several charges for the support of the episcopacy during the ensuing year. Also that the disciplinary requirements regarding prorating be strictly complied with.

E. O. HARRIS, *Chairman*.  
J. W. MILLER, *Secretary*.

### EPWORTH LEAGUE

We, your Committee on Epworth League, respectfully submit the following:

1. The Epworth League Institute held annually at Redondo merits the fullest measure of coöperation on the part of every pastor.

2. "Win-My-Chum" Week should be enthusiastically observed in every chapter.

3. We call attention to the excellent texts provided for study courses, and recommend that classes be organized wherever three or more young people can be persuaded to take the work.

4. We recommend that the pastors educate their young people in the connexional character of the Epworth League, and suggest the following as conducive to the building up of the connexional consciousness:

- (a) The interchange among the chapters of devotional leaders.
- (b) More personal visitation of the chapters by the district officers.

5. We urge the pastors to increased effort in securing subscriptions to the *Epworth Herald*.

6. We especially urge upon the pastors that they carefully and thoroughly instruct the officers of their Leagues in the duties of their respective offices.

### CONFERENCE COMMISSION ON EPWORTH LEAGUE INSTITUTE

This has been the greatest year in the history of the Epworth League Institutes; seven more were held than ever before and in nearly every case an attendance in the old ones of from twenty-five to one hundred per cent advance over preceding years.

The fifth annual session of our Institute was by far the most largely attended and in every way the most successful of all. The number of paid registrations was 350 and consecrations for lifework thirty-nine. The amount of money handled was about \$2,000. All bills were paid in full and there is a neat sum in the treasury. The character and quality of the young people attending was most excellent, there was nothing to mar.

As the League has been called the recruiting station of the Church, so the Institutes may be referred to as officers' training camps for efficient leadership. We believe that the future will reveal an increasingly large number of the efficient leaders of the local and general Church as having had some special training and inspiration from our Institutes.

It is with much joy that we regard the going this fall of Miss Mary Bedell, thoroughly trained and splendidly equipped, to China—who made her consecration at our Institute two years ago—our prayers will follow her. Many other most promising young people have made their consecrations there and are diligently preparing for lifework in foreign and home field and in the ministry.

Each succeeding year witnesses new and permanent interest on the part of the pastors, for which we are grateful. This Institute belongs to the whole Conference and we desire that its progress and success shall be shared by all.

We again ask and sincerely crave that all will pray that this gracious and far-reaching work may still continue to receive the inspiration and guidance of the Holy Spirit.

JAMES A. SUTTON, *Chairman*.

### HISTORICAL SOCIETY

WHEREAS, The Washington State Historical Society, through its officers and board of curators, is planning to commemorate the organization of the state of Washington which historic date, November 11, falls on Sunday this year; and

WHEREAS, The Historical Society desires that all pastors unite in this commemoration in some appropriate service worthy of the day; therefore be it

*Resolved*, That we express our desire to coöperate in this anniversary of our great commonwealth and express our appreciation of the services of the State Historical Society.

D. G. LE SOURD,  
WM. H. LEECH.

### PERIODICALS, PUBLICATIONS, AND COLLECTIONS

We appreciate the patronage of our people to the *Advocates*, especially the *Pacific*, during the year in spite of the increase in price; and hail the time when every household of Puget Sound Methodism shall be a subscriber. To our esteemed editor, Robert Hughes, we pledge our hearty support and co-

operation. We again recommend the observance of an "Advocate Day," to be designated by the editor and the District Superintendents. We are pleased with the high rank of our Sunday School publications and would urge every Sunday School to use them. The *Epworth Herald* we hope may be in every League home, and especially we plead for a greater patronage, this year, for the *World Outlook*.

We are proud of our Book Concern and its record. We heartily endorse all its actions and highly commend the admirable work of our Book Editor. We would suggest that all our pastors keep their minds alive by feeding them upon our good books, and urge that they buy and get their members and constituency to buy all books from our Book Concern.

We believe that there is a real need for a small well-written book intended to appeal to the ordinary person who is not a Methodist, setting forth without controversy the ideals and purposes of the Church, such a book to be sold for from twenty-five to fifty cents. We believe that the Methodist Episcopal Church has in its doctrines and polity an efficient cure for all social ills, and that we ought to have something in compact form to place in the hands of all open-minded people advertising that fact. We believe that such a book if it were written by our Bishop, Matt S. Hughes, would have a wide circulation and would be the instrumentality of doing much good.

#### RESOLUTIONS

WHEREAS, The thirty-fourth session of the Puget Sound Annual Conference has been most helpful and enjoyable; therefore be it

*Resolved*, That we express our gratitude that Bishop Matthew Simpson Hughes has presided over our Conference for the second time. We enjoy his kindly, genial, and brotherly spirit and also his firmness when that was required. His sermon and addresses have been a source of inspiration and help. We express our heart's desire when we say "come again";

That we express to Rev. S. S. Sulliger, D.D., Rev. D. H. Trimble, D.D., the members and constituents of this Church, the singers and all who have contributed to our entertainment our appreciation of their hospitality and our sincere desire is that our visits in the homes shall be the means of continued blessing;

That we are thankful to Rev. Ernest Daily Smith, D.D., Rev. Edward Laird Mills, D.D., Rev. G. Franklin Ream, D.D., Rev. Joshua Stansfield, D.D., Rev. E. B. Fulkerson, D.D., of Japan, Rev. C. C. That we greatly appreciate the courtesies the Puget Sound Bank and Trust Company has extended to us.

H. W. MICHENER, *President*,  
WM. PARK, *Secretary*.

### SUNDAY SCHOOLS

We would call the attention of our pastors and Sunday School workers to the fact that with the end of this present year the Methodist Book Concern will cease to publish any more ungraded Sunday School periodicals; but instead will publish the present International Uniform Lessons in a graded form under the title "The Improved International Uniform Sunday School Lessons." Thus we will have the choice of these lessons and the present closely graded International Lessons.

While we appreciate the splendid success which has attended the extension work in our Conference area, we believe the time has come when our Conference Superintendent of Sunday Schools should devote more of his time to the efficiency work. We therefore recommend that he devote to each district of the Conference approximately one month of his time, in such manner as he with the Conference Board of Sunday Schools may determine.

Resolved that while we will continue to press all the standards of the Board for our Sunday Schools, we will continue the campaign for men as launched by Dr. Bovard, and will emphasize especially teacher training and evangelism during the coming Conference year.

We also request that those who will be in charge of the program for the next session of Conference shall, if practical, provide for a strong presentation of the Sunday School work for that occasion. We heartily commend the work that the Rev. J. M. Weaver as Superintendent of Sunday Schools of the Puget Sound Conference has done and recommend his continuation.

D. ROLAND MARTIN, *Chairman.*

### SUPERINTENDENT OF SUNDAY SCHOOLS

The various phases of the Sunday School work of the Puget Sound Conference presented so many problems during the past year that the Conference Superintendent at one time was genuinely "blue." He seemed to stand so much alone that he even asked himself the question, "Is this position really worth while, after all?"

In doing his work he has cared for the Sunday Schools organized in previous years, most of which have either become churches or preaching places. He has also entered eighteen new places, five of which remain as Sunday Schools only; six as Sunday School with preaching; five as preaching places only, not being ready to be organized into Sunday Schools; one was organized into a church and one died. This is a very low rate of mortality for this kind of work.

The policy of the Board of Sunday Schools is to undertake fewer places and do more thorough work. The field men are not to organize unless there is prospect that the place can be developed and cared for. To this end we consult with District Superintendents before entering a new field.

Three of the general officers of the Board of Sunday Schools visited our Conference area during the year:

First came our efficient corresponding secretary, the Rev. Edgar Blake, D.D., who made an itinerary of our Conference at the beginning of the Conference year, and much good was done.

At a more propitious time came the visit of the Rev. William S. Bovard, D.D., superintendent of the Adult Department, who came in response to Dr. Blake's arrangement with the laymen of our Conference to endeavor to put a large number of new men into the Sunday Schools. Dr. Bovard's addresses were of an exceptionally high order. An interesting feature of the campaign was that while it was primarily a men's movement, the women took up the slogan and actually outdid the men in the number of recruits to their classes.

Just about one half of the pastors reported on the campaign. Figures from pastors show that 2,350 adults had been added to the Sunday Schools of the pastors reporting. A little more than one half of these recruits were women.

Our Sunday Schools lost heavily by removals on account of strikes, and by the large number of young men enlisting and drafted for the army. Some

of our big Sunday Schools lost entire large classes in this way. But still the good work of recruiting for the Sunday Schools is going on. One pastor writes: "I have never preached to so many men before; and new men are joining the Brotherhood Class every Sunday."

Our next official visitor was the Rev. Matthew J. Trenery, D.D., Superintendent of the Extension Department. He came to investigate the pioneer fields and give the struggling Sunday Schools a lift. This work is very near to the heart of Dr. Trenery, who is laboring hard and successfully to extend the Church into new places by establishing extension Sunday Schools.

Forty-five adult Bible classes and fifteen teacher training classes were reported as having been organized during the year. It is impossible to tabulate all the results of the year's work. But the pastors are taking at least fifty per cent more interest in their Sunday Schools and have made them at least fifty per cent more efficient than a few years ago. Figures so far received would indicate that we have had more than a thousand conversions and accessions to the Church from the Sunday Schools during the past year.

If the Methodist Episcopal Church is to advance the cause of Christ to the extent that God asks of her she must win some of her greatest victories in the Pacific Northwest. Yet we are losing much territory in the Puget Sound Conference which should be ours and have given up some that we once did possess. We are in danger of having the glory of pioneer work pass to a sister denomination which has six men in the field, several of them giving all their time to the extension work. We rejoice in their success, but much of it in fields in which we once had organizations. In at least four cases this denomination is occupying our deserted church buildings. Let us pray to the end that some way may be found to give these pioneer fields a more adequate development.

These fields must be cared for by the Church because we find some of our very best people there deprived of the Gospel and hungering for Church privileges. But perhaps a greater reason is that there we find a class of people who with their children and grandchildren rise up to contend against establishing those principles of piety and government which we hold most dear. We have in our Conference a town of 1,500 population so largely foreign that there are not enough Americans to maintain a vigorous Sunday School.

An encouraging feature has been the way in which the laymen have rallied to our work. Last year the Laymen's Association purchased a Ford automobile for the Port Angeles Circuit—a Sunday School proposition. This automobile has rendered good service and figured in the organization of a new Methodist Church in Clallam County. Pastor McLaughlin at Sequim purchased his own car with which to care for pioneer Sunday Schools. We are now organized at all points along the Seattle, Port Angeles and Western Railroad, running clear back to Twin Rivers. Pastors Liffiton and McLaughlin are caring for most of this work. Senator Troy, before his tragic death, had purchased a fine horse from the race tracks to enable Pastor Frederick of Chimacum to care for the Sunday Schools away back in the mountains, where even a Ford would not go. Thus we now have two Fords and a race horse engaged in the Sunday School work of our Conference. Thus our laymen can help to bring the Gospel to places which our pastors cannot reach, and thus revive the services of the local preachers of another day.

Again, I want to thank those District Superintendents and pastors who have given me such hearty coöperation. Without their help much that has been accomplished would have been impossible. Some of the pastors have traveled many long, weary, wet, dark, and muddy miles in order to give these pioneer places preaching, and to call among the people.

I am glad to have had the opportunities of service which have come to me during the year, and am grateful to our kind Heavenly Father who has stood by and has given me physical strength for the work. J. M. WEAVER.

### TEMPERANCE, PROHIBITION AND PUBLIC MORALS

We rejoice in the splendid achievements of the temperance reform. While the bill passed by the present Congress is not as dry as, in our judgment the

immediate needs demand, yet we rejoice in that it is a forward step and does prohibit the use of grain for manufacturing distilled liquor.

We feel to congratulate ourselves and are proud of the part our own board has had in the victory under the splendid leadership of Dr. Clarence True Wilson.

We feel the results have proven the wisdom of putting the headquarters of our Temperance Board at Washington, D. C., and call upon our pastors and people to push the "building fund" that the board may have a permanent home as soon as is possible.

We call upon our people to observe strict economy in foodstuff, and to a relentless war upon the economic waster, the brewery.

We are much encouraged by the efforts of the officials of the United States Army and Navy to better the moral atmosphere surrounding the enlisted men, and we raise a voice of protest against the movement on the part of tobacco commercialism supported by well-meaning organizations and individuals to create and develop the tobacco habit among the soldiers.

We note with alarm the growing prevalence of the dance in our high schools and urge upon our pastors the utmost vigilance in abating this growing evil by precept and by circulating such literature as Bishop Matt S. Hughes's book on "Dancing."

We do not believe our nation could have held her high moral standing among the nations of the world and remained neutral in the present war, and we pledge our continued loyalty to our government, while we continue to pray for the overthrow of Prussianism, and the permanent establishment of democracy throughout the world.

H. E. GREENING, *Chairman.*  
T. W. P. CAMP, *Secretary.*

### CONFERENCE STEWARDS

The legal annuity claim this year is \$12, to meet which for the 1,223 years to be accounted for would require \$14,676, besides what is needed for extremely necessitous cases.

To meet these claims we have the following sums:

From the Conference Collections .....	\$ 7,705
From the Special Collections .....	271
From the Board of Conference Claimants .....	400
From the Book Concern .....	2,202
Total .....	\$10,578

Which lacks \$4,098 of being enough to meet the annuity claims alone. So that we are only able to maintain last year's annuity rate of \$8.00 (only sixty-six per cent of the legal claim), by cutting down the necessitous claims and, also, owing to the fact that one claimant very generously relinquished her allowance of \$288.

In view of this deficiency, and the high cost of living, we feel that we must not do less in the future, and recommend that the present rate of apportionment for Conference claimants (seven per cent of the pastors' cash salary) be continued for next year.

S. V. WARREN, *Secretary.*

WILLIAM SHAW HARRINGTON, D.D.

By W. O. Benadom

The Rev. William Shaw Harrington, D.D., son of James and Charlotte Walrod Harrington, was born November 6, 1834, in South Berlin, Chenango County, N. Y., and died in Seattle, Wash., November 10, 1916, aged eighty-two years and four days.

At the age of seven he sought and found a definite Christian experience and united with the Methodist Episcopal Church.

At an early age he manifested a strong desire for an education and after finishing the common school course, he took some advanced studies in Dow's Academy.

At the age of sixteen he began teaching and taught for a number of years in the states of Illinois, Arkansas, and Missouri.

In 1859 he was given both exhorter's and local preacher's licenses, which he used constantly.

In 1862, with a class of fourteen, he graduated from the Garrett Biblical Institute of Evanston, Ill., and in the same year was admitted to the Rock River Conference, where for nineteen years he continued to preach, serving the following charges: Crystal Lake, Kaneville, Sycamore, Belvidere, and Rockford, and for four years he served as presiding elder and for a time the Aurora Seminary.

In 1872 he was elected a delegate to the General Conference and served on some of the most important committees.

In 1881 he was transferred by Bishop Harris to the Oregon Conference and appointed to First Church, Seattle, Wash. After two years, he was transferred to the Oregon Conference and appointed to Salem—the Puget Sound Conference having been organized in 1884. These two pastorates were filled with great acceptability, after which he was presiding elder of the Portland District for four years.

At the General Conference of 1888, to which he was sent as a delegate, he was made editor of the *Pacific Christian Advocate* of Portland, Ore., which position he occupied for four years, exerting a powerful influence for good over the whole of the Pacific Northwest.

While acting as agent for the Portland Hospital he met with a serious accident which incapacitated him for one year and the building was lost to Methodism.

After his recovery, he served Mount Tabor Church until transferred to the Puget Sound Conference and stationed at Trinity, Seattle, where he remained for four years. After three years of faithful service as Presiding Elder of the Whatcom District he was made Superintendent of the Seattle District, and in 1904 he was sent as delegate to the General Conference which convened in Los Angeles.

As a poet and author Dr. Harrington possessed marked ability. In the cause of righteousness he was never found wanting. In the matter of Methodist law he was an authority. For many years he served the College of Puget Sound as trustee and in his labors for the Deaconess Home he was untiring and faithful.

In labors more abundant he passed a beautiful and useful life and in the eventide it was light about him. In his beautiful home surrounded by loved ones, in a good old age, conscious to the last he was gathered as a ripened sheaf into the home more beautiful. For him the gates of pearl swung inward and he entered to go no more out forever.

By the side of her who walked with him through life his body is now at rest in Lake View Cemetery, Seattle.

Brother beloved, farewell!

### W. H. W. REES, D.D.

By Edwin N. Askey

Dr. W. H. W. Rees was born at Rock Island, Ill., March 19, 1849; was educated in the public schools and graduated from the Garrett Biblical Institute of the Northwestern University, Evanston, Ill. He entered the Des Moines Conference in April, 1869, and married Miss Jennie A. Kirk, April 12, 1871. To them were born three children—Raymond, Warren, and Ruth. The sons are both members of the Puget Sound Conference and Ruth is the wife of Rev. E. H. Gebert, also a member of the Puget Sound Conference.

For eight years Dr. Rees was corresponding secretary of the Freedmen's Aid Society from 1892 to 1900. Then he resumed pastoral work and was in charge of the Church at Adrian, Mich., during 1900 and 1901, going from there to the pastorate of the Smithfield Methodist Episcopal Church at Pittsburgh, Pa., 1901 to 1905. Then he turned his steps toward the Pacific Coast and was pastor of the First Church, Seattle, from 1905 to 1910. It was during his administration that the handsome edifice of the First Church was completed. He was pastor at Everett from 1910 to 1913, going from there to Epworth Church, Tacoma, where he closed his labors January 18, 1917. After having conducted revival services on Monday night previous to his death, using "The Choice of Moses" as his topic, Dr. Rees was stricken with apoplexy, from which he never regained consciousness. Dr. Rees was a strong preacher and a model pastor. He was loyal to the Church and its doctrines, emphasizing clearly the great fundamentals. He was greatly beloved by his people and held in the highest estimation by his brethren. Funeral services were held in the church where he closed his labors, his District Superintendent, Dr. S. S. Sulliger, in charge. Addresses were made by Bishop Matthew S. Hughes, Dr. F. A. LaViolette, and Dr. R. J. Reid. He closed his life as he had wished, going almost direct from his pulpit into the presence of the God whom he had loved and served so well. The lonely wife and children wait in patience until the Master shall say, "It is enough," and they shall go to meet him where family circles are never broken.

"Servant of God, well done!  
Thy glorious warfare's past;  
The battle's fought, the race is won,  
And thou art crowned at last."

### REV. D. M. ELLSWORTH

Rev. D. M. Ellsworth, a retired member of the Puget Sound Conference, passed away at Vancouver, Wash., April 24, 1917. He was converted early in life and entered the ministry in 1881, joining the Central Illinois Conference, where he was received into full membership two years later. In this conference he served the following charges: Hamilton, Berwick, and Oquawka. In 1884 he was transferred to the West Nebraska Conference and while there was pastor at Delight and Arnold, Cozad and Ansley. He was made supernumerary for one year, and in 1891 he was transferred to the Puget Sound Conference and stationed at Bay Center and Oysterville. He also served Fishers charge very acceptably.

Brother Ellsworth became enfeebled in body and for two years held the supernumerary relation. Increasing physical disability, however, precluded the possibility of his taking up the active work again, and in 1897, much to his regret, he was retired.

Just before his death his District Superintendent visited him and asked if he had any message for his brethren at the Conference. To this question he raised his feeble hand and said in reply, "Tell them that I am unspeakably happy. Jesus is precious, O, so precious! Give my love to all of the brethren."

The funeral services were in charge of District Superintendent Thos. E. Elliott and the sermon was preached by his pastor, E. L. Benedict. A goodly number of his ministerial brethren assisted and acted as pallbearers. His body was laid to rest in the new cemetery at Vancouver, Wash.

### ERNEST SYLVESTER SPRAGUE

Ernest Sylvester Sprague, son of Rev. and Mrs. R. L. Sprague of Ferndale, died November 18, 1916. Ernest was born at Ballard, Wash., October 17, 1902. His heart was never strong and this weakness caused the parents constant anxiety. He was able to attend school only part of the time, but succeeded in reaching the seventh grade in spite of the weakness. He early gave himself to God, and was a very earnest adherent of the faith. He was received into the Church at Orting, Wash., the occasion of his reception producing a deep impression on the congregation. He was always sunny and cheerful and in the last illness was ever ready with a smile so long as it was physically possible for him to smile. His last illness continued for nearly six months. For the last six weeks he waited, eagerly longing to go home and be with Jesus. The departure was peaceful. While his life was short it was by no means unfruitful in the Master's service. The funeral service was conducted by the District Superintendent, J. M. Canse, assisted by local pastors of Ferndale. Interment was in the Crown Hill Cemetery at Seattle.

---

### MARGARET SMITH

On December 5, 1916, little Margaret, daughter of Brother and Sister E. J. Smith of Chehalis, passed out to the better land. The nine years she was permitted to live on earth brightened the parsonage home and the parents are left longing for the touch of a vanished hand and the sound of a voice that is still. The flower was gathered to bloom anew in the Kingdom of our Father. Funeral services were conducted by District Superintendent T. E. Elliott in the church at Chehalis, and Margaret was laid to rest in the Tacoma cemetery.

### MRS. JANE ANNIE HICKERSON

By J. A. Sutton

Mrs. Jane Annie Hickerson, widow of Rev. J. M. P. Hickerson of the Puget Sound Conference, went to her coronation Monday, November 27, from the Hoquiam General Hospital, where she had been taken for the third time during the past few months. Her husband died in Sumner, Wash., May 5, 1898, where they had been but a few months, having moved from Hoquiam. Sister Hickerson returned to Hoquiam after her husband's death and has been a faithful, loyal member of the Church here for the past eighteen years. She was born at Batesville, Ark., April 21, 1844, and married Rev. J. W. P. Hickerson, November 21, 1866. After many years' ministry with her husband in the Methodist Protestant Church in the South, they came to the Northwest in 1891, and joined the Puget Sound Conference, serving several charges. In a small cottage she lived her happy useful life, making many friends of all classes and ages, both in and out of the Church.

She had unusual gifts of mind and heart, and never for a moment lost her keen interest in the church. She exercised a helpful influence on all by a genial wit and warm sympathy which made her life a bright and useful one to the very last. Her memory is blessed. Services were conducted in the First Methodist Church, Hoquiam, by her pastor assisted by Rev. Luther J. Covington and Rev. J. W. Miller, who knew her husband well. Interment was made by the side of her husband at Sumner, Wash., where her pastor was assisted by Rev. W. M. Dews.

#### MRS. R. A. GAILEY

The home of the pastor at Vashon, Wash., was saddened by the passing away of Sister Gailey, whose death came as a distinct shock to all. As a mother in the home she was ideal and as the wife of a Methodist preacher she was abundant in labors. If anything she was so diligent in the Master's service that she often taxed her strength to the full limit. Sister Gailey was a woman of uncommon gifts and with a most attractive and strong personality. She was laid to rest on the beautiful Vashon Island which had been her home for but a few short months. Her memory is blessed and she being dead yet speaketh.

## Conference Register

This register has been prepared at a great amount of painstaking labor and no small expense by Horace Williston, retiring secretary of the Preachers' Aid and Permanent Fund Society, with the assistance of the treasurer, William H. Leech.

It is especially designed to show the years of effective conference membership; and aims also to give a complete record, after admission on trial, of the appointments received by every member of our conference.

The date first given is the time of admission on trial.

To find the length of a pastorate on a charge, count both the first and the last year given before the appointment. E. g., 10-14 means five years.

The figures '18' and '19' are omitted from the years given.

The present post office address is in brackets except where it is the same as the last appointment.

Abbreviations:—Cf, Conference; M, Admitted into full membership; S, At school; P E, Presiding Elder; D S, District Superintendent; L, Located; Sy, Supernumerary; R, Retired.

\*Indicates year from which wife's annuity should be computed.

†Charter Member of this conference.

## Proceedings of the Laymen's Association

Held in Tacoma, Wash., September 14 and 15, 1917, at the College of Puget Sound.

The Association was opened by a devotional service conducted by Harry L. Brown, of Tacoma, Wash.

Dix H. Rowland of Tacoma Local Church, gave the Address of Welcome to the Laymen, extending a hearty welcome because of the standards represented and because of the uplift in various communities which is being felt by the Church.

The address of welcome was responded to by F. L. Morgan of Hoquiam, Wash. He expressed the delight felt by all in being welcomed to Tacoma, not only because of a beautiful city with its environments but because of the characteristics set forth by the city, and brought out the fact that the Laymen came to prepare for some constructive service for God's work. He asked the Laymen to put all there is of them in the work, for if the church must advance it may be necessary to scrap some of our old machinery, that new life and machinery must be used in the advance.

The Address by the President, Mr. A. S. Cory, of Chehalis, Wash., suggested that the national benevolences have been placed upon the people of our church as well as our own work. In many instances the pastor's salary has been kept down when it should have been advanced with the higher cost of living. This question of financial support is a national one. Also the labor problems must be faced and settled in some way and the church must take a stand in the question.

A general discussion followed and the question of what our church is doing with the roll of honor for our soldier boys was brought up. Many suggestions were given. The question of Bible study in the schools was then advanced, resulting in much discussion.

An address was delivered by Rev. Jabez C. Harrison, District Superintendent of Olympia District, on the subject, "A Successful Layman." He laid emphasis on the fact that the great work of the church depends upon spiritual loyalty and hard work, comparing the Laymen to our soldiers. As the soldiers want to get to France to get into the fray, so should we want to get into the activities of the church, helping our weaker churches in their financial plan, etc. using our sinews and strength in advancing the cause of Christ as the soldier must use his sinews and strength in the trenches.

The afternoon meeting was opened by a devotional service led by Clint W. Lee, of Seattle, Wash.

W. D. Lane, City Commissioner of Seattle, Wash., gave an address on "The Church and Labor," setting forth that there can be no peace between the upper and lower classes without Christianity. Social ills must have a social remedy.

Motion, that the article read by Mr. Lane should be printed in the next issue of the *Pacific Christian Advocate*.

An address was delivered by Rev. J. W. Van Cleve, General Secretary of the Commission on Finance of the Methodist Episcopal Church, on the subject, "The Benevolent Boards of the Methodist Episcopal Church." It was intensely interesting and brought out the advantages of annuity bonds over wills, which aroused a general discussion.

Dr. Fulkerson, of the Board of Foreign Missions, spoke a few moments, presenting the magazine, *The World Outlook*.

An address was then delivered by Bishop Matt S. Hughes. His message to the Laymen was the demand that they get out of their minds that there are two classes with different interests in the church, the Ministry and the

Laymen. He invited their coöperation and unity of spirit as that is needed to make a church powerful.

At 3:20 the business session adjourned to engage in the reception held in honor of Bishop and Mrs. Hughes, in the college halls. The receiving line was made up of President Todd, Bishop Hughes, Mrs. Matt S. Hughes, Mrs. E. H. Todd, Mr. T. S. Lippy of Seattle, Mrs. J. E. Crowther of Seattle, Dr. Ream, Assistant Secretary Board of Education of the Methodist Church, Dr. D. H. Trimble, Mrs. D. H. Trimble, Mr. E. L. Blaine, Chairman Board of Trustees College of Puget Sound, Mrs. E. L. Blaine, Mrs. A. M. Berry, President Women's College League, Mrs. Thos. J. Gambill and Rev. Thomas J. Gambill, Corresponding Secretary College of Puget Sound, Mr. and Mrs. A. S. Cory, President of the Laymen's Association.

The main corridor of the Administration Building was decorated with palms, pennants and flowers. The recitation rooms were opened with the professors at their desks to entertain the Laymen and Ministers as they inspected the college.

The refreshments, consisting of sherbet and wafers, were served under the direction of the head of the Home Economics Department, Miss Sylvia A. Miller.

The whole affair was an occasion of great pleasure and the opportunity presented by President Todd in arranging the reception to meet the Bishop and his wife, was highly appreciated by members of the Laymen's Association and members of the Conference.

The college was found tidy and neat in appearance, its equipment in good condition and its faculty is well chosen. The Methodists of this Conference can congratulate themselves on the progress made and the character of the school as it now exists.

### Saturday

Saturday morning session opened with devotional services led by Mr. F. A. Hazeltine and a glorious and profitable class meeting was held.

Following was an address by Mr. G. A. Mumaw on the new financial plan, showing the advantage of the new plan and the splendid success that can be accomplished through a well-organized work. An interesting discussion was then engaged in.

Rev. Jos. W. Van Cleve brought out the fact that the Laymen are not collecting expenses for the maintenance of an organization, but for the purpose of educating people regarding the benevolent enterprises of the church. The splendid factor is the personal touch with humanity. Keep the church organization and you are building. The new financial plan works wherever you try it.

J. W. Efaw, of Seattle, Wash., delivered an address on "Efficient District Organization."

Address, Mr. T. S. Lippy, "Our Church and the Army—What Our Church Can Do."—The speaker tried to have a clear understanding with those present as to the object of the work being done by or through the Methodist Episcopal Church for the enlisted men, the object being to clearly state that the work is wholly unselfish and not with a view primarily to advertise or increase the membership of the church.

A statement was read which was published in our Methodist Church papers in connection with the call for \$250,000 for denominational work in the interests of the enlisted men. Following this was the statement of the opportunity for volunteer service in connection with the recognized institutional work of the church in the army camps and wherever men are gathered, of the Young Men's Christian Association under the auspices of the National War Work Council.

The real need the executive secretaries will have will be volunteers who will assist in the whole program of the association, including the religious, social and entertainment and the recreational work for the men. A statement was read of the present scope of this Y. M. C. A. work for the men now under arms. Work is being carried on in 186 camps and for lesser groups in 245 other places. Two hundred and sixty-five buildings have been erected or are in the course of construction, 63 tents are in use, 111 new build-

ings have been authorized, 987 secretaries are now at work and 1,181 are yet to be assigned to work, though many of these have been chosen. This does not include 150 secretaries already at work over seas for American troops in France and England.

Some denominational work is being undertaken aside from the Y. M. C. A., but most will be done through this recognized body. Suggestions were made as to the many ways in church services or social meetings. Briefly, by giving the glad hand, by making them acquainted with the young people of the church, the invitation to meetings, social gatherings, to homes previously arranged for, either for an evening or for dinner, where the men may get a touch of home life for which many are homesick.

If Home Mission or Church Extension Societies provide men for the towns or cities near the camps, our work will be largely that of organizing social and religious entertainments for the men, and of the churches, is to meet the men and do for them.

G. C. Squire, Manager of the Home for the Aged, at Silver Beach, Wash., stated that thirty-five years of Christian ministry has shown to him that a great place in our church is for the care of the aged. When Christ was on the cross, he requested John to care for his mother and that spirit should be carried out. We want to know of your old people.

Rev. Carter presented the work of the Washington Children's Home and the needs and opportunity of the institution, asking for coöperation in maintaining the institution.

Miss Sweet, of Seattle, presented the work of the Deaconess Board of our Conference, regarding the work in hospitals and schools. The speaker made it plain that the conception of the deaconess work should be interpreted as the work of the church, because it is answering the call to the church of needy mankind.

Report of the Resolutions Committee:

### Resolutions

*Resolved*, That we commend Bishop M. S. Hughes in his endeavor to provide our Districts and Pastorates with the highest types of Christian character and efficient types of leadership.

In these days of rapid increase in the cost of living, we recognize again the woefully inadequate support of our ministers. We urge our churches to renewed and systematic effort in the adoption of a plan of weekly offerings and a substantial increase in all offerings.

We rejoice in the high standards, the improved equipment, the growing prestige of the College of Puget Sound. We again urge our people to send their children to this distinctively Christian college where Christian faith is nurtured and Christian character developed under able leadership. We pledge to it our continued financial support. We hope the endowment may be early completed of the Department of Religion to which Brother E. S. Collins has already generously offered \$5,000 toward an endowment of \$30,000.

As representatives of the Methodist Church, we are loyal to the government in this time of trial. The war we wage is just. The issues are clear. We want no premature peace so long as evil and iniquity prevail to oppress and despoil weaker peoples, and so long as cruel and ruthless military power threatens our own security and the democracy we love and for which our fathers have in earlier days fought and died.

We rejoice in the spread of prohibition. We commend our Senators and Representatives in Congress for their consistent support of prohibition legislation. We urge the President not only to exercise the discretion given him as a war measure to seize and re-distil all distilled liquors, but also to stop the conversion of grain and grapes into beer and wine. We urge the government to use its influence with the allied governments to prevent the sale of intoxicating liquors in the vicinity of American camps in foreign countries.

Industrial unrest hampers business and religious activity. For that kind which has its origin in obstruction to the war, we have no sympathy. For

that kind which has an equitable basis, we invite careful and sympathetic study with a view to betterment of conditions. We believe the true solution is to be found in the application of Christian principles and a spirit of true brotherhood.

*Resolved*, That the Methodist Laymen's Association of this Conference request the Conference Program Committee to coöperate with this Association in planning the educational program at a joint session for Friday evening of each annual Conference.

*Resolved*, That the Methodist Laymen's Association of the Puget Sound Conference extend to the Board of Sunday Schools of the Methodist Episcopal Church, a vote of thanks for their kindness in sending to us Dr. Bovard to help in building up the Sunday Schools throughout our Conference.

*Resolved*, That this Methodist Laymen's Association extend a vote of thanks to all those who have taken part in the program enabling us to make it a success, that we extend a vote of thanks to the College of Puget Sound for its hospitality in furnishing the use of the buildings for our services, and that we extend to Dr. Trimble and the First Methodist Church of Tacoma a vote of thanks for the care and hospitality received from them. That we express our appreciation for the dinners that have been so well served by the church and, in general our thanks for all the services rendered to make our stay profitable and welcome while in the city of Tacoma.

MRS. EVA BAILEY" MCFALL,  
A. A. HAZELTON,  
J. W. EFAW,  
DIX H. ROWLAND.

Moved, that we elect a Publicity Committee which shall constitute one Layman from each district to coöperate with the Secretary as a Publicity Committee.

Treasurer's report read and approved.

Mrs. Liffiton, of Joyce, Wash., made a report on "Our Ford," showing the wonderful results of having our Ford during the past year.

*Committee.*

Tacoma, Sept. 14, 1917.

Brother Liffiton, of the Port Angeles Circuit, reports bills unpaid for repairs on the Ford automobile amounting to from \$45.00 to \$60.00, and upon motion this amount was allowed to be paid out of our treasury and upon motion the President, J. W. Efav; Treasurer, W. C. Mumaw; Vice-President,

C. E. Beach, and R. J. Hoage, were instructed to act as a committee, together with the District Superintendent, J. C. Harrison, to provide funds for the maintenance of our Ford upon the Port Angeles Circuit.

ADDRESS—Gov. Ernest Lister was invited to the platform by our President and gave a splendid address setting forth the responsibility of the church in these times of stress, and pleading for loyalty showing where national disloyalty comes from and what can be done to help this class of people.

The great question is, "How are we going to help as Christian people to show these people the right way?" Surely not by keeping distant from them. We should find just what the I. W. W. trouble is and do our utmost to help in the solution of these questions, and direct the right thought. Talking patriotism from the mountain top and bleeding the people with unprecedented profits, will never settle the questions at stake.

Ought not the church feel its responsibility as well as other institutions? The great need of the hour is not law but public sentiment.

We should see to it that all of our young men should return to us from the war as good as they are sent. If the war does not develop a better manhood it will fail, and all should coöperate to the end that this should be accomplished.

ADDRESS—Judge Pemberton, of Bellingham, Wash.—subject, "Men in the Sunday School."

We must find out that the Sunday School is not for the boys and children only but for the men as well. Sunday Schools should be democratic.

If you discuss questions men are interested in, they will come.

Social service and Christianity are synonymous.

Advocating setting aside a special day to help increase the membership in other classes.

Rev. W. H. Leach, of Seattle, presented the need of our churches helping to contribute in financing the case which has been appealed to the Supreme Court for decision, which will decide whether or not the Bible may be taught in the public schools of this State.

# Life Annuity Bonds

---

You can secure a life income above prevailing rates and at the same time help the Kingdom of God by purchasing a Life Annuity Bond from the Board of Conference Claimants of the Methodist Episcopal Church.

## A GUARANTEED LIFE INCOME

Christians with money are prayerfully asking, "What can I do to make sure of an income for life, and at the same time make my money eternally useful? It can be done. The Board of Concidence Claimants can help you realize this and will cooperate with you to make your money fulfill a double purpose: To provide a safe income for life, and to help a good cause.

## ANNUITY BONDS ARE PERFECTLY SAFE

Because the principal remains intact. Only the income is used, while you live, to pay your annuity either annually, semi-annually, or quarterly. Every dollar paid for Annuities is safely invested in a permanent Fund, and will bring a perpetual income for the aged ministers.

## UNIQUE AND PERPETUAL INVESTMENTS

The program of the Board adapts itself to the Life Annuity plan better than most organizations, because the Permanent Funds of the Board are a perpetual investment. The money is not invested in properties, but only in the most approved securities. This makes the money absolutely secure and very few organizations invest the money committed to them in perpetual investments.

## YOUR MONEY BECOMES IMMORTAL

Life Annuity Bonds pay high rates and serve the double purpose of helping the giver and the Veterans of the Cross, widows and orphans. The money thus invested is like a living stream. The overflow will enrich your life while on earth, and when you are in Heaven, the overflow will constantly quench the thirst of the Veterans. By purchasing Life Annuity Bonds from the Board of Conference Claimants of the Methodist Episcopal Church, you help yourself and your money becomes immortal. This is a Christ-like act.

## A GUARANTEED INCOME

#### J. M. Canse, Superintendent

A year of worldwide miracle has come; not of legendary enchantment but of actual Christian achievement. The prophesy with which our last report closed may well be the key-note to-day,—“Who knows but we are called for strategic service for the King of Kings and his advancing Kingdom in the most pivotal hours of all the centuries.”

Within a month after the last Conference, the County Sub-District meetings had formulated a program of Evangelism whose slogan was sounded,—“Not less than 10 per cent gain by conversions in both Church and Sunday-School.” This was the theme of the First Quarterly Conferences. Rev. J. M. Weaver magnified his office by accompanying the District Superintendent during November, organizing Teacher-Training Classes and otherwise strengthening the Sunday-Schools. This innovation was wholesome, though it was soon to be disrupted by the sudden call to arms. From such a call to prayer many went out to battle for a safe world democracy.

Fully one-half of our charges have had pastoral changes. After serving a month at Grace Church, Everett, E. V. Bronson received a chaplaincy in the army and promptly reported at Camp Lewis. He was assigned to the 361 Infantry and is now somewhere in France.

K. R. Gilmer, of Marysville, was called to fill the vacancy and then later accepted Y. M. C. A. service and is now over-seas. C. E. Sanders moved to Marysville from Darrington. This latter charge has nicely decorated the interior of the Church.

In January, the soul of G. C. King was so quickened that he yearned for service at the firing front. His Church, Garden Street, Bellingham, granted him leave to go and he was assigned to Red Triangle service with postal address at a U. S. Naval Air Station in France. From the good offices of Bishop M. S. Hughes, E. L. Baker of the Northwest Nebraska Conference came to Garden Street and is a welcome brother among us.

Among our pastors whose sons have gone to battle for Christian Liberty is R. L. Sprague. This father, after gathering up all his claims and benevolences asked to be released and went to do his share overseas in the Y. M. C. A. K. R. Gilmer, after urgent application, has gone to France in Y. M. C. A. work, making four of our pastors already among our men over there. What shall I more say of those who have sought to serve as Chaplains in the Army, Navy, Red Cross, Y. M. C. A. Secretaries and others, “For time would fail me to tell of all who subdue kingdoms—and turn to flight the armies of the Hun.

With the mighty Centenary program too greatly crowded for adequate presentation; all who are curious to know the numerous events in the 40 charges are referred to the Columns of the Pacific Christian Advocate. Its subscription list should be doubled anyway.

We pause to do homage to a brother who was translated in mid-year through the impact of his auto with a train; S. S. Guiler. A fitting memoir has been read by V. C. Evers.

Substantial improvements have been put upon a dozen churches: Sedro Woolly has done a truly noble thing in paying off a mortgage and sewer assessment amounting to about \$600.00. The Skagit flood damaged the Burlington property so that nearly \$500.00 has been expended there. Garden Street has placed about \$1,500.00 on its basement. Darrington and Arlington and Nooksack have beautified the interior, and Spencer, Eureka, and Bay View, the exterior of their Churches. Blaine and Silver Beach have met heavy street assessments. Our Church at Edmonds is now equipped for aggressive service, having acquired a property worth \$2,500.00 with no indebtedness now upon it. Very welcome improvements have been put on the parsonages at Arlington, Lyden, LaConner and Stanwood while the old ones at Avon and Sumas have been made new by the expenditure of about \$600.00 each. Pastors Quall and Newman deserve great credit. While Brother J. W. Moles, retired, has served at North Bellingham, those faithful people have built a bungalow for their future pastors and have a property valued at \$1,200.00.

The pastors will report great interest in Red Cross, Relief, Testament, and Methodist war work Activities. Several Churches are combining services to meet the new emergencies. Our efficient pastors at Fair Haven and Snohomish have been serving the Presbyterians in united services with our own. The appointments from this Conference are likely to show several shifts among the charges with the hope of giving to every pastor, devoting his entire time to the ministry, no less than \$1000.00 including house. The people are graciously accepting this as a Christian war measure and we hope for even better results for the sacrifices.

Several of our capable laymen have been accepted for special war work, such as Dr. I. W. Powell of Bellingham who is on the medical staff at American Lake and J. H. Dimmitt of Everett who is doing "Y" work in Macedonia. No fewer than 800 and most likely 1000 of our young Methodist men of Bellingham District are in service to conquer that ancient heresy of materialism that has ripened into Kaiserism, and are intent on spiritual liberty and the Kingdom of the Golden Rule.

Before the Joint Committee had released its statesmanlike program our district had begun a stewardship campaign. The month of May was devoted to our Four Week's Program and by the circulation of stewardship literature and faithful sermons we have about one in six of the members now signed as tithers and expect our full quota within three months. We shall be ready for our part of the Centenary forward reach. Nooksack and Spencer Memorial have half their members tithing; Burlington and Eureka about a third; Custer and LaConner are over the top with one in four and other churches are climbing up toward success in this far-visioned movement to extend Christ's dominion.

Down East everybody knows that the Northwest is surpassing in shipbuilding. We desire and expect, Bishop, by grace given, that the most northwesterly district of Methodism shall abound in the Centenary accounting of the manifold grace of God our Father.

## OLYMPIA DISTRICT

### J. C. Harrison, Superintendent

At the close of our last Conference four places on the District were left to be supplied. H. E. Kelly of Niles, Mich. was secured for Oakville-Rochester; N. V. Moore has supplied Cosmopolis; W. L. Airheart, assistant pastor of First Church Portland, was transferred into our Conference by Bishop Matt S. Hughes and appointed to Coupeville. Early in the year Trinity in Aberdeen was consolidated with the First Church. In December, Chas. F. Johnson resigned the pastorate at McCleary and joined the United States Navy. J. W. Walker was trans-

ferred from Tumwater to McCleary. C. C. Harris of Dayton, Tenn., was secured for Tumwater and has served Little Rock conjointly with it. Just before the Christmas Holidays L. D. Cook volunteered for Army Y. M. C. A. work; and after two months, J. E. McShane of the Southwest Kansas Conference was secured for Port Townsend. At the close of the middle of the year, Thad Lowe, pastor of the Chimacum Circuit was drafted into the United States Army. G. L. Snyder of Appledale, Wash., has kept the field open during the closing half year. Robt. C. Hartley of Montesano goes to Y. M. C. A. work for one year. It has been almost perpetual changing of pastors. About the time plans were made to promote the work another pastor had to be secured to execute them. The year closes with a good man in every charge.

On their way from Chimacum to Dungeness, Rev. and Mrs. A. M. Frederick had a very serious automobile wreck in which Mrs. Frederick was seriously injured, having nine bones broken. She has been under the doctor's care the greater part of the year.

On Easter Sabbath morning there was born to Rev. and Mrs. W. W. Switzer a baby girl, which did not linger with them. For several months Mrs. Switzer was confined to her bed, but is now able to be up.

I desire in this report to give first an epitome of the year's work, and then a survey of the work that should be done next year. The various organizations of the local churches have kept up their work, and in most cases have gone forward. The Sunday Schools of the District have had a good year. Many adult classes have been organized, and we should show an increase in membership. The Epworth League Convention at Oakville and the Institute at Epworth Heights were both great occasions. Forty eight delegates out of fifty at Oakville signed Christian Stewardship pledge cards. Bremerton has a newly organized W. F. M. S. and the women of Elma and Montesano have organized a W. H. M. S. in each of these places. Nearly every Ladies Aid on the District is a Red Cross Auxillary, and some of our church buildings are used as the community Red Cross Headquarters.

The following charges have increased their ministerial support, the amount herein given: Bucoda-Ranier, \$35; Oakville, \$60; Tenino, \$60; Simpson Ave. \$70; Sequim, \$119; Shelton \$135; Oak Harbor; Crescent \$119; Coupeville \$238; Aberdeen \$367; Bremerton \$367; Dungeness Circuit \$654; Elma \$654; an increase of over \$2500.

Last year nine charges paid their benevolent apportionments in full. According to reports received from pastors last week twenty charges will be in full this year.

Our pastors have been diligent in paying off old indebtedness and in improving church and parsonage property. The following amounts have been raised and expended; Colby \$100; Sequim \$50; Bucoda \$100; Coupeville \$90; Silverdale \$110; Pt. Angeles \$100; Tenino \$120: all on improvement. Montesano \$200 on improvement and \$200 on indebtedness; Cosmopolis \$60 on improvement and \$63 on indebtedness; Shelton \$210 on indebtedness; Olympia \$550 on indebtedness; Hoquiam \$200 on improvement and \$720 on indebtedness; Bremerton \$840 on improvement, and \$370 on indebtedness; and Aberdeen \$7,400 on improvement. This makes a total of about \$9,500 on improvements, and about \$2,500 on indebtedness.

This report would be incomplete if I did not give special mention to the heroic work done by Dr. E. M. Hill and the people of Aberdeen in completing this building. It has been a great task. Thousands of dollars have been saved in donated labor. After the men of the church have finished their day's work they have met here and worked for hours at night. The membership can easily handle its indebtedness of \$5,000 on the church building and \$2,500 on the parsonage. Some have thought that this building is too large for Aberdeen. But in a teeming city of 20,000 people it has a future that few churches enjoy.

We have had a number of successful revivals on the District during the year, the most outstanding of which was at Bremerton where the pastor received about 100 into the church. We have taken a large number of members into the church, and have transferred many out. Folks are going in large numbers from the small country places to the centers. Several of the pastors serving country communities will show a logical decrease in their membership. Pastors have been careful with their church records. Members living in distant towns have been induced to join their local churches, and much "dead-wood" has been eliminated either by withdrawals or the placing of many in the non-resident columns. All this has been done according to the provisions of the Discipline. The District will show an increase of about 175 in full membership.

It was a great inspiration to both pastors and laymen to have our resident Bishop Matthew S. Hughes tour the entire District, during the month of May. No Bishop has done this before. Great patriotic rallies and church family gatherings of officials were held in Port Angeles, Coupeville, Bremerton, Elma, Olympia and Hoquiam with Bishop Hughes and Rev. J. H. Secor as the speakers. These meetings were of very high order in patriotism, inspiration on the Centenary of Methodist Missions and sociability.

The outlook for next year is very encouraging. In some places charges will be grouped, one man serving where two have worked this year. For example, Satsop, Porter and McCleary will all be served by one man. The Olympia District is composed primarily of lumbering industrial centers, and Aberdeen, Hoquiam, Olympia, Montesano, Elma, Cosmopolis, Tenino, Shelton, and Port Angeles are in this class. Bremerton has become one of the greatest naval centers in the country. Thousands of people are flocking into the town. Our opportunity to establish the Methodist Church in the above named places is before us and must be grasped in the next three years. Men who have the community spirit, whose hearts beat in sympathy with those who toil, and who are convinced that the supreme need of those growing towns is the Gospel of Jesus Christ in its practical application to human life, are in demand as pastors. An index to the opportunity in these places is seen in the fact that ministerial support will almost double in some of them. Aberdeen will pay their pastor \$2,100, Shelton has \$1,000 subscribed, Tenino will pay \$1,200, and Bremerton will pay not less than \$2,000. My conviction is that if the Methodist Church in the Puget Sound Conference does not pay its old indebtedness, improve its property, increase its membership, intensify its organization, and enlarge Christ's Kingdom during the next five years we shall forfeit the greatest opportunity ever given by God to a Conference of the Pacific Coast, for thousands of souls are coming to us. I know of nothing so workable whereby we can do the great task which is ours as the plans of "The Centenary Commission." And so our survey for next year includes Christian Stewardship, Intercession, Revivalism, Missionary Education, Teacher Training, and the very best business methods we can adopt.

As the entertaining District Superintendent I desire on behalf of the Conference to heartily welcome Bishop and Mrs. Homer C. Stuntz to our midst.

With thanks to pastors and laymen for their kindness to me, and with profound gratitude to God for the privilege of serving in Christ's Kingdom,

---

SEATTLE DISTRICT  
G. A. Landen, Superintendent

The past year on the Seattle District has been one of hard toil for all of us but our labor has not been in vain, as reports will show.

There has been very little serious illness among the pastors and their families. Rev. F. W. P. Camp, our pastor at Snoqualmie, had to undergo a surgical operation last spring for the removal of a small tumor from his throat. His recovery has been slow and his physician advises rest, so he will ask for a year's leave of absence for rest in hopes that he may perfectly regain his voice.

The only death was that of Rev. F. E. Drake, an honored retired member of this Conference. Brother Drake was of more than average ability as a preacher of the Gospel. He was a faithful shepherd of souls. A godly man and a very brotherly man. He was beloved of all who knew him. I know this entire Conference joins me in sympathy for Sister Drake and the family.

There have been very few pastoral changes. Rev. F. A. LaViolette, on Queen Anne Church, was called into Y. M. C. A. war work overseas last February, and from the report of his chief officer, has done most excellent service. Hundreds of young men accepted Christ in the services conducted by Brother LaViolette. Rev. C. D. Rarey, of Spokane, was secured as supply for Queen Anne Church and has been very acceptable.

In July Rev. H. L. Townsend, pastor at Kent, joined the ranks of Y. M. C. A. workers and is now somewhere in France. Dr. S. S. Sulliger has supplied Kent so acceptably the past two months that the people have asked for his appointment as their pastor for next year, with a raise in salary.

So many of our young men have either enlisted or been called into service in the Army and Navy that it has in many places embarrassed the work of our Epworth Leagues; nevertheless it is remarkable how well the interest in spiritual things has been maintained.

The spirit of evangelism has been with us and many souls have been saved. The reports of the pastors will, I am sure; show a creditable increase in membership.

There will be very little deficiency in ministerial support, and the benevolent apportionments generally will be met in full and show an increase over last year. This in view of the large amount given to Red Cross, Y. M. C. A., Armenian Relief and Methodist war work is certainly deserving of special mention.

The spirit of the Centenary is taking hold of our pastors and people. The entire month of October will be given to the Stewardship Campaign and will be followed by a continuous process of education that our people may be informed on all phases of our great world programme.

Most of the Sunday Schools on the District have held their own, notwithstanding the general decline.

The Epworth Leagues are in a healthy spiritual condition and I feel are ready for any forward movement projected by our splendid District Cabinet.

The Elect Ladies of the Church, through the Ladies' Aid and the W. F. and W. H. Societies have maintained their reputation for doing things as reports will verify. In addition to their regular Church work they have done a vast amount of Red Cross and war relief work. Only Eternity can reveal the results of their labors.

There has been some building and some improvements to church and parsonage property. Des Moines has enlarged and beautified the church building at a cost of \$2,600. This modernized church was dedicated by Bishop Hughes July 21st. This building was made possible by the gift of nearly one-half of the amount by Mrs. Mary Clayton, an honored member of this church.

At Kirkland we have had an old hall with living rooms in the second story in which no pastor was willing to house his family in recent years. The roof was taken off, the building cut down and remodeled and rearranged and turned into a modern seven-room parsonage worth

at a conservative estimate \$2,500, all at a cost of \$686. It is needless to say that Brother Pike and family are happy.

The reconstruction of the University Church, mentioned in my report last year, was completed soon after Conference at a total cost of \$10,738. A more convenient and workable plant it would be hard to find. Dr. Lathrop has been loyally supported by his Board in this enterprise. I think this is the only church in the Northwest that has installed a revolving cross on the tower, the gifts of one of the excellent laymen of this church, Brother H. A. Dent.

Other improvements have been made on churches and parsonages in the sum of \$2,414, making a total of \$16,438.

Three lots have been purchased by our City Society at 10th Avenue, N. E., and 87th St., at a cost of \$1,250, and a chapel is being erected by our City Missionary, W. H. Leech, to cost when completed, \$1,250. The building is now enclosed and will soon be ready for services. This will be known as the Olympic View Church because of the magnificent outlook from this location.

Our churches are making good on the payment of debts: Kent has wiped out their debt of about \$6,000. Kenndale has paid off a mortgage indebtedness of \$600 and their property is clear. Bothel has paid \$530, one-half their debt; Ronald \$262, clearing property of debt; Asbury, \$308; Bethel, balance of their debt, \$50; Foote Memorial, \$429; Green Lake, \$1,200; Haven, \$225; Hillman, \$57; Tibbetts, \$100; Gilman Park, \$2,336; Renton \$475; Woodland Park, \$248; Queen Anne, a note of \$800; First, \$10,000. Total, \$23,220.

In closing I desire to express my appreciation of the fidelity and co-operation of all the pastors in every good work and to thank them and their families as well as the laymen of the church for the uniform kindness shown to Mrs. Landen and myself.

I am profoundly grateful to God for his loving kindness during the year.

## TACOMA DISTRICT

### D. R. Martin, Superintendent

I come to you in this, my first report, with a feeling of deep gratitude that I have had the privilege of another year's labor in the service of our Christ and His Church. The position I hold was not of my own choosing, to be perfectly frank I would have preferred to remain in the pastorate. But after a year spent on a district I have a higher appreciation of the economy of the Methodist Church than ever before. We have not reached all the objectives we set as our standards at the beginning of the year. Some of them we have realized—others only partially.

There have been a number of changes among the supplies filling student appointments because of the call of our government in this mighty conflict for the freedom of the people of the world. At his request I released Paul Jones from Gig Harbor, January 1st. Since April the charge has been served by Dr. James Pascoe, to the great delight and profit of the small membership. The first of March an exchange was made between Dr. D. H. Trimble of First Church, Tacoma and Dr. R. H. Schuett of First Church, Champaign, Illinois. The people of First Church are greatly delighted with the ministry of Dr. Schuett. We are glad to welcome him to this Conference. Dr. Trimble had a complete physical breakdown three weeks after going to Champaign. For a number of months he has been in a sanitarium at Monrovia, California.

Death has entered but one of our parsonage homes this year. The aged mother of Brother W. T. Randolph passed from earth to her heavenly home May 5th. For thirty-six years she had made her home with her son. In her life she exemplified the Christian virtues.

I have spent thirteen weeks in special meetings, assisting mostly the pastors of weaker churches. Some places the results were very good—other places the visible results were small. It is exceedingly difficult to secure the attendance of the unchurched masses at special revival services. Nevertheless, men's hearts are hungry to know God. If we fail to win them one way, then let us try other methods. If we are to reach the people and win them to Christ, we must go where people are, and come to know them by personal touch. The pastor who would win souls must wear out shoe soles searching for them. And the average preacher who neglects or refuses to do this work, is doomed to failure.

Seventeen charges report an increase in membership of 513. Five charges report a decrease of 48, leaving a net increase of 465. Puyallup leads the district with a net increase of 157. This is the largest increase the district has had for a number of years.

First Church, Tacoma, has paid \$9,325; Mason has paid \$5,800; and under the leadership of Dr. J. P. Marlatt has secured pledges to pay off the entire debt. No more heroic people can be found than the devoted membership of this church. Puyallup has paid \$2,250, which makes this splendid church free from debt. A jubilee meeting was held September 5, in which several former pastors and district superintendents had a part. Trinity has paid \$2,005; Central \$350; Asbury \$250; Bethany \$468; Regent's Park \$325; Auburn \$158; Summit View \$160 and East 64th Street Church, formerly Bismarck, \$300.

The church at Auburn has been repainted at a cost of \$300. Grace Church and parsonage have been repainted, the pastor, A. F. Stearns, doing most of the work. The church at Eatonville has been improved with new pews, indirect lighting system, walls frescoed, at a cost of over \$500. First Church, Tacoma, has purchased a splendid, thoroughly modern home for a parsonage at a cost of \$6,750. Work has been started on a splendid seven room parsonage for Bethany Church.

During the month of April, the district put on the Stewardship Campaign. Our goal was one thousand members enrolled in the Methodist Million. We only secured about seven hundred and fifty. This coming year we purpose to reach the thousand mark.

If the sublime program of our Church as outlined in our centenary program is to be realized, the membership of our churches must be committed to the scriptural plan of paying for God's Kingdom, a tenth of our income as a minimum, as an expression of our stewardship. This is a great time in which to preach Christian stewardship.

The Sunday Schools will show some increase. The Epworth League has had a very good year in most of our Churches. However because of the loss of a large number of young men to the army and navy, our Leagues have suffered in a number of churches. The Tacoma District won the pennant for the largest number of registrations at the Institute at Redono. Our enrollment exceeded that of all the other districts of the conference. The Woman's Foreign and Woman's Home Missionary societies have had a good year, doing a great work for the Kingdom of Christ.

The college has had a very good year, considering the great call made upon the student body of all our colleges by our government in this great conflict for world democracy and freedom. The college of Puget Sound has suffered by enlistment and the draft. Yet, there was an increase of one over last year. The summer school has the largest attendance, in the history of the school. With the indomitable purpose, the untiring efforts of the President, Edward H. Todd, with his excellent faculty, and the co-operation of this conference, the college must succeed, however great the difficulties may seem to be at times. The next few days a fine opportunity awaits every pastor of this conference to get busy and secure enlistments for the Student's Army Training Corps at Puget Sound. This is really a great opportunity for

our College. We must secure at least one hundred young men. Dr. Todd has been elected President of the International Bureau of the State Liberty Loan for the organization of the foreign born of the State. In this organization, he is rendering a great service to the Government in this time of need.

One of our objectives in the beginning of the year was all the apportioned benevolences met in full. I am glad to report 100 per cent for every charge in the district, with some charges reporting as much as 150 per cent. The increase for Foreign Missions over last year is \$675, the increase for special gifts to Foreign Missions over \$2,000, the increase for Home Missions \$675, and so on for every cause except Education, where the apportionment was cut from one dollar per member for the College to the regular apportionment for Education. The district has pledged a sum equal to ten per cent of pastor's salaries for our special War Work.

One of our promising young pastors, Marmaduke Dodsworth was married to Miss Anna Sorensen, a deaconess of this conference, August 26, in the Parkland Church.

The salaries of pastors have been advanced \$2,450 over last year. Yet the salaries paid in a number of charges are inadequate to meet the needs of a family at the present high prices. The average salary of the district is scarcely equal to the pay of common day laborers. As fine heroism as can be found any place, has been manifest among the pastors of the Tacoma District. The agreement to make the superintendents report brief will make it impossible to mention the fine work of each of the pastors. He who makes a record of all things, has made a record of the fine loyalty and devotion of the splendid men who have served the churches of the district. The pastors and laymen have been exceedingly kind to me, for which they have my heartfelt gratitude. May the Lord bless each pastor, the families of the parsonage and the laymen of the District.

### VANCOUVER DISTRICT

T. E. Elliott, Superintendent

This has been the year of Changes on the Vancouver district. No doubt but this World-War in which we are engaged is responsible for this. We have kept steadily before our eyes the Winning of this War and we have let other things take a secondary place. I do not mean that we have allowed Church Work to lag but that we have answered the Call of the Government to Red Cross; Liberty Loan, Y. M. C. A. and all other things which we felt it our duty to do in order that we might do our utmost. To win this War for the Allies is to spread the Kingdom of God over this old earth.

I cannot speak of individual pastors and their families. I wish I had time to do so. The order of the day on the district is Forward in everything.

Salaries are being raised so that the minister can share somewhat with the increase that has come to us as a people financially. Yet I am bound to say that the salary of the Minister does not come anywhere near that of his parishoners. There is scarcely any class of men getting less than one thousand dollars a year. There are ministers who have had less than five hundred dollars on my district this past year. My firm conviction is that we must lay upon our Members the obligation as never before to support the Ministry.

The Epworth Leagues of the district are shot to pieces. Many of America's choicest young men are members of this institution. Many of them are now at the front. May God be gracious to them. And may He solace their mothers and fathers as they wait anxiously for news from a far country.

Our Sunday Schools have also suffered by reason of many of the adults leaving gaps in their classes. The young women are found in goodly numbers; but the young men are fighting a good fight and are being offered; henceforth a crown.

Great caution must be taken lest our people in their intense patriotism forget their obligation to the church. There are people in this part of the country who have advocated dropping the Ladies Aid work and devoting all their time to Red Cross work. I have discouraged this. "This ought ye to have done and not left the other undone." There are Ministers who have said "Bring your knitting to church on Sunday morning and knit while I preach." This is cheap advertising. If I did not think that I had a message worth people listening to for half an hour on a Sunday morning; if I did not think that I was doing my bit in the very best way to help win this War; then I would quit preaching and go into some other business.

My firm conviction is: the more loyal we are to the churches and the teachings of our Christ as voiced by them, the better shall we keep up the morale of the people and the sooner shall we win this War.

The Country districts have suffered by removals to the cities. The increase in Members will not be as large as in former years for this reason. However, we are making no apology for we believe the reports will show that we have had one of the best years in the history of this district.

I had to release F. C. Thomson from Morton in the middle of the year because of his wife's ill health. After nine months of the conference year had expired I had to release T. C. Newby because of his wife's health. I am glad to report that in each case the improvement is marked in the health of these noble women.

On the 29th of January E. L. Benedict resigned his pastorate at Vancouver. We were fortunate in securing for this important charge the Rev. A. H. Thompson of Wilmington, Delaware. He is a fine preacher and a good mixer, and a fine Christian gentleman. We moved R. B. Parcel from Orchards to Washougal in April and since that time he has made it possible to report that a debt of \$1100 will be paid with some help from our Church Extension Society.

I desire to mention an unusual thing among laymen: When I took brother Parcel from Orchards I ask the people to assist me all they could as I might not be able to send them a pastor at once; one good woman speaking for the rest said; "Doctor Elliott whether or not you are able to send us a man you may depend on us bringing up every dollar of Ministerial support and also Benevolences at conference time. "This is from Orchards where the people preach and PRACTICE holiness—no applicants needed for this charge.

I have secured the services of H. Albright—a member in good standing of the Evangelical church—for this place, Orchards since brother Parcel left. I had three or four places left to be supplied last conference. To fill them was no small task; men being scarce. I secured R. C. Blackler for Skamokawa and the salary is put at \$1000 for his return; this year it was \$660. Grays River has been supplied by J. B. Stark and the salary here is advanced \$200 making it a thousand for next year. All Benevolences are in full at all of these places.

When I released brother Thompson from Morton I placed John Orkney there, this brother has decided to leave for east at the close of this conference.

I am losing four men this year, all Elders. Brothers D. A. Storey of Camas, goes into the Canadian army: brother Greening of Kelso goes into Y. M. C. A. work as does brother J. H. Geoghegan of Walville. A. B. Hotchkiss of Bay Center leaves us for the Congregational church.

Then there is a craze for "Union" without any real significance. There are places in the country where one pastor can do the work and this should be recognized; but the utmost care needs to be exercised or we shall have endless trouble when we would adjust matters later on.

We are trying out the matter of Federation in three points on the district. We have had one year of it at Ridgefield and when I held the Fourth Quarterly conference one woman only wanted to go back to the old plan. The pastor, V. A. Spicker has had a good year and has received \$1200 salary as against \$600 paid by that charge heretofore. This is between the Presbyterians and Methodists. At South Bend we are trying this same plan between the Baptists and Methodists and while it is a little early to speak of this as being a success we are ready to say every thing points in that direction. At Stevenson we are trying this with the Congregationalists and when I preached in the Congregational church on the last Sunday in August the church was well filled and forty persons communed. The pastors salary at this point also will be doubled. In the cities denominations are there to stay. I believe, however, when this War is over there will be less talk about denominations and more about Christ and His method of doing things.

The Womens' societies such as the Home and Foreign Missionaries have each done their share of the good work that has been done on the district. I am sure that in some cases they have been materially strengthened and among all the calls that have been made upon them they have not forgotten the work in the local church.

I cannot give the amounts subscribed for War Work asked as a special gift by our Boards; but I know that several of the charges went beyond their ten per cent and several others reached that amount. The gifts this year have gone far beyond anything ever given heretofore. I feel that we have just been getting ready for the greatest work ever asked of any church heretofore, namely the great Centenary Movement.

The entire month of May was spent in behalf of Sunday School work. In company with Rev. J. M. Weaver, our conference Superintendent of Sunday schools, we visited nearly all the charges on the district, organizing Adult Bible classes and Teacher Training classes. We met with more than ordinary success in this. I cannot speak too highly of the faithfulness and self-sacrifice of Brother Weaver in all that we did.

I have personally inquired of the Quarterly conferences about our Pacific Christian Advocate—find that it is not as well patronized as it ought to be; but I have yet to hear of any criticism that was intended to reflect discredit upon its Editor, Mr. Robert H. Hughes.

LaCenter has wiped out its debt of \$200—thanks to the determination of the pastor, A. F. Kline who said it must go. Washougal, following the lead of R. B. Parcel, the pastor will report \$500 paid and the balance of \$650 will go next year. Winlock has raised its entire indebtedness of \$1100. I ought to say this much here; I preached at this point in answer to long distance phone message from brother Rees on June 30th. He said he wanted to raise the debt. Being in love with that kind of business I cancelled another engagement and went. Brother Rees had things so completely in hand that I never saw money raised easier. \$800 was raised that morning and the rest later. This is a great victory for Winlock and a fine compliment to the pastor. The town asks the return of this brother for a seventh year.

At old First Church Vancouver, while Rev. E. L. Benedict was pastor, with the assistance of our resident bishop, Matthew Simpson Hughes, we arranged for the payment of the entire indebtedness \$3100. Time was given subscribers to pay their amounts and at this conference the pastor Rev. A. H. Thompson will report \$1900 of the amount paid. Thus the amounts paid on indebtedness, with the provision for other amounts coming in continually, represent nearly one half the indebtedness of the entire district.

I do not wish to close this report without mentioning two or three things of a little different nature. I spent nine weeks as a Pastor-Superintendent. When trouble occurred in the home of our pastor at First Church Vancouver, it was the unanimous choice of the official Board that I should do the preaching until we could secure a new man. I did this with hearty approval of bishop Hughes. I am glad to report that everything went along splendidly. At the last quarterly conference of that church reports showed that all claims had been met in full by September first.

Every last man in the most remote parts of the country district shall hear of this Centenary Movement and where it is properly presented it cannot help but yield to the church dollars for pennies spent in making things possible. So may it be.

With thanks to Almighty God for his leading and to my brethren in the Ministry who, with their wives, have helped me so much, I submit this report.

# Report of Standing Committees and Boards

### Committee On Education

**I. Board of Education.**—We congratulate the Board of Education on its part in the Educational Jubilee Campaign which culminated on July 3, with a total aggregating \$27,000,000 pledged or paid Educational purposes. We also commend the work accomplished through the Student Loan Fund, whereby more than 25,000 Methodist young people have been aided in securing an education. Through the Public Educational Collection the Board was able to assist 27 institutions during the past year to the extent of \$50,000.

**II. Theological Schools.**—We urge upon all our young ministers the importance of the most thorough theological preparation for the work of the Christian Ministry and commend to them the Theological Schools of the Methodist Episcopal Church. Garrett, Drew and Boston Schools of Theology represent the highest standards of education and devotional life since the Government places the standard for Chaplains at graduation from College and Theological Seminary how much more important that the Church set a similar standard for the Ministry. Kimball School of Theology, Salem, Ore., has the endorsement of the Board of Bishops and the Board of Education and is listed among the Theological Schools of Methodism. We recognize its work and commend it to the consideration of our people and to the young men preparing for the Ministry. We recommend the election of Rev. E. M. Hill, DD., for Trustee, and Rev. J. H. Lathrop, P.H.D., as visitor.

**III. College of Puget Sound.**—We beg to express our sincere appreciation of the wise leadership of our College President, Dr. E. H. Todd. He is attaining an increasingly commanding place in the Commonwealth of Washington. The State Liberty Loan Committee has enlisted his services in its membership as State Chairman of the International Bureau. We pledge him our continued support in his efforts to build up the College.

The College of Puget Sound has had a year of success academically and financially. In the former it has received Class A rating from our own Board of Education and credits are accepted without discount at Columbia University. There have been about \$12,000 added to the endowment fund of the Department of Religion, mostly in cash. Endowment Funds amount now in all to \$284,000. Its attendance has maintained the same strength.

The war cloud threatens educational institutions with disaster. Those schools which are not strong enough to render the service to the Government which is asked will have a hard time of resuming after the war; if they are able to keep their doors open during the war; hence every effort is being put forth to secure the Students.

**IV.—Army Training Corps.**—The Ministers and members are hereby called upon to secure students and money as may be necessary. To fail in either will spell doom. This conference pledges itself to, not only open its pulpits but to assist in every desired forward movement to maintain the College of Puget Sound.

The trustees and visitors nominated and elected appear in the list of Conference Boards.

J. E. CROWTHER,  
Chairman.

### AUDITING

We, the Auditing Committee respectfully report that the books of the District Superintendents and the accounts of the Secretary Treasurer and Registrar have been examined and found correct.

B. WADDINGTON,  
Chairman.

E. B. REESE,  
Secretary.

---

### BENEVOLENCES

We note with deep gratitude the increase in benevolences in the entire conference as a direct result of the educational campaign of the commission on finance and the new world vision given by the great war, and, Whereas, the benevolent boards of our church have a world program that is worthy of our strongest support, we urge every pastor to follow the plan of the Commission on Finance; to urge Christian Stewardship; to bring up all apportionments to overflowing, and to give loyal and hearty support to the Centenary Movement that righteousness may prevail in all the world.

E. N. ASKEY,  
Chairman.

V. A. SPICKER,  
Secretary.

---

### SPECIAL CHARITIES

We recommend for the benevolent consideration of our laity the Washington Home Finding Association and the Anti-Saloon League and kindred organizations, but we regard our regular benevolences as having first claim upon us and urge that our pastors meet these claims first.

J. M. WILDER,  
Chairman.

R. A. GAILEY,  
Secretary.

### CENTENARY COMMITTEE

We, the Centenary Committee of the Puget Sound Conference, beg leave to report as follows:

First: That this Conference heartily approves of the proposed Centenary Jubilee and the campaign by which it is to be observed, and pledge to it the unqualified support of all our charges.

Second: We recommend that an Annual Conference Council be created to direct the campaign within the Puget Sound Conference, and that this Annual Conference Council shall consist of the District Superintendents and one minister and two laymen from each district.

We recommend that this Council be organized for work as early as is practicable, and that preferably a strong layman be elected for chairman and an experienced minister as secretary.

We urge upon our pastors and laymen in all our charges that they faithfully endeavor to carry out each feature of the Centenary program, particularly the campaign for one million intercessors, the stewardship revival of four weeks, and the raising of sixteen million dollars a year for five years; remembering, that while it is the duty of each charge to accomplish its share in the total achievement, that wherever it is possible to go beyond its proportionate share more abundant blessings will follow.

We urge the co-operation of our Sunday Schools and our Epworth Leagues to secure the enlistment of our young life in this great undertaking. We are filled with gratitude for the fruitful results of the Niagara Falls Conference, the Columbus meeting and the messages from our bishops.

We urge as large a representation as possible from this conference at the great celebration to be held at Columbus next June. Remember-

ing that the end of all our endeavor is the evangelization of the world, and that the presence and power of the Holy Spirit are essential to the success of this great undertaking, we urge that it should be carried forth in the evangelistic spirit, and accompanied with such local campaign for the evangelization of the people of our charges as may double our membership within the period of this Centenary Campaign.

The Centenary Council nominated is found listed with the Conference Boards.

E. M. RANDALL,  
Chairman.  
W. H. LEECH.

### CONFERENCE DEACONESS BOARD

The Northwest Bible Training School at Seattle has another year of excellent work to its credit, and assurances of increased attendance and interest for the current year.

The Deaconess Settlement continues its good influence as a social service and evangelistic center.

We renew our endorsement of the Seattle Deaconess Home Association's purpose to secure sufficient funds for adequate buildings and urge that this campaign be pressed to a successful culmination within the next twelve months.

The Deaconess Children's Home at Everett has had an over-crowded house, a successful year financially and is contemplating the purchase of an additional building.

This institution is an honor to our Church and is worthy the hearty support of our people.

E. O. HARRIS,  
Chairman.  
F. A. GUILER,  
Secretary.

### EPWORTH LEAGUE

The Epworth League as a branch of the Church's activities is constantly justifying itself and wherever its plans and program are used the success of the future Church is assured.

Notwithstanding the absence of 150,000 virile Epworthians who are in the National service the attendance at our Institutes increased over previous years. Our own Institute at Epworth Heights had a record at-

tendance and was a tremendous success in every way. We urge attendance at our Institute of Epworthians and pastors.

We are pleased to have with us at this Conference the Editor of the Epworth Herald, Dr. Dan B. Brummitt and pledge him our support in adding to the circulation of our own young people's organ.

Win My Chum week should be observed more largely than ever this year, and we hope all in the League will align themselves with the plans and purposes of the Central Office in pushing all the objectives of the Big Drive to a successful culmination.

W. W. SWITZER,  
Chairman.

### PERIODICALS, PUBLICATIONS AND COLLECTIONS

The Pacific Christian Advocate is filling its mission in this area. Its setting forth of the Centenary movement and its information on the vital things of the Church makes its circulation of great importance. The periodicals of the Church and the publications of the Book Concern strengthen and help our people in these months of war and stress.

JAS. E. MILLIGAN,  
Chairman.

### RESOLUTIONS

Resolved, That we express our highest appreciation for the kindly and brotherly manner in which Bishop Homer Stuntz, D.D. L.L.D. has conducted the business of the conference.

That we extend to Dr. Harry Farmer, Dr. G. B. Dean and Dr. Dan B. Brummitt our gratitude for their presentation of the Centenary Movement; and we pledge ourselves to carry out the plan;—and to Dr. Clarence True Wilson for his vivid portrayal of the success of prohibition, and rejoice with him in its certain triumph.

Talbott, President of the Kimball School of Theology; for their helpful addresses; to Mr. Harry Wilson, Educational Director of First M. E. Church, Seattle on the different phases of Sunday School activities; and to Dr. Schuett for his afternoon addresses.

To Mrs. W. Y. Croxall, musical director; and Professor A. A. Scott, organist, for inspiring music.

We appreciate the excellent program prepared by Dr. J. C. Harrison, District Superintendent; and Dr. E. M. Hill, Pastor; and thank the ladies of the church for affording us the convenience of the noon and evening meals in the dining room of the Church.

Also to the bank for the use of their adding machine; to the Chamber of Commerce for courtesies shown; to the Motorships' Co., for the privilege of visiting their yards; to the untiring efforts of the Treasurers, Statisticians, and Secretaries, who have so well performed their heavy

tasks; to the local press for publicity; and lastly, to the cities of Gray's Harbor for the hospitality of their homes.

H. W. MICHENER,  
Chairman.  
ERNEST O. HARRIS,  
Secretary.

### SUNDAY SCHOOLS

We appreciate the wisdom of those arranging this Conference program in setting apart one hour for considering the Sunday School work and recommend that this plan be continued in the future.

The thanks of this Conference and the entire Church are due Bishop Stuntz for his timely article, "Dull Tools," which appeared in the Pacific Christian Advocate," and has been distributed in duplicate form.

That the Sunday Schools be made a real part of the Evangelistic program of the Church; that a Sunday School Retreat be held by each Sunday School before the revival meeting begins and there develop a force of workers for the Evangelistic efforts of the Church.

That Leadership Training be made an important part of the Centenary Campaign, and that the Sunday School be made to cooperate to the fullest extent with this great movement.

We gratefully recognize the splendid efficient service of the Rev. J. M. Weaver as Superintendent of Sunday Schools of the Puget Sound Conference and recommend his continuation.

PAUL H. ASHBY,  
Chairman.  
FREDERICK C. THOMPSON,  
Secretary.

### CONFERENCE SUPERINTENDENT SUNDAY SCHOOLS.

This position deals with two phases of Sunday School activity, viz:—The Extension of Sunday Schools into new places, and the Efficiency of those already established. The following is a summary of the year's work:

Six new Sunday Schools were organized and six were re-organized. The new Dungeness Circuit was formed from extension work. All these are doing well. The Port Angeles and Shelton extension circuits were visited and meetings held. The pastors of these new fields are giving heroic service.

Two months were spent on Tacoma and Olympia Districts in Evangelistic meetings of a type to strengthen weak Sunday schools. Three months were spent on Bellingham, Seattle and Vancouver Districts promoting Evangelism, Teacher Training and Organized Bible Classes. The Superintendents of the districts last named, accompanied me and rendered valuable and greatly appreciated service. Thirty-six Teacher Training and twenty-seven Organized Bible Classes were reported during the year; most of which were the direct result of these meetings.

The remainder of the year was spent in Extension Work as already indicated and in caring for the established work and attending miscellaneous meetings.

While every phase of Sunday School Work should be stressed two phases should be especially emphasized in the year to come, viz:—Evangelism and Leadership Training.

Thirty denominations in the United States and Canada are putting on a drive for Leadership Training under the auspices of the Sunday School Council of Evangelical Denominations. Our Board of Sunday Schools is cooperating in this as well as in the Centenary Campaign. Training for Leadership now embraces various phases of religious activ-

ity. The Drive as outlined will fit in well with the Stewardship of Life Section of the Centenary. The District Superintendents of this Conference have decided to so include it.

Last year the Churches of this conference received 1286 probationers. There were almost an equal number, or 1232 Sunday School scholars converted, 904 of which united with the Church. Thus only 382 probationers in the entire conference were received from all other sources. That is to say, three-fourths of all the members received from probation came from the Sunday School; and there were not enough conversions from other sources to make up the loss by death and removal.

My constant aim has been not to add to your burdens but to make them lighter; not to exploit some new organization but to build up these already provided by the Church. In this respect this office occupies a unique position.

J. M. WEAVER.

### REPORT OF THE BOARD OF STEWARDS

The Board of Stewards recommends as follows:

First—That a protest be made to the General Board of Conference Claimants against the appropriation to this Conference being less than the assessment against it.

Second—That the apportionment for Conference Claimants for the ensuing year in this Conference be an amount equal to 7 per cent of the cash salaries of the Pastors.

Third—That it be made a standing rule of this Conference that new claimants on the Superannuate Funds of this Conference, whose cases are not placed with the Board of Stewards as early as the first day of the annual session of the Conference, shall receive no allowance for the ensuing year without special action of the Conference.

Fourth—That the District Superintendents be required to report in duplicate to the Board of Stewards and to the Committee on Conference Relations the Conference Claimants within their respective districts who are receiving salaries or wages or Missionary money for any services they may perform, the nature of their employment and the amount of the income so received.

That the above bodies consider these cases in joint session, scrutinizing them carefully, to determine whether any should be made effective: That this recommendation be made a standing rule of this Conference.

SHERMAN V. WARREN,  
Chairman.

J. C. DORWIN,  
Secretary.

### JOINT COMMISSION OF THE BOARD OF STEWARDS AND THE PREACHERS' AID TRUSTEES

Your Joint Commission authorized by the last Annual Conference presents the following recommendations:

That the time is at hand when the Conference Claimants Fund of the Puget Sound Conference should be increased by a Permanent Endowment of not less than \$250,000.

We recommend that a month in the Spring of 1920 be set apart for an intensive drive to consummate this project.

With this end in view we recommend that the Conference elect a Conference Claimants Commission of 26 persons, comprising the Resident Bishop as honorary chairman, the District Superintendents, ex-officio, and ten Preachers and ten Laymen, which commission shall prepare a comprehensive plan of campaign and submit the same for action at the next session of the Annual Conference. For names of this commission see list in Conference Boards.

This Commission shall be authorized to proceed at once, as far as may be found expedient, with such measures as are necessary for the furtherance of the task assigned to it, and, whenever it shall be found advisable, to secure the appointment of an Executive Secretary to direct the campaign, who shall work under the supervision of the Commission.

In order to meet the initial expenses of this campaign we recommend that all the effective members of the Conference do hereby pledge an amount equal to one per cent of their salaries for the current year, said amount to be paid to the Treasurer of the Commission in four quarterly installments on or before the first day of December, 1918, and March, June and September, 1919, respectively.

That this Commission is authorized to fill vacancies in the interim of Annual Conferences, such changes in the personnel to be approved by the succeeding Annual Conference.

### TEMPERANCE, PROHIBITION AND MORAL REFORM

The Board of Temperance, Prohibition and Moral Reform has been victorious in its advocacy of Bone-dry prohibition, anti-advertising legislation, street regulations surrounding our army camps in the United States and the new and better restrictions against the social evil and drink in France.

It now proposes to build a fitting headquarters in the Nation's Capital as a base for future operations in all reforms—the Bible in the public schools, preserving the American Sabbath, anti-cigarette and tobacco laws. In all these reforms we pledge the Board our hearty support.

J. A. SUTTON,  
Chairman.

## REV. FRANCIS E. DRAKE

By C. B. Seely

Rev. Francis Edward Drake, who died December 13, 1917, a son of James M. and Sarah Nutting Drake, was born in Boston, Mass., December 1, 1843, but afterwards with his parents moved to the shore of Geneva Lake, Freeborne Co., Minn. During the Civil War he served in Co. F, 4th Regiment, Minnisota Infantry Volunteers, but afterward took up a homestead at Banks, Fairbault Co., Minn.

He was converted in 1871, three years before he began his ministry in the Methodist Episcopal Church in the N. W. Iowa Conference. He attended the State University of Minnisota, was married to Maria A. Spohn March 21, 1876. The following charges were served in Iowa; Rutland, Wesley, Peterson, Aurelia, Lake City, Mason, Lehi and Dayton and Kingsley and in Washington, having transferred to Puget Sound Conference in 1889, Montesano, Olympia, Snohomish, Centralia, Chehalis, Everett, First Church Whatcom, Central Church Tacoma, Battery St. Seattle, Kent, Haven, Seattle, Kirkland and Interbay.

Since his retirement in 1908 he made his home in Seattle and worshipped at University Church, from which he was buried in Washelli Cemetery, the pastor, A. H. Lathrop, being assisted in the funeral service by G. A. Landen, F. A. LaViolette, W. H. Leech, R. J. Reid and others.

He was a member of the Kirkland Masonic Lodge and of Stevens G. A. R. Post No. 1, Seattle.

He is survived by his wife and the following children: Emma N. Thurlow, Maud E. Drake, Pearl Place, Anna D. Davis, Mitchell L. Drake, David Stein; also five grandchildren.

Brother Drake was a diligent student, a theologian of distinguished ability and an earnest preacher of the Word, and his genial and generous personality shall not soon be forgotten.

## REV. SAMUEL S. GUILER

By Volney C. Evers

Rev. Samuel S. Guiler was born in Noble County, Ohio, August 25th, 1864. At the age of 12 he was converted in the home church, known as Allen Chapel. In early manhood he came West to Billings, Mont. After a short sojourn with his brother, Rev. J. M. Guiler, who was pastor of our church in Billings, Brother Guiler resumed his travels westward, reaching Spokane in 1887. He entered the Spokane College and became a member of a class of nine young men who were preparing for the Christian University.

For two years the writer had charge of this class in the "studies in theology." Here we knew and loved Brother Guiler. Later he crossed the Cascades into Western Washington and entered the College of Puget Sound, from which he graduated in 1896. In the Fall of 1900 he entered the Puget Sound Conference and served the following charges: Friday Harbor, Roche Harbor, Avon, Ferndale and Marysville. In 1910, his health having failed, he was granted the supernumerary relation. In

1915 he asked for and was granted the retired relation. Two years of his time in this relation he supplied Belfast and Bow in the Bellingham District.

June 27, 1905, he was united in marriage to Miss Edith May Mittlestadt. Two children were born to them—Virgil Vernon and Lois Anna. Besides his companion and children, four brothers and three sisters survive him, one brother being the Rev. F. A. Guiler, of this Conference.

On the foggy morning of May 4, 1918, while crossing the railroad track near Stanwood, his car was struck by a Great Northern train. He was thrown more than a hundred feet and was picked up unconscious and conveyed to the Stanwood hospital where he passed away but a few moments after his arrival.

As a preacher Brother Guiler was fluent and forceful. As a friend, genial and true. In his home he was affectionate and kind.

The funeral services were held in our church at Avon and was in charge of District Superintendent J. M. Canse. Those assisting were: F. L. Baldwin, J. L. Wilder, A. O. Quall, V. C. Evers and E. M. Randall. Other brethren of the Conference present and acting as pall bearers, were W. E. Cox, R. L. Sprague, J. M. Hixson, L. C. Schultz and M. B. Phillips. Rev. F. A. Guiler, brother of the deceased, was also present. A very large number of friends were in attendance.

Brother Guiler believed in, sought for and enjoyed the deep sweet things of the kingdom. He was a member of the Whatcom County Holiness association. He loved to sing as well as preach the whole Gospel. At almost our last meeting with Brother Guiler we rode with him from La Conner to Avon, under the stars in the night time.

After a frank conversation concerning the Christian's portion in this life he broke forth in song, the last verse of which is as follows:

"They say I shall some day be like Him;  
My Cross and my burdens lay down.  
'Till then I will ever be faithful,  
In gathering gems for His crown."

# Reports of District Superintendents

### BELLINGHAM DISTRICT

J. M. Canse, Superintendent

Faith has proved the assurance of things hoped for in the Centenary, and is evidenced in results never before seen in the Bellingham District.

Through faith we have caught the vision of the coming Kingdom that is being framed by the Word of God, so that the things seen to-day have not been made out of the old order.

By faith the elders have obtained a good report, and have the witness that they are righteous, God testifying to their gifts of faithful devotion.

By a supreme faith Volney C. Evers was translated so beautifully that he did not see death and is not among us to-day because God took him. A like reward came also to Samuel G. Jones, after much suffering; and to our sister, the wife of W. O. Benadom, who was called from her Lynden home to the Father's house above. On August 8 we gathered at the home of Dr. and Mrs. E. M. Randall in Everett for appropriate funeral services in honor of Mother Sweet, whose tender soul had slipped from her frail body.

By faith our able Randolph has offered unto God a most excellent sacrifice at Snohomish. Under him the union service with the Presbyterians has worked well, though each church is returning to its separate program and our ambitious people are laying plans for a new and modern building.

By faith E. M. Randall, being warned of things not yet seen in Everett, is moving his people to prepare a more adequate church for the growing industries of the city. So also Grace Church contemplates a new building, one much needed, to attract the families of that fine residence district and the mill men near by. T. H. Jorgenson is the pastor.

By faith B. F. Brooks, when he was called a year ago to go into a new inheritance, obeyed, not knowing whither he went, and as he sojourns in Sedro Woolley he looks for the city to have more spiritual foundations.

By their faith in a righteous cause four of our pastors went overseas - E. V. Bronson, G. C. King, R. L. Sprague, and K. R. Gilmer, and these, having obtained good reports there, received not the promise, God having provided some better things for us that they without us should not be made perfect.

What shall I more say? for time would fail to tell how Pastors Cox and Guiler and Hixson and Squire and Sears have shepherded their flocks. Chaplain Bronson, returning from Flanders, was assigned to Marysville, April 6, and immediately brought the Centenary quotas well over the line. C. E. Preston, an Episcopal minister, went to Edmonds in January and has greatly built up that work. R. D. Cady has been laboring as a supply at Sultan and Goldbar and F. G. Willey, coming from the Presbyterian Church in British Columbia, has done exceptionally well at Hamilton and Lyman and desires to join our Conference Brotherhood, as does also Dr. Preston, and they are worthy.

By faith the Jericho walls of this rural district fell down after being compassed about seven days of the Centenary financial campaign, and, outside of one city church, was able to report creditably compared with the rural district that was honored as leading the Area. That district raised \$41.62 per member for the five years, while the Bellingham District, not including Garden Street Church, subscribed \$43.18 per member, or \$1.56 more. When

this remaining church over-tops its quota this same proportion will be kept. These figures do not distort the facts, but show some of the embarrassments districts have faced that were doing well before the drive, and the system used to assess the financial quotas. This district leads in the number of stewards of intercession and tithing, and was the only one in the Portland Area that the Commission on Finance placed on the honor roll for organization.

The Project Summer School held at Willamette University last month for rural pastors was attended by E. J. Bates, who has enjoyed a prosperous year at Ferndale; A. E. Grissom of Custer, as that charge becomes a Centenary project; and Roy M. Owen, Darrington, who has decided to resume his studies at the College of Puget Sound. W. D. Turkington of Acme will go to school in the East. While we are short of men we are very ready to encourage young men to prepare well for their years of future usefulness.

H. H. Newman is asking that he may be released from his pastorate at Sumas for a year of rest for his enfeebled wife. O! will not that day soon dawn when our faithful women of Methodism will awake in mercy and devise some relief for pastors' wives who have always borne most keenly the nerve strain of our churches.

The success of B. V. Bradshaw and his wife, the matron at Nooksack Indian Mission, has been marked and enables us to extend our aid to other tribes, as the Lummi and the Swinomish. F. M. Bushong and wife have greatly endeared the Monroe people to themselves by their winning ministries. C. E. Sanders has served Bay View together with LaConner.

Some notable achievements have occurred. J. M. Wilder, in his own inimitable way, has added a new church to the Blanchard and Edison charge by building a chapel on Samish Island by the aid of a few people and a \$350 donation from the Church Extension Fund, in the name of Sarah J. Campbell. The Mount Vernon people arose and destroyed the gnawing mortgage of \$4,000 and immediately followed Brother Ashby in his search for the full Centenary quota. A new spirit has come to the Fairhaven Church and a new coat of paint from the ceaseless service of L. C. Shultz, so that out of weakness they are being blessed with strength. John F. Long has found favor at Anacortes and G. F. Pollock at Blaine, our two churches made difficult to finance by the uncertain salmon industry.

Several of our pastors could intensify their usefulness if autos could be found for them. These pastors are great hikers, as A. O. Quall, who is the best guide in the Mount Baker region, but gasoline would greatly accelerate their speed. But in their desperation a dozen have bought and maintain automobiles at personal cost, expending a third of their salaries to do their pastoral work. This is not right and the auto-riding laity should apply the same rule to their pastors as to themselves.

The salary increases will likely exceed \$4,000. Mount Vernon, Sedro Woolley, Ferndale, Lynden, Sumas, Monroe, Grace Church, Fairhaven, and Snohomish see \$300 gains. Some \$200 will be added at Eureka, Edmonds, Hamilton, Marysville, Wiser Lake, and less amounts by half a dozen other charges.

The vulture epidemic that spread over the land the first three months of this year disrupted many of our services but opened up a rare avenue for personal ministrations and home evangelism. Later several churches enjoyed uplifting revivals. And now with the call for souls to seal the Centenary we are planning with much prayer for a full share in the mighty awakening, expecting that each pastor of the Bellingham District "will do the work of an evangelist."

Bishop Hughes, it is with real pleasure that I represent that loyal brotherhood of the Bellingham District in their felicitations for the auspicious success of the quadrennium from your presidency.

### OLYMPIA DISTRICT

#### J. C. Harrison, Superintendent

This has been a year of almost perpetual changing of pastors. Three men had to drop out because of the effects of influenza. N. V. Moore re-

signed at Colby in the middle of the year. John C. Harris of Corvallis, Ore., took Colby, and after two months resigned. E. O. Harris, whose health had failed him two months before so that he had to be released at Yelm, has closed the year. C. W. McLaughlin, who, for health reasons, had to be released at Satsop, Porter-McCleary, has served Yelm-Eureka during the closing months. J. H. Beall has served acceptably at Satsop-Porter and McCleary.

W. H. W. Reese resigned at Sequim in the middle of the year, and Robert C. Hartley, who was in war work at Camp Lewis, has accomplished almost the impossible on that promising field in the closing half year.

J. E. McShane withdrew from our ministry in June, and Roy L. Sprague has closed the year at Port Townsend. With such a highly organized program as the Centenary to put across, the unfeasibility of so many shifts during the year is easily seen. I wonder at the results which have been accomplished in these places.

The influenza epidemic took away many of our people. Pastors have conducted more funeral services this year than in the two previous years combined. Our work was seriously interfered with for nearly five months. The actual results of the year have been accomplished in about seven months.

The various district and local organizations have done excellent service. Our Ladies' Aids, and Women's Missionary Societies have had a profitable year. Special mention should be made of the W. H. M. S. and W. F. M. S. in Olympia; and the Ladies' Aids of Aberdeen and Bremerton. These women have excellent reports. Our Sunday Schools are doing well, and have been encouraged by Rev. J. M. Weaver, who has organized some new schools and done successful work in many places. The Institute at Epworth Heights was a great uplift to the young people of the district. We took from Tacoma District the banner for attendance. These two districts have held this banner since it was first awarded, but have agreed to allow Bellingham, Seattle, or Vancouver to have it when they can get a majority of delegates at Redondo.

At best I can determine, we shall have an increase in every department of our work, including an increase in membership and ministerial support.

The Centenary of Methodist Missions was a decided success on the Olympia District. Several pastors and churches could not wait until the day of the drive to put their subscription quota over. The facts are that the entire district quota for five years was actually pledged before six o'clock on Sunday evening, May 18, the first day of the drive. In purpose, organization and results the Centenary, up to this time on the district, is a decided success. But its permanent value to the Olympia District, the Puget Sound Conference, and to our entire Church, is primarily dependent upon a nationwide revival, out of which will come the establishing of our people in Intercession, Stewardship, and Organization, and out of which alone will come the young men and women for lifework.

It would be nothing but fair to mention the names of several pastors and churches in connection with the year's work, that would make this report too long. Several things must be said:

On June 1 Bishop Matthew S. Hughes dedicated our First Church at Aberdeen. We had a great day, with a Grays Harbor County Rally in the evening, and with several former pastors present. The building is now completed, and this Church is ready for a forward movement in evangelism and community service.

Our Board of Home Missions in Philadelphia has agreed to pay the salary of an associate pastor for the First Church, Aberdeen, whose work shall be especially among the loggers and lumbermen of Grays Harbor County.

N. Grant Wheeler and Mrs. F. A. Liffiton have developed one of the best Sunday Schools of the district, among the Austrians and Finns of South Aberdeen. They have an enrollment of 135. We also have a W. F. M. S. auxiliary of thirty women, a Ladies' Aid, a Queen Esther aid of fifteen young women, and eighteen Mothers' Jewels in this mission. The outlook is so bright that Mrs. D. B. Street of Washington City, secretary of the deaconess department of the W. H. M. S. is furnishing us with a deaconess to take charge of this important work. The Board of Home Missions pays

the traveling expenses to the Coast, and the salary and board of this woman till January 1, 1920; and out of the regular Centenary district askings we have her total expenses provided for until January, 1921.

Erle Howell and the official board of our church in Cosmopolis have their plans all ready to begin the erection of a new church in that town next Conference year. We are to receive \$1,500 from the Centenary. The Presbyterians have vacated the field, and ours is the only Protestant Church in this busy, industrial town of 2,500 people.

Plans are under way for the selling of the old parsonage property, and the erecting of a new modern home at Port Orchard. We shall get at least \$800 from the Centenary for this enterprise.

Oak Harbor and Crescent did so well with their Centenary that a movement is on foot which will doubtless materialize during the coming winter into both a new church building and a parsonage. Brother Galbraith and his church were highly efficient in their Centenary work, deserving special mention in this report.

For a number of years the Presbyterian Church has maintained services in McKenna, but during the summer, under the leadership of C. W. McLaughlin, the town has been turned over to our church, a Methodist society organized and incorporated under the laws of the state. McKenna became a part of Yelm-Eureka charge, paying \$400, which will make the cash salary for next Conference year \$1,200.

We have also incorporated under the laws of this state our Blyn Church. Here is a community of Portuguese, Italians, Russians, American Indians, a Frenchman, and other Americans. The service flag of our church at Blyn has twenty-seven stars, two of which are gold. Nearly all the nationalities mentioned are represented on that flag.

It was my privilege in February to assist the pastor, Rev. Allen M. Frederick, in revival meetings. Other near-by pastors and Brother Weaver had assisted in the preparation. On the last Sabbath we baptized ten children and twenty-two adults, administered the communion to fifty-five, and received forty-nine into the Church. At the altar was Mrs. Reyes, an Indian grandmother of the Clallam tribe, with several sons and daughters, whose father is a Chilean. There were also twelve Portuguese, one Frenchman, one Russian, and two Italians, together with others of various strains of American blood, taking the vows of our Church at the same altar. It was the personification of harmony, unity of purpose and real Americanism. When the Christianity of Jesus Christ has had its full opportunity, we shall have scenes like this all over the earth. Blyn, to me this year, has been a living example of the heart of our great Centenary.

We have collected in cash \$1,000 since that meeting, \$250 of this amount coming from the Board of Church Extension for the church building, which is nearly completed, and will be dedicated in the early winter.

The ends of the earth meet at Bremerton. It is the outstanding project of this coast. The greatest navy yard of the United States is being built, where already the government has a \$15,000,000 investment and a continuous appropriation under the Helm program of \$12,000,000. Under the order of Secretary Daniels, and because of the natural facilities this yard has been made permanently the base of the entire Pacific fleet. Here on a beautiful deep water bay of Puget Sound, a community has been quickly hewn out of the virgin forest and a city has been born in a day. What has been a quiet village has suddenly assumed unusual proportions and a pioneer Methodist Church has been confronted with problems that would challenge the strength and wealth of any of our great city churches. It is Methodism's one great opportunity. This church needs \$100,000 assistance to adequately meet the situation. The Centenary success makes it possible to meet this, the greatest reconstruction challenge of the entire West. We have the love, sympathy and respect of this community as no other organization, or group of organizations. Every state in the Union is represented in the congregation on Sunday. What our answer as a church to this call will be, will determine in the minds of not only Methodists throughout the connection, but

in the minds of high naval officers and sailors, and United States congressmen, how wise we are and how much we care for their interests.

Dr. D. D. Forsyth, corresponding secretary of the Board of Home Missions and Church Extension, would have been on this field before had he not been detained in the East by the railroad strike. The pastor and official board at Bremerton have thought their plans through and have a concise, definite, aggressive, and connectional program that we dare not fail in putting across. A new building must be erected at once to cost not less than \$125,000, and an associate pastor must be appointed at this Conference. Mrs. D. B. Street is also sending us a deaconess for the Bremerton work. Her entire expenses will be paid by the Philadelphia office, from the war fund. Bishop Matthew S. Hughes has done everything in his power to bring the real strategic condition of Bremerton before the Board of War Reconstruction. He has had good success.

In closing this report, I venture the prophecy that the brightest days we have yet known for the Puget Sound Conference are just before us.

When we consider that sixty per cent of the population of western Washington are engaged in some phase of the lumbering industry, we can readily see that the Pacific Coast has a wonderful future immediately before it. As a church we have a big task. Buildings for the College of Puget Sound, buildings for our Deaconess School, and the endowment of our Conference Claimants are all absolutely necessary within the next three years if we are to do the job that I believe God expects of us. We are equal to the task and with the leadership of the Holy Spirit we shall win.

## SEATTLE DISTRICT

### G. A. Landen, Superintendent

The past year has been one fraught with interests of profound importance to the work of the Kingdom and has required the combined wisdom and consecrated energies of ministers and people.

Very soon after Conference, the influenza scourge visited our city and all religious services were suspended for six weeks. While some of our pastors and their families were sorely afflicted, not a death occurred in any parsonage home and very few among our Church members.

Rev. H. L. Townsend returned early in the spring from Y. M. C. A. work overseas, very much broken in health. He moved to his farm near Bellingham, hoping that manual toil and outdoor life would restore him to his former vigor, but it was soon discovered that some deadly malady was preying upon him. An operation revealed the fact that there was little or no hope of his recovery. He is now at his home in Bellingham, patiently waiting the call from the toils of earth to the rest of the Eternal City. I am sure that every member of this Conference joins me in sympathy and prayers for Brother Townsend and his family.

Clyde Seely, the invalid son of Brother C. B. Seely and wife, was on March 18 relieved from the affliction and suffering of his young life and translated to that heavenly home where no sickness ever comes.

Rev. E. E. Morris, a retired member of our Conference, a man much beloved by everyone who knew him, passed to his heavenly reward on July 15. Brother Morris was a very faithful and successful pastor. Since his retirement he has been a member of the Haven Quarterly Conference and has been a benediction to the preachers who have had the privilege of being his pastor.

Dr. A. F. Bourns, a retired member of the Detroit Conference, a member of our Preachers' Meeting, and a brother beloved, has been sorely bereaved during the year in the death of his wife. Sister Bourns was a woman of rare gifts and abounded in the grace of the Spirit. She has been greatly missed by her circle of friends in First Church and the missionary societies where she was an active worker.

May I take occasion here to say a word for our veterans. We have several of them in the Seattle District, men who are loyal to the church and

pastor, gracious in spirit and sympathetic and encouraging in their attitude in all matters that pertain to the success of the Kingdom. May they continue to abide in strength till the portals of glory open to receive them.

Rev. W. H. Selleck, our Conference evangelist, at my request, became pastor at Snoqualmie at the close of Conference and has had a good year. Snoqualmie is a very important mill town, having one of the largest mill plants in the Northwest and must have a strong man the coming year.

Rev. T. W. Bundy was appointed pastor of Shaw Memorial but at the close of the first quarter responded to a call for missionary work in the Philippines. He now has charge of our publishing interests in Manila and is pastor of the English-speaking Church.

After two failures in attempts to supply the charge, Chaplain Rudolph Ericson of the Red Cross was secured and the people are so well pleased with his labors they very much desire to have him as their pastor next year.

The middle of June Rev. G. L. Snyder, who was supplying Fall City, took his departure without notifying the Superintendent. When I learned the people were without a shepherd I asked Rev. S. V. Warren of Issaquah to take charge of the work till Conference.

Duval and Redmond have not been regularly supplied during the year. The former has had some services from the Congregational pastor at Tolt, and the latter by Rev. Mr. Newberry, a Congregational minister at Kirkland. Financially, this has been a good year for most of the churches.

The following charges increased the pastors' salaries in the amounts named:

Bothel, \$100; Des Moines, \$150; Kent, \$200; Kirkland, \$400; Ronald, \$200; Calvary, \$300; Crown Hill, \$300; Foote Memorial, \$150; Grace, \$300; Madison Street, \$200; Shaw Memorial, \$100; Tibbetts, \$200; Woodland Park, \$200; Snoqualmie, \$400; Renton, \$400, making a total increase for pastors' salaries of \$4,100, and for all ministerial support \$4,484.

There will be very little or no deficiency in any charge and some charges have overpaid the estimate. However, salaries in a number of places are still inadequate in view of the H. C. L.

The Centenary quota for the district for the five years was \$271,650. We have pledged over \$297,000. Only a few charges failed to raise their quota in full. In most charges the other benevolent apportionments were included in the canvass and are pledged in full. I have never known such unity of effort and such enthusiastic coöperation in any movement in the church. Pastors and laymen entered heartily into the campaign.

E. L. Blaine as district chairman, and C. R. Ellis as director rendered valuable service.

The campaign not only intensified the missionary spirit, but quickened the spiritual life of the church. I am sure the district will go beyond the thirty-five per cent of the first year's quota.

The need now is a dedication of life to the service of Jesus Christ and a definite evangelistic program for the coming year and for this we are planning.

One feature of our Centenary program is the formation of what is to be known as a central zone, including all our downtown churches and the erection of a well-equipped, modern building adapted to industrial, social, educational, and religious work on a scale that will make an impress upon the civic and moral life of our city.

We sincerely hope the foundations for this may be laid during the coming year and its future success assured.

Crown Hill, the early part of the year, finished some rooms in the basement of the church as a home for the pastor and wife at a cost of \$638.

Renton has added two rooms to their parsonage and made other needed improvements at a cost of \$750.

University Church has let the contract for a Kimball pipe organ that will cost when installed about \$6,000. In addition to the organ, \$3,798 has been expended on other improvements.

Kent has also contracted for a pipe organ to cost \$3,000 and will erect a social hall soon after Conference to cost \$5,000. The money for the organ is all in hand.

The Olympic View Church was completed and dedicated soon after Conference and is certainly a neat chapel, due to the architectural skill of our city missionary, W. H. Leech.

Other improvements to churches and parsonages are Gilman Park, \$535; Green Lake, \$667; Hillman, \$35; Madison Street, \$107; Woodland Park, \$80; Kennydale, \$214; Snoqualmie, \$75; Tibbetts, \$340; Highland Park, \$100.

Our church debts are gradually being reduced or paid in full. During this year First Church has paid \$6,000; Gilman Park, \$1,560; Duval, in full, \$525; Bothel, \$580, which cancels their debt; Des Moines, \$281, in full; Renton, \$500; Asbury, \$200; Foote Memorial, \$580; Green Lake, \$1,200; Haven, \$300; Tibbetts, \$400, and their balance of \$200 is pledged and will be paid before December 1; Woodland Park, \$226; Lakeside, \$116; University, \$2,000; Total, \$14,468.

Shaw Memorial has the debt of \$1,000 all pledged and will be paid soon after Conference, \$250 being donated by the Church Executive Board.

Calvary has \$1,200 of their debt pledged and will be paid soon, \$300 of this being a gift from the Home Board.

In another year we hope to wipe out every debt on the district.

Some special meetings have been held during the year but the results were far from satisfactory. We have had the usual removals so that our increase in membership will not be large. I feel more direct and earnest personal appeal must be made if we are to win men and women to Christ.

We hope to organize our minute men and unit leaders for efficient work immediately after Conference. I am fully convinced that if the plan of the unit organization is followed and faithfully worked together with suggested plans recommended by the Committee on Evangelism that we will have a revival in every charge and Seattle District will reach its quota of the million souls.

Our Sunday School work was hit hard by the influenza during the winter and by the usual summer exodus this summer so that the reports I fear will show a decrease in both enrollment and average attendance this year.

The Ladies' Aid Societies have done much for the social and spiritual uplift of the church and added to the financial support \$5,566.

The Woman's Foreign Missionary Societies have raised through their auxiliaries \$6,193.

The Woman's Home Missionary Societies have done good service and report \$2,563 in cash.

There will be little, if any, increase in the membership of the Leagues, but I feel safe in saying that there has been an increase in efficiency. At our District Convention at the close of a splendid sermon by Bishop Leonard on Sunday night more than seventy young people came to the altar as having volunteered for life service.

Our Deaconess Training School has had the best year of the five that I have been on this district and the outlook for the future is more hopeful. We are expecting a larger attendance next year and our building is being enlarged to temporarily take care of the school. The imperative need of the school is a new building, properly equipped to take care of this growing work in the Northwest. Rev. W. T. Randolph has been elected as field agent subject to the appointment of the Bishop.

The Settlement has ministered to the sick and those in need and rendered a valuable service to the community.

The Seattle General Hospital has taken care of more sick people the past year than any previous year. Patients have been repeatedly turned away for lack of room. There is a crying need for a new location, a larger building and a fully equipped, modern hospital under Methodist control in Seattle.

Mr. T. S. Lippy, the owner of the present building, is ready to co-operate with the church and Conference in a larger work.

I desire, Bishop Hughes, on behalf of the pastors and people of the district and myself and wife to express to you our pleasure in having you

to preside over this session of our Conference. We trust that no great problems will arise to perplex you, but that your presidency over this session may be a source of pleasure and delight to you.

In closing, I desire to thank the pastors and laymen for their uniform kindness and hearty coöperation in the work of the year and pray God's blessing upon one and all.

## TACOMA DISTRICT

### D. Roland Martin, Superintendent

Six charges were left to be supplied at our last Conference. I secured the services of C. I. Andrews of the Wisconsin Conference for Auburn, A. W. Smith of the Montana Conference for Eatonville, J. W. Miller has supplied Firwood, J. W. Sutton, Buckley and South Prairie. Soon after Conference J. W. Blackwell decided to give up the work at Gig Harbor. I secured W. M. Richards for Artondale and Gig Harbor. Vincent Church has had three pastors during the year.

In the early part of the year the work was greatly hindered by the influenza epidemic. Some of our churches were closed three different times, making eleven weeks without any services, almost one fourth of the year. There has been considerable sickness in our parsonage homes during the year, but we are happy to report that the death angel has not called any of our number.

Bethany Church has built a splendid seven-room parsonage, costing \$3,000. Brother Kerr and family moved into this new home in February. Trinity Church has also built a fine, thoroughly modern parsonage of seven rooms, costing with the lots \$4,000. Brother Rarey and family moved into this new parsonage home in June. St. Paul Church has made an addition to the church for a new organ and other improvements, costing \$2,000. The new organ will be installed soon after conference. First Church has paid \$7,750 on debt; Mason Church, \$3,800; Trinity, \$500; Orting, \$300; Gig Harbor, \$650; LeSourd, \$150.

The District Superintendent dedicated the new church at Gig Harbor August 31. This building was begun over two years ago, but when partially completed the people were compelled to stop work on account of lack of money. It has now been finished and dedicated free of debt.

The outstanding victory of the year was the success of the Centenary campaign. The Tacoma District led the districts of the Portland Area in the percentage of over-subscriptions in the financial campaign. The pastors of the district rendered service deserving of great praise, together with the number of our loyal laymen. The most sacrificial giving I have ever known was represented in the contributions of a number of the devoted people of the district.

The pastors have received an increase in salary of \$2,800. Last year the increase was \$3,015, making \$5,815 in the two years. This is about twenty-three per cent increase of the cash salaries. No deficiencies are reported this year. But in many places where an increase is urgently needed there has been no increase in salary. In some cases the membership is very small and their resources very limited, and are now doing about all they are able to do. In other cases it is lack of willingness to do what ought to be done. To secure an adequate support for many of our pastors serving the smaller charges presents a problem difficult of solution. It is only the heroic devotion to the church and Kingdom of Christ that has kept men at their posts when they could have gone into secular employment and secured from one third to one half more salary. And this when they greatly needed an increased salary to meet the necessities of life.

The College of Puget Sound has had a very good year. The work of the first part of the year was hindered by the "flu" and in having to reorganize the entire college program because of the Student Army Training Corps. The S. A. T. C. did not prove to be an asset to the school. The need for new buildings and equipment is very urgent. If we are to continue the fine work done by the college we must have new buildings soon. At a

recent meeting of the board it was decided to change the location if a suitable one can be secured. Then a campaign must be put on for new buildings and endowment. Dr. Todd will present this program. It will be a fine challenge for heroic service from the members of the Conference.

The Sunday Schools will show some gain according to reports given in the Quarterly Conferences. The Epworth Leagues have had a good year. The Woman's Foreign and Home Missionary Societies have had a very successful year. These societies are doing a great work for the Kingdom of Christ. In most of the churches of the district the Ladies' Aid Society has been very much alive, assisting in the work of the church in a very commendable way.

From reports received from the pastors September 1 when this report was written, seventeen charges report a gain of 605 in membership, eight charges report a loss of eighty-two, making a net gain in the charges reporting of 509, forty-four more than our gain of last year.

At the beginning of this Conference year we were all facing with some uncertainty the challenge of the Centenary program. Many said it was so large we could never accomplish the task set before us. Months of earnest preparation made possible the victory secured. We now have before us the sublime challenge of winning one million people for Christ before June 1, 1920. Shall we give less time in a campaign to win souls than we did to raise money?

If our plans are limited to a few weeks in a special campaign without adequate preparation we are certain to fail. But if there come to the pastors a mighty passion for the salvation of the unsaved multitudes about us and we keep the revival fires burning during the entire year, I am certain we shall come up to Conference a year hence having met the challenge of one million conversions even more successfully than we have raised the \$105,000,000.

To the pastors of the district, their families and the loyal and devoted laymen, I desire to express my heartfelt gratitude for their unfailing kindness to me during the year. I would be glad to speak in detail of the splendid work of the pastors, but time forbids. A more loyal and devoted set of men I have never had the privilege of being associated with than the pastors of this district.

## VANCOUVER DISTRICT

### T. E. Elliott, Superintendent

A report of the year's work on Vancouver District can be given in a few minutes. We have had on the district for the year now closing nineteen full members of the Conference, three undergraduates and nine supplies. Two of the supplies are on the "Retired" list. Seven are local preachers, one of whom was formerly a member of this Conference. Every one of the full members of Conference, one undergraduate, both retired men and five of the local preachers went "over the top." Four charges, only, on the district failed. There were reasons. The Centenary demonstrated that our people had the money and were willing to give when a program was placed before them. With the Centenary came a program such as our church needed for it to hold its own in the religious world. Spiritual life is a much misunderstood phrase; how are we to measure it? It is at ebb or full tide, according to the moods of men. We are living in a new age and we must not measure the life of the church by threadbare methods. If the laity on Vancouver District are to be measured by the most approved modern standards of church life I think they are advancing. What do I mean by "approved modern standards"? An assurance of a personal salvation through Jesus Christ with a real desire to save others; by giving more of their time and money to save a lost world irrespective of color or race on the proposition that God hath made of one blood all nations of men. I believe the district holds second place in the Portland Area in percentage of giving to the Centenary.

Ministerial support is a burning question and one which this Conference will have to reckon with immediately. Personally, I have felt it my business to secure for my preachers a living salary. I feel some degree of pleasure

in the fact that we have made the greatest advance of the Conference in the last few years, according to statistics recently published in the *Advocate* by Dr. Edwin M. Randall. Yet how pitifully small are some of the salaries on this district! The salary brings the man and the man brings the salary; but somebody must make the first move. Either the charge must put the salary where it can command the man or the church must send the man who can command the salary. If the latter is done and the charge does not meet the requirement, something is going to happen; that man, consecrated to his work as he should be, is not going to surrender his manhood and put himself on a par with a beggar. If he cannot support his family in the ministry, he is going to do it elsewhere. A "call" to the ministry carries with it a proper support. God makes no mistake; men may at times; but man-made ministers will be eliminated sooner or later from the race if good men are demanded and properly supported. As to the phrase "good men"—a man may be a good man yet not called to the ministry; on the other hand, one has no right in the ministry—no matter how highly educated—who does not observe the moral law and experience a personal relationship to Jesus Christ. I covet for Vancouver District the finest consecrated young manhood that can be found anywhere.

One good church supported by the community and not alone by a handful of members is the need of the hour. To perpetuate some of our struggling churches we are wasting annually thousands of dollars of good missionary money. We would do well to support to the limit, with missionary money, the towns where we alone are responsible for the religious life of the people; on the other hand we would do well to withdraw from the overchurched community. One church for every five hundred persons is enough and it should be kept open seven days a week and should be the center of attraction governing even the amusements of the town. But I hear some say "You would secularize the church," nay, you would evangelize the community and show the church to be a real necessity.

I am not encouraged by reports of young people's work. Various reasons are given for the dearth found here; I am unable to judge. One thing I know: there is great room for improvement in the Epworth League and the Sunday School. Lack of proper leadership and teachers is the most prolific source of failure. I believe the annual gathering at Redondo is doing as much, or more real good for the youth of the conference than all other meetings. A decided improvement might be made if the Sunday School was opened on time and the Epworth League was not allowed to run over into the preaching hour. Some pastors are sadly lacking in discipline by allowing such conditions to exist.

The best work on the district is being done by the women in foreign and home missionary work as well as ladies' aid. The women are at it. They are in many of the smaller charges the backbone thereof. If it were not for the women on the district, who in many charges, are the only stewards that can be had, we would have to close the churches and shake the dust from our feet. Under the most discouraging circumstances they labor on for God and home and foreign lands.

And now, bishop and brethren, I would like to see a few things accomplished before I pray the prayer of old Simeon—I would like to see *one Methodism*. I would like to see our veteran preachers cared for in their old age without the young men, men now entering the ministry, paying the bill. I would like to see a decided improvement in the course of study for young preachers and I suggest an improvement by placing the responsibility for this on our bishops who know the needs from every angle. In this next suggestion I am aware I shall invite some perilous criticism, especially at this time; but I cannot see the justice of the district superintendent being the only person in Methodism who has a stop watch, or time limit, placed on him. Then, to come nearer home, I would like to see the College of Puget Sound located somewhere where she has at least forty acres of ground for a campus and buildings of a substantial sort adorning such location. With all of these things Vancouver District has something in common. I covet the day when she may have a good substantial church in every town and village where there

are no others. I desire to see at the head of such churches fine consecrated men as her preachers. A good parsonage where the preacher's family are properly housed and cared for and a salary which will meet all the requirements of each.

I would like to see a church paper in every home, and I am sure this would help to bring about the conditions here set forth. Personally, I have had a splendid year. I desire to thank both preachers and laymen for their many kindnesses. I close this my tenth annual report to this conference with a sincere desire that each one of us may be placed next year where we can do the most for the Kingdom of God wherever that place may be.

# Reports of Boards and Standing Committees

### Conference Board of Education

1. We endorse the action of the Board of Trustees of the College of Puget Sound authorizing the raising of one million dollars as soon as practicable for buildings and endowment.

2. The Puget Sound Annual Conference pledges its coöperation in the furtherance of this campaign as absolutely essential to the future welfare of the college. It pledges itself to put on an intensive campaign in the churches for \$500,000 if Pierce County, Washington, shall secure bona fide pledges for \$500,000.

3. We commend the action of the president and trustees in presenting an adequate program to meet the new educational needs, and deciding to move to a larger campus in Tacoma when a proper location can be secured, and we ask the Board of Education to designate the College of Puget Sound as the Methodist institution to receive exemption on the forty-acre campus.

4. To meet the increased cost of administration and the decreased purchasing power of endowment income we urge our people to generously support the share fund.

5. We pledge our coöperation in giving publicity to the college and securing the enrollment of students.

6. We express our appreciation of the untiring labors and sagacious administration of Dr. E. H. Todd, our devoted president.

7. We nominate the following trustees: Edward L. Blaine, Seattle; H. L. Brown, Tacoma; E. S. Collins, Ostrander; Jabez C. Harrison, Olympia; P. J. Brix, Astoria, Ore.; A. S. Elford, Seattle; J. M. Canse, Bellingham; Bishop Matt. S. Hughes, Portland, Ore.

8. We nominate the following as Conference Visitors: W. L. Airheart, W. H. Weaver, J. C. Harrison, A. P. Alvord.

9. We nominate for the three years' term on the Conference Board of Education J. E. Crowther, E. J. Smith, ministers; W. P. Hopping, layman.

10. We nominate L. L. Bush, J. P. Marlatt and E. H. Todd as members of a commission to meet with like commissions from the Columbia River and Oregon Conferences to consider the founding of a boys' school within the Portland Area.

11. The Board of Education having increased the possible amount of student loans to fifty per cent we call upon our people to generously support the Children's Day Fund.

12. We urge young men contemplating entering our ministry to attend some one of our theological schools after completing their college course. We pledge our influence to help make Kimball School of Theology a dominant factor in training the ministry of the Northwest.

J. E. CROWTHER,  
Chairman.

### CONFERENCE DEACONESS BOARD

We would call your attention to the many changes in the staff of deaconesses largely due to overwork causing breakdown in health and leading to leave of absence and retirement; to the increasing calls and opportunities for

their services; to the successful and enlarging work done by the Northwest Bible Training School, and the Settlement of Seattle, and the Children's Home in Everett.

There have been property improvements at these institutions. Through a bequest from the late Rev. G. W. Carr, D.D., an honored Methodist minister, who before his death had given \$3,000 for the home, an addition of eight rooms is being built to the newer residence building acquired from the Trinity Church a few years ago. This will be occupied temporarily for training school purposes, but it is to be a home for deaconesses who are or have been in active service, and it is to be known as the Carr Memorial Deaconess Home.

### EPWORTH LEAGUE

Since the first Conference Epworth League Institute was held at Epworth Heights in July, 1914, these gatherings have increased in numbers and power until this year there was a registration of 477 delegates and nearly a hundred life decisions. During these five years it has become increasingly apparent that the commercial organization which had promoted the sale of the property in which Epworth Heights is situated could not live. This year the company practically ceased to exist. At this point the Conference Epworth League Commission authorized George W. Frame and E. M. Hill to acquire the entire undeeded property if this could be done. This was finally accomplished and after careful legal advice a corporation was formed known as the Redondo Seminary with George W. Frame as president and E. M. Hill as treasurer. The plan is for the different Leagues of the conference, as far as they are able to do so, and individuals who are interested in the success of the Institute, to purchase the lots at a nominal sum and so do two things: finance the project of taking over the property and insure the permanency of the Epworth Heights Institute which has in so short a time demonstrated

its value as a recruiting agency for Christian workers. The report of the treasurer of the commission is as follows:

Cash on hand January 1, 1918 .....	\$ 438.14
Received from 1919 Institute .....	2,764.26
Received from sale of lots .....	250.00

E. M. HILL,  
Treasurer.

### BENEVOLENCES

We rejoice, that in this eventful hour of the world's reconstruction the awakening conscience of those who hold the wealth of the world has come. Thousands have caught the larger vision of systematic giving which we trust will deepen the spiritual life of our people.

We commend the great program of the Centenary in promoting the various benevolences of the church and pledge our support. We recommend that the Centenary subscription of our people be transferred with their membership.

E. N. ASKEY,  
Chairman.

C. D. RAREY,  
Secretary.

### BOOKS, PERIODICALS AND COLLECTIONS

We believe that our church papers are of so great value in keeping our people informed on religious matters and in developing Christian sentiment, that we pledge our hearty cooperation in extending their circulation, and especially that of the *Pacific Christian Advocate*, on the basis of one subscription to every five church members.

We endorse the memoriam asking that a depository be permanently established at Portland, Ore. (See memoriam.)

The large business of the American Bible Society is very gratifying.

J. E. MILLIGAN,  
Chairman.

F. A. GUILER,  
Secretary.

### FOREIGN SPEAKING PEOPLES

Whereas, the church is planning to give special emphasis to evangelism the coming year, and

Whereas, the foreign-speaking people, especially the Japanese and Chinese, are here in large numbers, we therefore commend these people to the sympathetic and prayerful attention of the church.

J. H. CARTER,  
Chairman.

### EPISCOPAL FUND

We recommend an amount equal to two per cent of pastor's cash salary, not including missionary money, be apportioned for Episcopal support for the coming year.

CLARENCE B. SEELY,  
Chairman.

## SPECIAL CHARITIES

We are much gratified with the splendid report of the Washington Children's Home Society, who during the year just past has provided for over three hundred neglected and orphaned children—treated in its hospital more than four hundred children and given personal supervision to two thousand more.

We therefore reaffirm our coöperation; endorse its work and recommend it to our people.

J. H. BERRINGER,  
Chairman.  
C. D. RAREY,  
Secretary.

## SUNDAY SCHOOLS

This committee believes the time has come for a great forward movement in the Sunday Schools of our conference and recommends the appointment of a commission to coöperate with the Board of Sunday Schools and our conference superintendent of Sunday Schools in their efforts in behalf of this most important work during the year.

We would recommend this commission to be composed of the following members of our conference: R. J. Reid, P. H. Ashby, A. V. Spicker, E. M. Hill, W. W. Switzer, J. E. Milligan and C. I. Andrews.

## Report of Superintendent of Sunday Schools

Eleven new Sunday Schools were organized and four were reorganized with a total enrollment of 487 pupils. Five of these places became preaching appointments. Eleven places were investigated where it was not deemed advisable to organize. Twenty-five trips were made to help extension Sunday Schools and twenty-two visits were made to the Sunday Schools of our weaker churches. Twenty miscellaneous meetings in connection with this office were attended. Three weeks were spent in special revival work which resulted in eighteen conversions.

The most noted achievement if the extension field might be called, "From Dance Hall to Methodist Church." I refer to the remarkable transformation at Blyn, Wash., where Pastor Frederick and District Superintendent Harrison, following up the work of the representative of the Board of Sunday Schools, have organized a church of seventy-eight members with a Sunday School of over 100 scholars, and this summer have rebuilt the dance hall into a beautiful Methodist church worth at least \$2,500.

This is part of the Dungeness circuit which was organized from extension Sunday Schools. Another point on this circuit will build as soon as prices become more normal.

A goodly number of Teacher Training classes and organized Bible classes were organized. The mixed Bible class at Woodinville has had a very exceptional year and has been a blessing to the church. Ask Brother Rinehart about it.

Last year about three-fourths of our conversions and accessions to the church came from the Sunday School. And yet we are reaching only one out of every thirteen of our unconverted scholars of responsible age. It has required an average of two and three-fourths workers a whole year to secure one conversion and add three-fourths of a member to the church from the Sunday School. Surely we ought to do better than this.

It is gratifying to note that the support of the Board of Sunday Schools has been steadily increasing from year to year in this conference. But the collections are not yet sufficient to make our work here self-supporting. Most of the churches have done very well. Yet at our last session there were sixty-six churches and 112 Sunday Schools which were reported as having paid nothing to this fund. Sixty-three Sunday Schools did not pay the ten percent of the missionary offerings to the board.

During the year I have received requests from managers of coal mines for special work among foreign-speaking peoples in their employ. Some of the leaders among the Finns want Sunday Schools and classes in American citizenship for their people. Small groups of foreign-born people in the rural sections respond to tactful approach. The Bureau of Naturalization of the United States Government at Seattle has asked me to coöperate in this needed work. I have investigated some of these fields and am impressed with the opportunity and responsibility of the church in these sections. School directors are asking me to assist them in securing Christian school teachers who will assist them in maintaining Sunday Schools.

The thought of all these people seems to be about that of the manager of one of our largest chain of logging camps who said: "When you get a bunch of men together like this you have got to have the thing for which the church stands or you are lost."

The Woman's Home Missionary Society have become interested and went over the field at Wilkeson with me. They have appropriated funds for the support of a special worker for that field as soon as a suitable person can be found. Professor Kent, superintendent of our Sunday School at Wilkeson, has maintained a very successful class in American citizenship. Mrs. F. C. Thompson has done similar work among the Japanese and other foreign-speaking people at Walville. Others have done splendid work along these lines. A fine work among the foreigners is developing at South Aberdeen.

It seems to me the church has no more significant missionary opportunity nor better place to expend some of the Centenary funds than right in the Sunday School extension fields of the Puget Sound Conference.

J. M. WEAVER,  
Superintendent.

## RESOLUTIONS

Resolved, That we express our heartiest appreciation for the cordial and thorough manner of our entertainment on the part of Mr. C. E. Downie, chairman of the entertainment committee; Dr. Landen, the entertaining district superintendent; Dr. Crowther, and the Rev. J. R. Sasnett, the entertaining pastors of this session of the conference, and also on the part of their hospitable people who, notwithstanding unusual difficulties, so generously ministered to the comfort of their guests.

We record our pleasure at the phenomenal success of the message of the "Wayfarer" and commend the author on his achievements in this regard.

We appreciate the coming among us of Drs. Greenfield, Voris, Barton, Seaton, C. T. Wilson, Beebe, Howarth, Baketel and Bowen with their

special messages and pledge ourselves to faithfully care for the interests of the church as represented by them.

We greatly appreciate the visit to our conference of the Hon. Josephus Daniels, Secretary of the Navy, and will long remember his strong appeal to Methodism to unite her forces for the conquest of the world.

We extend our thanks to the Burroughs Adding Machine Company for courteously providing adding machines for the use of the conference statistician and treasurer and to the Royal Typewriter Company for the use of their machine.

H. W. MICHENER,  
Chairman.

### REV. EDWARD E. MORRIS, D.D.

Rev. Edward E. Morris, D.D., was born in England, March 31, 1840, and came to United States with his parents at the age of eight, settling in the state of New York. He received his common school education in Utica, N. Y., and continued his academic course in Cazenovia, and graduated from Syracuse University. In 1861 he was married to Miss Eliza McClements and this union was blessed with six children, five boys and one girl. Three of the sons died in their youth. During his residence in Utica he was a member of a Praying Band which accomplished much good not only in that city, but in all the surrounding country, and out of this band he went into the evangelistic work which he followed with great success for some years. He was admitted to the Genesee Conference in 1876 and served the following appointments: Delmere, Pa.; Monroton, Pa., and Mainesberg, Pa.; and three in New York, Elmira, Trumansbury and North Hector. Then he moved to Tacoma, Wash., in 1891, and supplied South Tacoma during that year, and became a member of the Puget Sound Conference in 1892, by transfer. His appointments in this Conference have been Central, Tacoma; Kent, and Madison, Seattle; in all of his appointments he remained to the time limit. In 1907, he requested and received his superannuated relation. He was a scholarly, conscientious preacher, earnest and painstaking in all his work, faithful and kind pastor, a true brother, beloved. After his retired relation, he supplied and erected Haven Church, doing hard and heroic work, which perhaps was the cause of his physical breakdown. He was a stanch Methodist, and naturally so, for his father and grandfather were both Methodist preachers. For a number of years his health has been wretched, but for three years it has almost been of constant suffering. He passed away at Seattle, Wash., July 15, 1919. A little over a year ago, the death of his distinguished son, the Hon. Geo. E. Morris, judge of the state supreme court, was a great shock to him. Besides his faithful companion, he is survived by a son, Albert L. Morris of Chicago, and a daughter, Grace May Cooper, Seattle.

E. W. ERICKSON.

### VOLNEY CICERO EVERS

Forty-seven years in an effective ministry in the Methodist Episcopal Church has been the enviable record of our lamented brother, Volney C. Evers. He was born August 24, 1849, in Paducah, Ky., and he received his discharge and went home Thursday, January 9, in Seattle General Hospital.

In 1870 he entered old McKendree College and entered the ministry at the age of twenty-one, from personal conviction and a deep desire to serve mankind in the name of his Saviour. Through all the years, he never outgrew the courage, simplicity and benevolence that were developed in his youth, and it was always refreshing to come in contact with his kindly spirit.

In 1873 he was united in marriage to Miss L. Hoopan in southern Illinois, near Cairo. Four children were born to them: Ernest P., Arthur St. C., Virginia, and Oscar. But while the children were yet young the home nest was broken up by the death of the mother. In 1889 he married again in St. Louis, Mo., and the ceremony was performed by Bishop Bowman. Three

children came to bless this union: Volney P., Majel, and Walter Joyce. This last child and one of the older sons had preceded the father to the heavenly home.

The greatly bereaved widow, Volney, and Majel were comforted at the funeral held at First Church, Seattle, with many of Dr. Evers' former parishioners present. Many beautiful mementoes were presented by the music of the church quartet, and Dr. G. A. Landen, who spoke on "Our Brother"; Dr. J. E. Crowther on "The Minister and His Work," and his District Superintendent, who spoke on "Our Heavenly Ministry." Among the ministers present were two pastors associated with him years ago in the Columbia River Conference, Nathan Evans, who offered prayer, and W. O. Benadom, who read the Scriptures.

In his ministry of forty-seven years Dr. Evers had officiated at fully seven hundred funerals. With a thoroughly evangelistic appeal his ministry was rewarded by many converts whom he brought into the Church, and the baptism of many people of all ages. His passion was to be a true minister of God and he was continuously extending a very mellowing influence. In the great school of practical religion he was always a student and also a teacher of the essentials of the Heavenly Kingdom.

The historical register of the Puget Sound Conference has this impressive list of charges to his credit:

Evers, Volney Cicero—1871, Southern Illinois Conference, Reynoldsburg; 1872-73, Villa Ridge; 1874, New Liberty; 1875, Shobonier; 1876-77, Sy; 1878, Belknap; 1879-80, Shawneetown; 1881-82, Carmi; 1883-84, Carlyle; 1885, Sumner; 1886-87, Effingham; 1888-89, McLanesboro; March, 1890, Columbia River Conference, Jefferson St., Spokane; 1891-92, Sy.; (1892, Sup. First, Walla Walla); 1893-95, First, Walla Walla; 1896, Missouri Conference, Broadway, Hannibal; 1897-98, St. Louis Conference, Arlington, Kansas City; 1899, Fry Memorial, St. Louis; 1900-02, Austin Conference, First, Dallas, Tex.; 1903-04, Southwest Kansas Conference, Newton; 1905, Great Bend; 1905-07, Puget Sound Conference, Shaw Memorial, Seattle; 1908-10, Trinity, Seattle; 1911-12, Kent; 1913-15, Woodland Park, Seattle; 1916, Anacortes; 1918, Marysville.

Last Conference he retired among the blessings of his brethren, but with the scarcity of pastors, gone to war, he accepted a pastorate at Marysville, where he had already greatly endeared himself.

During his last hours, our brother lived on the border of heaven. While he talked with those at his bedside he was also at the hillside in the company of the Saviour and John and James, with whom he held sweet conversation. When asked about it he said with a smile, "O! I was just talking with James." What a victorious home-going, with such intimate associations, as he went sweeping through the gates.

J. M. CANSE.

### SAMUEL GLEAVES JONES

Samuel Gleaves Jones was born in Hanley, England, August 30, 1858, and died October 22, 1918, in Seattle, Wash., aged sixty years, one month and twenty-two days. He was married on the fifteenth of September, 1890, in Philadelphia, Pa., to Miss Elizabeth Ann Morgan.

He is survived by his wife and son, Ernest Morgan Jones, a dentist of Mount Vernon, Wash., now with the United States Army somewhere in France. The first child, John Wesley, passed away when a child of one year and ten days.

From his early boyhood he prepared himself for the ministry and was associated with the work in England. Upon coming to America he entered the Methodist Episcopal ministry at Philadelphia in 1887 and was soon transferred to the Northwest Iowa Conference and stationed at Burt. He was a classmate of Bishop Johnson of Africa. He came into the Puget Sound Conference in 1889, at Fern Hill, Tacoma, and served in succession Cosmopolis, Kelso and Ostrander, Shelton, Sedro Woolley, Arlington, Mount Vernon, Friday Harbor, Grace, Tacoma; Isaquah, and Edmonds. He has had

much to do with shaping the destinies of the young people of his charges for high and noble purposes in life.

He came to the Edmonds charge in September, 1914, and was in the pulpit up to the time he was taken to the Seattle General Hospital the middle of October. He was loved and revered by his parishioners.

The funeral took place in Seattle October 25, with only the family and a few close friends present, owing to the restrictions required from the prevailing epidemic. Dr. G. A. Landen, who frequently visited Brother Jones in the hospital, and J. M. Canse, District Superintendent, conducted the services. A more extended memorial was held at Edmonds later, on November 26 in the church he had served and had been instrumental in securing from the Swedish Methodists (as they had not held services then for years). Our pastors in Snohomish County attended and placed appropriate mementoes of the highest brotherly regard.

His pastorate at Edmonds has been especially pleasant with a number of members who never failed to anticipate the wants of their pastor. The church building was secured and all obligations met. Brother L. J. Bigelow invariably turned aside in going to church to get Brother Jones and take him to church.

Up to the last he preached a saving gospel and urged the blessings of membership in Christ's Church. His recent letters were carefully thought out and tell of his keen interest in world movements of the day. To interest his people in the church papers he would read selected passages that told of the evils of false faiths and the benefits of believing on Jesus Christ. He manifested real Christian courage during his affliction and went to his reward fresh from the field of loving service.

J. M. CANSE.

### MRS. WM. O. BENADOM

Harriet Jane Van Asselt was born in Seattle, Wash., October 9, 1866, and died in Bellingham on May 29, 1919. She was the daughter of Henry and Jane Van Asselt, who were among the first pioneers of Seattle. In 1886 she moved with her parents to Hood River, Ore., and in 1888 was married to the Rev. W. O. Benadom, pastor of the Methodist Episcopal Church of that place. To this happy union five children were born, four of whom remain to mourn their loss of mother: Mrs. Wm. Nichols, Seattle; Clyde Benadom, Kent, Wash.; Mrs. Elsie Tremain and Theodora of Lynden. Her aged mother still survives. With her husband and family she itinerated from place to place in the work of the ministry, often working beyond her strength, but gladly and cheerfully doing what she could for the good of others. She had a remarkable voice and consecrated it to the Lord's service, often served as organist, and she was a very successful Sunday School teacher. About two years ago she suffered a nervous breakdown. She was an indefatigable worker in missionary societies, and at one time served in the capacity of District Organizer of the Woman's Home Missionary Society. Her lifelong motto was, "Thoroughness and Efficiency," which she exemplified to a beautiful degree. She was a loving and faithful wife, a true and tender mother, a devoted daughter, a conscientious and sincere Christian. She labored with untiring devotion for God and humanity, until the Master said: "It is enough, come up higher." Friday, May 23, she was taken by her husband to St. Luke's Hospital, in Bellingham, where the best medical aid was secured, but she rapidly grew worse until Thursday morning when at three o'clock she closed her eyes to the things of earth and slipped away to be with God. In her home she will be sadly missed, in church and community her place will be vacant, and with aching hearts we say, "God's will be done." The funeral was held in the Lynden Church, where her husband is in the second year of a very delightful pastorate. Among the ministers present and taking part were L. C. Shultz, J. M. Hixson, G. C. King, and H. H. Newmann. The sermon was preached by the District Superintendent, J. M. Canse. The large attendance, the profusion of flowers, and the music bore testimony to the high esteem in which our sister was held by the appreciative members of her church. Brief services were also conducted in Seattle, where the body was

interred. Dr. G. A. Landen was in charge, assisted by Dr. S. S. Sulliger and Dr. W. H. Baker. The pallbearers were pastors of Seattle churches who had gathered to express their high esteem for the deceased and also their sorrowing brother and his family. Rev. and Mrs. William Park rendered the music. Many friends gathered in from the several churches Brother Benadom had served, including Grace Church, old Trinity, Haven, Kent, and other places. There was a rare profusion of floral designs, sent in by ardent admirers who sought to place a tribute to their departed sister and friend. The burial was in Lakeview cemetery near the graves of father, a sister, and other departed loved ones, in a most beautiful lot awaiting the morning of the resurrection.

J. M. CANSE.

### CLYDE STANTON SEELY

Clyde Stanton Seely was born at Kalama, Wash., August 11, 1898, and died in Seattle, Wash., March 18, 1919. Of the immediate family left is the father, Clarence B. Seely, the mother, Nellie M. Seely, and an adopted sister, Mamie C. Seely. All of the lad's life was spent in western Washington, having lived with his parents at Kalama, South Bend, Coupeville, Blaine, Auburn, Tacoma, and Seattle, and at each of these places he formed a host of friends. Though afflicted with extreme nervousness from the time of his birth, which made him incapable of walking and necessarily of attending school, yet by his own perseverance he acquired an education beyond many of his own age, who had been constantly in school, and became quite proficient in music, poetry, political economy, mathematics, Latin, English literature, history and the Bible. Clyde was deeply religious, having been converted at the age of eight years one morning by himself, and since then he has been a member of the Methodist Church, continued to testify to the saving power of God, and to pray in public as well as in private. In his later life he would go in his wheel-chair to visit the sick, and often on the steps in front of his home he might be seen reading to a group of children. His life was short, but his influence was far-reaching, his sunny disposition and cheerful smile won many a friend, and in his silent way taught many older ones a lesson of patience. The day before his death he told the family that the Lord had sent for him, that he saw the angels, he was ready and glad to go. He had an implicit faith in God, a sense of deep devotion, and prayed constantly, not alone for help to overcome difficulties, but that the will of the Lord might be done. He was deeply interested in revivals, in foreign as well as in home-lands, and prayed for the sanctifying power of God to be manifest in the church. His funeral was held from the Sixty-second Street Church, Seattle, where his father is the pastor, Saturday, March 22, and was in charge of the writer, assisted by Revs. E. J. Smith, Nathan Evans, and H. D. Brown.

GEO. A. LANDEN.

### WESLEY E. HARRIS

Wesley E. Harris, Company F, Fifth Regiment U. S. Marines, youngest son of Rev. and Mrs. E. O. Harris of the Puget Sound Conference, died at Bazeilles, France, September 18, 1918.

When the call came for young men to enter the service of their country Wesley responded and was faithful to all his duties until he answered the roll call on high.

He was a member of the Port Orchard Methodist Episcopal Church. Active in the Sunday School and Epworth League. The comfort which comes to parents when a son makes the supreme sacrifice for his country is that their loved one was willing to do his duty even at the cost of his life.

*Resolved*, That we memorialize the General Conference that meets at Des Moines, Ia., May, 1920, to provide the establishment of a Depository within the Portland Area;

The Committee on Resolutions made the following report, which was adopted section by section after discussion, consisting of these four resolutions:

## I

We ask the Annual Conference to make an apportionment for the superannuated preachers, sufficient in amount to pay the superannuates, their widows and orphans their annuities in full.

## II

WHEREAS, The cost of living has increased one hundred per cent in the last four years;

*Resolved*, That as laymen of the Church upon whom the responsibility for the maintenance of an efficient ministry largely depends, we recommend that the minimum amount of cash salary paid any preacher, who gives all his time to ministerial work, shall be \$1,200 (before amended was \$1,500), and we pledge ourselves to use our utmost endeavor to bring every pastoral charge up to this suggested minimum.

## III

The Church must regard the laborer as a man, not a machine; as a living soul, not a commercial commodity, to be purchased on the market. This is essential for the common good of society as much as for the welfare of the individuals directly concerned, for the essence of civilization is found in the value placed upon human life. This is also the genius of the gospel of Christ, upon which alone true civilization can be built. It is the business of the Church to set up the Kingdom of God in the earth; that is, to bring about such conditions that each man will have his chance to reach his best estate.

To this end the Church is under obligation to encourage a better understanding between employers and employees, so that whatever rights are claimed by one shall be enjoyed by the other. In other words, it must strenuously inculcate the principle that employers and employees, in their very nature, are partners, not competitors; allies, not enemies. On no other basis can permanent harmony between them be established.

This means not only the democratization of industry, but its Christianization also. It means that power, either political, economic or industrial shall not be monopolized by one class to the detriment or defrauding of another.

The Church must be interested in all men, in all the ranks of life. It must have an equal ministry to all, devoid of partisanship or favoritism. It must be as much concerned in the wages of the poor as in the wealth of the rich. It must see the menace to society in those that have too much, as well as in those who have too little. There are encouraging signs that the great movements of the times are toward the goal above described. The lessons of common brotherhood, born of the common peril of the great world conflict just ended, will not easily be forgotten.

The Methodist Episcopal Church, with its advanced social creed, has openly avowed its advocacy of everything which will advance the common good. Let us have no fear of practicing what we preach, of encouraging the open discussion in the church of these vital questions until "the good of all shall become each man's law."

We hereby pledge our representatives to the General Conference to support these principles and insist that our ministers preach this gospel.

## IV

We deplore the fact that after the judges of the Supreme Court had been elected upon the representation that that court had sustained all the prohibition laws of this state they, by a 5 to 4 decision, construed the clear and unambiguous terms of the Federal Constitution in such a manner that the ratification of the national prohibition amendment by this state has been deferred for two years, and we agree with the twenty-two county attorneys of this state that the decision of the Supreme Court upon the admission of evidence of secret service operatives in the liquor cases "is deterrent to law enforcement and a hindrance to the cause of prohibition." We recognize the power of the Supreme Court and insist upon the people of this state being

more careful in the selection of persons to fill that high office. It is not a question now of better laws, but a question of the enforcement of the law.

No. "1" was adopted without discussion.

No. "2," after discussion, was amended by changing the minimum salary of \$1,500 recommended by the committee to \$1,200 and as amended was adopted.

No. "3" was adopted after discussion.

No. "4," after considerable discussion, was adopted.

On motion a vote of thanks was extended to Plymouth Congregational Church for its courtesy in granting this Conference the use of its church building, by a unanimous rising vote.

No further business appearing, the minutes were read and adopted.

The Conference adjourned at 5:45 P. M.

L. L. BUSH, *President.*

M. C. HAZEN, *Secretary.*

# NELSON BIBLES

**Suitable For Every Age and Need**

Ninety-nine per cent of our social problems would dissolve if the entire population of the United States were taught to read The Bible. It should be the Best and Most Accurate Version.

## The American Standard Bible

Authorized and Translated by American Revision Committee.

### The Same Old Bible

that we have always used, but it gives the exact meaning of the inspired writers, in the language of to-day, instead of in the language used three hundred years ago.

The American Standard Bible is used by all the Colleges, Theological Seminaries, and Bible Training Schools in the United States, and has become with them as with the editors of all the Sunday School Periodicals, THE AUTHORIZED STANDARD VERSION.

### All the Leading Sunday Schools

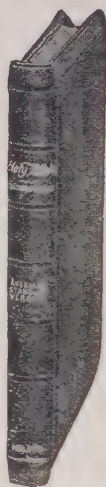

use it in their lessons, because they realize that it brings the plain reader more closely into contact with the exact thought of the sacred writers than any other version now current in Christendom.

**Made in 250 Styles and 10 Sizes of Type. From 55 Cents Up.**

### Resolution

Three statements of facts are submitted: (1) At the 1918 and 1919 Sessions of our Conference it was adopted without a recorded dissenting vote that each effective member should pay 1 per cent of his cash salary towards the expenses of a campaign for an endowment fund in behalf of our Conference Claimants; (2) the report of the Treasurer of the Conference Claimants' Commission shows that during the year 1918-19 seventy preachers contributed \$706.01, while nothing was received from the other sixty, and during this year 1919-20 to August 23, 1920, \$372.95 has been paid by thirty-three preachers with nothing from the other ninety-seven; so that out of a possible total of over \$3000 there has been received but \$1078.96; (3) the Conference Claimants' Commission at its meeting on August 25, 1920, recommended the continuance of this 1 per cent assessment of cash salary on condition that a field agent shall be appointed and also on condition that the 1 per cent assessed for the past two years shall be paid in the near future.

Therefore, in view of these facts, Be It Resolved, First, That each effective member of this Puget Sound Conference who intends to pay what is due from him of this 1 per cent assessment is hereby requested to express such intention in writing and hand such pledge to the Treasurer or Secretary of the Conference Claimants' Commission; and,

Second, That if the aggregate of cash receipts and definite pledges for the two years now closing shall be less than \$2500 by Friday noon, September 10, 1920, the funds in the hands of the Treasurer shall be returned pro rata to the respective contributors.

In August, 1884, Bishop Fowler organized this Conference at Seattle. At that time Benjamin F. Brooks was received on trial and his entire ministry of thirty-six years has been spent within the bounds of this conference.

As a pioneer evangelist, as a pastor, as a District Superintendent, he has followed the trails, traversed the forests, climbed the mountain fastnesses, and sailed the great inland sea of this new country in the cause of Christ and His Church. In the cabins, in the chapels and churches, at the crossroads, in the byway, in the open, this modern apostle has faithfully, self-sacrificingly, lovingly, honorably served the church of his choice.

Today this servant of God and servant of us all asks for honorable retirement and emplacement upon the reserve list of our ministry. We therefore take this opportunity of congratulating our beloved Brother Brooks upon his honorable service and hereby record our hearty appreciation of all he has done for this Conference and as a representative in the General Conference.

Therefore, Be It Resolved, That we extend to him our most hearty felicitations upon his honorable retirement, that the rules be suspended

and his request be granted without reference to the committee, and that this statement and resolutions be recorded in the daily minutes of the journal of the Conference.

##### Bishop's Ruling

The following question for ruling by the Presiding Bishop was presented by S. S. Sulliger:

"Does the new legislation regarding retired preachers participating in the annuity claim affect any preacher retired previous to the General Conference of 1920?"

**To this question a negative reply is given.**

This reply is based upon the following considerations:

1. The abundant disciplinary provision by which the relation of any retired minister may be changed by this Conference.
2. The abundant disciplinary provision by which the claim of any retired minister may be withheld if deemed proper by his Conference.
3. The entire absence in the new legislation of any statement concerning or any reference to its retroactive action.
4. The explicit statement of section 1, paragraph 331, of the Discipline of 1920 (identical with section 1, paragraph 333, of the Discipline of

1916), which reads:

"The claim to a comfortable support inheres in the Gospel ministry and rightfully inures to the benefit of the preacher in the Methodist Episcopal Church, when he is admitted to membership in an Annual Conference. Such claim is not invalidated by his being retired, and at his death passes to the dependent members of his family."

5. Section 5 of paragraph 338 of the Discipline of 1920, which is practically the same as section 1, paragraph 341, of the Discipline of 1916, which reads:

"The annuity claim of any retired minister shall not be less than one-seventieth (1-70) of the average salary (house rent excluded) of the effective members of his Conference who are pastors or District Superintendents, multiplied by the number of his years of service in the effective relation as a member of an Annual Conference in the Methodist Episcopal Church, plus two years on trial."

**Conference Superintendent Sunday Schools**—The order of the day was taken up and J. M. Weaver, Conference Superintendent of Sunday Schools, made his report.

The report of the Committee on Sunday Schools was read by R. L. Sprague.

Dr. R. J. Trenery of the Board of Sunday Schools and Bishop Shepard spoke emphasizing the Sunday School work, after which above reports were accepted.

**Resolution**—C. B. Sears presented the following resolution and on his motion it was adopted:

Be it Resolved, That in accordance with the report of the Committee on Sunday Schools, providing for a Conference Board of Sunday Schools, we recommend that the District Superintendents organize such Board by appointing two pastors and two laymen from each district, who, with the Superintendent of Sunday Schools of the Conference, shall constitute such Board.

**Iquique Boys' School**—W. O. Pflaum, Superintendent of our Boys' School in Iquique, Chili, was introduced and told of the Christianizing influence of that institution on the lives of the pupils.

**Committee on Education**—J. E. Crowther read the report of the Committee on Education and moved that it be adopted and that the Secretary of the Conference cast the ballot electing those nominated for the various offices named in the report, and it was done. (See report.)

**College of Puget Sound**—E. H. Todd, President of the College of Puget Sound, spoke concerning the work of our school.

The following resolutions were presented by F. A. LaViolette and on his motion they were adopted:

Whereas, The rulings of the Centenary Commission gave to the Commission the control of all money paid on Benevolences after July 1, 1919, and such Commission applied the same in payment of its guarantees for the Centenary year beginning July 1, 1919; and,

Whereas, The Columbia River and Puget Sound Annual Conferences raised for the Conference year 1918-1919 sufficient funds above the centenary quotas to pay their obligations on account of the Conference Educational Collection to the College of Puget Sound for the entire Conference year; and,

Whereas, The pastors of the Conferences, following the usual

custom, took the major part of their educational collections to the Conference sessions held in September, 1919;

Whereas, upon receiving the report of the Conference Treasurers showing that they had disposed of the 80% of the Conference Educational Collection as ordered by the Conferences, the Centenary Treasurer thereupon claimed credit for the payment of the entire amount of such moneys on the Centenary guarantee for the first Centenary year, instead of allowing the proportionate part to be applied in payment of the obligations of said Conferences to the college for the current Conference year; and,

Whereas, Said action of said Treasurer caused these Conferences to appear in default of meeting their obligation to the college in full for the first 9½ months of said Conference year, in the sum of \$3470.22, and annulled the disciplinary right to disburse 80% of the Conference Educational Collection and worked a hardship on the college during a most trying period;

Now, Therefore Be It Resolved, That, since the Centenary Treasurer did follow such course with reference to such funds as were paid to the college after July 1, 1919, and applied the same to the payment of the Centenary guarantee for the first Centenary year, it is the conviction of this Conference that it should and it hereby does request the Commission on Conservation and Advance to instruct its Treasurer to pay the College of Puget Sound the above mentioned sum (\$3470.22) in order that the obligation of these Conferences to said college for the first 9½ months of said Conference year may be met in full, and which funds were collected during a time prior to the time when the Centenary Commission began to function and its guarantees became effective, and were above the Centenary quotas for these purposes, and be it further

Resolved, That a copy of these resolutions be forwarded to the Commission on Conservation and Advance, with a request that immediate settlement be made of this account and thus remove the cause for a seeming default on the part of these Conferences in meeting their obligations to the college and a consequent embarrassment to the college resulting from such decision of the Centenary Commission.

net comprising Bishop William O. ## VIII [A] Reports of District Superintendent

### BELLINGHAM DISTRICT

J. M. Canse, Superintendent

Bishop Shepard and Brethren of the Puget Sound Conference of the Methodist Episcopal Church of God, assembled in our capital city; sanctified in Christ Jesus, and called to spread scriptural holiness throughout Western Washington, Greetings. When I came to you in this capacity I determined not to know anything among you save Jesus Christ and Him crucified.

During the past six years sixty-eight Conference members and twenty-three supplies have entered into our labors. This is half the number of the total roll of our Conference. They have been organized into county units for monthly meetings for prayer and counsel and timely discussions. A strong fraternity of interests has arisen, something like Paul's conception of "the ministers of Christ who are stewards of the mysteries of God." While some have planted and others watered, God has graciously given the increase.

Though other men have received greatly increased wages, as tradesmen, merchants, farmers, and teachers, the pastors' support increases slowly, while the demands upon them multiply. One-third of them must turn from their ministries to labor, working with their own hands to supplement the ability of struggling churches. This necessary diverting of their energies has shown the practical side of rural church work. But it seems a hopeless task to prove to some that the ministry is not all profit.

There are diversities of gifts among us, but the same Spirit: as witness G. F. Pollock and K. R. Gilmer in their high standards in the border towns of Blaine and Sumas; W. E. Cox in rare Bible interpretations in the spiritual parish of Burlington; F. M. Bushong in a great awakening at Monroe; and G. C. Squire at Arlington and G. B. Mehl at Eureka, Bellingham, in their defense of the old fundamentals. Here are diverse types of churches that have responded to direct spiritual preaching.

There are also differences of administration, but the same Lord has led to victory. T. E. Elliott and Garden Street, Bellingham, have achieved a success that has underwritten the twenty thousand dollar debt, the Centenary, and added two hundred members. Pastors Jorgenson and Avery have been good shepherds at Grace Church, Everett, and Marysville. J. F. Long at Anacortes, C. I. Andrews at Sedro-Woolley, and P. H. Ashby at Mt. Vernon are bringing their churches through a difficult transitional period, not unlike the growing pains of a boy stretching himself out of knee pants.

There are diversities of operations, but the same God which worketh in E. M. Randall to arouse First Church, Everett, to become a factor in the life of that city, has added his blessing to the community arousments begun by E. J. Bates at Ferndale and J. M. Hixson at Nooksack. D. A. Storey has brought confidence to our people at Snohomish who had feared they must federate or strike tent. They are winning by the Unit System applied to the prayer meeting. C. B. Sears is our good scout-master and general spiritual utility man. W. O. Benadom has proved the value of a Methodist pastor who can lead men of affairs and direct the activities of a prosperous town, as Lynden.

The apostolic spirit is among us. To C. E. Preston has been given words of wisdom at Edmonds, where a new church is to memorialize our lamented brother, Bishop Matthew S. Hughes. This same spirit has given courage to C. E. Sanders at receding LaConner and healing faith to A. O. Quall, whose wife has been recovering from extreme sickness

at Avon. It seems like the working of miracles the way L. C. Shultz has invigorated Fairhaven; and J. W. Reynolds, Stanwood; and A. C. Baer, Hamilton and Lyman.

With prophetic vision R. L. Wolfe has ministered, with his wife and auto, for twenty miles up and down the Stillaquamish about Oso and Darrington and the logging camps. Our brother, J. M. Wilder, has required divers tongues to speak understandingly to the transient mill men at Blanchard, radical lumberjacks, old timers on the flats, tarheels over at Belfast and the few consecrated members. Brothers J. W. Moles, W. J. Rule, and H. L. Richardson, by turning from their ranches for limited service, have given preaching to half a dozen places that might not have been reached otherwise. L. C. Davies is succeeding at Lopez Island, which E. E. Simmons vacated owing to the sickness of his wife. We see better days at Custer and at Silver Beach, where pastoral visitations have resulted in several accessions at the hands of W. M. D. Riggs and F. A. Guiler.

Our aboriginal Americans are receiving better care from the consecration of the Bradshaws, who have a welcome at all the Indian centers within the district. The agencies are opening buildings for our meetings and we foresee a revival of spiritual life among these needy natives. We hope the Home Board will find it possible to give adequate support.

The visible body of Christ is more than one big city church, for we have forty-six organizations and ten more Sunday schools. The big church has no occasion to say to our country classes, "We have no need of thee," for they are continually getting their new infusion of members from that source. This has resulted in the gradual weakening of some of our fine rural churches and the Philadelphia offices must continue to aid us until much logged-off land is covered over with crops and cows.

Nor under the Centenary outlook do the struggling small churches say, "Because we are not the hands, we are not of the body of Methodist believers," but they are asking largely for aid to build better and to maintain their pastors better. However, it is devoutly to be hoped that every church shall still more think of itself in terms of the one united body of the district, giving a little more Godlike honor to those which lack. It is more than likely that we shall need to do still more teamwork to relieve the small churches in the light of the surveys that tell of crying needs everywhere for relief. We have a rich country and the churches must more and more assist their less favored brethren, and so fulfil the law of Christ. By this one spirit shall we all be baptized into one body and Methodism that has aided so greatly in disclosing the potential superiority of this country in the mighty task of restoring the Sabbath, keeping governmental prohibition, and accomplishing a thorough revival of conviction for sin.

After a full term of six years, during the destructive days of the clash of ideas and the warring of the world that have brought on acute unrest everywhere, I would place a tribute to the precious few stalwarts who have kept the fire on the church altars and made it possible for pastors to minister with good heart. I would call the roll of these worthies, but I refrain lest it grieve the Spirit that works through them so bountifully. Often merely two men have kept a church open lest it vanish before a flood of pleasure-seekers. In several places a devout woman has kept the Sunday school going for the children of a careless community so that some godless creed would not gender a swarm of buzzing zealots itching to tear down the Cross of Life. We here urge the imminent necessity of a mighty revival among our average and very respectable church members, to stem the tide of a common letting down of spiritual values.

We are still in the wood age and must confine most of our building projects to fir and cedar with concrete basements. Very worthy plans are being laid for new churches at Anacortes, Grace Church, Everett,

Lakewood and Monroe. Substantial repairs have been put on the churches at Ferndale, Laurel, North Bellingham, Sedro-Woolley, and Silver Beach. First Church, Everett, is renovating their church building and Garden Street, Bellingham, has paid off four thousand dollars from their debt.

New parsonages have been secured at Eureka, Edmonds, Hamilton, and Mt. Vernon; while extensive repairs have been made at Arlington, Burlington, Darrington, Lopez, and Nooksack. The Pacific Christian Advocate has given space to these enterprises and the Journal will contain its tabular information, so that we must be content here to present the barest outline of our material program.

We have striven to co-operate with the Conservation program under Dr. A. L. Howarth, and believe the pastors' reports will total a most creditable result, both in the full year's part of the money and in conversions and accessions. We are also accepting the modern methods and social programs as supplemental to, not substitutes for, the established means of grace peculiar to evangelism that evangelizes. It is no good sign that the Class Meeting wanes from the leading churches, and that the Lord's Supper is so easily overlooked. For this cause alone there are many weak and sickly sheep among us. The Unit System is a success wherever tried as a means of grace, and surely we must show better respect for our Lord's only memorial of the atonement.

We anticipate a prosperous future at the hands of the newly elected Official Boards and pray that wisdom may be given to do all things decently and in order and demonstrate the value of our historic church discipline. It will require great patience to apportion the returning Centenary money so as to satisfy all and cause it to multiply most for the Kingdom. My report to the Frontier Department that was so generously circulated in the Advocates and in tract form presents a graphic description of the churches and new projects. Anyone possessed of the optimism born from light from on high must agree that we have a great and effectual door opening in this country. We face the future with confidence toward Christ and His Church.

Bishop Shepard: I am happy to report "nothing against" any of the pastors in the Bellingham District. They are preaching the Word; though several are reported as not preaching the gospel, at least as the complainers desire. In this awful hour that groans for God-sent leaders with a Christ-like passion for men, in all that is right and good, our pastors have borne all things, they believe all things and hope on. They have endured all things, and I have faith to assure you that they shall not fail.

#### OLYMPIA DISTRICT

J. C. Harrison, Superintendent

It is with profound gratitude to God for the leadership of His Spirit during the year that we give our fourth annual report of the work of the Olympia District.

Death has not entered the immediate families of any of our pastors, but it has been a year of sadness to a number of our people. Just a few weeks ago, the aged and sainted mother of our Conference Secretary passed to her reward. Jane Marshall was born July 5, 1840, at Egremont, England. She was married to Henry Hartley in 1861 and they lived together for fifty-seven years. Mrs. Hartley was a life-long Methodist and an active worker in the church. She was a member of the Epworth Church in Tacoma for years and faithful in her attendance. She passed away on Sunday morning, August 15th, and was buried in the Tacoma Cemetery, Drs. Askey and Sheafe officiating. We extend to Brother Hartley our sympathy in this bereavement.

In the early spring Mr. and Mrs. Frank Findlay of Port Angeles, young people in the prime of life, went to be with their Lord. Influenza caused both deaths. They were buried in the same grave. Mrs. Findlay was the daughter of Rev. C. E. Fulmer, a retired member of this Conference. They were leaders of our Port Angeles Church for several years, and it will be a long while before their places can be filled. They left two beautiful children, who are living with Brother and Sister Fulmer.

In the early summer Mrs. J. W. Walker, wife of Dr. J. W. Walker, a retired member of one of our eastern Conferences, passed away. Mrs. Walker was an excellent church worker, and had entertained in her home many of our Bishops and leading churchmen. Dr. Walker sailed Monday from Tacoma to live with Mrs. Jones, his daughter, in Nanking, China. Mr. Jones is a teacher in our college there.

On Easter Sunday, the sad news reached us that Bishop Matthew Simpson Hughes had gone home. We could hardly believe it. It seemed so strange and mysterious that he should leave us so soon. Bishop Hughes took great pride in the Olympia District, and every man on it felt that he was his brother and friend. He shall ever live in our hearts.

We are fortunate indeed to have as our Resident General Superintendent, Bishop William O. Shepard and his family. A number of Areas both in America and other countries desired his services,—but, because of the great need of building permanently our Church in this wonderful Northwest, and Bishop Shepard's ability to meet the challenge, he was sent to us. It is imperative that we give to the Church our very best. And this we pledge you, Bishop Shepard, and heartily welcome you.

Rev. E. O. Harris, because of a complete break in health, had to give up the work in the middle of the year, and will ask to be retired at this Conference. He is one of God's noble men, who has always been true to the Church.

There have been quite a number of changes of pastors and supplies during the year, the details of which we will not take time to mention.

This has been a banner year for the Olympia District. We have sought to build our work in such a way that everything in the Church would go ahead. With no hobby or specialty at all, we have labored to round out the work in such a way that the Church as a whole would be stronger and larger, and no interest would be neglected. It is my conviction that our men who are set apart for special work in the Conference and Connection must be able to see the needs of the whole Church in all of its organizations and departments as well as the one need of the special interest which they champion. It is only by building permanently all of our work that we can advance our separate institutions. I mention this that the Conference may know that we have not had a special spurt on some one thing at the expense of everything else in the Church.

I cannot give statistics to show the increase or decrease in the Church societies. The pastor's reports will do this. We have a newly organized W. F. M. S. at Montesano and W. H. M. S. at Bremerton. All the women's organizations have been very active and will show quite an increase over last year.

The Sunday Schools of the District have been better organized, have had better teachers, and should show an increase both in membership and average attendance. Oak Harbor, Bremerton, Sequim, McCleary, Simpson Avenue, South Aberdeen, Oakville, Hoquiam First, and Shelton deserve special mention for the excellent work they are doing for the children and young people. The Sunday School Institute at Redondo Beach was a success and should be made a permanent institution of this Conference.

The Epworth Leagues were never better. The young people have had a great year. Several Group Rallies, and the Institute at Epworth

Heights have done wonderful things for the advancing of the Kingdom. A large number of these fine young men and women are volunteers for Life Work, and many of them are now in college or will enter this year.

Quite a number of revivals were held during the year, and we shall show an increase in membership.

Ministerial Support will be pretty well in full, with a decided increase over last year. As best I can figure it, the District will pay approximately \$5200 more than a year ago. We have received \$2250 more from the Board of Home Missions for maintenance than we did last year, making in all about \$7450 more received for Ministerial Support than was paid last Conference year. We have had nineteen members or undergraduates of the Conference on the District during the year, with an average salary of about \$1848, including house rent. One man, an undergraduate, has received \$1100. The other eighteen Conference men have received salaries ranging from \$1200 to \$3200. We have employed on the District during the year eight supplies with an average salary of \$1168, including house rent.

From one end of the District to the other, we have been improving property and putting up new buildings throughout the entire year. The cost of material is very high, but we dare not wait. The following places have added the amount given to their property value: Aberdeen \$467, Chimacum \$75, Colby \$80, Simpson Avenue \$375, McCleary \$356, Montesano \$225, Port Angeles \$432, Satsop \$300, Sequim \$80, Shelton \$200. Our First Church in Hoquiam has completely remodeled their auditorium, putting in beautiful memorial windows at an expense of \$2000.

During the year the people of Olympia have improved their church and parsonage properties to the amount of \$4500, and will install a pipe organ in October to cost as much, making an increase of \$9000 in their property value. Dr. A. H. Lathrop has had a very successful year. He will report a substantial gain in membership, and an advance in all departments. This is a church of as loyal Methodist laymen as can be found anywhere.

Silverdale during the year has improved their church to the extent of \$1200. In 1921 the Centenary will give them \$200 to apply on their heating plant, this being one of our Centenary projects.

The old parsonage has been sold at Port Orchard and a new modern home worth \$2500 has been purchased. The Board of Church Extension is putting \$820 into this project.

In November, our new church at Blyn was completed and dedicated. Rev. R. J. Reid was the speaker. It is a monument to the people of the community, and the untiring service of Rev. Allen M. Frederick. The Board of Home Missions and Church Extension gave \$250 to this. It is a beautiful building, commodious and well equipped for community work. It is easily worth \$3000.

At Cosmopolis, we have sold our old Methodist church and parsonage property, and purchased the five lots with the church and manse which belonged to the Presbyterian Board. Since then the buildings have been remodeled, and the project will be completely finished next Conference year. No better plant for a town of 2000 can be found. When completed it will be worth not less than \$15,000, and will have no indebtedness. The Board of Home Missions and Church Extension will put, in all, \$1500 into this property. Rev. Erle Howell has managed this work with skill.

At Tumwater, we are to enlarge our church for Sunday School and community work. The total cost will be about \$700, \$170 of which is to be Centenary money.

At McCleary, in the early winter an addition for Sunday School and community work is to be built to our church at a cost of \$1500, \$500 to be paid by the Centenary. L. D. Cook is our leader there.

Few places on the District have done better work during these four years than Oak Harbor and Crescent. It is a fine community, with devoted Methodist people. The Frostads, Izetts, Morgans, James', Watsons, Benners, Nymeirs and many others cannot be excelled for loyalty and hard work. We have had two services each morning for two years—at ten o'clock in Oak Harbor, and at eleven-thirty at Crescent Harbor, two miles out. But the need of more room for the development of their young life has been the motive which has culminated in a fine central and adequate church plant and parsonage. The contract for the church has been let. It will be modern in every respect and will cost \$8000, all of which is provided for, the Centenary putting \$1200 into the church, and \$500 into the parsonage, which will be built when the church is completed. The whole project will cost \$12,000. Rev. B. N. Galbraith is the popular and efficient pastor, who says very little about himself or his work, but who is accomplishing much for the Kingdom.

On Thursday, July 22nd, the corner stone of our new church at Bremerton was laid. At the suggestion of Bishop Shepard the Secretary of the United States Navy, Honorable Josephus Daniels, was invited by the pastor to officiate. Attended by Admiral N. C. Twining, Chief of Staff of the Pacific fleet, Admiral Harry Field, Commandant of the Bremerton Navy Yard, and their staffs, the Secretary arrived at the site just at the close of the working hours of the navy. A committee of the Central Labor Council was present, and a vast throng filled the intersecting streets to view the ceremonies. In an address remarkable in logic, eloquence and evangelistic emotion the Secretary appealed to the people to accept the responsibility made possible by the Centenary and their own united efforts saying, "I want you to make it possible for the mothers of America to have less fears for their sons because you are here." Following the exercises dinner was served to the party by the pastor and his good wife.

The project at Bremerton is the result of long negotiations and the visit of Dr. D. D. Forsythe, who, after making a personal survey, gave it his hearty endorsement. The Centenary is to contribute \$50,000 from the reconstruction fund and \$10,000 additional, if needed, provided the people contribute \$30,000. It seemed an impossible task, but led by the pastor, Dr. Francis A. LaViolette, a total amount of nearly \$32,000 was raised and is being paid in. This church is showing itself worthy of the help and confidence of our great connection. Seventy-five have been received into preparatory membership during the year, with many others on confession of faith. The net increase will be one hundred and fifty-seven in Full and Preparatory members. The Sunday School enrollment has increased 50%. A new organization has been added—that of the Woman's Home Missionary Society—while the help and support of a Brotherhood of nearly two hundred men, indicate our great opportunity. An associate pastor and deaconess are supported by our Centenary, and at the recent Conference meeting of the W. H. M. Society it was voted to send and support a special worker for the Philippines. It is gratifying, indeed, to secure help for this strategic center at our Bremerton Navy Yard, but it is doubly gratifying to see the local church coming forth as a worthy instrument in the hand of God determined to do its utmost, and worthily meet the call for a strong evangelistic center.

The new building is of concrete and brick and will be a most modern fireproof plant. Securing the special approval and commendation of our Boards of Architects at Philadelphia and Chicago, there will be provision for Christian education, day nursery and kindergarten, night classes, library and reading rooms, banquet and social rooms, club rooms, rest rooms, a perfectly appointed gymnasium and last, but not least, a great auditorium seating 1200. The building is happily situated at the junction of the two main thoroughfares of the city, and will be a commanding structure very suitable for a great community-institutional cen-

ter and specially adapted to minister to the great passing throngs of officers and men of the Navy and Marines. This charge oversubscribed and is paying its Centenary about 67%.

These Centenary projects cover the first two years of the Centenary period and mean an addition of over \$125,000 in property improvement on the District, practically all of which is covered by cash or perfectly good pledges. Too much cannot be said in commendation of Dr. Forsythe and his corps of workers, who have given us every encouragement, and who have fully met every promised obligation.

In closing this report, I desire to thank the pastors and laymen for their kindness to me. This has been the best year of all my ministry, and to the men of the District and the Holy Spirit we give our thanks.

### SEATTLE DISTRICT

Geo. A. Landen, Superintendent

In presenting this, my sixth annual report of the work of the Seattle District, I desire to acknowledge with profound gratitude the loving kindness of God that has been over us during the years and especially the past year.

Death has not entered any parsonage home and there has been no very serious illness.

Soon after Conference, Mrs. V. A. Spicker, the wife of our pastor at Snoqualmie, lost the use of her limbs and has not since been able to walk. At present there is improvement in her condition and hopes of complete recovery.

On Monday, August 16th, Bro. A. P. Basher, our pastor at Riverton, was painfully injured by being struck by an automobile. Four ribs were broken and his body bruised. He is now in the Seattle General Hospital well on the road to recovery.

At the close of Conference only two charges were without pastors, viz: Redmond and University Church. Redmond has been without a pastor all year. Rev. Arch Tremayne, who had just completed his work at Yale for his Doctor of Philosophy Degree, was secured for University Church. He and his bride arrived the last of October and were cordially received by the people. The year has been a good one as the reports will show. One of the more important works in connection with University Church and our Seattle Methodism is the religious oversight of seven or eight hundred Methodist students who attend the State University. The Centenary has made it possible for us to employ a woman worker and a Student Pastor. Miss Cecil Evans has rendered invaluable service as our woman worker.

In January, Bishop Hughes appointed Rev. T. J. Gambill as Student Pastor. He entered enthusiastically upon his work. He is getting hold of the situation and the outlook for the coming year is very hopeful.

Acting under advice and instructions from our Board of Home Missions and Church Extension, I purchased a half block of land fronting on the Campus for the establishment of a Wesley Foundation. It is desirable if it can be accomplished that a Social Hall should be erected on this site during the coming year.

This Wesley Foundation is in no sense a competitor of the College of Puget Sound and will in no way interfere with its work. It is simply to care spiritually for our own Methodist young people who come to the University. We believe in the College of Puget Sound, and will give it our heartiest support. The day has not come when we can get along without the Church school, and personally I urge our young people to attend the College.

Salary increases have amounted to over \$6,000.

On account of the high cost of material and labor, not very much

has been done in the way of building and improvements.

The parsonage at Renton was partially destroyed by fire early in the year and rebuilt at a cost of \$900.

The basement of Green Lake Church has been completely remodeled to care adequately for a growing Sunday School, at an expenditure of \$2750.

Crown Hill spent \$500 on improvements. Bothell, \$740, on Church and parsonage. Kent, \$210, on parsonage. Madison Street, \$275, on Church and parsonage. Fall City, \$150. Gilman Park, \$260. Hillman, \$225. Rainier Beach, \$205. Calvary, \$350. Tibbetts, \$235. Grace, \$85. Asbury, \$170. University Church has installed a new pipe organ at a cost of \$5492 and spent \$850 on parsonage and furniture.

First Church is now engaged in extensive repairs and improvements on Church building that means an expenditure of at least \$15,000. Woodland Park, on parsonage, \$250. A total of \$38,647.

**Debts**—The debt of \$1000 on Shaw Memorial Church was paid soon after Conference.

Calvary paid off Church Extension loan of \$1200. Green Lake has paid \$1550. Gilman Park, \$1500, and if the \$3000 expected from the other churches of the city had all been paid in full, their debt would have been cancelled.

First Church has reduced its indebtedness \$6000. Rainier Beach has paid off a debt of \$500. University has paid \$1500 on indebtedness. Woodland Park, \$248. Making a total of \$13498. Haven Church has paid off balance of debt of \$300.

The Ladies' Aid Societies as usual have done most commendable work. Hundreds of visits have been made upon the sick, the stranger and others. The needy have been helped, the social and spiritual life of the Church have been quickened and financial aid given to the Church approximating \$9000.

The W. H. and F. M. Societies have been active in promoting the missionary spirit and cultivating missionary intelligence and have contributed their full quota to give the gospel to all lands. These noble women deserve highest commendation for their labor of love.

The Epworth Leagues may not show any increase in membership but have labored earnestly to strengthen the faith and spiritual life of the young people of the Church. A large number attended the Epworth League Institute and were greatly helped by it and some consecrated themselves to definite religious work.

The interest and attendance of the Sunday Schools has been well sustained. The enrollment shows an increase of several hundred over last year and the average attendance has been well sustained.

There were 652 professed conversions and 396 additions to the Church from the Sunday Schools.

The Summer Training Conference at Epworth Heights was a new departure but certainly worth while. Rev. J. M. Weaver, our Sunday School Secretary, has been instant in season and out of season and was largely instrumental in promoting the Training Conference. His work will abide.

The Northwest Training School has had one of the best years in its history. Six splendid young women were graduated this year.

The financial success has been due to the diligent and faithful work of our Field Secretary, Rev. W. T. Randolph. The debt of \$2550 has all been provided for. Eight rooms were added to the building and a furnace installed. This was made possible by the use of \$2000 from the G. W. Carr Estate. A basement has been put under the old Deaconess Home and a furnace installed there. Other improvements have been made, the total cost of all aggregating \$7875. Dr. Randolph has also raised the money needed for maintenance of the School and we have paid our bills.

We were sorely bereaved in the death of Miss Carpenter, our

efficient and devoted Superintendent. Her wise leadership and consecrated labor has made the School possible.

Miss Clara D. Kortemeyer, a graduate of the State University and of our own School, and a gifted young woman, has been chosen to fill the vacancy.

The Settlement, under the superintendency of Miss Charlotte Howland, has done most excellent work. The sick have been cared for by Miss Atwood, our nurse, and other members of the staff. A Sunday School numbering 150 has been maintained. A club for girls and a sewing school have been carried on.

A baby clinic and a nutrition clinic for children of school age, the first to be established in the city, were successfully conducted.

A very interesting and successful daily vacation Bible School was held in July, the first of its kind ever held in this section. The average attendance was 28.

The Seattle General Hospital has continued to minister to the sick in an efficient manner under the able supervision of Miss Hall, the Superintendent.

The Centenary pledges in most of the Churches are being fairly well paid and many charges will report full quota paid to date. A few charges feel the quota was too high and, though pladged in full, there is a hesitancy about making payments.

The Evangelistic program for the year was not as intensively worked by some pastors and churches as it could and should have been in the judgment of the Superintendent. There was lack of organization and determined purpose. I have talked our unit organization in quarterly Conferences and preachers meetings, and preached it from the pulpit and urged it personally, and so far only a few churches are well organized and working the plan. I recognize the fact that it is difficult to find suitable leaders who are not already overloaded with other duties, but I firmly believe that without this organization the plans for Evangelism cannot be successfully carried out.

The result of the year's work will show a larger increase in membership than any previous year, but the lamentable fact is that some charges report not a single conversion or addition to the Church during the year. The reports given me by the pastors show 875 conversions, 652 of these from the Sunday Schools, 535 have been received into preparatory membership, 307 into full membership, 1054 on confession of faith and by certificate from other churches, 414 have been dismissed by certificate, 53 have withdrawn, 56 have died, leaving a net increase of 838.

Just how much this will be cut down by the pruning knife I am not able to say.

Seattle is a great and growing city. It is decidedly cosmopolitan in its makeup. Nearly all languages and tongues are represented. Little or nothing is being done for some of these peoples of the smaller groups. I believe the establishment of Good Will Industries and a Church of All Nations, would enable us to reach a needy and neglected class and greatly strengthen our work. The gap between the Church and certain groups of working people seems hard to bridge. They have not understood us and we have not understood them. A cry of Bolshevism or I. W. Wism will not solve the problem. No man or set of men should be exploited in the interest of another. Women and little children must be protected and the Church must use all its resources to right the wrong and make its influence tell for righteousness. Somehow, we must get the gospel message to all people. The Salvation Army and some others are doing much good with their street meetings and other work, but the Seattle churches must make more strenuous efforts to reach the unchurched masses, and Methodism must do its part. Seattle is so pre-eminently a commercial city that the materialistic spirit predominates. We need virile, strong, evangelistic spirit-filled men in our pulpits, and none

other need apply. The Church must have a new birth by the Spirit of God, or we shall fail to meet the bigness of the present task.

We welcome you, Brother Shepard, as our leader in this critical hour. We feel your counsel will be wise and your co-operation most hearty, and we pledge you our loyal support.

You have had large experience in a great city in many ways much like our own. The problems you grappled with there and helped to solve were very much like our problems and we feel you will be of large service to us. On behalf of Seattle Methodism I bid you welcome to this area as our resident Bishop.

In closing, I desire to say that my fellowship with the preachers and laity of Seattle District has been most delightful, and on behalf of Mrs. Landen and myself, I desire to thank one and all for their uniform kindness and courtesy. The past year has been the best we have had, and I am expecting large things for Seattle Methodism in the years to come.

### TACOMA DISTRICT

#### D. Roland Martin, Superintendent

More changes in the personnel of the district have occurred the past year than the two preceding years. M. B. Phillips, pastor at Sumner, transferred to the Northwest Iowa Conference in February. Dean A. B. Cunningham of the College of Puget Sound was secured to supply Sumner, which he has done with great acceptability. The people would be delighted to have him as their permanent pastor. In May, E. H. Gebert, pastor at Vashon, resigned his charge. At the same time the pastor of the Presbyterian Church resigned. This gave the people who had been clamoring for some kind of a union of the churches a chance to exert their influence. A form of federation was agreed upon with a Methodist pastor. J. H. Berringer, pastor at Fern Hill for the past four years, was appointed to Vashon. He has been royally welcomed by the members of both churches. Harry G. Earle was appointed to fill out the year at Fern Hill. E. I. Albright of Buckley had an opportunity to transfer to Indiana. Consent was given and June 21st he left for his new field. David G. Beattie was secured for the balance of the year at Buckley. E. H. Gebert has supplied Docton the past two months. In June Roy M. Owen asked to be relieved of the Summit Church on the Summit-Midland charge.

The death angel came to one of our parsonage homes during the year. After three weeks' illness Sister Dorwin, wife of Rev. J. C. Dorwin, passed to her heavenly home Easter morning. She was a devoted wife, a loving mother, a faithful friend, a truly consecrated Christian. One of whom it could be said, "She hath done what she could." It was the same Easter morning that our dear Bishop Hughes went to his coronation. What an unspeakable loss it was to this area. Great as a preacher, administrator, friend and brother. Earth is poorer and heaven richer in his going from us.

Because of the over-crowded condition in our Sunday School at Puyallup they were forced to rise up and build. They have just completed a fine Sunday School plant costing \$15,000, and when finished it was entirely paid for. Puyallup has the largest average Sunday School attendance in Western Washington.

East Sixty-fourth Street Church was remodeled and improved at a cost of about \$3000. New pews, basement completed, new roof, painted inside and out, new piano, new carpets, are among the improvements made. This Church now has a plant to serve effectively that part of the city.

St. Paul Church has installed a new Robert Morton organ costing

\$5000. This is greatly appreciated by the congregation of this growing Church. First Church, Tacoma, spent \$2900 in improvements. Most of this was spent for correcting the defective acoustics of the Church. Mason Church has spent \$1400 improving Church and parsonage; Artondale, \$300; Epworth, \$300; Trinity, \$450.

There has been paid on indebtedness the following: First Church, Tacoma, \$4860; Mason, \$1400; Trinity, \$400; Bethany, \$300; Orting, \$500; LeSourd, \$290; Randle, \$110.

The Tacoma District led the Portland area in percentage of oversubscription to the Centenary. It now looks as if the collecting of this amount was going to be a much larger task than the securing of subscriptions. There has been quite a loss already in members who have removed outside the district, and folks do move in this Northwest country. Our pastors report receiving very few Centenary subscriptions with Church letters. If the people are to meet their pledges in full they must be informed as to what is being accomplished with this money. Quite a bit of this money represents real sacrificial giving. They must be led to see that it is being wisely spent.

A campaign for \$500,000 was put on in Tacoma and Pierce County for the College of Puget Sound. Many wise folks said it was a task impossible to achieve. But the boundless optimism and faith of President E. H. Todd said it could be done, and under his splendid leadership the impossible was accomplished. Just how much of this half million was subscribed by members of the Methodist Church I am unable to say. Following so closely after the Centenary when most of our people felt they were giving to their limit, the response of our pastors and people was heroic. Many of the subscriptions meant real sacrificial giving. A new campus has been purchased, and as soon as sufficient money is received on the subscriptions the new buildings will be erected. When the Conference meets its pledge with a campaign of another half million, the dawn of a new and brighter day will have come to the College of Puget Sound.

The Ladies' Aid Societies have rendered fine service to the churches of the district, and through them to the Kingdom of Christ. The Tacoma Settlement House, built at a cost of \$20,216, was dedicated November 9. The Woman's Home Missionary Society has rendered fine service through this home. The Woman's Foreign and Home Missionary Societies have had a very successful year, making large gains in membership and the amount of money received. These elect women are doing a great work for the Kingdom.

There has been an increase of \$3000 on pastor's salaries, and for all ministerial claims an increase of \$5000. A number of churches have taken action to increase their pastor's salaries for the coming year. In most of our churches the increase has been far below what the increased cost of living has been. In a number of small churches where an increase is most urgently needed, the membership is small and the resources of the people are very limited. These places make a very difficult problem to solve.

There have been reported over 800 professed conversions during the year. The net gain in membership, according to the reports received from the pastors, will be 400. Mason Church led the district with a gain of 120. This makes a net gain of 1400 for the past three years or 33 per cent. We are devoutly thankful for the advance made. But we are not satisfied. The one supreme task of the Church is to win people to Jesus Christ. If we fail in this task we fail in the primary business of the Church. To win the multitudes about us for Christ and His Kingdom is possible when we are willing to pay the price. The price is a willingness to drink of the cup of a new Gethsemane. Obedience and sacrifice are the price of power. May there come to every leader and member of our great Methodist Church a burning passion to see

people saved. That was the glory of early Methodism and the secret of her victories.

Whatever victories have been won in the Tacoma District the past year has largely been due to the splendid leadership of the fine lot of pastors which I have had the privilege to be associated with. I would be glad to speak of the work accomplished by each of them—they are all worthy of it—but that would make this report too long. Pastors and people have been exceedingly kind to me. It has been a real joy to work with them. Their fellowship has been sweet indeed. I close this my third annual report with thanksgiving to God for His manifold blessings during the year.

#### VANCOUVER DISTRICT

Everett M. Hill, Superintendent

"The common problem, yours, mine, every one's,  
Is not to fancy what were fair in life  
Provided it could be,—but, finding first  
What may be, then find how to make it fair  
Up to our means—a very different thing!"

Thus Browning, in "Bishop Blougram's Apology," starts his gospel messenger off in a fine defence of faith which no preacher should fail to read. And it is not mere generalization. I would even suggest that it fits quite conveniently into the situation in which a new District Superintendent finds himself. For it is then that he begins to realize how large, and even complex, a heritage is his when there is turned over to him an association of real estate, human beings and preachers, with the bringing together of which he has had nothing whatever to do, and yet for which, by the fiat of the Bishop's word at a certain fateful moment, he is made responsible before a militant Church. Such a situation would seem to be somewhat similar to that universal hazard which we call life and which has kept the most of us guessing ever since we discovered the planet. As some years ago, when quite a child, without mental reservation, and, as far as I remember, without physical protest, I freely accepted this hazardous business of living, it struck me that with the same childlike simplicity, I should accept this latter hazard. And I call the brethren to witness that thus it was done.

The first pressing need was men, since five places had been left to be supplied, a sixth was added before we left the seat of the Conference, with a seventh, Pe Ell, thrown into the vacant list by the pastor, R. G. Pike, going into evangelistic work after a comparatively short time on the field. This charge is still without a pastor. La Center circuit has been supplied for the larger part of the year by W. O. Shields, a local preacher. Ridgefield was served by Frank L. French, a returned soldier, for the seven months between November and June, when he resigned to take charge of the Armenian Relief drive. J. B. Stark, who had been supplying Salmon Creek, was changed to Ridgefield, and Geo. W. Hoy, a member of the Evangelical Association, who came west to take Pe Ell, because the need seemed greater at the latter place, was placed at Salmon Creek. Stevenson has been served for the greater part of the year by Seldon Ewing, a Supernumerary member of this Conference, who has been able to meet a very difficult situation with success. He is the only minister of the gospel in Skamania County and is not only serving Stevenson but half a dozen other places in the county, some of which have never had any pastoral oversight before. East Mill Plain circuit was supplied for a short time following last Conference by W. H. Selleck, Conference Evangelist. It was, however, without a pastor from December to Easter, when B. G. Clemans, a member of the Wisconsin Conference, arrived to take up the work. His

administration has been so satisfactory that the people on their own initiative at the Fourth Quarterly Conference voted an increase in salary for the coming year. A sad feature of the introduction of this pastor's family to this Conference was the death of Mrs. Clemans' sister, Miss Anna Carpenter, Superintendent of the Northwest Bible Training School, to be near whom was the chief reason for their coming West. Ostrander was supplied in January by Frank R. Gillett, who in June was graduated with honor from the University of Washington and immediately moved his family to his charge. Grays River was given a pastor in February in the person of John Place of the Idaho Conference, who has made a study of community work and is successfully pitting his knowledge against the practical facts of a typical rural community. The noble wife of B. F. Brooks for the past several years has been severely afflicted with a deadly creeping paralysis which at last accomplished its fatal ravages, and on July 23rd of this year she was not, for God had taken her. The keen sympathy of all his brethren is with Dr. Brooks, who is greatly beloved and who is one of the two charter members of this Conference now in the effective relation. The second one is my distinguished colleague, the Superintendent of the Seattle District. I believe there are but two other living charter members of this Conference, Albert Atwood and D. G. LeSourd, who are in the retired relation. But Dr. Brooks has been continuously a member of this Conference for the thirty-six years of its existence.

East Vancouver and First Church, Vancouver, because of the earnestness and persistence of their respective pastors, have paid off old and irritating debts and are happy. On October 19th, 1919, Walville dedicated a new Church, during the building of which the pastor wore his white collar only on Sundays. There is a reason for it; the reason is wooden and has a roof and both of these statements can not be said of all reasons, though the first might be alleged of most. Felida is busy finishing its new Church basement for community purposes and its pastor has also reduced the high cost of Church building by donning denim. Raymond has made a forward move in securing a new parsonage by the help of \$2000 from the Home Board, the appropriation of which, if it has not already been made, I understand will be shortly. This strategic and wide-awake community must shortly enter into a great Church-building enterprise and pastor and people are to be congratulated on this fine start in that direction. Chehalis has secured a splendid location for its proposed new Church and its pastor is now maturing plans toward securing funds for the project, so much needed in this thriving center of a great farming as well as industrial center.

The women's organizations, the Ladies' Aid Societies and the Woman's Home and Foreign Missionary Societies have done most excellent work wherever they are organized on the district. While the first is established in nearly every charge, the latter are not so numerous. Though both Missionary Societies can not well be supported in every place, one or the other would be a valuable adjunct to the Church in most places. The Epworth League has a total of nineteen chapters in the twenty-nine charges and this year sent a splendid delegation to the Institute at Epworth Heights, coming within a fraction of a per cent of winning the pennant. This Institute is probably the greatest constructive spiritual force in the Conference and every pastor ought to be vitally interested in its success. The Sunday School is everywhere appealing for a larger and more efficient teaching force. Here is a genuine opportunity for our life service volunteers to test their enthusiasm. Something like fifty Sunday Schools are in operation and are doing good work in spite of handicaps innumerable. The Centenary funds in most places have been well looked after, but in some of the smaller charges a shrinkage seems inevitable. Especially is this the case where circuits have been reassembled or pastors been on the field but a short time. This is the most

sacred fund that Methodism ever dedicated to God and every cent ought to be collected.

I wish to assure Dr. Edward Laird Mills, new Editor of the Pacific Christian Advocate, of Vancouver District's hearty support.

With practically a third of the charges of the district out of commission for a part of the year, it has been difficult to accomplish our portion of the task that the challenge of a million souls signified. I believe the Master's words have been in the mind of us all: "Strive to enter in," and something has been done. The Superintendent has assisted six pastors in special meetings ranging from three days to three weeks in a place. Rev. R. G. Pike has held two meetings. A number of pastors have held their own meetings and others have been assisted by neighboring pastors. One brother secured an evangelist from the Friend's Church. Two union efforts have been made, one in Raymond under the lead of the Taylor Evangelistic Company, and one at Chehalis with Dr. Bulgin in charge. In each case our Church has reaped its full share of additions. Though several charges will report a decrease in membership, reports already in my hands point to a net gain of 290 full members, or about 7 per cent increase. This seems altogether too meager with all the fields white unto the harvest. Of course we are living in a different day than our fathers, but God is not different, nor man's sin. Have we not depended too much on machinery, organization, system, forgetting that this, however necessary, will never take the place of brain sweat and soul sweat? Is not necessity placed upon us in the present world need? Must we not begin to lay ourselves out more insistently and incessantly for the redemption of our corner of God's vineyard? Dare we say that we have risen to our opportunity? In the light that shines from the face of Jesus Christ, dare we assert that we have done our best? I believe that I speak for every man on the Vancouver District when I say that we are determined to spend and be spent for the Master, to bear hardness as good soldiers of Jesus. But the time is short, as far as we individually are concerned, and we must work while yet it is day. And that sentence which Dr. Wm. F. Warren years ago wrote on the fly leaf of one of my text books seems truer today than ever:

"Lord, we are rivers hastening to Thy sea."

It was a sad Easter that brought the news of the passing to his reward of that great and good man, Bishop Matt S. Hughes. We can not understand the ways of Providence, but "sometime we'll understand." Vancouver District expresses its sincere love and sympathy to the noble wife and family of our beloved and departed friend.

When toward the close of the General Conference the news came that our new chief of staff was Bishop W. O. Shepard, those who had known him in other days were delighted and those of us who knew him by reputation believed that a great leader of men was coming to us. We have met him face to face and are sure that this is so. He has already visited one-eighth of the churches on the district, and in one community, after looking over the Church building, he called upon the entire membership. During this swing around the circle, Bishop Shepard discovered himself to the writer as a brother of man and a lover of his Lord and we thanked God and took courage.

And as I began with a quotation from Browning, so let me close:

"All service ranks the same with God:

If now, as formerly, He trod

In Paradise, His presence fills

Our earth, each only as God wills

Can work—there is no first nor last."

Whether it be layman, pastor, Superintendent or Bishop, each must stand in his own place and be faithful. "There is no first nor last" except in the degree of faithfulness.

## Reports of Boards and Standing Committees

## Committee on Education

**College of Puget Sound**—Your Committee on Education has received the report of the Citizens' College Campaign Committee of Tacoma and Pierce County. It records the successful completion of the campaign in Tacoma, with a total, in and out of the city, of \$548,043 on the Million Dollar Campaign. Today the College of Puget Sound is backed by a half million dollars in dependable subscriptions, more than it had one year ago. This success was made possible, on the human side, because of the leadership it had. President Todd, Dr. Horace J. Whitacre, Chairman of the Campaign Committee, and Dr. F. D. Empey, sent by the Board of Education in the capacity of Campaign Manager, made up the presiding triumvirate of leadership.

Dr. A. L. Howarth and Chairman of the Board E. L. Blaine stood by with telling influence. Many others might properly be mentioned as contributing to this notable success.

We express our profound gratitude to God, and our thanks to the citizens of Pierce County, for this signal success. We also extend our congratulations to President E. H. Todd and his associates for their able leadership and management.

It now remains for the Puget Sound Annual Conference to fulfill the pledge made a year ago to match the achievement of Pierce County by the raising of \$500,000 by the rest of the Conference. This is no small undertaking. These are not auspicious times for money-raising. But we cannot tarry in midstream. We must emerge from the bondage of yesterday into the larger liberties of tomorrow's Promised Land. We therefore here and now pledge ourselves to secure the \$500,000 of our obligation before we assemble in Annual Conference one year hence.

To this end we recommend the appointment of a Campaign Committee composed as follows: Ex-officio, Bishop Wm. O. Shepard, Dr. A. F. Howarth, the President and Corresponding Secretary of the College, the District Superintendents, together with one pastor and one layman from each district. This committee shall be empowered to elect an Executive Committee to take direct charge of the campaign.

We recommend to the editors of the Conference Minutes that the report of Mr. E. L. Blaine, Chairman of the Board of Trustees of the College of Puget Sound, be printed in the Conference Journal.

Your committee also extends the thanks of the Conference to the Board of Education for financial assistance in the past and earnestly recommends that an appropriation of \$5000 be granted this year toward the maintenance of the school in view of the forthcoming campaign.

We also express our high appreciation to the General Board of Education, Rockefeller Foundation, for its appropriation to the maintenance fund of \$6000 for this year and \$5000 for next.

In order to meet the increasing cost in the administration of our educational institutions we recommend to the Council of Benevolent Boards as substantial an increase in the apportionment for education as circumstances may warrant.

We rejoice in the increasing usefulness of the Children's Day Fund in aiding students to secure an education, and commend it to the continued generosity of our people.

We respectfully suggest to our Resident Bishop the advisability of calling a conference of the Methodist educational interests of the Area

with a view to planning the educational strategy of the Area for the coming year.

We recommend the continuance of the Commission on the Boys' School, and that the members of this commission be our representatives in the above conference in case such conference shall be deemed advisable.

**Theological Schools**—Young men contemplating the work of the ministry are urged to secure training in some one of our theological schools after the completion of their college course. We think it especially advantageous that they should attend the schools under the auspices of our own Church.

The Northwest is greatly in need of a high-grade theological school for the training of our future ministry. With this in view, we respectfully urge the Board of Trustees of Kimball School of Theology to adopt the academic requirements of the University Senate of the Methodist Episcopal Church.

In view of the fact that the University of Washington, located in Seattle, has an enrollment of 5000 students, 750 of whom are from Methodist homes, we commend the Board of Home Missions for its co-operation with our University Church with a view to adequately caring for the religious interests of said students.

Nominations of officers were presented and approved as per list under Conference Boards.

J. E. CROWTHER,  
Chairman.

## ANNUAL REPORT OF THE CHAIRMAN OF THE BOARD OF TRUSTEES OF THE COLLEGE OF PUGET SOUND

At the session of the Puget Sound Annual Conference held in Olympia, Washington, in the year 1913, the prospects of the College of Puget Sound were such as to cause apprehension touching its future. The Chairman of the Board of Trustees in his report that year made use of the following language:

"I find it hard to square the present condition and plans for the immediate future with my own ideas of honesty and integrity, and am tempted to say that unless the demand for a denominational school in this section is sufficient to insure its support and maintenance, it would better be discontinued.

"We cannot insist that our teachers instruct our pupils in the principles of honesty when we have shown ourselves dishonest in meeting our obligations to them."

At the session of the same Conference in that year a forward-looking program was adopted. The result of such action is evident today, and had there been a full realization of the plans of that Conference a better report would be possible at this time.

The action of the Columbia River Conference a year or two before that memorable session, by which it assigned all money collected for Educational Collection from churches north of the southern boundary line of the State of Washington to the College of Puget Sound, has been an ever-increasing factor in the success of this school.

During these seven intervening years we have made steady progress. The Endowment Campaign then under way was completed and of the more than \$200,000 subscribed less than \$25,000 of the amount necessary to meet the conditions laid down by Hon. James J. Hill in his subscription of \$50,000 remains uncollected. Prior to that year the members of the faculty were compelled to wait from one to three months for their salaries. Now they are paid promptly. Then our assets, outside the buildings and grounds, were only nominal. Today we have invested

endowment, endowment subscriptions and subscriptions for new buildings and grounds amounting to about \$800,000, in addition to the present site and buildings.

We also record the fact that our President, Rev. Edward H. Todd, has served the longest term in the history of the College. Under his administration the academic standing of the College has been constantly improved. The Business College which had come to be a source of financial loss and academic detriment was discontinued; the Preparatory School, because of lack of attendance, and the consequent results relative to remaining accredited, was also discontinued. The institution now stands fully accredited as a College of Liberal Arts. It has received recognition from eastern educational boards and is now in Class A among universities and colleges of the Methodist Church.

It is pleasing to report that with these changes there has been a steady increase in attendance. The registration of the College of Liberal Arts last year was almost 100% greater than it was seven years ago.

We especially desire to record our keenest appreciation of the loyal support received from our own Board of Education, without whose assistance much of the past success would have been impossible.

During the year just closing, being fully and finally convinced that our present location is not and cannot be made suitable or adequate, owing to its limited area, the Trustees have secured a tract of nearly 40 acres only a short distance from the present site. A successful canvass has been conducted in the City of Tacoma and Pierce County for a fund of \$500,000 to provide for the erection of buildings on this site. Your Trustees will proceed with the improvement of this tract and the erection of buildings as fast as these funds are collected.

Notwithstanding the history of the past, our eyes are to the front, and we are convinced that unless steady and decisive forward strides are made in the next few years we will then face a situation nearly as critical as the one of 1913.

At the session of the Annual Conference last year, the Puget Sound Conference took the following action:

"1. We endorse the action of the Board of Trustees of the College of Puget Sound authorizing the raising of \$1,000,000 as soon as practicable for buildings and endowment.

"2. The Puget Sound Annual Conference pledges its co-operation in the furtherance of this campaign as absolutely essential to the welfare of the College. It pledges itself to put on an intensive campaign in the churches for \$500,000 if Pierce County, Washington, shall secure bona fide pledges for \$500,000."

Your challenge has been met and the Trustees now look to you to carry out your part of the covenant. We fully realize the heroic effort required to carry the project to success, but have every reason to believe that the faithful devotion and united effort of our pastors, coupled with the leadership of our untiring President, who has seen us through two campaigns when every cry was that "It can't be done!" will insure an early and gratifying termination of this campaign.

At the session of the Columbia River Conference, 1919, after reviewing the action of the Trustees of the College of Puget Sound relative to the new campus and the raising of \$1,000,000, adopted the following:

"Your committee recommends that this Conference congratulate the Trustees of the College on the adoption of this larger program, and pledge its moral and financial support to the Trustees and the President, Edward H. Todd, until the task is accomplished."

Your Board of Trustees, elected by these two Conferences, has gone forward on the assumption that these resolutions were a guaranty to the public of the moral and financial support of the College by the Methodist Church in the State of Washington.

We do not lose sight of the fact that during this campaign and after its completion the College will need the generous support of its constituency. To emphasize this fact may I not quote from an address by Joseph R. Harker, LL. D., President of the Illinois Women's College, who says:

"How shall we secure annually the amount needed by each college to make it concurrently efficient?

"The general policy of the colleges has been in one respect fundamentally different from that of the other departments of church activity. The other boards, as the Board of Foreign Missions, the Board of Home Missions, etc., in asking for the financial support of the Church, have in general asked for funds for **current support**. The colleges on the contrary have in general asked for funds for **endowment**. The general impression left upon the minds of Church members as the result of these different policies is that the colleges are in the main well to do, having large invested funds, and that the Board of Education, as representing the colleges, represents wealthy foundations. For these reasons the work of the board and of the colleges has not the same kind and degree of popular interest that the work of the other boards has.

"But while the colleges have secured large sums for endowment, they can use only the income from these funds, so that their actual use of means is only one-twentieth or less of the amounts everywhere advertised. For this reason many of the colleges, while having hundreds of thousands or even millions of invested means, are actually starving for lack of current sustenance. **But the vital thing is current support.** Endowment is only a means to this end. Again, we have been so much absorbed in the means that we have lost sight of the end."

It thus becomes evident that we must not confuse the gross amount of the endowment with the actual income, nor be mislead into the belief that a sufficient revenue will be received from the invested funds to relieve our members of the need of annual contributions towards current expenses, so that the College may function most effectively.

May I not urge you, while looking to God for guidance, and grateful for past blessings, to "speak unto the children of Israel, that they go forward" full of confidence.

In closing I will make use of the words of our own Dr. John W. Hancher, Assistant Secretary of the Board of Education. In looking over the entire field of Methodist education, he says:

"Tell the Church of our great opportunity in a way that the Church will know it, understand it, think about it, and talk about it because it can't help it; organize the Church for another educational advance far greater than the Jubilee; then call the Church to its knees for retreat and quiet waiting before the Lord, and we can give our educational institutions the plants, equipment and endowments necessary to their greatest and best efficiency. Whether it shall mean the raising of fifty millions or sixty millions for our institutions is secondary. The primary thing is that our institutions shall be standard and efficient."

Respectfully submitted,

E. L. BLAINE.

#### AUDITING

We, the Auditing Committee, respectfully report that the books of the District Superintendents and the accounts of the Secretary, Treasurer, and Registrar have been examined and found correct.

B. WADDINGTON, Chairman,  
C. E. SANDERS, Secretary.

#### BENEVOLENCES

The amount paid to Disciplinary Benevolences in the Puget Sound Conference during this the first full Centenary year would have required two and one-half years for its collection at the rate we contributed during the year 1917-1918.

So far as it is possible for consecrated wealth to represent progress in the Kingdom, this fact is sufficient to make it evident that the blessing of God is upon our systematic endeavor to measure up to the opportunity confronting the Church today.

Therefore we pledge our continued determination to realize the full financial program of the Centenary. And we would recommend as a conservative measure, that every pastor, in transferring members, accompany the Certificate of Membership with the Centenary pledge.

C. D. RAREY, Chairman.  
C. I. ANDREWS, Secretary.

#### REPORT OF COMMITTEE ON FOREIGN SPEAKING PEOPLE

Inasmuch as there is a fast-growing population of foreign-speaking people in the Northwest, one of which is the Japanese people, who will become an influence of good or bad according as we do or do not Christianize them and that it is the direct command of our Lord that we do "preach the gospel unto every creature," we urge that special

work be taken up among these people as soon as practicable, that their cases be made a careful study by each one during this year and every available means be used to make them into Christian citizens.

T. H. JORGENSEN, Secretary.

#### REPORT OF COMMITTEE ON PROHIBITION AND PUBLIC MORALS

We rejoice in the past achievements and in the program of the Board of Temperance, Prohibition and Public Morals of our Church. It has been a leader of thought and a maker of successful plans.

It inaugurated the bone dry regimen and made the new term popular and is now advocating the withdrawal of our flag and consular service from protection of those who do in other lands what has been outlawed in the United States.

We concur with the General Conference at Des Moines and "endorse the far-seeing plans of the board in securing the most eligible site, just fronting the doors of the Capitol at Washington, on which to erect a large building and furnish a home for the Board of Temperance and all Methodist interests that center in Washington.

We urge every pastor to heartily participate in the plans of the board to secure the balance of the funds necessary to finish its building enterprise.

We endorse the strict enforcement of National Prohibition, including the elimination of beer and wine of any alcoholic per cent; the enthronement of the American Sabbath on its civic foundations; the Bible taught all our growing citizens in our public schools; Americanization insisted upon, including the English language in our schools and newspapers; the maintenance of our American ideals of purity in the home life of both sexes; the enforcement of the Red Light Abatement Laws; the passage of the bill now pending in Congress suppressing race track

gambling, its ticket issues and the transportation of its betting chances.

### COMMITTEE ON SUNDAY SCHOOL

We commend the Board of Sunday Schools for its activities within the bounds of our Conference this year. The Training Conference at Epworth Heights brought a new appreciation of the Church School to all who attended. We request that a conference of this nature be held each year. We approve the policy of the Board of Sunday Schools in establishing divisional offices, and request the board to consider the advisability of establishing a divisional office in the Pacific Coast territory.

We earnestly hope that the extension program of our Board of Sunday Schools may be kept up to the high state of efficiency that has characterized its work in our Conference, and that the new fields of opportunity opening in mission fields assigned to our Church by the Home Mission Council may be promptly occupied and held for Christ and the Church.

We would call to the attention of our pastors and Sunday School workers the importance of evangelism in the Sunday School, the ultimate aim of the Sunday School is to bring every pupil to a decision to accept Christ as a personal Savior.

We would set as our goal for the coming Conference year an increase in the Sunday School enrollment of 3500 or a minimum of 10% increase in each school.

We appreciate the presence and counsel of Dr. Trenery of the Board of Sunday Schools at our Conference session.

We commend the careful work of Rev. J. M. Weaver, Superintendent of Sunday Schools of the Conference, and express our appreciation of his untiring efforts.

We recommend that the Conference comply with paragraph 476 of the Discipline regarding the organization of the Conference Board of Sunday Schools.

PAUL H. ASHBY,  
Chairman.

### REPORT OF J. M. WEAVER, CONFERENCE SUPERINTENDENT OF SUNDAY SCHOOL WORK

This has been one of the best years in the history of the Sunday School work of the Puget Sound Conference.

Last fall the Rev. M. J. Trenery, D. D., Superintendent of the Extension Department of the Board of Sunday Schools, delivered a series of addresses throughout the Conference which gave the work of Religious Education a great impetus. Since then fifty-five new classes in Leadership Training were organized and twenty were enrolled in correspondence courses. These, with classes already organized, bring the number studying for greater efficiency in our Sunday Schools up to 700.

The Sunday School of First Church, Tacoma, deserves special mention for the fine record made in Leadership Training during the past year. Seven classes were organized, in which ninety students were enrolled. Five hundred and fifty credits were earned; eighteen certificates were received and one person completed the entire three years' course and received the diploma. All this in less than one year.

The Sunday School Training Conference at Epworth Heights in July, considering the program, was easily the most outstanding Sunday

School event in the history of the Pacific Northwest. The attendance compared favorably with other similar gatherings. There were 140 paid registrations. All of the District Superintendents were present at least part of the time. Dr. Landen stayed through the entire program and was a great help and inspiration. Twenty-one pastors spent some time there. Forty-one schools were represented and 119 officers and teachers were on the grounds. Taken by percentages, this was 100% of the District Superintendents, 13% of the pastors, 17% of the Sunday Schools and 4% of the officers and teachers of the entire number in the Puget Sound Conference. After all the averages were not very high when we consider the time, talent and money expended.

Those Sunday Schools which were not represented missed a very great opportunity.

The more I study the program of the Board of Sunday Schools and the men back of it, the more I am convinced that the sooner we give this program a chance to really function the more quickly will we bring about those results for which we are so earnestly striving.

During the coming year the campaign for Leadership Training classes will be continued. Also a special effort will be made to organize Bible classes, including the young people's departments. Here will be a great opportunity for pastors to develop a really efficient evangelistic agency to help them in their revival meetings. They could not perform a greater service for their Churches.

Two fine young people from the Puget Sound Conference are now employed by the Board of Sunday Schools. Miss Mary Rinehart is on the stenographic force of the Chicago office, and Miss Una Middleton was engaged as an assistant in the young people's department. This latter arrangement was made at the Redondo Training Conference.

Much time was lost on account of influenza and other epidemics. The time devoted to the educational activities also interfered with the extension work. Seven new Sunday Schools were organized. Meetings were held at seventeen other places to conserve the Sunday Schools already established.

A goodly number of people professed conversion and two places made fine records in Centenary offerings. An investigation of the results of those extension Sunday Schools shows that fully as much good has been accomplished for the money expended as in places having regular pastors.

Our territory presents unusual opportunities for work in Americanization, and good work has been done at South Aberdeen, Walville and Wilkeson.

The outstanding need of the extension fields is more adequate pastoral leadership.

The most significant thing in the extension work during the past year has been the number of requests which have come from all classes of people asking for help to maintain religious services in neglected communities. This puts upon us a special responsibility. For when the religious consciousness of a community is aroused and not developed, the tendency is to fall in with some of the many spurious creeds, or to take up with radicalism. This is especially significant when we remember that 50% of our city leaders for weal or for woe and more than one-half of our pastors come from the country. To fail in an hour when so many of such communities are becoming fixed in their moral or social bent or cleavage is to fail at the time of the greatest need. One dollar spent now in the work of preservation and construction is better by far than a thousand dollars ten years from now in an effort to redeem ground lost by neglect.

The Puget Sound Conference seems to be on the verge of a great advance along all lines of Sunday School work. We thank God and take courage.

## SPECIAL CHARITIES

We are pleased to report that the Washington Children's Home Society has continued the excellent work done in the past; having since its organization provided homes for 3636 orphaned and homeless children, aided hundreds of others and provided medical and hospital treatment for many more. Literally the blind have been made to see and the lame to walk.

During the past year they have continued the development of their industrial farm, notwithstanding the destruction of the old buildings occupied by the donors, Mr. and Mrs. Miller.

They have also acquired by purchase the old White Shield Home building in Tacoma as a receiving home for boys, and nineteen of the larger boys are already domiciled there. This work is worthy of all co-operation and support.

F. S. PEARSON,  
Chairman.

## RESOLUTIONS

The entertainment of an Annual Conference is an undertaking so large as to require the assistance of many people. As their services are freely rendered it is but fitting that they be recognized. Therefore we would express our appreciation to the Y. M. C. A., the Chamber of Commerce, the Book Store, and the Olympia National Bank for courtesies extended; to the local press for its full and accurate reports of Conference proceedings; to the officary of this Church, especially the entertainment committee, Governor and Mrs. Hart, and the janitor for the thoughtful care with which every provision has been made for our comfort and the dispatch of business; to the choir for the excellent music provided; to the people of this Church and community who have so hospitably opened their beautiful homes for our entertainment; to the Secretary, Statistician and Treasurer and their assistants who have so efficiently guarded our interests; to the Bishop, W. O. Shepard, for his urbane spirit, inspiring addresses and brotherly administration; to the representatives of our various educational and benevolent enterprises for their revelation of Church expansion and growing needs; to Professor W. J. Davidson for the ministrations that have lifted us to a higher plane of thought and life; to the District Superintendent, J. C. Harrison, for counsel and support; above all to the pastor, A. H. Lathrop, whose genial spirit has never failed and whose arduous labors, together with those of his faithful wife, both before and during Conference, have conspired to make this occasion a season of spiritual feasting, delightful fellowship and happy memory. May they long be spared to bless the Church with their ministrations.

A. H. THOMPSON,  
Chairman.

### BISHOP MATTHEW SIMPSON HUGHES

Great and good men never die; they belong to all time. In human thought, labor and development they are ever present. The greatest fact in the universe is personality. We are not able to imagine anything that can transcend it. Its dignity is lofty. Its assets are large. Its fellowships are noble. Its range is immense. The study of character is therefore most interesting and profitable.

The subject of this sketch, eldest son of the Reverend Thomas Bayliss Hughes and Louisa Holt Hughes, was born in the Methodist parsonage at West Union, West Virginia, February 2, 1863, and went to his coronation the early morning of Easter Sunday, April 4, 1920, from Cleveland, Ohio. His pulpit was expectant, his friends were impatient for his arrival, but word reached the waiting congregation and the world that—

". . . like the hand that ends a dream,  
Death, with the might of his sunbeam"

had touched his flesh and his soul had waked. We stood with bowed and uncovered heads while a storm, like a tempest at sea, swept across our hearts. These dates represent the earthly beginning and end of an extraordinary life worthy of study and permanent record.

Boyhood days in a Methodist parsonage were followed by student days in the University of West Virginia. An attractive personality, remarkably alert, with a clear grasp of truth and unusual facility in happy expression, he was assuredly popular among the students—a leader, well known and beloved. The end of his student days found him interested in politics and journalism. He became city editor of the Parkersburg Daily Journal.

Then came the inner struggle that made him miserable. His friends found him fighting against Christ. The crisis came at the old Loveland camp-meeting in southern Ohio. Learning that his father was there he was impelled to go and see him, leaving his work in Parkersburg. Under the appeal of a sermon, preached by his own father, Matt presented himself at the altar. What a moment for father and son! He was powerfully converted on Tuesday night. Immediately all bridges were burned. He preached his first sermon the following Sunday morning. In less than thirty days he had received at the hands of the Bishop his first appointment to Ewart Circuit, Iowa. Thus began one of the most brilliant careers in the pastorates of our Church. He was ordained in 1887. On October 24, 1888, he was married to Miss Harriett F. Wheeler of Grinnell, Iowa, who, with Esther and Matt, Jr., survives him, residing at 687 East 16th Street, North, Portland, Oregon, while Blakeney, practicing law, resides at Fresno, California.

From that little circuit of four points he went to a station called Malcol. From Malcol he followed his father at Grinnell, Iowa, an important educational center. It was an unusual thing for a son to follow his father immediately, and follow him so successfully. He was now rated as a remarkable preacher, a powerful and persuasive personality. Quickly he passed forward to the most important churches of the denomination, for he was a man with a world vision and a world outlook—an ardent advocate of evangelical Christianity. His next appointment was Chestnut Street, Portland, Maine. From Maine he went to Wesley Church, Minneapolis; from there to Independence Avenue, Kansas City, Missouri; thence to our great First Church at Pasadena. Thus will it be

seen that by one bound he entered the prominent pastorates of the Church. In twenty-six years he served only four charges—a most remarkable record. During those thirty years in the pastorate, he gloriously fulfilled the prophecy of the name given him at birth—Matthew Simpson!

West Virginia may boast his beginnings, and Cleveland his valedictory; California may claim the honors of his greatest pastorate, and our "Rose City" may treasure his sacred dust; yet Kansas City will always claim that his greatest work was wrought there. From the pulpit of Independence Avenue Church he flung his evangel across the Methodism of a continent, and made his name a synonym of evangelistic power.

By the unanimous vote of the Board of Bishops he was appointed fraternal delegate to the Methodist Episcopal Church South, which met in Oklahoma City in May, 1904. The effect of his address at their General Conference was electric and overwhelming. He was known and loved and honored by both great Methodisms of the United States.

In 1916 came his election to the Episcopacy. He had been the recipient of a very complimentary vote in 1908, at the time of the election of Bishop Edwin H. Hughes, his younger brother. At the psychological moment the elder brother stepped forward to the platform, asked for the opportunity of a privileged statement, and in the most manly way, which commanded the admiration of the General Conference, asked that he be considered no longer in connection with the Episcopacy. But four years ago the Church gladly honored him. By his own merits, special fitness of character and sheer ability, intellectual and spiritual, he rose to this highest office in the gift of the Church.

The Portland area was his only area. How he loved it! How proud he was of it! How devoted to his men! How loyally and royally he supported his District Superintendents! What clarion notes he sounded for "connectionalism among our churches and mutuality among our people." He took this great Oregon country on his heart—its vast possibilities and Methodism's opportunity. He knew the preachers by name; his intuition was sound; his observation keen; his sympathetic heartcompelling. Here his last work was done and here his body sleeps.

His going to Cleveland, Ohio, for a series of addresses during Holy Week was the last undertaking. In the course of Providence he went back to the state where he had found Christ and made his consecration to the ministry. Here the last week and the last hour of his life were spent. He spoke daily of the sorrow and suffering and death and resurrection of his Lord.

Early in the morning, before it was yet day, when all believers in Christ were preparing to celebrate the Easter Sabbath, when the gates of immortality are unbarred and faith walks through into the light of an eternal morning, he closed his eyes in death. Without a struggle, or paroxysm, unexpectedly to himself, he passed away as gently and confidently as a tired babe would slumber in the arms of its mother. "God's finger touched him, and he slept."

Bishop Hughes died at 57—twenty years too soon. Strong, brave, modest, righteous, unswerving and absolutely uncompromising; a well-bred, well-trained, courteous Christian gentleman. He was great not by caprice or accident or environment, but by the nobility of his superb character. Such a man is great whenever he appears and wherever he appears. In solemn awe we pronounce the name of

MATT S. HUGHES!

and in its naked, deathless splendor leave it shining on.

## HERMAN L. TOWNSEND

Herman L. Townsend, a brother beloved, was called to his well-earned reward on the morning of October 22, 1919, at his home in Bellingham, Wash., at the age of 51 years, 2 months and 22 days.

He was born in Royal Oak, Mich., August 2, 1868, and at the age of 13 removed with his parents to Spink County, South Dakota, where most of the family still remain. At the age of 19 he entered the preparatory department of the Upper Iowa University and continued his studies for four years. Later he entered Cornell College, where he did two years of special work. His pure conscience and clear convictions made him a very efficient Methodist minister, with convincing gospel sermons.

On August 8, 1891, he was united in marriage to Minnie E. Lamb of Ipswich, South Dakota. With her there remain to mourn this deep loss the three daughters, Mrs. Evelyn Ellison, Seattle; Mrs. Marjorie Townsend, Cedar Falls, Wash.; Dorothy, and one son, Leonard, of Tacoma, Wash.

Since the year 1892, when he joined the South Dakota Conference on trial, stationed at Faulkton, his record has been crystal clear and the approbation of his brethren has always been sincerely given, "Nothing against him." He served seven charges in the Upper Iowa Conference: Franklin, Bassett, Centre Point, Solon, Cedar Bluff, Jamesville and Waucoma. For a time he sought a milder climate and served as pastor at South Jacksonville and DeLand, Florida. He came to this Conference in 1906 and was stationed at Ilwaco, then at Ballard Park and Bay View, Seattle; then South Bend, after which he took a Supernumerary relation for one year. In 1911 he went to Camas, in 1903 to Fairhaven, Bellingham, and 1917 to Kent. These churches will long remember his patience of love and the ardor of his evangelistic spirit.

Brother Townsend's great soul was deeply stirred by the ravages of the World War and he placed himself at the service of Christian Democracy. Being beyond the age for military service, he went overseas with the Y. M. C. A., leaving New York August 8, 1918, and was assigned with the 16th Field Artillery, Fourth Division, and was soon in the St. Mihiel drive. Ten weeks of terrible strain and exposure brought him to a depleted condition needing rest, after which he was reassigned to the Selles-Surcher. The hardships encountered there precipitated a physical breakdown, so that after about six weeks of duties as assistant hut secretary, he was started homeward on a transport, serving as secretary there. He reached home February 1st, 1919.

After a few weeks of rest and medical attention, he went to his little ranch near Lake Padden, hoping to recuperate and regain his health, but soon found any exertion too severe and came into Bellingham for hospital treatment. Investigation disclosed an advanced cancerous growth that could not be overcome and foretold the nearby summons to the heavenly rest.

The exceptional faith of our brother came to a precious fruition during more than three months of overshadowing death. He knew whom he had believed. To the family and friends there was always the same tender assurance of undoubting trust and spiritual triumph. Many who made a pilgrimage to his bedside caught a clear reflection of the heavenly radiance and took fresh courage. The funeral services were held in Garden Street Church, Bellingham, October 24, 1919, and were largely attended by the people of the city and a number from other charges which he had served. The pallbearers were C. B. Sears, J. M. Wilson, Ernest Bates, John F. Long, L. C. Shultz, and J. M. Hixson, all good ministerial friends of the deceased. An appreciation of his friends and brethren was brought by S. S. Sulliger, D. M. McPhail, T. E. Elliott, and Geo. A. Landen spoke for the Conference.

The sermon was delivered by Rev. E. N. Askey, a close friend, at the request of the deceased. The body was laid to rest in beautiful Bay View Cemetery, Bellingham.

"Servant of God, well done;  
Thy glorious warfare's past;  
The battle's fought, the victory's won,  
And thou art crowned at last."

#### EMMA AULT BROOKS

Emma Ault first looked upon life's pathway at Chesterville, Dundas County, Ontario, September 20, 1856. She was a daughter of George F. Ault and Mary Ann (Baird) Ault. She received her education and grew up to womanhood in her native town, when she took up the work of teaching music, at which she was very successful. In the spring of 1888 she came West with her brother, John, who had been a resident of Snohomish for a number of years, and there continued her work of teaching. On August 23, 1889, she was united in marriage to the Rev. B. F. Brooks, and went with him to his new charge in the city of Tacoma, consisting of the East Side and territory south of Delin Gulch as far as Spanaway Lake. The roadway from 35th Street to Parkland was then lined with timber, and over all this she traveled much of the time on foot. At the end of the year the work was divided into three charges and Brother and Sister Brooks were given the territory extending from Delin Gulch to South 64th Street, in which they had already organized St. Paul's Church in a tent on South 40th Street, between L and M Streets. She served, with her husband, Mount Vernon, Sedro-Woolley, Kalama, Vancouver, Aberdeen, Bremerton, and Gilman Park and Haven churches in Seattle besides six years on the Tacoma District.

Sister Brooks was an active worker in the Church from her youth—in the Sunday School, in the young peoples' organizations and in the choir. In all the places where she has served as a pastor's wife she has been greatly loved besides being a most efficient agency in strengthening the women's societies and building up the work among the children and young people.

Five years ago the insidious malady which has slowly undermined her physical powers, and which no medical skill has been able to stay, began its fatal progress. The results have been realized from the beginning. This remarkable woman, fully conscious of what was taking place and the inevitable end, has faced and endured it all with a courage and cheerfulness that has been sublime. Her example in this, a demonstration of what Divine grace can do for a soul, has been an inspiration and blessing quite as valuable as any service that she has ever rendered in the days of her strength. During this last year when I visited the home on my regular rounds I was greatly impressed with the wonderful good cheer that seemed never to leave her though she was enslaved by her helpless body. Besides the husband and children she leaves to cherish her memory three sisters: Mrs. Harriett E. Topping, of Owasso, Mich., Mrs. Anna May Chambers, of Brookville, Ont., and Mrs. L. I. Barnes, of Sault St. Marie, Ontario, many relatives, and a large circle of friends. The funeral service was conducted in Tacoma on Monday afternoon, July 26th, 1920, the District Superintendent in charge with Rev. Wm. McMillan, an old schoolmate, Dr. E. N. Randall, Dr. J. P. Marlatt, Dr. Geo. A. Landen and Rev. Geo. W. Frame assisting in the services. The beautiful Tacoma cemetery was made the last resting place of that poor broken body but the pure soul had received its coronation.

EVERETT M. HILL.

## MRS. J. C. DORWIN

Nina Coverdale was born March 29th, 1864, at Monroeville, Ind., and departed this life April 4th, 1920. She was the daughter of Elias G. and Harriet L. Coverdale. June 30th, 1886, she was married to J. C. Dorwin, who entered the work of the Methodist Ministry in the Northern Indiana Conference, March, 1889. After serving two years and being received into full membership, Rev. Dorwin moved to Evanston, Illinois, where he attended Garrett Biblical Institute for three years, serving a student appointment for the last two years. While in Evanston, Mrs. Dorwin took some work in school, and spent the summer vacations with her husband on the charge. She entered enthusiastically into the life of the school and all social events. In 1894 they returned to Indiana, serving five different charges, and in 1907 they were transferred to the Puget Sound Conference. Besides her husband she leaves a daughter, Margaret, who is teaching in the Ruston School at Tacoma, and a son, Joyce, who is a musician on the U. S. S. Rochester in New York harbor. Joyce had the privilege of visiting his mother for two weeks just prior to her going to the hospital for an operation early in March. She was patient, hopeful and cheerful during the sickness. Triumphant in Christian faith she passed out and up and in to be with Christ, on Easter morning, the day of the translation of our beloved Bishop Hughes. Easter time was especially precious to Mrs. Dorwin. Seventeen years before she wrote in her diary, "Yesterday was Easter. How sad that so many adorn the body with nice things, but lose sight of the most important inward preparations! Something new for Easter? Yes, a new impetus, to live a purer life; a new garment of praise for my heart; my feet newly shod with the gospel of peace, a new outfit of spiritual service. If these are mine, with what sincerity and fervor may I say, 'Christ indeed is risen.'" The entries in her diary reveal her interest in all of life. Achievements of Church and State, all moral triumphs, and the passing of great men and women were all noted. Earnest Christian worker, loving companion, devoted mother, and trusted friend, she has entered into her rest. The funeral was held in Trinity Church, Tacoma, Washington, April 7th, 1920. Dr. D. R. Martin, Superintendent of the Tacoma District, Dr. J. M. Canse, Superintendent of the Bellingham District, and C. D. Rarey spoke at the service. The Tacoma Methodist ministers and their wives were present, twelve of them acting as pallbearers and honorary pallbearers. The casket stood amid a bower of beautiful floral offerings, and Sister Dorwin seemed to be only sleeping. After the funeral the body was laid to rest in the beautiful mausoleum at the Tacoma Cemetery, there to await the last Easter morning.

C. D. RAREY.

## MRS. JAMES MATTHEWS

Emma Jane Peters was born in Falmouth, England, October 20th, 1840, and died in Ocean Park, Washington, May 21st, 1920. She was the daughter of William and Mary Peters, the latter dying when Emma Jane was only 9 years old. At the age of 18 she was converted and became a member of the Wesleyan Methodist Church. On October 26th, 1863, she was married to James Matthews, a local preacher of the Church of her choice. To them were born three children: Professor James Matthews of the Willamette University, Salem, Oregon; William P. Matthews of the Puyallup high school, and Mrs. J. Whealdon of Naselle, Washington, and an adopted son, Roland Mills of Portland, Oregon. In October, 1872, the family came to the United States and in 1874 Mr. Matthews joined the Oregon Conference at Portland, Oregon, and was assigned to Empire City, Coos county; other appointments followed, including Cowlitz, Dallas, Oregon City, McMinnville, Lincoln, twice at

Bay Center, where the Church and parsonage stand as a monument to their united labors, Willapa, Chinook and Castle Rock. On all these appointments may be found those who remember Mrs. Matthews for her labors in the Sunday School and in behalf of the sick and poor of the communities served. When her husband retired from the active ministry, in 1889 they established a home at Ocean Park, where they continued to reside until the death of Brother Matthews in 1901, since when Mrs. Matthews has made her home with her daughter, Mrs. Whealdon at Naselle.

While on a visit to Ocean Park she developed an illness from the effects of which she seemed to recover, but to the surprise of her many friends and relatives she passed away in her sleep on the morning of May 21st, her desire concerning the manner of her passing being gratified in this sudden but glorious transition. Funeral services were conducted at the Ocean Park Church on Sunday, May 23rd, when the pastor, Rev. J. Thomas Cowley, was assisted by the Reverends Claude H. Cowdey of Chinook and a former pastor of the deceased, and the Rev. Edward B. Reese, pastor of Ilwaco Church. The pallbearers were the sons and grandsons of the deceased. Many of the charges served by the deceased brother and sister were represented at the funeral services.

The large attendance, the profusion of flowers and the music bore testimony to the esteem in which our sister was held by all who were favored in knowing her. In course of a brief service at the local cemetery, L. L. Bush of Bay Center and Hon. H. E. Espey of Oysterville paid tribute to the memory of the deceased.

J. THOMAS COWLEY.

# DREW THEOLOGY SEMINARY and COLLEGE OF MISSIONS

Madison, New Jersey

Established in 1867 "to train men to preach the Gospel," DFEW THEOLOGICAL SEMINARY, located in a historic residential suburb of New York City, with all the advantages of both, without the disadvantages of either, offers today, with a largely increased staff of professors, even more ample training for the ministry of preaching and for other forms of Christian service.

The COLLEGE OF MISSIONS, opened in September, 1920, offers increased opportunities for training for service in home fields, urban, suburban, rural, in industrial centres and among foreign speaking peoples, and in all foreign lands. The Samuel W. Bowne Hall has been set apart for women students. Mead Hall is being used as The Missions Building. One year, three years and postgraduate courses.

Graduate courses leading to the degrees of M. A., and Th. D. Tuition and rooms free. Opportunities for self-help.

For information and literature, address

EZRA SQUIER TIPPLe, President.

## THE RELIGIOUS MOTIVE IN AMERICAN EDUCATION

- ☐ The great need to-day in American education is cooperation and vision.
- ☐ The Church School Teacher should have an intelligent appreciation of the aims and technique of public school education.
- ☐ The Public School Teacher should learn to take into account the religious motives of the pupils.
- ☐ Both Teachers should have a vision of the common task and cooperate closely.
- ☐ There is a call for religious educators to establish Community Schools of Religious Education and Week-day Schools of Religion.
- ☐ Textbooks are in preparation.
